Combined Evidence of Coverage and Disclosure Form for the Basic Plan

Effective January 1, 2017

Sponsored by Insurance and Benefits Trust of PORAC
(Peace Officers Research Association of California)

Contracted by the CalPERS Board of Administration Under the Public Employees’ Medical & Hospital Care Act (PEMHCA)
This Amendment is attached to and made a part of the Evidence of Coverage and Disclosure Form relating to the medical coverage offered by Anthem Blue Cross to eligible active and retired members of PORAC pursuant to the plan sponsored by the Insurance and Benefits Trust of Peace Officers Research Association of California. All other provisions of the Evidence of Coverage Form which are not inconsistent with this amendment remain in effect. This Amendment has been approved to become effective January 1, 2017.

The following provision is added to the section entitled **ENROLLMENT PROVISIONS**:  

For questions or complaints about your eligibility, including if you believe your coverage under the Plan has been or will be improperly terminated you may contact:

Insurance and Benefits Trust of the Peace Officers Research Association of California  
4010 Truxel Road  
Sacramento, Ca 95834  
800-655-6397 (office)  
916-999-8892 (fax)

You will be provided a copy of your eligibility and participation policies free of charge.

The following section entitled **BINDING ARBITRATION** is added:

**BINDING ARBITRATION**

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this Plan or the Agreement, or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small claims court. Any dispute regarding a claim for damages within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this BINDING ARBITRATION provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate shall apply.

The Member and Anthem agree to be bound by these arbitration provisions and acknowledge that they are giving up their right to trial by jury for both medical malpractice claims and any other disputes.

California Health & Safety Code section 1363.1 requires that any arbitration agreement include the following notice based on California Code of Civil Procedure 1295(a): **It is understood that any dispute as to medical malpractice, that is, whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as provided by California law, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings and except for disputes regarding a claim for damages within the jurisdictional limits of the small claims court. Both parties to this contract, by entering into it, acknowledge that they**
are giving up their constitutional right to have any and all disputes, including medical malpractice claims, decided in a court of law before a jury, and instead are accepting the use of arbitration.

The Member and Anthem agree to give up the right to participate in class arbitrations against each other. Even if applicable law permits class actions or class arbitrations, the Member waives any right to pursue, on a class basis, any such controversy or claim against Anthem and Anthem waives any right to pursue on a class basis any such controversy or claim against the Member.

The arbitration findings will be final and binding except to the extent that state or federal law provides for the judicial review of arbitration proceedings.

The arbitration is initiated by the Member making written demand on Anthem. The arbitration will be conducted by Judicial Arbitration and Mediation Services (“JAMS”), according to its applicable Rules and Procedures. If for any reason JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by agreement of the Member and Anthem, or by order of the court, if the Member and Anthem cannot agree.

The costs of the arbitration will be allocated per the JAMS Policy on Consumer Arbitrations. If the arbitration is not conducted by JAMS, the costs will be shared equally by the parties, except in cases of extreme financial hardship, upon application to the neutral arbitration entity to which the parties have agreed, in which cases, Anthem will assume all or a portion of the costs of the arbitration.

Please send all Binding Arbitration demands in writing to Anthem Blue Cross, P.O. Box 4310, Woodland Hills, CA 91365-4310 marked to the attention of the Member Services Department listed on your identification card.

The section entitled CLAIMS REVIEW / GRIEVANCE PROCEDURES is deleted in its entirety and replaced by the following:

GRIEVANCE PROCEDURES

We (Anthem Blue Cross) want your experience with us to be as positive as possible. There may be times, however, when you have a complaint, problem, or question about your Plan or a service you have received. If you have a question or complaint about your eligibility, (including if you believe your coverage under this Plan has been or will be improperly terminated), your benefits under this Plan, a Participating provider, concerning a claim, or about us, please call the telephone number listed on your identification card, or you may write to us (please address your correspondence to Anthem Blue Cross, P.O. Box 4310, Woodland Hills, CA 91365-4310 marked to the attention of the Member Services Department listed on your identification card). Our Member Services staff will answer your questions or assist you in resolving your issue.
NOTE: You should use the following Anthem Blue Cross grievance procedures for disputes over coverage and/or benefits, or if you are dissatisfied with the quality of care or your access to care. For matters of eligibility, you should contact:

Insurance and Benefits Trust of the Peace Officers Research Association of California
4010 Truxel Road
Sacramento, CA, 95834
800-655-6397 (office)
916-999-8892 (fax)

If you are not satisfied with the resolution based on your initial inquiry, you may request a copy of the Plan Grievance Form from the Member Services representative. You may complete and return the form to us, or ask the Member Services representative to complete the form for you over the telephone. You may also submit a grievance to us online or print the Plan Grievance Form through the Anthem Blue Cross website at www.anthem.com/ca. You must submit your grievance to us no later than 180 days following the date you receive a denial notice from us or any other incident or action with which you are dissatisfied. Your issue will then become part of our formal grievance process and will be resolved accordingly.

All grievances received by us will be acknowledged in writing, together with a description of how we propose to resolve the grievance. Except for grievances that concern the prescription drug formulary, we will review and respond to your grievance within the following timeframes:

- After we have received your grievance, we will send you a written statement on its resolution within 30 days.
- If your case is urgent and involves an imminent threat to your health, including, but not limited to, severe pain, the potential loss of life, limb, or major bodily function, review of your grievance will be expedited and resolved within three days.

You have the right to review all documents that are part of your grievance file and to present evidence and testimony as part of the grievance process.

If, after our denial, we consider, rely on or generate any new or additional evidence in connection with your claim, we will provide you with that new or additional evidence, free of charge. We will not base our appeal decision on a new or additional rationale without first providing you (free of charge) with, and a reasonable opportunity to respond to, any such new or additional rationale. If we fail to follow the appeal procedures outlined under this section the appeals process may be deemed exhausted. However, the appeals process will not be deemed exhausted due to minor violations that do not cause, and are not likely to cause, prejudice or harm so long as the error was for good cause or due to matters beyond our control.

If you are dissatisfied with the resolution of your grievance, or if your grievance has not been resolved after at least 30 days (or within three days for urgent cases), you may submit your grievance to the California Department of Managed Health Care for review prior to binding arbitration (see DEPARTMENT OF MANAGED HEALTH CARE). If your case is urgent and involves an imminent threat to your health, as described above, you are not required to complete our grievance process or to wait at least 30 days, but may immediately submit your grievance to the Department of Managed Health Care (DMHC) for review. If your grievance concerns the termination of your coverage, you may also immediately submit your grievance to the DMHC if the DMHC determines your grievance requires immediate review.
If your grievance concerns the termination of your coverage and your coverage is still in effect when you submit a grievance, we will continue to provide coverage to you under the terms of this Plan until a final determination of your request for review has been made, including any review by the Director of the Department of Managed Health Care. (Note: This does not apply if your coverage is cancelled due to non-payment of subscription charges.) If your coverage is maintained in force pending outcome of the review, subscription charges must still be paid to us on your behalf. If your coverage has already ended when you submit the grievance, your coverage will not be maintained. If the Director of the Department of Managed Health Care determines that your coverage should not have been terminated, we will reinstate your coverage back to the date it was terminated. Subscription charges must be paid current to us on your behalf from the date coverage is reinstated.

If at the conclusion of review of your grievance by the Department of Managed Health Care you continue to be dissatisfied with its resolution, or prior to and instead of review of your case by the Department of Managed Health Care, your remedy may be binding arbitration (see BINDING ARBITRATION).

Questions about your prescription drug coverage. If you have outpatient Prescription Drug Coverage and you have questions or concerns, you may call the Pharmacy Member Services number listed on your ID card. If you are dissatisfied with the resolution of your inquiry and want to file a grievance, you may write to us at the address listed above and follow the formal grievance process.

Prescription Drug List Exceptions. Please refer to the “Exception Request for a Drug not on the Prescription Drug Formulary” section in PRESCRIPTION DRUG BENEFITS for the process to submit an exception request for drugs not on the prescription drug formulary.

Independent Medical Review of Denials of Experimental or Investigative Treatment

If coverage for a proposed treatment is denied because we determine that the treatment is experimental or investigative, you may ask that the denial be reviewed by an external independent medical review organization contracting with the Department of Managed Health Care ("DMHC"). Your request for this review may be submitted to the DMHC. You pay no application or processing fees of any kind for this review. You have the right to provide information in support of your request for review. A decision not to participate in this review process may cause you to forfeit any statutory right to pursue legal action against us regarding the disputed health care service. We will send you an application form and an addressed envelope for you to use to request this review with any grievance disposition letter denying coverage for this reason. You may also request an application form by calling us at the telephone number listed on your identification card or write to us at Anthem Blue Cross, P.O. Box 4310, Woodland Hills, CA 91365-4310.

To qualify for this review, all of the following conditions must be met:

- You have a life-threatening or seriously debilitating condition, described as follows:
  - A life-threatening condition is a condition or disease where the likelihood of death is high unless the course of the disease is interrupted or a condition or disease with a potentially fatal outcome where the end point of clinical intervention is the patient’s survival.
  - A seriously debilitating condition is a disease or condition that causes major, irreversible morbidity.
- Your Physician must certify that either (a) standard treatment has not been effective in improving your condition, (b) standard treatment is not medically appropriate, or (c) there is no more beneficial standard treatment covered by this Plan than the proposed treatment.
The proposed treatment must either be:

- Recommended by a Participating provider who certifies in writing that the treatment is likely to be more beneficial than standard treatments, or
- Requested by you or by a licensed board certified or board eligible Physician qualified to treat your condition. The treatment requested must be likely to be more beneficial for you than standard treatments based on two documents of scientific and medical evidence from the following sources:
  
a) Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized standards;
  
b) Medical literature meeting the criteria of the National Institutes of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline, and MEDLARS database of Health Services Technology Assessment Research (HSTAR);
  
c) Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act;
  
d) Either of the following: (i) The American Hospital Formulary Service’s Drug Information, or (ii) the American Dental Association Accepted Dental Therapeutics;
  
e) Any of the following references, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer chemotherapeutic regimen: (i) the Elsevier Gold Standard’s Clinical Pharmacology, (ii) the National Comprehensive Cancer Network Drug and Biologics Compendium, or (iii) the Thomson Micromedex DrugDex;
  
f) Findings, studies or research conducted by or under the auspices of federal governmental agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Centers for Medicare and Medicaid Services, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services; and
  
g) Peer reviewed abstracts accepted for presentation at major medical association meetings.

In all cases, the certification must include a statement of the evidence relied upon.

You must request this review within six months of the date you receive a denial notice from us in response to your grievance, or from the end of the 30 day or three day grievance period, whichever applies. This application deadline may be extended by the DMHC for good cause.

Within three business days of receiving notice from the DMHC of your request for review we will send the reviewing panel all relevant medical records and documents in our possession, as well as any additional information submitted by you or your Physician. Any newly developed or discovered relevant medical records identified by us or by a Participating provider after the initial documents are sent will be immediately forwarded to the reviewing panel. The external independent review organization will complete its review and render its opinion within 30 days of its receipt of request for review (or within seven days if your Physician determines that the proposed treatment would be significantly less effective if not provided promptly). This timeframe may be extended by up to three days for any delay in receiving necessary records.
Please note: If you have a terminal illness (an incurable or irreversible condition that has a high probability of causing death within one year or less) and proposed treatment is denied because the treatment is determined to be experimental, you may also meet with our review committee to discuss your case as part of the grievance process (see GRIEVANCE PROCEDURES).

Independent Medical Review of Grievances Involving a Disputed Health Care Service

You may request an independent medical review (“IMR”) of disputed health care services from the Department of Managed Health Care (“DMHC”) if you believe that we have improperly denied, modified, or delayed health care services. A "disputed health care service" is any health care service eligible for coverage and payment under your Plan that has been denied, modified, or delayed by us, in whole or in part because the service is not Medically Necessary.

The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. We must provide you with an IMR application form and an addressed envelope for you to use to request IMR with any grievance disposition letter that denies, modifies, or delays health care services. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against us regarding the disputed health care service.

Eligibility: The DMHC will review your application for IMR to confirm that:

1. One or more of the following conditions has been met:
   (a) Your provider has recommended a health care service as Medically Necessary,
   (b) You have received Urgent Care or Emergency Services that a provider determined was Medically Necessary, or
   (c) You have been seen by a Participating provider for the diagnosis or treatment of the medical condition for which you seek independent review;

2. The disputed health care service has been denied, modified, or delayed by us, based in whole or in part on a decision that the health care service is not Medically Necessary; and

3. You have filed a grievance with us and the disputed decision is upheld or the grievance remains unresolved after 30 days. If your grievance requires expedited review you need not participate in our grievance process for more than three days. The DMHC may waive the requirement that you follow our grievance process in extraordinary and compelling cases.

You must apply for IMR within six months of the date you receive a denial notice from us in response to your grievance or from the end of the 30 day or three day grievance period, whichever applies. This application deadline may be extended by the DMHC for good cause.

If your case is eligible for IMR, the dispute will be submitted to a medical specialist or specialists who will make an independent determination of whether or not the care is Medically Necessary. You will receive a copy of the assessment made in your case. If the IMR determines the service is Medically Necessary, we will provide benefits for the health care service.

For non-urgent cases, the IMR organization designated by the DMHC must provide its determination within 30 days of receipt of your application and supporting documents. For urgent cases involving an imminent and serious threat to your health, including, but not limited to, serious pain, the potential loss of life, limb, or
major bodily function, or the immediate and serious deterioration of your health, the IMR organization must provide its determination within 3 days.

For more information regarding the IMR process, or to request an application form, please call us at the Member Services telephone number listed on your ID card.

**Instructions for Grievances Regarding Coverage, Disputed Health Care Services, Eligibility, Malpractice and Bad Faith:**

Coverage grievances: A coverage grievance concerns the denial or approval of health care services substantially based on a finding that the provision of a particular service is included or excluded as a covered benefit under the Evidence of Coverage booklet. It does not include a plan or contracting provider decision regarding a disputed health care service.

If you have followed the grievance procedures on the previous pages and are still dissatisfied, you may request a review by the Department of Managed Health Care. If your coverage dispute is within the jurisdictional limits of Small Claims Court, you may proceed through that court.

Disputed Health Care Service grievances: A disputed health care service grievance concerns any health care service eligible for coverage and payment under this Evidence of Coverage booklet that has been denied, modified, or delayed in whole or in part due to a finding that the service is not medically necessary. A decision regarding a disputed health care service relates to the practice of medicine and is not a coverage grievance, and includes decisions as to whether a particular service is experimental or investigational.

If you are still dissatisfied after you have followed the grievance procedures and received a response regarding the grievance filed with the Department of Managed Health Care (see: Independent Medical Review of Grievances Involving a Disputed Health Care Service), you may proceed to Binding Arbitration. If your coverage dispute is within the jurisdictional limits of Small Claims Court, you may proceed through that court.

Eligibility grievances: These issues should always be referred directly to CalPERS at the following address:

- Insurance and Benefits Trust of the Peace Officers Research Association of California
- 4010 Truxel Road
- Sacramento, CA, 95834

Malpractice grievances: Claims of malpractice should be taken up directly with the provider(s) of medical care.

Bad faith grievances: You must proceed to Binding Arbitration for claims for benefits involving charges of bad faith.
Department of Managed Health Care

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at the telephone number listed on your identification card and use your health plan’s grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (1-888-HMO-2219) and a TDD line (1-877-688-9891) for the hearing and speech impaired. The department's Internet Web site (http://www.hmohelp.ca.gov) has complaint forms, IMR applications forms and instructions online.
COMBINED EVIDENCE OF COVERAGE
AND DISCLOSURE FORM

Anthem Blue Cross (Anthem)
21555 Oxnard Street
Woodland Hills, California 91367

Your health care coverage is provided by Anthem Blue Cross (Anthem). Anthem Blue Cross has a Group Benefit Agreement (the Agreement) with the Insurance and Benefits Trust of the Peace Officers Research Association of California (PORAC). The benefits of this Evidence of Coverage are provided while Medically Necessary for the Subscriber and enrolled Family Members for a covered illness, injury or condition, subject to all the terms and conditions of the Agreement.

This Combined Evidence of Coverage and Disclosure Form (Evidence of Coverage) constitutes only a summary of the health plan. The Agreement, of which this Evidence of Coverage is a part, must be consulted to determine the exact terms and conditions of coverage. If you have special health care needs, you should read those sections of the Evidence of Coverage that apply to those needs. However, this statement of benefits, exclusions and limitations in this Evidence of Coverage is complete and is incorporated by reference into the Agreement.

The Group Benefit Agreement is an attachment to the Memorandum of Agreement between the Insurance and Benefits Trust of PORAC and the Board of Administration of the California Public Employees’ Retirement System (CalPERS). The Memorandum of Agreement is on file and available for review in the office of the Insurance and Benefits Trust of PORAC, 4010 Truxel Road, Sacramento, CA 95834, or you may request a copy by writing to PORAC. A copy of the Memorandum of Agreement may be purchased from PORAC for a reasonable duplication charge.

THE BENEFITS OF THIS EVIDENCE OF COVERAGE ARE PROVIDED ONLY FOR SERVICES THAT ARE CONSIDERED MEDICALLY NECESSARY BY ANTHEM BLUE CROSS. THE FACT THAT A PHYSICIAN PRESCRIBES OR ORDERS THE SERVICE DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY OR COVERED.

If you have questions regarding your benefits, please call the PORAC - Anthem Blue Cross customer service toll-free telephone number at:

- Under Prescription Drug Benefits, the prior authorization review time periods for prescription drugs were revised from two business days to 72 hours for non-urgent reviews and 24 hours for exigent circumstances.

Benefit Changes

- The Prescription Drug Out-of-Pocket Amount per Member is changed to $2,650 and for Two or more Members of the same family, the Out-of-Pocket Amount is changed to $5,300.

Refer to the back cover for phone numbers and addresses of the plan.

BENEFITS OF THIS PLAN ARE AVAILABLE ONLY FOR SERVICES AND SUPPLIES FURNISHED DURING THE TERM THE PLAN IS IN EFFECT AND WHILE THE BENEFITS YOU ARE CLAIMING ARE ACTUALLY COVERED BY THIS PLAN.

IF BENEFITS ARE MODIFIED, THE REVISED BENEFITS (INCLUDING ANY REDUCTION IN BENEFITS OR ELIMINATION OF BENEFITS) APPLY TO SERVICES OR SUPPLIES FURNISHED ON OR AFTER THE EFFECTIVE DATE OF MODIFICATION. THERE IS NO VESTED RIGHT TO RECEIVE THE BENEFITS OF THIS PLAN.
The benefits described under the PORAC PRUDENT BUYER PLAN - SUMMARY OF BENEFITS are provided for covered charges incurred for treatment of a covered illness, injury or condition. A charge is incurred on the date the Member receives the service or supply for which the charge is made. These benefits are subject to all provisions of the Agreement, which may limit benefits or result in benefits not being payable.

THE BENEFITS OF THIS PLAN ARE PROVIDED ONLY FOR THOSE SERVICES THAT ARE CONSIDERED MEDICALLY NECESSARY AS DEFINED IN THIS EVIDENCE OF COVERAGE. THE FACT THAT A PHYSICIAN PRESCRIBES OR ORDERS A SERVICE DOES NOT, IN ITSELF, MEAN THAT THE SERVICE IS MEDICALLY NECESSARY OR THAT THE SERVICE IS COVERED. CONSULT THIS BOOKLET OR TELEPHONE ANTHEM BLUE CROSS AT THE NUMBER SHOWN ON YOUR IDENTIFICATION CARD IF YOU HAVE ANY QUESTIONS REGARDING WHETHER SERVICES ARE COVERED.

This summary provides a brief outline of your benefits. You need to refer to this entire Evidence of Coverage for complete information about the benefits, conditions, limitations and exclusions of your plan.

All benefits are subject to coordination with benefits under certain other plans.

Mental Health Parity and Addiction Equity Act. The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and substance abuse benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering mental health and substance abuse benefits cannot set day/visit limits on mental health or substance abuse benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on mental health and substance abuse benefits offered under the Plan.

The Mental Health Parity and Addiction Equity Act also provides for parity in the application of nonquantitative treatment limitations (NQTL). An example of a nonquantitative treatment limitation is a precertification requirement.

Also, the plan may not impose Deductibles, Copayment, Coinsurance, and out of pocket expenses on mental health and substance abuse benefits that are more restrictive than Deductibles, Copayment, Coinsurance and out of pocket expenses applicable to other medical and surgical benefits.

Medical Necessity criteria and other plan documents showing comparative criteria, as well as the processes, strategies, evidentiary standards, and other factors used to apply an NQTL are available upon request.

Triage or Screening Services. If you have questions about a particular health condition or if you need someone to help you determine whether or not care is needed, triage or screening services are available to you from Anthem by telephone. Triage or screening services are the evaluation of your health by a Physician or a nurse who is trained to screen for the purpose of determining the urgency of your need for care. Please contact the 24/7 NurseLine at the telephone number listed on your identification card 24 hours a day, 7 days a week.

After Hours Care. After hours care is provided by your Physician who may have a variety of ways of addressing your needs. You should call your Physician for instructions on how to receive medical care after their normal business hours, on weekends and holidays, or to receive non-Emergency care and non-urgent care within the service area for a condition that is not life threatening but that requires prompt medical attention. If you have an Emergency, call 911 or go to the nearest emergency room.
**Telehealth.** This plan provides benefits for covered services that are appropriately provided through telehealth, subject to the terms and conditions of the plan. In-person contact between a health care provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. “Telehealth” is the means of providing health care services using information and communication technologies in the consultation, diagnosis, treatment, education, and management of the patient’s health care when the patient is located at a distance from the health care provider. Telehealth does not include consultations between the patient and the health care provider, or between health care providers, by telephone, facsimile machine, or electronic mail.

The benefits of this plan may be subject to the THIRD PARTY LIABILITY section.

**Important Note About Maximum Allowed Amount And Your Co-Payment:** The Maximum Allowed Amount for Non-Prudent Buyer Plan Providers can be significantly lower than what the provider customarily charges. (Detailed information on how benefits are determined is found under DETERMINATION OF THE MAXIMUM ALLOWED AMOUNT.) You must pay all of this excess amount in addition to your Co-Payment.

The Maximum Allowed Amount and the terms of this section do not include any amount payable under the section entitled PRESCRIPTION DRUG BENEFITS.

ON PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. IF YOU HAVE SPECIAL HEALTH CARE NEEDS, YOU SHOULD CAREFULLY READ THOSE SECTIONS THAT APPLY TO THOSE NEEDS.

PRUDENT BUYER PLAN PROVIDERS IN CALIFORNIA

Your PORAC Prudent Buyer Plan offers you the freedom to select any provider of your choice. However, when Prudent Buyer Plan Providers are used, you save on out-of-pocket costs. Prudent Buyer Plan Providers have agreed to a rate they will accept as reimbursement for covered services.

BENEFITS FOR NON-PRUDENT BUYER PLAN PROVIDERS CAN BE SIGNIFICANTLY REDUCED WHEN COMPARED TO THOSE PROVIDED BY PRUDENT BUYER PLAN PROVIDERS. For detailed information on how benefits are determined, please refer to the sections entitled DETERMINATION OF THE MAXIMUM ALLOWED AMOUNT on page 19 and SCHEDULES FOR NON-PRUDENT BUYER PLAN PROVIDERS beginning on page 131. For information on how providers are paid please refer to PRUDENT BUYER PLAN BENEFITS - CO-PAYMENTS. These sections contain important information regarding how Non-Prudent Buyer Plan Providers are paid.

Anthem Blue Cross publishes a directory of Prudent Buyer Plan Providers. The directory lists all Prudent Buyer Plan Providers in your area, including health care facilities such as Hospitals and Skilled Nursing Facilities, Physicians, laboratories, and diagnostic x-ray and imaging providers. You may call Anthem Blue Cross at 1-800-288-6928 or you may write to Anthem Blue Cross at P.O. Box 60007, Los Angeles, CA 90060-0007 and ask to have a directory sent to you. You may also search for a Prudent Buyer Plan Provider using the “Provider Finder” function on the Anthem Blue Cross website at www.anthem.com/ca.

IMPORTANT NOTE: Please be aware that it is the Members’ responsibility to verify that the health care providers who they receive treatment from have current Prudent Buyer Plan participating provider status for:

- The Hospital or other facility where care will be given. After verifying that the Hospital or other facility is a Prudent Buyer Plan Provider, you should not assume all providers at that Hospital are also Prudent Buyer Plan Providers. To receive the maximum benefits under this plan, you should request that all your services be performed by Prudent Buyer Plan Providers whenever you enter a Hospital or other facility.
- The specific location at which you will receive care. Some providers participate at one location, but not at others.
- The Physician providing you care, especially anesthesiologists, pathologists and radiologists.

It is important to know that when you enroll in the PORAC Prudent Buyer Plan, services are provided through the plan’s delivery system, but the continued participation of any one doctor, hospital or other provider cannot be guaranteed.

Out-of-Area Members. You are considered to be out-of-area for reimbursement of covered medical and hospital services if your address of record indicates you reside within the following zip codes: 92328, 92384, 92389, 93512, 93513, 93514, 93515, 93517, 93522, 93526, 93529, 93530, 93541, 93545, 93546, 93549, 96107 and 96133. Any covered services you receive from Non-Prudent Buyer Plan Providers will not be subject to the SCHEDULES FOR NON-PRUDENT BUYER PLAN PROVIDERS. Covered charges will be based on the Maximum Allowed Amount as stated under the Non-Prudent Buyer Plan Provider Exceptions provision. Authorized Referral is not required.
PLAN PROVIDERS

Benefits for out-of-area Members shall only be subject to the Primary Deductible set forth under the section entitled PRUDENT BUYER PLAN BENEFITS – DEDUCTIBLES, and the Co-Payment shown in the SUMMARY OF BENEFITS for Prudent Buyer Plan Providers will apply. In addition to the deductible and Co-Payment, you will be required to pay any billed amount in excess of the Maximum Allowed Amount for the services of a Non-Prudent Buyer Plan Provider.

NON-PRUDENT BUYER PLAN PROVIDERS

Non-Prudent Buyer Plan Providers are providers which have not agreed to participate in Anthem Blue Cross’ Prudent Buyer Plan network. They have not agreed to the reimbursement rates and other provisions of a Prudent Buyer Plan contract.

Anthem Blue Cross has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Non-Prudent Buyer Plan Providers could be balance billed by the Non-Prudent Buyer Plan Provider for those services that are determined to be not payable as result of these review processes and meets the criteria set forth in any applicable state regulations adopted pursuant to state law. A claim may also be determined to be not payable due to a provider’s failure to submit medical records with the claims that are under review in these processes.

CENTERS OF MEDICAL EXCELLENCE AND BLUE DISTINCTION CENTERS

Anthem Blue Cross is providing access to Centers of Medical Excellence (CME) and Blue Distinction Centers for Specialty Care (BDCSC) networks. The facilities included in each of these networks are selected to provide the following specified medical services:

- **Transplant Facilities.** Transplant facilities have been organized to provide services for the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. **These procedures are covered only when performed at a CME or BDCSC.**

- **Bariatric Facilities.** Hospital facilities have been organized to provide services for bariatric surgical procedures such as gastric bypass and other surgical procedures for weight loss programs. **These procedures are covered only when performed at a BDCSC.**

A Prudent Buyer Plan Provider is not necessarily a Centers of Medical Excellence or a Blue Distinction Centers for Specialty Care facility.

PARTICIPATING AND NON-PARTICIPATING PHARMACIES

(See PRESCRIPTION DRUG BENEFITS section beginning on page 70)

"Participating Pharmacies” agree to charge Members only the Prescription Drug Maximum Allowed Amount in effect at the time a Prescription is filled. The Member pays the copayment amount, based on the type of Prescription purchased.

"Non-Participating Pharmacies” have not agreed to the Prescription Drug Maximum Allowed Amount. The amount covered as Prescription Drug expense may be significantly lower than what these providers customarily charge.

— At the time of your visit, remind your Prudent Buyer Plan Provider that you are a Prudent Buyer Plan Member.
— Ask your Prudent Buyer Plan Provider if he/she has an assignment of benefits on file for you. (This assignment ensures that Anthem Blue Cross will pay your provider directly.)

Referral to Non-Prudent Buyer Plan Provider

A Physician who is a Prudent Buyer Plan Provider may refer you to a Non-Prudent Buyer Plan Provider. In order for the maximum benefits of this plan to be payable, advance authorization from Anthem Blue Cross is required for services provided by Non-Prudent Buyer Plan Providers. You or your Physician must call Anthem Blue Cross prior to scheduling an admission to, or receiving the services of, a Non-Prudent Buyer Plan Provider. If a referral is not an Authorized Referral, the services will be paid according to the limited allowances applicable to Non-Prudent Buyer Plan Providers as specified in the DETERMINATION OF THE MAXIMUM ALLOWED AMOUNT section. See Authorized Referral in the GENERAL DEFINITIONS section for additional information.

Third Party Liability / Workers' Compensation Questionnaires

The benefits of this plan are not provided for services related to any illness, injury, disease or other condition for which a third party may be liable or legally responsible, or for services covered by workers' compensation insurance. In order to insure accurate claims payment, it is sometimes necessary for Anthem Blue Cross to request information regarding services in the form of a questionnaire.

For possible workers' compensation claims, the questionnaire must be returned before claim payment will be made. For possible Third Party Liability claims, if the questionnaire is not returned, Anthem Blue Cross will process the claim and then pursue payment from the responsible third party.

Once that amount has been reached, there is no further deductible for that Member that Year for covered charges incurred when services are received from the following providers or the following services:

1. Prudent Buyer Plan Providers,
2. Related Health Providers,
3. Authorized Referral services,
4. Non-Prudent Buyer Plan Physicians whose specialty is not represented in the Prudent Buyer Plan network,

In no event will the deductible exceed $600.00 for each Member or $1,800.00 for each family during a Year.

DEDUCTIBLE CARRYOVER. Covered charges incurred during October, November or December of any Year and applied toward the deductible for that Year will also apply toward the deductible for the next Calendar Year.
CO-PAYMENTS

After you have satisfied any applicable deductible, we will subtract your Co-Payment (Co-Pay) from the Maximum Allowed Amount remaining, (or the Reasonable and Customary Value for Emergency Services provided by a Non-Prudent Buyer Plan Provider). Co-Payments are shown under each benefit listed in the section entitled PRUDENT BUYER PLAN - COVERED SERVICES AND SUPPLIES on pages 24 through 50.

If your Co-Payment is a percentage, we will multiply the applicable percentage by the Maximum Allowed Amount remaining after any deductible has been met. This will determine the dollar amount of your Co-Payment. In addition to the Co-Payment, you will be required to pay any amount in excess of the Maximum Allowed Amount for the services of a Related Health Provider or a Non-Prudent Buyer Plan Provider. Expense which is applied toward any deductible, which is incurred for non-covered expense, or which is in excess of the Maximum Allowed Amount, is the Member's responsibility.

All Co-Payments are subject to any maximum benefits listed under PRUDENT BUYER PLAN BENEFITS - COVERED SERVICES AND SUPPLIES on pages 24 through 50.

Important Note: Any covered charges for services provided by Non-Prudent Buyer Plan Hospitals, Non-Prudent Buyer Plan Ambulatory Surgical Centers and Non-Prudent Buyer Plan Physicians is strictly limited. Please refer to DETERMINATION OF THE MAXIMUM ALLOWED AMOUNT to see how covered charges are determined for these providers, and please read the definitions of Maximum Allowed Amount and Scheduled Amount. Any amount in excess of the Maximum Allowed Amount for Non-Prudent Buyer Plan Providers is the Member's responsibility and will not accumulate toward the Out-of-Pocket Expense Amount.

Authorized Referrals. When an Authorized Referral from a Physician who is a Prudent Buyer Plan Provider to a Non-Prudent Buyer Plan Provider is approved by Anthem Blue Cross before services are rendered, Anthem Blue Cross will provide whatever benefits are appropriate for Prudent Buyer Plan Providers (see DETERMINATION OF THE MAXIMUM ALLOWED AMOUNT and GENERAL DEFINITIONS for additional information).

Providers Not Represented in the Prudent Buyer Plan Network. For charges by a type of Physician not represented in the Prudent Buyer Plan network (for example, an audiologist), Anthem Blue Cross will provide whatever benefits are appropriate for Prudent Buyer Plan Providers.

Clinical Trials. For charges by Non-Prudent Buyer Plan Providers for services and supplies provided in connection with Clinical Trials, Anthem Blue Cross will provide whatever benefits would be appropriate if the services and supplies were provided by a Prudent Buyer Plan Provider.

Bariatric Surgery. For bariatric surgical procedures authorized by Anthem Blue Cross and performed at a designated Blue Distinction Centers for Specialty Care (BDCSC), your Co-Payment will be the same as for Prudent Buyer Plan Providers. Charges for bariatric surgical procedures are not covered when performed at other than a designated BDCSC. See PRUDENT BUYER PLAN BENEFITS - UTILIZATION REVIEW PROGRAMS.

Specified Transplants. For specified transplants (heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures) determined to be Medically Necessary, authorized by Anthem Blue Cross and performed at a designated Centers of Medical Excellence (CME) or Blue Distinction Centers for Specialty Care (BDCSC), your Co-Payment will be the same as for Prudent Buyer Plan Providers. Charges for specified transplants are not covered when performed at other than a designated CME or BDCSC. See PRUDENT BUYER PLAN BENEFITS - UTILIZATION REVIEW PROGRAMS.
OUT-OF-POCKET EXPENSE AMOUNT

After you or your Family Members have made the following total out-of-pocket payments for covered charges incurred during a Calendar Year, you will no longer be required to pay a Co-Payment for the remainder of that Year, but you remain responsible for costs in excess of the Maximum Allowed Amount for covered services provided by Non-Prudent Buyer Plan Providers and Related Health Providers.

- Per Member ........................................................................................................................................... $4,500 *
- Two or more Members of the same family ......................................................................................... $9,000 †

† Not to exceed $4,500 for any one Member.

*Exception:

- Expenses incurred for non-covered services or supplies, or in excess of the Maximum Allowed Amount, will not be applied towards your Out-of-Pocket Expense Amount.

Please read the definition of Out-of-Pocket Expense carefully, and refer to DETERMINATION OF THE MAXIMUM ALLOWED AMOUNT to see how covered charges are determined.
DETERMINATION OF THE MAXIMUM ALLOWED AMOUNT

General

This section describes the term “Maximum Allowed Amount” as used in this Combined Evidence of Coverage and Disclosure Form, and what the term means to you when obtaining covered services under this plan. The Maximum Allowed Amount is the total reimbursement payable under your plan for covered services you receive from Prudent Buyer Plan Providers and Non-Prudent Buyer Plan Providers. It is Anthem Blue Cross’ payment towards the services billed by your provider combined with any Deductible or Co-Payment owed by you. In some cases, you may be required to pay the entire Maximum Allowed Amount. For instance, if you have not met your Deductible under this plan, then you could be responsible for paying the entire Maximum Allowed Amount for covered services. In addition, if these services are received from a Non-Prudent Buyer Plan Provider, you may be billed by the provider for the difference between their charges and Anthem Blue Cross’ Maximum Allowed Amount. In many situations, this difference could be significant.

Provided below are two examples, which illustrate how the Maximum Allowed Amount works. These examples are for illustration purposes only.

Example: The plan has a Member Co-Payment of 30% for Prudent Buyer Plan Provider services after the Deductible has been met.

- The Member receives services from a Prudent Buyer Plan surgeon. The charge is $2,000. The Maximum Allowed Amount under the plan for the surgery is $1,000. The Member’s Co-Payment responsibility when a Prudent Buyer Plan surgeon is used is 30% of $1,000, or $300. This is what the Member pays. Anthem Blue Cross pays 70% of $1,000, or $700. The Prudent Buyer Plan surgeon accepts the total of $1,000 as reimbursement for the surgery regardless of the charges.

Example: The plan has a Member Co-Payment of 50% for Non-Prudent Buyer Plan services after the Deductible has been met.

- The Member receives services from a Non-Prudent Buyer Plan surgeon. The charge is $2,000. The Maximum Allowed Amount under the plan for the surgery is $1,000. The Member’s Co-Payment responsibility when a Non-Prudent Buyer Plan surgeon is used is 50% of $1,000, or $500. Anthem Blue Cross pays the remaining 50% of $1,000, or $500. In addition, the Non-Prudent Buyer Plan surgeon could bill the Member the difference between $2,000 and $1,000. So the Member’s total out-of-pocket charge would be $500 plus an additional $1,000, for a total of $1,500.

When you receive covered services, Anthem Blue Cross will, to the extent applicable, apply claim processing rules to the claim submitted. Anthem Blue Cross uses these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the Maximum Allowed Amount if Anthem Blue Cross determines that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the Maximum Allowed Amount will be based on the single procedure code.
DETERMINATION OF THE MAXIMUM ALLOWED AMOUNT

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the provider is a Prudent Buyer Plan Provider, a Non-Prudent Buyer Plan Provider or a Related Health Provider.

Prudent Buyer Plan Providers and CME. For covered services performed by a Prudent Buyer Plan Provider or CME the Maximum Allowed Amount for this plan will be the rate the Prudent Buyer Plan Provider or CME has agreed with us to accept as reimbursement for the covered services. Because Prudent Buyer Plan Providers have agreed to accept the Maximum Allowed Amount as payment in full for those covered services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Co-Payment. Please call the customer service telephone number on your ID card for help in finding a Prudent Buyer Plan Provider or visit www.anthem.com/ca.

If you go to a Hospital which is a Prudent Buyer Plan Provider, you should not assume all providers in that Hospital are also Prudent Buyer Plan Providers. To receive the greater benefits afforded when covered services are provided by a Prudent Buyer Plan Provider, you should request that all your provider services (such as services by an anesthesiologist) be performed by Prudent Buyer Plan Providers whenever you enter a Hospital.

If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an Ambulatory Surgical Center. An Ambulatory Surgical Center is licensed as a separate facility even though it may be located on the same grounds as a Hospital (although this is not always the case). If the center is licensed separately, you should find out if the facility is a Prudent Buyer Plan Provider before undergoing the surgery.

Non-Prudent Buyer Plan Providers. Providers who are not in our Prudent Buyer network are Non-Prudent Buyer Plan Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. The Maximum Allowed Amount for services provided by a Non-Prudent Buyer Plan Provider will always be the lesser of the billed charge or the Scheduled Amount. See the SCHEDULES FOR NON-PRUDENT BUYER PLAN PROVIDERS, and the definition of Scheduled Amount in the DEFINITIONS section. You will be responsible for any billed charge which exceeds the Scheduled Amount for services provided by a Non-Prudent Buyer Plan Provider.

Related Health Providers. Related Health Providers are providers for which there is no network. They are subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. For covered services you receive from a Related Health Provider the Maximum Allowed Amount will be based on the applicable Anthem Blue Cross non-Prudent Buyer Plan Provider rate or fee schedule for this plan, an amount negotiated by Anthem Blue Cross or a third party vendor which has been agreed to by the Non-Prudent Buyer Plan Provider, an amount derived from the total charges billed by the Non-Prudent Buyer Plan Provider, an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the Maximum Allowed Amount upon the level or method of reimbursement used by CMS, Anthem will update such information, which is unadjusted for geographic locality, no less than annually.

Providers who are not contracted for this product, but are contracted for other products, are also considered non-Prudent Buyer Plan Providers. For this plan, the Maximum Allowed Amount for services from these providers will be one of the methods shown above unless the provider’s contract specifies a different amount.
Determination of the Maximum Allowed Amount

Unlike Prudent Buyer Plan Providers, Non-Prudent Buyer Plan Providers and Related Health Providers may send you a bill and collect for the amount of the Non-Prudent Buyer Plan Provider's or Related Health Provider's charge that exceeds the Maximum Allowed Amount under this plan. You may be responsible for paying the difference between the Maximum Allowed Amount and the amount the Non-Prudent Buyer Plan Provider or Related Health Provider charges. This amount can be significant. Choosing a Prudent Buyer Plan Provider will likely result in lower out of pocket costs to you. Please call the customer service number on your ID card for help in finding a Prudent Buyer Plan Provider or visit Anthem Blue Cross' website at www.anthem.com/ca. Customer service is also available to assist you in determining this plan’s Maximum Allowed Amount for a particular covered service from a Non-Prudent Buyer Plan Provider or Related Health Provider.

Exceptions:

- **Emergency Services Provided by Non-Prudent Buyer Plan Providers**
  For emergency services provided by Non-Prudent Buyer Plan Provider, reimbursement is based on the Reasonable and Customary Value. You will not be responsible for any amounts in excess of the Reasonable and Customary Value for emergency services rendered within California.

- **Emergency Ambulance Services Provided by Non-Prudent Buyer Plan Providers.** For Emergency ambulance services received from Non-Prudent Buyer Plan Providers outside of California, the plan’s payment is based on the Maximum Allowed Amount. Non-Prudent Buyer Plan Providers (both inside and outside of California) may also bill you for any charges over the plan’s Reasonable and Customary Value or Maximum Allowed Amount, respectively.

- **Clinical Trials.** The Maximum Allowed Amount for services and supplies provided in connection with Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a Prudent Buyer Plan Provider.

- **If Medicare is the primary payer for a Member, the Maximum Allowed Amount for that Member does not include:**
  a. Charges by a Hospital, in excess of the approved amount as determined by Medicare; or
  b. Charges by a Physician, Home Health Agency, Ambulatory Surgical Center, facility which provides diagnostic imaging services, clinical laboratory, or Home Infusion Therapy Provider that is a Prudent Buyer Plan Provider or a Related Health Provider when the provider accepts Medicare assignment, in excess of the approved amount as determined by Medicare, or:
  c. Charges by a Physician, Home Health Agency, Ambulatory Surgical Center, facility which provides diagnostic imaging services, clinical laboratory, Home Infusion Therapy Provider that is a Non-Prudent Buyer Plan Provider or a Related Health Provider, in excess of the lesser of the Maximum Allowed Amount stated on pages 131 through 136, or:
     i. For providers who accept Medicare assignment, the approved amount as determined by Medicare; or
     ii. For providers who do not accept Medicare assignment, the limiting charge as determined by Medicare.

You will always be responsible for expenses incurred which are not covered under this plan.
DETERMINATION OF THE MAXIMUM ALLOWED AMOUNT

Member Cost Share

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the Maximum Allowed Amount as your cost share amount (Deductibles or Co-Payments). Your cost share amount and the Out-Of-Pocket Expense Amounts may be different depending on whether you received covered services from a Prudent Buyer Plan Provider or Non-Prudent Buyer Plan Provider. Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when using Non-Prudent Buyer Plan Providers. Please see the PORAC PRUDENT BUYER PLAN: SUMMARY OF BENEFITS section for your cost share responsibilities and limitations, or call the customer service telephone number on your ID card to learn how this plan’s benefits or cost share amount may vary by the type of provider you use.

Anthem Blue Cross will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by a Prudent Buyer Plan Provider or Non-Prudent Buyer Plan Provider. Non-covered services include services specifically excluded from coverage by the terms of your plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

In some instances you may only be asked to pay the lower Prudent Buyer Plan Provider cost share percentage when you use a Non-Prudent Buyer Plan Provider. For example, if you go to a Prudent Buyer Plan hospital or facility and receive covered services from a Non-Prudent Buyer Plan Provider such as a radiologist, anesthesiologist or pathologist providing services at the hospital or facility, you will pay the Prudent Buyer Plan Provider cost share percentage of the Maximum Allowed Amount for those covered services. However, you also may be liable for the difference between the Maximum Allowed Amount and the Non-Prudent Buyer Plan Provider's charge.

Authorized Referrals

In some circumstances Anthem Blue Cross may authorize Prudent Buyer Plan Provider cost share amounts (Deductibles or Co-Payments) to apply to a claim for a covered service you receive from a Non-Prudent Buyer Plan Provider. In such circumstance, you or your Physician must contact Anthem Blue Cross in advance of obtaining the covered service. It is your responsibility to ensure that Anthem Blue Cross has been contacted. If Anthem Blue Cross authorizes a Prudent Buyer Plan Provider cost share amount to apply to a covered service received from a Non-Prudent Buyer Plan Provider, you also may still be liable for the difference between the Maximum Allowed Amount and the Non-Prudent Buyer Plan Provider's charge. If you receive prior authorization for a Non-Prudent Buyer Plan Provider due to network adequacy issues, you will not be responsible for the difference between the Non-Prudent Buyer Plan Provider's charge and the Maximum Allowed Amount. Please call the customer service telephone number on your ID card for Authorized Referral information or to request authorization.
CONDITIONS OF COVERAGE

COVERED SERVICES AND SUPPLIES

Ambulance

20% Co-Pay PLUS any amount in excess of the Maximum Allowed Amount.

Subject to the Calendar Year Deductible and applies toward the Out-of-Pocket Expense Amount.

Ambulance services are covered when the Member is transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:

- For ground ambulance, the Member is transported:
  - From the Member’s home, or from the scene of an accident or medical Emergency, to a Hospital,
  - Between Hospitals, including when the Member is required to move from a Hospital that does not contract with Anthem Blue Cross to one that does, or
  - Between a Hospital and a Skilled Nursing Facility or other approved facility.

- For air or water ambulance, the Member is transported:
  - From the scene of an accident or medical Emergency to a Hospital,
  - Between Hospitals, including when the Member is required to move from a Hospital that does not contract with Anthem Blue Cross to one that does, or
  - Between a Hospital and another approved facility.

Ambulance services are subject to medical necessity reviews. Pre-service review is required for air ambulance in a non-medical Emergency. When using an air ambulance in a non-emergency situation, Anthem Blue Cross reserves the right to select the air ambulance provider. If the Member does not use the air ambulance Anthem Blue Cross selects in a non-emergency situation, no coverage will be provided.

The Member must be taken to the nearest facility that can provide care for the Member’s condition. In certain cases, coverage may be approved for transportation to a facility that is not the nearest facility.

Coverage includes Medically Necessary treatment of an illness or injury by medical professionals from an ambulance service, even if the Member is not transported to a Hospital. If provided through the 911 emergency response system*, ambulance services are covered if the Member reasonably believes that a medical Emergency existed even if the Member is not transported to a Hospital. Ambulance services are not covered when another type of transportation can be used without endangering the Member’s health. Ambulance services for the Member’s convenience or the convenience of the Member’s Family Members or Physician are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A Physician's office or clinic;
- A morgue or funeral home.

Important information about air ambulance coverage. Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger the Member’s health and the Member’s medical condition requires a more rapid transport to a Hospital than
COVERED SERVICES AND SUPPLIES

the ground ambulance can provide, this plan will cover the air ambulance. Air ambulance will also be covered if the
Member is in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if the Member is taken to a Hospital that is not an acute care Hospital (such a
skilled nursing facility), or if the Member is taken to a Physician’s office or to the Member's home.

Hospital to hospital transport: If the Member is being transported from one Hospital to another, air ambulance will
only be covered if using a ground ambulance would endanger the Member’s health and if the Hospital that first treats
the Member cannot give the Member the medical services the Member needs. Certain specialized services are not
available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at
certain Hospitals. For services to be covered, the Member must be taken to the closest Hospital that can treat the
Member. Coverage is not provided for air ambulance transfers because the Member, the Member’s family, or the
Member’s Physician prefers a specific Hospital or Physician.

* If you have an Emergency medical condition that requires an emergency response, please call the “911”
emergency response system if you are in an area where the system is established and operating.

Services and supplies in connection with non-InvestigATIONAL organ or tissue transplants, such as skin or cornea transplants, that are commonly accepted medical practice in the United States. Benefits include all services provided elsewhere under this Evidence of Coverage for:

1. a Member who receives the organ or tissue, and

2. a Member who donates the organ or tissue.

Benefits for a Member who donates the organ or tissue are as follows:

- When both the person donating the organ and the person getting the organ are covered Members, each will get benefits under their plans.

- When the person getting the organ is a covered Member, but the person donating the organ is not, benefits under this plan are limited to benefits not available to the donor from any other source. This includes, but is not limited to, other insurance, grants, foundations, and government programs.

- If a covered Member is donating the organ to someone who is not a covered Member, benefits are not available under this plan.

Covered charges for a donor, including donor testing and donor search is limited to expense incurred for Medically Necessary medical services only. The Maximum Allowed Amount for services incident to obtaining the transplanted material from living donor or a human organ transplant bank will be covered. Such charges, including complications from the donor procedure for up to six weeks from the date of procurement, are covered. Services for treatment of a condition that is not directly related to, or a direct result of, the transplant are not covered. An unrelated donor search may be required when the patient has a disease for which a transplant is needed and a suitable donor within the family is not available. Payment for unrelated donor services from an authorized, licensed registry for covered bone marrow/stem cell transplants will not exceed $30,000 per transplant.
COVERED SERVICES AND SUPPLIES

The Maximum Allowed Amount does not include charges for services received without first obtaining pre-service review according to the provisions stated under PRUDENT BUYER PLAN BENEFITS - UTILIZATION REVIEW PROGRAMS beginning on page 57. Benefits for authorized services are subject to all other conditions, limitations, exclusions and provisions of this plan.

The Member can maximize benefits by calling Anthem Blue Cross’ Transplant Department as soon as the Member thinks they may need a transplant to talk about your benefit options. You must do this before you have an evaluation or work-up for a transplant. We will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, Centers of Medical Excellence (CME) or Blue Distinction Centers for Specialty Care (BDCSC) rules, or exclusions apply. Call the customer service phone number on the back of your ID card and ask for the transplant coordinator.

The Member or the Member’s Physician must call Anthem Blue Cross’ Transplant Department for pre-service review prior to the transplant, whether it is performed in an Inpatient or outpatient setting. Prior authorization is required before Anthem Blue Cross will provide benefits for a transplant. The Member’s Physician must certify, and Anthem Blue Cross must agree, that the transplant is Medically Necessary. The Member’s Physician should send a written request for prior authorization to Anthem Blue Cross as soon as possible to start this process. Not getting prior authorization will result in a denial of benefits.

Please note that the Member’s Physician may ask for approval for HLA (human leukocyte antigen) testing, donor searches, or collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for medical necessity and may be approved. However, such an approval for HLA testing, donor search, or collection and storage is NOT an approval for the later transplant. A separate medical necessity decision will be needed for the transplant itself.

SPECIFIED TRANSPLANTS

10% Co-Pay for Centers of Medical Excellence (CME) or Blue Distinction Centers for Specialty Care (BDCSC).

Subject to the Calendar Year Deductible and applies toward the Out-of-Pocket Expense Amount.

The Member must obtain pre-service review to determined medical necessity for all services including, but not limited to preoperative tests and postoperative care related to the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Specified transplants must be performed at a Centers of Medical Excellence (CME) or Blue Distinction Centers for Specialty Care (BDCSC). Charges for services provided for or in connection with a specified transplant performed at a facility other than a CME or BDCSC will not be considered covered under this plan. Call the customer service toll-free number for pre-service review if your Physician recommends a specified transplant for your medical care. A case manager transplant coordinator will assist in facilitating your access to a CME or BDCSC. Please refer to the PRUDENT BUYER PLAN BENEFITS - UTILIZATION REVIEW PROGRAMS section beginning on page 57 for information on how to obtain the proper reviews.
No benefits are payable for Experimental or Investigational transplants. If services are denied because Anthem Blue Cross determines that they are Experimental or Investigational, an independent review may be requested. The Member may request an independent review of a coverage decision for services that have been denied as being Experimental or Investigational if: (1) the Member has a terminal condition; (2) the Member’s Physician certifies that standard therapies have been ineffective or would be inappropriate; and (3) either the Member’s Physician certifies in writing that the denied therapy is likely to be more beneficial than standard therapies, or the Member or Member’s Physician has requested a therapy that, based on documented medical and scientific evidence, is likely to be more beneficial than standard therapies. The Member will be notified of the opportunity to request this review when services are denied.

UTILIZATION REVIEW PROGRAMS

Benefits are provided only for Medically Necessary and appropriate services. Utilization Review is designed to work together with you and your provider to ensure you receive appropriate medical care and avoid unexpected out-of-pocket expense.

No benefits are payable, however, unless the Member’s coverage is in force at the time services are rendered, and the payment of benefits is subject to all the terms and requirements of this plan.

**IMPORTANT:** The Utilization Review Program requirements described in this section do not apply when coverage under this plan is secondary to another plan providing benefits for a Subscriber or Family Member.

The Utilization Review Program evaluates the medical necessity and appropriateness of care and the setting in which care is provided. Members and Physicians are advised if Anthem Blue Cross has determined that services can be safely provided in an outpatient setting, or if an Inpatient Stay is recommended. Services that are Medically Necessary and appropriate are certified by Anthem Blue Cross and monitored so that Members know when it is no longer Medically Necessary and appropriate to continue those services.

This plan includes the processes of pre-service, care coordination, and retrospective reviews to determine when services should be covered. Their purpose is to promote the delivery of cost-effective medical care by reviewing the use of procedures and, where appropriate, the setting or place of service where care is provided. This plan requires that covered services be Medically Necessary for benefits to be provided.

Certain services require pre-service review of benefits in order for benefits to be provided. Prudent Buyer Plan Providers will initiate the review on the Member's behalf. A Non-Prudent Buyer Plan Provider may or may not initiate the review for the Member. In both cases, it is the Member's responsibility to initiate the process and ask their Physician to request pre-service review. The Member may also call Anthem Blue Cross directly. Pre-service review criteria are based on multiple sources including medical policy, clinical guidelines, and pharmacy and therapeutics guidelines. Anthem Blue Cross may determine that a service that was initially prescribed or requested is not Medically Necessary if the Member has not previously tried alternative treatments that are more cost effective.

It is the Member’s responsibility to determine whether a particular service requires pre-service authorization. Read the following information that follows to assist in this determination and visit www.anthem.com or call the toll-free number for pre-service printed on the Member’s identification card for any questions about making this determination.

It is also the Member’s responsibility to see that his or her Physician starts the utilization review process before scheduling the Member for any service subject to the Utilization Review Program. If the Member receives any such service and does not follow the procedures set forth in this section, benefits will be reduced as shown under UTILIZATION REVIEW REQUIREMENTS AND HOW BENEFITS ARE AFFECTED BY UTILIZATION REVIEWS.
UTILIZATION REVIEW PROGRAMS

Utilization Review Requirements and How Benefits Are Affected By Utilization Reviews

The stages of utilization review are pre-service review, care coordination review, and retrospective review.

Pre-service review determines in advance the medical necessity and appropriateness of certain procedures or admissions and the appropriate length of stay, if applicable. Pre-service review is required for the services listed below.

The appropriate utilization reviews must be performed in accordance with this plan. Services that are not reviewed prior to or during service delivery will be reviewed retrospectively when the bill is submitted for benefit payment. When pre-service review is performed and the admission, procedure or service is determined to be Medically Necessary and appropriate, benefits will be provided for the following. If review results in the determination that part or all of the services were not Medically Necessary and appropriate, benefits will not be paid for those services.

— All scheduled, non-Emergency Inpatient Hospital Stays and Residential Treatment Center admissions, including detoxification and rehabilitation.

Exceptions: Pre-service review is not required for Inpatient Hospital Stays for the following services

• Maternity care of 48 hours less following a normal delivery or 96 hours or less following a cesarean section, and

• Mastectomy and lymph node dissection.

— Specific non-Emergency outpatient services, including diagnostic treatment and other services.

— Specific outpatient surgeries performed in an outpatient facility of a doctor’s office.

— Transplant Services, as follows:

• For bone, skin or cornea transplants if the Physicians on the surgical team and the facility in which the transplant is to take place are approved by Anthem Blue Cross for the transplant requested.

• For transplantation of heart, liver, lung, combination heart-lung, kidney, pancreas, combination kidney-pancreas or bone marrow/stem cell and similar procedures, if the providers of the related preoperative and postoperative services are approved and the transplant will be performed at a Centers of Medical Excellence (CME) or Blue Distinction Centers for Specialty Care (BDCSC) facility.

— Air ambulance in a non-medical Emergency.

— Visits for physical therapy, physical medicine and occupational therapy beyond those described under the “Physical Therapy – Physical Medicine” provision of PRUDENT BUYER PLAN BENEFITS: COVERED SERVICES AND SUPPLIES. A specified number of additional visits may be authorized after your initial visit. While there is no limit on the number of covered visits for Medically Necessary physical therapy, physical medicine, and occupational therapy, additional visits in excess of the stated number of visits must be authorized in advance.

— Specific Durable Medical Equipment.

— Services of a Home Infusion Therapy Provider if the attending Physician has submitted both a prescription and a plan of treatment before services are rendered.

— Home health care services if:

• The services can be safely provided in the Member’s home, as certified by the attending Physician; and
UTILIZATION REVIEW PROGRAMS

- The attending Physician manages and directs the Member’s medical care at home; and
- The attending Physician has established a definitive treatment plan which must be consistent with the Member’s medical needs and list the services to be provided by the Home Health Agency.

- Admissions to a Skilled Nursing Facility if the Member requires daily skilled nursing or rehabilitation, as certified by the attending Physician.

- Bariatric surgical services, such as gastric bypass and other surgical procedures for weight loss if:
  - The services are to be performed for the treatment of morbid obesity; and
  - The Physicians on the surgical team and the facility in which the surgical procedure is to take place are approved for the surgical procedure requested; and
  - The bariatric surgical procedure will be performed at a Blue Distinction Centers for Specialty Care.

- Advanced imaging procedures, including, but not limited to: Magnetic Resonance Imaging (MRI), Computer Axial Tomography (CAT scans), Positron Emission Tomography (PET scan), Magnetic Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan), Echocardiography and Nuclear Cardiac Imaging. The Member may call customer service toll-free at 1-800-288-6928 to find out if an imaging procedure requires pre-service review.

- Behavioral health treatment for pervasive developmental disorder or autism, as specified in the section BENEFITS FOR PERVERSIVE DEVELOPMENTAL DISORDER OR AUTISM.

- Partial hospitalization, intensive outpatient programs, transcranial magnetic stimulation (TMS).

- Transgender services, including transgender travel expense, as specified under the “Transgender Services” provision of PRUDENT BUYER PLAN BENEFITS: COVERED SERVICES AND SUPPLIES. You must be diagnosed with gender identity disorder or gender dysphoria by a Physician.

If the member proceeds with any services that have been determined to be not Medically Necessary and appropriate at any stage of the utilization review process, benefits will not be provided for those services.

Care coordination review determines whether services are Medically Necessary and appropriate when Anthem Blue Cross is notified while service is ongoing, for example, an Emergency admission to the Hospital.

Retrospective review for medically necessity is performed to review services that have already been provided. This applies in cases when pre-service or care coordination review was not completed, or in order to evaluate and audit medical documentation subsequent to services being provided. Retrospective review may also be performed for services that continued longer than originally certified.

Services that are not reviewed prior to or during service delivery will be reviewed retrospectively when the bill is submitted for benefit payment. If that review results in the determination that part or all of the services were not Medically Necessary and appropriate, benefits will not be provided for those services. Remaining benefits will be subject to previously noted reductions that apply when the required reviews are not obtained.

If the Member proceeds with any services that have been determined to be not Medically Necessary and appropriate at any stage of the utilization review process, benefits will not be provided for those services.

No benefits are payable unless the Member's coverage is in force at the time services are rendered.
UTILIZATION REVIEW PROGRAMS

How To Obtain Utilization Reviews

It is always the Member's responsibility to confirm that the review has been performed. If the review is not performed, benefits will be reduced as shown under UTILIZATION REVIEW REQUIREMENTS AND HOW BENEFITS ARE AFFECTED BY UTILIZATION REVIEWS.

1. Pre-service Reviews

   Obtain required Pre-service Review before receiving scheduled services as follows:

   For all scheduled services that are subject to utilization review, the Member or the Member's Physician must initiate the pre-service review at least five working days prior to when the Member is scheduled to receive services.

   The Member must inform his or her Physician that this plan requires pre-service review. Prudent Buyer Plan Physicians will initiate the review on the Member's behalf. A Non-Prudent Buyer Plan Provider may initiate the review for the Member, or the Member may call Anthem Blue Cross directly. The toll-free telephone number for pre-service review is 1-800-274-7767.

   If the Member does not receive the certified service within 60 days of the certification, or if the nature of the service changes, a new pre-service review must be obtained.

   Anthem Blue Cross will certify services that are Medically Necessary and appropriate. For Inpatient Hospital and Residential Treatment Center Stays, Anthem Blue Cross will, if appropriate, certify a specific length of Stay for approved services. The Member, the Member's Physician and the provider of services will receive a written confirmation showing this information.

2. Care Coordination Reviews

   If pre-service review was not performed, the Member, the Member's Physician or the provider of service must contact Anthem Blue Cross for care coordination review. For an Emergency Hospital admission or procedure, Anthem Blue Cross must be notified within one working day of the admission or procedure, unless extraordinary circumstances* prevent such notification within that time period. The toll-free telephone number for concurrent review is 1-800-274-7767.

   When a Prudent Buyer Plan Provider has been informed of the Member's need for utilization review, they will initiate the review on the Member's behalf. The Member may ask a Non-Prudent Buyer Plan Provider to call the toll free number, or the Member may call Anthem Blue Cross directly.

   When Anthem Blue Cross determines that the service is Medically Necessary and appropriate, Anthem Blue Cross will, depending upon the type of treatment or procedure, specify the period of time for which the service is medically appropriate. Also, Anthem Blue Cross will determine the medically appropriate setting.

   If Anthem Blue Cross determines that the service is not Medically Necessary and appropriate, the Member's Physician will be notified by telephone no later than 24 hours following Anthem Blue Cross' decision. Written notice will be sent to the Member and the Member's Physician within two business days following Anthem Blue Cross' decision. However, care will not be discontinued until the Member's Physician has been notified and a plan of care that is appropriate for the Member's needs has been agreed upon.
UTILIZATION REVIEW PROGRAMS

*Extraordinary Circumstances.* In determining "extraordinary circumstances", Anthem Blue Cross may take into account whether or not the Member’s condition was severe enough to prevent him or her from notifying Anthem Blue Cross, or whether or not someone from the Member’s family was available to notify Anthem Blue Cross for the Member. The Member may have to prove that such "extraordinary circumstances" were present at the time of the Emergency.

3. Retrospective Reviews

If a pre-service or a care coordination review was not performed, a retrospective review will be done to review services that have already been provided to determine if they are Medically Necessary.

Retrospective review is performed when Anthem Blue Cross has not been notified of the services the Member received and therefore is unable to perform the appropriate review. It is also performed when pre-service or care coordination review has been done, but services continue longer than originally certified.

Retrospective review may also be performed for the evaluation and audit of medical documentation after services have been provided, whether or not pre-service or care coordination review was performed.

Such services which have been retrospectively determined to not be Medically Necessary and appropriate will be retrospectively denied certification.

DECISION AND NOTICE REQUIREMENTS

Anthem Blue Cross will review requests for medical necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, we will follow state laws. If you live in and/or get services in a state other than the state where your Agreement was issued other state-specific requirements may apply. You may call the phone number on the back of your identification card for more details.

A determination of medical necessity does not guarantee payment or coverage. The determination that services are Medically Necessary is based on the clinical information provided. Payment is based on the terms of the Member’s coverage at the time of service. These terms include certain exclusions, limitations, and other conditions. Payment of benefits could be limited for a number of reasons, including:

- The information submitted with the claim differs from that given by phone;
- The service is excluded from coverage;
- The Member must not have exceeded any applicable limits under this plan; or
- The Member is not eligible for coverage when the service is actually provided.

Revoking or modifying an authorization. An authorization for services or care may be revoked or modified prior to the services being rendered for reasons including but not limited to the following:

- The Member’s coverage under this plan ends;
- The Agreement with the PORAC and Anthem Blue Cross terminates;
- The Member reaches a benefit maximum that applies to the services in question; or
- Benefits under the plan change so that the services in question are no longer covered or are covered in a different way.

UTILIZATION REVIEW PROGRAMS

Questions About or Disagreements With Utilization Review Determinations

A. If the Member or the Member's Physician disagrees with a decision or questions how it was reached, they may request reconsideration. Requests for reconsideration (either by telephone or in writing) must be directed to the reviewer making the determination. The address and the telephone number of the reviewer are included on the Member's written notice of determination. Written requests must include medical information that supports the medical necessity of the services.

B. If the Member, Member's representative or Member's Physician acting on the Member's behalf find the reconsidered decision still unsatisfactory, a request for an appeal of the reconsidered decision may be submitted in writing to Anthem Blue Cross.

C. In the event that the appeal decision still is unsatisfactory, the Member’s remedy may be binding arbitration as stated elsewhere in this Evidence of Coverage.

Exceptions to the Utilization Review Programs

From time to time, Anthem Blue Cross may waive, enhance, modify, or discontinue certain medical management processes (including utilization management, case management, and disease management) if, in Anthem Blue Cross’ discretion, such a change furthers the provision of cost effective, value based and quality services. In addition, Anthem Blue Cross may select certain qualifying health care providers to participate in a program that exempts them from certain procedural or medical management processes that would otherwise apply. Anthem Blue Cross may also exempt claims from medical review if certain conditions apply.

If Anthem Blue Cross exempts a process, health care provider, or claim from the standards that would otherwise apply, Anthem Blue Cross is in no way obligated to do so in the future, or to do so for any other health care provider, claim, or Member. Anthem Blue Cross may stop or modify any such exemption with or without advance notice.

Anthem Blue Cross may also identify certain providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a provider is selected under this program, then Anthem Blue Cross may use one or more clinical utilization management guidelines in the review of claims submitted by this provider, even if those guidelines are not used for all providers delivering services to this plan's Members.

The Member may determine whether a health care provider participates in certain programs by checking Anthem Blue Cross’ online provider directory on their website at www.anthemcom/ca or by calling the customer service telephone number listed on the Member's ID card.

Quality Assurance

Utilization review programs are monitored, evaluated, and improved on an ongoing basis to ensure consistency of application of screening criteria and medical policy, consistency and reliability of decisions by reviewers, and compliance with policy and procedure including, but not limited to, timeframes for decision making, notification and written confirmation. Anthem Blue Cross’ Board of Directors is responsible for medical necessity review processes through its oversight committees, including the Strategic Planning Committee, Quality Management Committee, and Physician Relations Committee. Oversight includes approval of policies and procedures, review and approval of self-audit tools, procedures, and results. Monthly process audits measure the performance of reviewers and Peer Clinical Reviewers against approved written policies, procedures, and timeframes. Quarterly reports of audit results and, when needed, corrective action plans are reviewed and approved through the committee structure.
CASE MANAGEMENT

The health plan individual case management program enables Anthem Blue Cross to authorize the Member to obtain medically appropriate care in a more economical, cost effective and coordinated manner during prolonged periods of intensive medical care. Anthem Blue Cross has the right, through a case manager, to recommend an alternative plan of treatment which may include services not covered under this plan. It is not the Member’s right to receive individual case management, nor does Anthem Blue Cross have an obligation to provide it; Anthem Blue Cross provides these services at its sole and absolute discretion.

How Case Management Works

Anthem Blue Cross’ personal case management program (Case Management) helps coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Anthem Blue Cross’ programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

Anthem Blue Cross’ Case Management programs are confidential and voluntary, and are made available at no extra cost to Members. These programs are provided by, or on behalf of and at the request of, the Member’s health plan case management staff. These Case Management programs are separate from any covered services you are receiving.

If you meet program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and team work with you and/or your chosen authorized representative, treating Physicians, and other providers.

In addition, we may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

Alternative Treatment Plan. In certain cases of severe or chronic illness or injury, Anthem Blue Cross may provide benefits for alternate case that is not listed as a covered service. We may also extend services beyond the benefit maximums of this Plan. Anthem Blue Cross will make our decision case-by-case, if in our discretion the alternate or extended benefit is in the best interest of the member and us. A decision to provide extended benefits or approve alternate care in one case does not obligate Anthem Blue Cross to provide the same benefits again to you or to any other member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, Anthem Blue Cross will notify the Member or the Member’s authorized representative in writing.

2017 PORAC Prudent Buyer Classic Plan (Basic)
PRESCRIPTION DRUG BENEFITS

Benefits for Prescription Drugs are determined by the type of pharmaceutical provider the Member chooses and the type of Drug provided. A Member can choose to have his or her Prescriptions filled by Participating Pharmacies, Non-Participating Pharmacies, or through the home delivery program. The Member can also choose between Generic Drugs, Brand Name Drugs on Anthem Blue Cross’ Prescription Drug Formulary list, or non-Formulary Brand Name Drugs. However, the amount the Member will pay for his or her Prescription is affected by these choices.

PARTICIPATING PHARMACIES

Most Participating Pharmacies are located in California, but there is a limited network of Participating Pharmacies located outside of California. The Member may call 1-800-700-2541 (or TTY/TDD 1-800-905-9821) for assistance in locating a Participating Pharmacy.

Generic Drugs will be dispensed by a Participating Pharmacy when the Prescription indicates a Generic Drug. When a Brand Name Drug is specified, but a Generic Drug equivalent exists, the Generic Drug will be substituted. Brand Name Drugs will be dispensed by a Participating Pharmacy when the Prescription specifies a Brand Name and states “dispense as written” or no Generic Drug equivalent exists.

When the Member presents his or her plastic Anthem Blue Cross Identification Card to a Participating Pharmacy, the Member will only pay the applicable copayment amount for each covered Prescription and each refill (see pages 73-74 for copayment amounts).

Please note that presentation of a Prescription to a Pharmacy or pharmacist does not constitute a claim for benefit coverage. If you present a Prescription to a Participating Pharmacy, and the Participating Pharmacy indicates your Prescription cannot be filled or requires an additional copayment, this is not considered an adverse claim decision. If you want the Prescription filled, you will have to pay either the full cost or the additional copayment for the Prescription Drug. If you believe you are entitled to some plan benefits in connection with the Prescription Drug, submit a claim for reimbursement to the Pharmacy Benefits Manager at the address shown below:

Prescription Drug Program
Attn: Commercial Claims
P.O. Box 2872
Clinton, IA 52733-2872

Participating Pharmacies usually have claims forms, but, if the Participating Pharmacy does not have claim forms, claim forms and customer service are available by calling 1-800-700-2541 (or TTY/TDD 1-800-905-9821). Mail your claim, with the appropriate portion completed by the pharmacist, to the Pharmacy Benefits Manager within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed.

Important Note: If we determine that you may be using Prescription Drugs in a harmful or abusive manner, or with harmful frequency, your selection of Participating Pharmacies may be limited. If this happens, we may require you to select a single Participating Pharmacy that will provide and coordinate all future pharmacy services. Benefits will only be paid if you use the single Participating Pharmacy. We will contact you if we determine that use of a single Participating Pharmacy is needed and give you options as to which Participating Pharmacy you may use. If you do not select one of the Participating Pharmacies we offer within 31 days, we will select a single Participating Pharmacy for you. If you disagree with our decision, you may ask Anthem Blue Cross to reconsider it as described in CLAIMS REVIEW / GRIEVANCE PROCEDURES.
NON-PARTICIPATING PHARMACIES

When the Member goes to a Non-Participating Pharmacy, the Member must pay the full cost of the Drug and submit a claim to the Pharmacy Benefits Manager at the address below:

Prescription Drug Program
Attn: Commercial Claims
P.O. Box 2872
Clinton, IA 52733-2872

Non-Participating Pharmacies do not have claim forms for these Prescription Drug benefits. The Member must bring a claim form to the Non-Participating Pharmacy and have the pharmacist complete the Pharmacy portion of the form and then sign it.

Claim forms and customer service are available by calling 1-800-700-2541 (or TTY/TDD 1-800-905-9821). The Member must mail the claim form with the appropriate portion completed by the pharmacist to the Pharmacy Benefits Manager within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that timeframe, an extension of up to 12 months will be allowed. The Member will be reimbursed according to the procedures described under the REIMBURSEMENT provision of this section.

HOME DELIVERY PROGRAM

Members can order Prescriptions through the home delivery Prescription Drug program; however, not all medications are available through the home delivery pharmacy. For any available Prescription Drug ordered through the home delivery program, the Member will only pay the applicable copayment amount. Prescriptions can be filled through the home delivery program for up to a 90-day supply, whichever is greater.

The Prescription must state the Drug name, dosage, directions for use, quantity, Physician’s name and phone number, the patient’s name and address, and be signed by a Physician. The Member must submit the Prescription with the appropriate payment for the amount of copayment ($20, $40 or $75) and a properly completed order form. (If you are not sure what your copayment amount is, you may call the toll-free phone number listed below for assistance.) Additional cost, if any, resulting from the purchase of a Brand Name Drug will be billed to the Member.

The first home delivery Prescription must also include a completed patient profile questionnaire. The patient profile questionnaire can be obtained by calling the toll-free number on the Member’s ID card. The Member need only enclose the Prescription or refill notice and the appropriate payment for any subsequent home delivery Prescriptions, or call the toll-free number. Copayments can be paid by check, money order or credit card.

Order forms or verify whether the Drug is available through the home delivery program, contact the Pharmacy Benefits Manager at 1-800-700-2541 (or TTY/TDD 1-800-905-9821). The order form is also available on-line at www.anthem.com/ca.

Generic Drugs will be dispensed through the home delivery program when the Prescription indicates a Generic Drug. When a Brand Name Drug is specified, but a Generic Drug equivalent exists, the Generic Drug will be substituted. Brand Name Drugs will be dispensed through the home delivery program when the Prescription specifies a Brand Name and states “dispense as written” or no Generic Drug equivalent exists.
PRESCRIPTION DRUG BENEFITS

SPECIALTY DRUG PROGRAM

Certain Specialty Drugs must be obtained through the specialty drug program unless a Member is given an exception from the specialty drug program (See PRESCRIPTION DRUG CONDITIONS OF SERVICE on pages 75 through 77 of this section). These specified Specialty Drugs that must be obtained through the Specialty Drug Program are limited to up to a 30-day supply. The Specialty Drug Program only fills Prescriptions for Specialty Drugs and will ship medication to the Member by mail or common carrier (Members cannot pick up their medications at Anthem Blue Cross).

The Prescription for the Specialty Drug must state the Drug name, dosage, directions for use, quantity, Physician's name and phone number, patient's name and address, and be signed by a Physician.

The Member or Member's Physician may order the Member's Specialty Drug by calling 1-800-700-2541. When the Member calls the Specialty Drug Program, a dedicated care coordinator will guide the Member through the process up to and including actual delivery of the Member's Specialty Drug to the Member. (If you order your Specialty Drug by telephone, you will need to use a credit card or debit card to pay for the Drug.) The Member may also submit a Prescription for a Specialty Drug with the appropriate payment for the amount of the purchase (You can pay by check, money order, credit card or debit card) and a properly completed order form to the Specialty Drug Program. The Member will only have to pay the cost of the applicable copayment as shown under COPAYMENTS AT A RETAIL PHARMACY OR COPAYMENTS THROUGH THE HOME DELIVERY PROGRAM.

With few exceptions, most orally administered anti-cancer medications are considered specialty drugs. For orally administered anti-cancer medications, the prescription drug deductible, if any, will not apply and the copayment will not exceed the lesser of the applicable copayment shown in the PORAC PRUDENT BUYER PLAN - SUMMARY OF BENEFITS or $200 for a 30-day supply for medications obtained at a retail pharmacy or $600 for a 90-day supply for medications obtained through home delivery.

The first time the Member gets a Prescription for a Specialty Drug the Member must also include a completed intake referral form. The intake referral form is to be completed by calling the toll-free number below. The Member need only enclose the Prescription or refill notice, and the appropriate payment for any subsequent Specialty Drug Prescriptions, or call the toll-free number. Copayments can be made by check, money order, credit card or debit card.

To be covered, the Drug or medication must satisfy all of the following requirements:

A. It must be prescribed by a licensed prescriber and be dispensed within one year of being prescribed, subject to federal and state laws.

B. It must be approved for general use by the Food and Drug Administration (FDA).

C. It must be for the direct care and treatment of the Member’s illness, injury or condition. Dietary supplements, health aids or drugs for cosmetic purposes are not included. However the following items are covered:
   a. Formulas prescribed by a Physician for the treatment of phenylketonuria.
   b. Vitamins, supplements, and health aids as specified under PREVENTIVE PRESCRIPTION DRUGS AND OTHER ITEMS, subject to all terms of this plan that apply to those benefits.

D. It must be dispensed from a licensed retail Pharmacy, a Home Health Agency, the home delivery program or through the specialty drug program.

E. An approved Compound Medication must be dispensed by a Participating Pharmacy. Call 1-800-700-2541 (or TTY/TDD 1-800-905-9821) to find out where to take the Member’s Prescription for an approved Compound Medication to be filled. (You can also find a Participating Pharmacy online at www.anthem.com/ca.) Some Compound Medications must be approved before the Member can get them (See PRESCRIPTION DRUG FORMULARY). The Member will have to pay the full cost of the Compound Medications the Member chooses to get from a Non-Participating Pharmacy.

F. A specified Specialty Drug must be obtained by using the specialty drug program. See SPECIALTY DRUG PROGRAM on page 72 of this section for information on how to get the Member’s Drugs by using the specialty drug program. The Member will have to pay the full cost of a Specialty Drug which the Member fills at a retail Pharmacy that should have obtained through the specialty drug program. If a Member orders a Specialty Drug that must be obtained using the specialty drug program through the home delivery program, it will be forwarded to the specialty drug program for processing and will be processed according to specialty drug program rules.

Exceptions to specialty drug program. This requirement does not apply to:

How to obtain an exception to the specialty drug program. If the Member believes that he or she should not be required to get his or her medication through the specialty drug program for any of the reasons listed above, except item 4, the Member must complete an Exception to Specialty Drug Program form to request an exception and send this form to the Pharmacy Benefits Manager. If the Member needs a copy of the form, the Member may call 1-800-700-2541 (or TTY/TDD 1-800-905-9821) to request one. The Member can also get the form on-line at www.anthem.com/ca. If Anthem Blue Cross has given the Member an exception, it will be good for a limited period of time based on the reason for the exception. When the exception period ends, if the Member believes that he or she should still not be required to get his or her medication through the specialty drug program, the Member must again request an exception. If Anthem Blue Cross denies the Member’s request for an exception, it will be in writing and will tell the Member why the exception was not approved.

Urgent or emergency need of a Specialty Drug subject to the specialty drug program. If the Member is out of a Specialty Drug which must be obtained through the specialty drug program, Anthem Blue Cross will authorize an override of the specialty drug program requirement for 72 hours, or until the next business day following a holiday or weekend, to allow the Member to get an emergency supply of medication if the Member’s Physician decides that it is appropriate and Medically Necessary. The Member may have to pay the applicable copayment, shown in PORAC PRUDENT BUYER PLAN: SUMMARY OF BENEFITS on page 8 and under COPAYMENTS AT A RETAIL PHARMACY OR COPAYMENTS THROUGH THE HOME DELIVERY PROGRAM on pages 73-74 of this section, for the 72-hour supply of his or her Drug.

If the Member orders his or her Specialty Drug through the specialty drug program and it does not arrive, if the Member’s Physician decides that it is Medically Necessary for the Member to have the Drug immediately, Anthem Blue Cross will authorize an override of the specialty drug program requirement for a 30-day supply or less, to allow the Member to get an emergency supply of medication from a Participating Pharmacy. A dedicated care coordinator from the specialty drug program will coordinate the exception, and the Member will not be required to make an additional copayment.

H. For a retail Pharmacy, the Prescription must not exceed the greater of a 34-day supply.

Drugs federally-classified as Schedule II which are FDA-approved for the treatment of attention deficit disorder must not exceed a 60-day supply. If the Physician prescribes a 60-day supply for Drugs classified as Schedule II for the treatment of attention deficit disorders, the Member has to pay double the amount of copayment for retail Pharmacies. If the Drugs are obtained through the home delivery program, the copayment will remain the same as for any other Prescription Drug.

PRESCRIPTION DRUG PROGRAM UTILIZATION REVIEW

These Prescription Drug benefits include utilization review of Prescription Drug usage for the Member's health and safety. If there are patterns of over-utilization or misuse of Drugs, Anthem Blue Cross’ medical consultant will notify both the Member's personal Physician and pharmacist. Anthem Blue Cross reserves the right to limit benefits to prevent over-utilization of Drugs.

PRESCRIPTION DRUG FORMULARY

Anthem Blue Cross uses a Prescription Drug Formulary to help the Member’s Physician make prescribing decisions. The presence of a Drug on the plan’s Prescription Drug Formulary list does not guarantee that the Member will be prescribed that Drug by the Physician. These medications, which include both generic and Brand Name Drugs, are listed in the Prescription Drug Formulary. The Formulary is updated quarterly to ensure that the list includes Drugs that are safe and effective. Note: The Formulary Drugs may change from time to time.

Some Drugs may require prior authorization. If you have a question regarding whether a particular Drug is on Anthem Blue Cross’ Formulary Drug list or requires prior authorization, please call Anthem Blue Cross at 1-800-700-2541 (or TTY/TDD 1-800-905-9821). Information about the Drugs on Anthem Blue Cross’ Formulary Drug list is also available on the Anthem Blue Cross website at www.anthem.com/ca.
PRESCRIPTION DRUG BENEFITS

Exception request for a drug not on the prescription drug formulary (non-formulary exceptions).

Your Prescription Drug benefit covers those Drugs listed on our Prescription Drug Formulary. This Prescription Drug Formulary contains a limited number of Prescription Drugs, and may be different than the Prescription Drug Formulary for other Anthem products. In cases where your Physician prescribes a medication that is not on the Prescription Drug Formulary, it may be necessary to obtain a non-formulary exception in order for the Prescription Drug to be a covered benefit. Your Physician must complete a non-formulary exception form and return it to us. You or your Physician can get the form online at www.anthem.com or by calling the number listed on the back of your ID card.

When we receive a non-formulary exception request, we will make a coverage decision within a certain period of time, depending on whether exigent circumstances exist.

Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the Plan. In this case, we will make a coverage decision within 24 hours of receiving your request. If we approve the coverage of the Drug, coverage of the Drug will be provided for the duration of the exigency. If we deny coverage of the Drug, you have the right to request an external review by an IRO. The IRO will make a coverage decision within 24 hours of receiving your request. If the IRO approves the coverage of the Drug, coverage of the Drug will be provided for the duration of the exigency.

When exigent circumstances do not exist, we will make a coverage decision within 72 hours of receiving your request. If we approve the coverage of the Drug, coverage of the Drug will be provided for the duration of the Prescription, including refills. If we deny coverage of the Drug, you have the right to request an external review by an Independent Review Organization (IRO). The IRO will make a coverage decision within 72 hours of receiving your request. If the IRO approves the coverage of the Drug, coverage of the Drug will be provided for the duration of the Prescription.

Requesting a non-formulary exception or having an IRO review your request for a non-formulary exception does not affect your right to submit a grievance or request an Independent Medical Review. Please see the section entitled “CLAIMS REVIEW / GRIEVANCE PROCEDURES” for details.

Coverage of a Drug approved as a result of your request or your Physician’s request for an exception will only be provided if you are a Member enrolled under the Plan.

Prior Authorization. Certain Drugs require written prior authorization of benefits in order for Members to receive plan benefits. Prior authorization criteria will be based on medical policy and the Pharmacy and Therapeutics Process established guidelines. The Member may need to try a Drug other than the one originally prescribed if it is determined through prior authorization that it should be clinically effective for the Member. However, if it is determined through prior authorization that the Drug originally prescribed is Medically Necessary, the Member will be provided the Drug originally requested at the applicable Co-Payment. (If, when you first become a Member, you are already being treated for a medical condition by a Drug that has been appropriately prescribed and is considered safe and effective for your medical condition, we will not require you to try a Drug other than the one you are currently taking.) If approved, Drugs requiring prior authorization for benefits will be provided to the Member after the Member makes the required Co-Payment.

In order for the Member to get a Drug that requires prior authorization, the Member’s Physician must send a written request to Anthem Blue Cross for the Drug using the required uniform prior authorization request form. The request can be sent to Anthem Blue Cross by mail, facsimile, or it may be submitted electronically. The Physician may call
Anthem Blue Cross toll-free at 1-800-700-2541 (or TTY/TDD 1-800-905-9821) to request a copy of the form. This form is also available on-line at www.anthem.com/ca.

Upon receiving the completed uniform prior authorization request form Anthem Blue Cross will review the request and respond within the following time periods:

- 72 hours for non-urgent requests, and
- 24 hours if exigent circumstances exist. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a Drug not covered by the Plan.

While Anthem Blue Cross is reviewing the request, a 72-hour Emergency supply of medication may be dispensed to the Member if the Member’s Physician or pharmacist determines that it is appropriate and Medically Necessary. The Member may have to pay the applicable copayment, shown in PORAC PRUDENT BUYER PLAN: SUMMARY OF BENEFITS on page 8 and under COPAYMENTS AT A RETAIL PHARMACY of this section on page 73, for the 72-hour supply of the Drug. If the request for the Drug is approved after the Member has received a 72-hour supply, the Member will receive the remainder of the 30-day supply of the Drug with no additional copayment.

If you have any questions regarding whether a Drug is on the Prescription Drug Formulary or requires prior authorization, please call 1-800-700-2541 (or TTY/TDD 1-800-905-9821). Information about the Drugs on Anthem Blue Cross’ Formulary Drug list is also available on the Anthem Blue Cross website at www.anthem.com/ca.

If a request for prior authorization of a Drug that is not part of the Formulary Drug list is denied, the member or Member’s prescribing Physician may appeal the decision by calling Anthem Blue Cross at 1-800-700-2541 (or TTY/TDD 1-800-905-9821). If the Member is not satisfied with the resolution based on such an inquiry, the Member may file a grievance with Anthem Blue Cross by following the procedures described in the section entitled CLAIMS REVIEW / GRIEVANCE PROCEDURES.

A prior authorization of benefit for prescription drug may be revoked or modified prior to the Member receiving the drugs for reasons including but not limited to the following:

- The Member’s coverage under this plan ends;
- The Agreement with the PORAC and Anthem Blue Cross terminates;
- The Member reaches a benefit maximum that applies to prescription drugs, if the plan included such a maximum; or
- Prescription drug benefits under the plan change so that prescription drugs are no longer covered or are covered in a different way.

A revocation or modification of a prior authorization of benefits for prescription drugs applies only to unfilled portions or remaining refills of the prescription, if any, and not to drugs you have already received.

The outpatient Prescription Drugs included on the list of Formulary Drugs covered by the Plan is decided by the Pharmacy and Therapeutics Process which is comprised of independent nurses, Physicians and pharmacists. The Pharmacy and Therapeutics Process meets quarterly and decides on changes to make in the Formulary Drug list based on recommendations from Anthem Blue Cross and a review of relevant information, including current medical literature.
PRESCRIPTION DRUG BENEFITS

SERVICES COVERED BY OTHER BENEFITS

When an expense incurred for a service or supply is covered under another benefit section of this Evidence of Coverage, that expense is not included as covered expense under this PRESCRIPTION DRUG BENEFITS section.
COORDINATION OF BENEFITS

Benefits payable hereunder are subject to reduction, as set forth in the Agreement, if the Member has other group coverage providing hospital, surgical or medical benefits. Such reduction will preclude the Member's receiving an aggregate of more than 100 percent of covered expenses from all group coverages.

THIRD PARTY LIABILITY

Under some circumstances a Member may need services under the benefits of this Evidence of Coverage for which a third party may be liable or legally responsible by reason of negligence, an intentional act or breach of any legal obligation. In that event, Anthem Blue Cross will advance the benefits of this Evidence of Coverage to the Member subject to the following:

A.  Anthem Blue Cross will automatically have a lien, to the extent of benefits advanced, upon any recovery, whether by settlement, judgment or otherwise, that the Member receives from the third party, the third party's insurer, or the third party's guarantor. The lien will be in the amount of benefits paid by Anthem Blue Cross under the Agreement for the treatment of the illness, disease, injury or condition for which the third party is liable.

1. If Anthem Blue Cross paid the provider other than on a capitated basis, its lien will not be more than amount it paid for those services.

2. If Anthem Blue Cross paid the provider on a capitated basis, its lien will not be more than 80% of the usual and customary charges for those services in the geographic area in which they were given.

3. If you hired an attorney to gain your recovery from the third party, Anthem Blue Cross’ lien will not be for more than one-third of the money due you under any final judgment, compromise, or settlement agreement.

4. If you did not hire an attorney, Anthem Blue Cross’ lien will not be for more than one-half of the money due you under any final judgment, compromise or settlement agreement.

5. If a final judgment includes a special finding by a judge, jury, or arbitrator that you were partially at fault, Anthem Blue Cross’ lien will be reduced by the same comparative fault percentage by which your recovery was reduced.

6. Anthem Blue Cross’ lien is subject to a pro rata reduction equal to your reasonable attorney’s fees and costs in line with the common fund doctrine.

B. The Member agrees to advise Anthem Blue Cross, in writing, within 60 days of his or her filing a claim against the third party and to take such action, furnish such information and assistance, and execute such papers as Anthem Blue Cross may require to facilitate enforcement of its rights. The Member also agrees to take no action which may prejudice the rights or interests of Anthem Blue Cross under the Agreement. Failure of the Member to give such notice to Anthem Blue Cross or cooperate with Anthem Blue Cross, or actions of the Member that prejudice the rights or interests of Anthem Blue Cross, will be a material breach of the Agreement and will result in the Member being personally responsible for reimbursing Anthem Blue Cross.

C.  Anthem Blue Cross will be entitled to collect on its lien even if the amount you or anyone recovered for you (or your estate, parent or legal guardian) from or for the account of such third party as compensation for the injury, illness or condition is less than the actual loss you suffered.
WORKERS’ COMPENSATION INSURANCE

If, pursuant to any Workers’ Compensation or Employer’s Liability Law or other legislation of similar purpose or import, a third party is responsible for all or part of the cost of health services provided by Anthem Blue Cross, and such third party disputes that responsibility, then Anthem Blue Cross shall provide the benefits of the Agreement and Anthem Blue Cross shall automatically acquire thereby, by operation of law, a lien to the extent of benefits paid by Anthem Blue Cross. The Member agrees to take no action that may prejudice Anthem Blue Cross' rights under such lien. The lien may be filed with the responsible third party, his or her agent, or the court, and Anthem Blue Cross may exercise all rights available to it as a lien holder.

For purposes of this subsection, reasonable value shall be determined to be the usual, customary or reasonable charge for services in the geographic area where the services are rendered.

BENEFITS FOR MEDICARE ELIGIBLE MEMBERS

If a Member is eligible for Medicare Parts A and B, the Member shall not be enrolled in a basic health benefits plan (including the PORAC Prudent Buyer Plan) in accordance with Section 22844 of the Act. CalPERS will provide the Member with information regarding his or her eligibility for a supplement to original Medicare plan.

Exception: For treatment of end-stage renal disease after the first 30 months, a Member who is enrolled in Medicare will remain enrolled in the Basic Plan, but the benefits of this plan will be reduced. When the Member incurs covered charges under this plan, Anthem Blue Cross will determine payment according to the section entitled COORDINATION OF BENEFITS and the provision "Coordinating Benefits with Medicare" below.

When Medicare is the primary payer for a Member, the Maximum Allowed Amount for covered services is determined as stated under Exception in the section PRUDENT BUYER PLAN BENEFITS - DETERMINATION OF THE MAXIMUM ALLOWED AMOUNT.

If you have questions about your eligibility for a Basic or Supplement to Original Medicare Plan, please contact the CalPERS at 888 CalPERS (or 888-225-7377).

COORDINATING BENEFITS WITH MEDICARE

Anthem Blue Cross will not provide benefits under this plan that duplicate any benefits to which a Member would be entitled under Medicare. This exclusion applies to all parts of Medicare in which the Member can enroll without paying additional premium. If the Member is required to pay additional premium for any part of Medicare, this exclusion will apply to that part of Medicare only if the Member is enrolled in that part.

If a Member is entitled to Medicare, his or her Medicare coverage will not affect the services covered under this plan except as follows:

1. Medicare must provide benefits first to any services covered both by Medicare and this plan.

2. For services the Member receives that are covered both by Medicare Part A or B and this plan, coverage under this plan will apply only to Medicare Part A or B deductibles, coinsurance, and other charges for covered services over and above what Medicare pays.
BENEFITS FOR MEDICARE ELIGIBLE MEMBERS continued

3. If the Member elects to enroll in Medicare voluntary outpatient Prescription Drug benefits (Part D), the Member will **not** receive any benefits under the PRESCRIPTION DRUG BENEFITS section of this plan.

4. For any given claim, the combination of benefits provided by Medicare and the benefits provided under this plan will not exceed the Maximum Allowed Amount for the covered services.

Any charges paid by Medicare under Part A or B benefits for services covered under this plan will be applied toward this plan’s deductible, if any.
ENROLLMENT PROVISIONS

ELIGIBILITY FOR ENROLLMENT

A. All Members who are eligible in accordance with the Act may enroll hereunder. Enrollment is restricted to members of the Peace Officers Research Association of California (PORAC) and their eligible Family Members.

Family Member means the spouse or Domestic Partner and children of an Employee or Annuitant who qualify under Articles 1 and 5 of the Act and Sections 599.500, 599.501 and 599.502 of the Regulations. Such children include: (1) the Employee’s or Annuitant’s adopted, step or recognized natural child up to age 26, and (2) any other child up to age 26 for whom the Employee or Annuitant has intentionally assumed a parent-child relationship or assumed parental duties, except for a foster child, as certified by the Employee or Annuitant at the time of the child’s enrollment, and annually thereafter.

A child who meets either of the preceding requirements may be eligible for coverage beyond age 26 if the child at the time of attaining age 26, is already enrolled in the plan and is incapable of self-support because of a physical or mental disability which existed continuously from a date prior to the child’s attainment of age 26. Such a child will be eligible for continued coverage beyond age 26 until the termination of his or her incapacity, subject to all other termination provisions or other limits of the plan. Satisfactory evidence of the child’s disability must be filed with the plan during the period 60 days before the child’s 26th birthday or the 60-day period after the child’s 26th birthday.

A Domestic Partner must meet the criteria provided in Section 22770 of the Act to be eligible for coverage. Generally, this means that the individual must be either an Employee’s or Annuitant’s domestic partner pursuant to: (1) a registered domestic partnership as provided in California Family Code Section 297; or (2) a union of two persons of the same sex, other than a marriage, that was validly formed in another jurisdiction, and that is substantially equivalent to a domestic partnership as defined in California Family Code Section 297, regardless of whether it bears the name “domestic partnership” (see California Family Code Section 299.2).

Under the Public Employees’ Medical and Hospital Care Act (PEMHCA), if you are Medicare eligible and do not enroll in Medicare Parts A and B and a CalPERS Medicare health plan, you and your enrolled Dependents will be excluded from coverage under the CalPERS program.

B. An Employee, Annuitant or a Family Member shall not be eligible for enrollment with Anthem Blue Cross while enrolled under any of the Board’s alternative medical and hospital benefit programs.
ENROLLMENT PROVISIONS

CONDITIONS OF ENROLLMENT

A. Each Employee eligible to become a Subscriber according to the provisions stated under ENROLLMENT PROVISIONS, and who files an application for membership for himself or herself and his or her eligible Family Members (on forms provided by the Employer) with the Employer during an Open Enrollment Period or period of initial eligibility, as specified in the Act, shall have fulfilled the Conditions of Enrollment.

B. If an Employee fails to enroll himself or herself or his or her eligible Family Members during an Open Enrollment Period or the period of initial eligibility as specified in the Act, the Employee may apply for enrollment for himself or herself and any eligible Family Members in accordance with the Act. Contact your Employer or CalPERS by calling 888 CalPERS (or 888-225-7377) for further information.

Important Note: It is the Employee’s responsibility to request additions, deletions or changes in enrollment in a timely manner and to stay informed about the eligibility requirements stated in the Act and Regulations. The Employee may be held liable retroactively for any services provided to ineligible Dependents.

COMMENCEMENT OF COVERAGE

After fulfilling the Conditions of Enrollment as stated in ENROLLMENT PROVISIONS, coverage shall commence for a Subscriber and his or her Family Members at 12:01 a.m. on the date set forth in the Act.
TERMINATION PROVISIONS

TERMINATION OF AGREEMENT

This plan may be terminated by the Board, the Insurance and Benefits Trust of PORAC, or Anthem Blue Cross according to the provisions set forth in the Memorandum of Agreement and the Group Benefit Agreement.

TERMINATION OF COVERAGE

Coverage may be terminated for individual Members by any of the following conditions, subject, however, to the provisions for extensions of coverage required by Section 599.508 (a) (5) of the Regulations, the continuation benefits provided under CONTINUATION OF GROUP COVERAGE, and TERMINAL BENEFITS:

1. By the Board's termination of the Memorandum of Agreement.
2. By the Anthem Blue Cross' termination of the Group Benefit Agreement.
3. By voluntary cancellation by the Subscriber or Family Member in accordance with Section 599.505 of the Act. In the event of such voluntary cancellation, the Member shall cease to be covered hereunder without notice from the Employer or Anthem Blue Cross at midnight of the day on which such cancellation becomes effective in accordance with Section 599.505 of the Regulations.
4. If a Subscriber or Family Member ceases to be eligible for coverage in accordance with Section 599.506 of the Act.

IMPORTANT NOTE: The Subscriber may be held liable retroactively for any services provided to ineligible Dependents. It is the Subscriber's responsibility to report any changes in a Family Member's status to his or her employer in a timely manner. Subscribers or Family Members who lose eligibility according to the above criteria may be entitled to continue coverage under the terms of the CONTINUATION OF GROUP COVERAGE section below.

OPEN ENROLLMENT

Members who have voluntarily cancelled enrollment with Anthem Blue Cross may apply for reenrollment during the Open Enrollment Period.

UNFAIR TERMINATION OF COVERAGE

If the Member believes that his or her coverage has been or will be improperly terminated, the Member may file a grievance with Anthem Blue Cross in accordance with the procedures described in the section entitled CLAIMS REVIEW / GRIEVANCE PROCEDURES. The Member should file his or her grievance as soon as possible after the Member receives notice that his or her coverage will end. The Member may also request a review of the matter by the Director of the Department of Managed Health Care. If the Member's coverage is still in effect when he or she submits a grievance, Anthem Blue Cross will continue to provide coverage to the Member under the terms of this plan until a final determination of the Member's request for review has been made, including any review by the Director of the Department of Managed Health Care (this does not apply if the Member's coverage is cancelled for non-payment of subscription charges). If the Member's coverage is maintained in force pending outcome of the review, subscription charges must still be paid to Anthem Blue Cross on the Member's behalf.
CONTINUATION OF GROUP COVERAGE
CONSOLIDATED OMNIBUS BUDGET RECONCILIATION ACT (COBRA)

A. Eligibility for Continuation - Qualifying Events

Under the Act and Regulations, all CalPERS employers are subject to the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). Under COBRA, Subscribers or Family Members may choose to continue coverage under the Agreement if it would otherwise end for any of the reasons shown below. These are called qualifying events, and they are:

For Subscriber and Family Members . . .

1. The Subscriber's termination of employment, for any reason other than gross misconduct;
2. Loss of coverage under an employer's health plan due to a reduction in the Subscriber's work hours;
3. For Members who may be covered as retirees, cancellation of that retiree coverage due to the Employer's filing for protection under the bankruptcy law (Chapter 11), provided the Member was covered prior to the filing of bankruptcy.

For Family Members . . .

4. The death of the Subscriber;
5. The Spouse's divorce or legal separation from the Subscriber; or if the Spouse vacates the residence shared with the Subscriber;
6. The end of a child's status as a Family Member, in accordance with the Act and Regulations;
7. The Subscriber's entitlement to Medicare.

B. Requirements for Continuation

1. Notice

For qualifying events 1, 2 or 3 above, the Subscriber's Employer will notify the Subscriber of the right to continue coverage. For qualifying events 4 and 7, a Family Member will be notified of the continuation right. Anyone choosing to continue coverage must so notify the Board within 60 days of the date they receive notice of their continuation right.

In the event of an annuitant's death, it is the Family Member's responsibility to notify the Board within 30 days of the date of such qualifying event.

The Family Member must inform the Board of qualifying events 5 or 6 above within 60 days of such event if the Family Member wishes to continue coverage. If the Subscriber or Family Member fails to provide such timely notice to the Board, then such person shall not be entitled to elect continuation coverage.
CONTINUATION OF GROUP COVERAGE

Within 14 days of receipt of timely notice of a qualifying event, the Board shall provide written notice to eligible Subscribers and Family Members of their continuation right at the address of such persons on the records of the Board. Such notice to an employee or annuitant shall be deemed notice to all other eligible Family Members residing with such employee, annuitant or Spouse at the time such notification is made.

The continuation coverage may be chosen for all Members within a family, or only for selected Members. However, if a Member fails to elect the continuation when first eligible, that person may not elect the continuation at a later date.

Once a Subscriber and/or Family Member elects the COBRA continuation, Anthem Blue Cross shall provide written notice to each covered employee or annuitant of their rights to continuation of coverage. In addition to the written notice, an Evidence of Coverage booklet shall be sent to each enrolled Subscriber at his/her address on the enrollment document(s) and shall be deemed notice to such Subscriber and his/her Spouse.

2. Family Members Acquired During Continuation

A spouse or child newly acquired during the continuation period is eligible to be enrolled as a Family Member. The standard enrollment provisions of the Act and Regulations apply to enrollees during the continuation period. A Family Member acquired and enrolled during the period of continuation coverage which resulted from the original qualifying event is not eligible for a separate continuation if a subsequent qualifying event results in the person's loss of coverage*.

*Exception: A child who is born to, or placed for adoption with the Subscriber during the COBRA continuation period will be eligible for a separate continuation if a subsequent qualifying event results in the person’s loss of coverage.

3. Cost of Coverage

The benefits of continuation coverage are identical to the benefits in this Evidence of Coverage. The cost for this continuation coverage, called the "subscription charge", must be paid each month during the COBRA continuation period to keep the continuation coverage in force. The subscription charge for continuation coverage may not exceed 102 percent of the prepayment fees specified for coverage under the Agreement or any amendment, renewal or replacement of this plan. An eligible Subscriber or his/her eligible Family Member(s) electing continuation coverage shall pay to Anthem Blue Cross the subscription charge for continuation coverage not later than the following dates:

a. If such election is made before the qualifying event, the subscription charge may be paid with the written election, in the amount required for the first month of continuation coverage.

b. If such election is made after coverage is terminated due to a qualifying event, the subscription charge for the period of continuation of coverage preceding the election shall be made within 45 days of the election together with the subscription charge for the period beginning with the date of election and ending on the last day of the month in which the subscription charge is paid for the period preceding the election. It is the intention of this provision to require that the initial subscription charge payment include subscription charges due for continuation coverage from the date coverage terminates under the group plan to the end of the month in which the initial subscription charge is paid.
CONTINUATION OF GROUP COVERAGE

Thereafter, the required subscription charge shall be paid on or before the first day of each month for which continuation coverage is to be provided. If any subscription charge for continuation coverage is not paid when due, Anthem Blue Cross may issue a notice of cancellation of continuation of coverage. If payment is not received within 15 days of issuance of such notice of cancellation, Anthem Blue Cross may cancel the continuation coverage on the sixteenth day following issuance of notice of cancellation. Termination of coverage shall be retroactive to the first day of the month for which the required subscription charge has not been received.

For a Subscriber who is eligible for an extension of continuation coverage due to having been determined by the Social Security Administration to be totally and permanently disabled, Anthem Blue Cross shall charge 150 percent of the Subscriber's subscription charge prior to the disability. Anthem Blue Cross must receive timely payment of the subscription charge each month in order to maintain the coverage in force.

If a second Qualifying Event (as shown below) occurs during this extended continuation, the total COBRA continuation may continue up to 36 months from the date of the first Qualifying Event. The subscription charge shall then be 150% of the applicable rate for the 19th through 36th month.

For purposes of determining subscription charges payable for continued coverage, a person originally covered as a spouse will be treated as the Subscriber if coverage is continued for him/herself alone. If such spouse and his or her child(ren) enroll, the subscription charge payable will depend upon the number of persons covered. Each child continuing coverage other than as a Dependent of a Subscriber will pay the subscription charge rate applicable to a Subscriber (if more than one child is so enrolled, the subscription charge will be the two-party or three-party rate depending upon the number of children enrolled).

4. Subsequent Qualifying Events

Once covered under the continuation plan, it's possible for a second qualifying event to occur. If that happens, a Family Member may be entitled to a second continuation period. This period will in no event continue beyond 36 months from the date the Member's coverage terminated due to the first qualifying event. Except for newborn or newly adopted children as described above, only a Member covered prior to the original qualifying event is eligible to continue coverage again as the result of a later qualifying event. A Family Member acquired during the continuation coverage is not eligible to continue coverage as the result of a later qualifying event, with the exception of newborns and adoptees as described above.

(For example: Continuation may begin due to termination of employment. During the continuation, if a child reaches the proper age limit of the plan, the child is eligible for a second continuation period. This second continuation would end no later than 36 months from the date coverage was terminated due to the first qualifying event - the termination of employment.)

5. When Continuation Coverage Begins

When continuation coverage is elected and the subscription charge paid, coverage is reinstated back to the date the Member's coverage was terminated due to the qualifying event, so that no break in coverage occurs. Coverage for Family Members acquired and properly enrolled during the continuation begins in accordance with the enrollment provisions of the Act and Regulations.
CONTINUATION OF GROUP COVERAGE

C. When The Continuation Ends

This continuation will end on the earliest of:

1. The end of 18 months from the date the Member's coverage terminates, if the qualifying event was termination of employment or reduction in work hours. For a Member whose continuation coverage began under a prior plan, this term will be dated from the time the Member's coverage terminates under that prior plan due to the qualifying event.

Exceptions: A qualified beneficiary whose coverage is continued may extend that continuation coverage, provided that:

a. the Member whose COBRA continuation under this plan began on or after January 1, 2003, and ends in accordance with item 1, elects to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before the Member is eligible to further continue coverage under CalCOBRA. Please see CalCOBRA Continuation of Coverage in this booklet for more information.

b. the disabled Member has been determined by the Social Security Administration to be totally and permanently disabled according to the statutory requirements of either Title II or Title XVI of the Social Security Act. The extension applies to all covered Members as well as the disabled Member. The disabled Member must furnish proof of the Social Security Administration’s determination to his/her Employer during the first 18 months of COBRA continuation, but no later than 60 days after the later of the following events:

i. the date of the Social Security Administration's determination of the Member’s disability;
ii. the date on which the original Qualifying Event occurs;
iii. the date on which the qualified beneficiary loses coverage; or
iv. the date on which the qualified beneficiary is informed of the obligation to provide the disability notice.

The period of continuation will in no event continue beyond (1) the period of disability, or (2) a maximum of 29 months after the date the Subscriber's coverage terminated due to the loss of employment, whichever occurs first. A Member whose COBRA continuation under this plan began on or after January 1, 2003, and ends in accordance with item 1, may elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before the Member is eligible to further continue coverage under CalCOBRA. Please see CalCOBRA Continuation of Coverage in this booklet for more information.

2. The end of 36 months from the date the Member's coverage terminates, if the qualifying event was the death of the Subscriber; divorce, legal separation, the Spouse vacates the residence shared with the Subscriber; or the end of Dependent child status. For a Member whose continuation coverage began under a prior plan, this term will be dated from the time the Member's coverage terminated under that prior plan due to the qualifying event.

3. The end of 36 months from the date the Subscriber became entitled to Medicare, if the qualifying event was the Subscriber's entitlement to Medicare.

4. The date the Agreement terminates.
5. The end of the last period for which the final subscription charge was paid.

6. The date after the date of election of COBRA, the Member first becomes eligible for Medicare.

7. The date after the date of election of COBRA, the Member first becomes covered under any other group health plan.

In the event that the Member is eligible for both continuation coverage and coverage under any other group health plan, the continuation benefits may be reduced so that the benefits and services the Member receives from all group coverages do not exceed 100 percent of the covered charges incurred.

Subject to the Agreement remaining in effect, a retired Subscriber whose coverage began due to a Chapter 11 bankruptcy may continue coverage for the remainder of his life; that Subscriber's covered Family Members may continue coverage for 36 months after their coverage terminates due to the Subscriber's death. However, coverage could terminate prior to such time for either the Subscriber or Family Member in accordance with items 4, 5, 6, or 7 above.

Other Coverage Options Besides COBRA Continuation Coverage. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for the Member and the Member’s family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse’s plan). Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

CALCOBRA CONTINUATION OF COVERAGE

If your continuation coverage under federal COBRA began on or after January 1, 2003, you have the option to further continue coverage under CalCOBRA for medical benefits only if your federal COBRA ended following:

1. 18 months after the qualifying event, if the qualifying event was termination of employment or reduction in work hours; or

2. 29 months after the qualifying event, if you qualified for the extension of COBRA continuation during total disability.

All federal COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. You are not eligible to further continue coverage under CalCOBRA if you (a) are entitled to Medicare; (b) have other coverage or become covered under another group plan; or (c) are eligible for or covered under federal COBRA. Coverage under CalCOBRA is available for medical benefits only.

TERMS OF CALCOBRA CONTINUATION

Notice. Within 180 days prior to the date federal COBRA ends, Anthem Blue Cross will notify you of your right to further elect coverage under CalCOBRA. If you choose to elect CalCOBRA coverage, you must notify Anthem Blue Cross in writing within 60 days of the date your coverage under federal COBRA ends or when you are notified of your right to continue coverage under CalCOBRA, whichever is later. If you do not give Anthem Blue Cross written notification within this time period, you will not be able to continue your coverage.

Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in higher cost or you could be denied coverage entirely.
CONTINUATION OF GROUP COVERAGE

Additional Family Members. A Dependent acquired during the CalCOBRA continuation period is eligible to be enrolled as a Family Member. The standard enrollment provisions of the Agreement apply to enrollees during the CalCOBRA continuation period.

Cost of Coverage. You will be required to pay the entire cost of your CalCOBRA continuation coverage (this is the “subscription charge”). This cost will be:

- 110% of the applicable group rate if your coverage under federal COBRA ended after 18 months; or
- 150% of the applicable group rate if your coverage under federal COBRA ended after 29 months.

You must make payment to Anthem Blue Cross within the timeframes specified below. Anthem Blue Cross must receive payment of your subscription charge each month to maintain your coverage in force.

Payment Dates. The first payment is due along with your enrollment form within 45 days after you elect continuation coverage. You must make this payment by first-class mail or other reliable means of delivery, in an amount sufficient to pay any required subscription charges and subscription charges due. Failure to submit the correct amount within this 45-day period will disqualify you from receiving continuation coverage under CalCOBRA. Succeeding subscription charges are due on the first day of each following month.

If subscription charges are not received when due, your coverage will be cancelled. Anthem Blue Cross will cancel your coverage only upon sending you written notice of cancellation at least 30 days prior to cancelling your coverage (or any longer period of time required by applicable federal law, rule or regulation). If you make payment in full within this time period, your coverage will not be cancelled. If you do not make the required payment in full within this time period, your coverage will be cancelled as of 12:00 midnight on the thirtieth day after the date on which the notice of cancellation is sent (or any longer period of time required by applicable federal law, rule or regulation) and will not be reinstated. Any payment Anthem Blue Cross receives after this time period runs out will be refunded to you within 20 business days. Note: You are still responsible for any unpaid subscription charges that you owe to Anthem Blue Cross, including subscription charges that apply during any grace period.

Change of Subscription Charge. The amounts of the subscription charges may be changed by Anthem Blue Cross as of any subscription charge due date. Anthem Blue Cross will provide you with written notice at least 60 days prior to the date any subscription charge increase goes into effect.

Accuracy of Information. You are responsible for supplying up-to-date eligibility information. Anthem Blue Cross shall rely upon the latest information received as correct without verification but maintains the right to verify any eligibility information you provide.

CalCOBRA Continuation Coverage Under the Prior Plan. If you were covered through CalCOBRA continuation under the prior plan, your coverage may continue under this plan for the balance of the continuation period. However your coverage shall terminate if you do not comply with the enrollment requirements and subscription charge payment requirements of this plan within 30 days of receiving notice that your continuation coverage under the prior plan will end.

When CalCOBRA Continuation Coverage Begins. When you elect CalCOBRA continuation coverage and pay the subscription charge, coverage is reinstated back to the date federal COBRA ended, so that no break in coverage occurs.

For Family Members properly enrolled during the CalCOBRA continuation, coverage begins according to the enrollment provisions of the Agreement.
CONTINUATION OF GROUP COVERAGE

When the CalCOBRA Continuation Ends. This CalCOBRA continuation will end on the earliest of:

1. The date that is 36 months after the date of your qualifying event under federal COBRA*;
2. The date the Agreement terminates;
3. The end of the period for which subscription charges are last paid (your coverage will be cancelled upon written notification, as explained under “Payment Dates” above);
4. The date you become covered under any other health plan;
5. The date you become entitled to Medicare; or
6. The date you become covered under a federal COBRA continuation.

CalCOBRA continuation will also end if you move out of our service area or if you commit fraud.

*If your CalCOBRA continuation coverage began under a prior plan, this term will be dated from the time of the qualifying event under that prior plan.
TERMINAL BENEFITS

In the event the Agreement is terminated by Anthem Blue Cross, Anthem Blue Cross shall provide extension of benefits for a Member who is totally disabled at the time of such termination, subject to the following provisions:

A. If a Member is totally disabled when coverage ends and is under the treatment of a Physician, the benefits of the Agreement shall continue to be provided under this section for services treating the totally disabling illness or injury, and for no other condition related to the condition causing the total disability, illness or injury or arising out of such totally disabling illness or injury. This extension of benefits is not available if the Member becomes covered under another group health plan that provides coverage without limitation for the disabling condition.

B. A Member confined as an Inpatient in a Hospital or Skilled Nursing Facility is considered Totally Disabled as long as the Inpatient Stay is Medically Necessary, and no written certification of the total disability is required.

C. A Member not confined as an Inpatient who wishes to apply for total disability benefits must submit written certification by the Physician of the total disability. Anthem Blue Cross must receive this certification within 30 days of the date coverage ends under the Agreement. At least once every 60 days while benefits are extended, Anthem Blue Cross must receive proof that the Member's total disability is continuing.

D. Benefits are provided until one of the following occurs:

1. The Member is no longer Totally Disabled, or
2. The maximum benefits of the Agreement are paid, or
3. The Member becomes covered under another group health plan that provides coverage without limitation for disabling illness or injury, or
4. A period of 12 consecutive months has passed since the date coverage ended.

Therefore, for assistance in calculating your net rate cost, contact your Agency or Retirement System Health Benefits Officer.

GENERAL PROVISIONS

Evidence of Coverage

Anthem Blue Cross shall issue to the Subscriber an Evidence of Coverage booklet. This Evidence of Coverage booklet is not the Agreement. It does not change coverage under the Agreement in any way. This Evidence of Coverage booklet, which is evidence of coverage under the Agreement, is subject to all of the terms and conditions of that Agreement.

Identification Cards

Anthem Blue Cross shall issue to the Subscriber an identification card to which the Subscriber and Family Members are entitled. Possession of an Anthem Blue Cross identification card confers no right to services or other benefits of the Agreement. To be entitled to services or benefits, the holder of the card must, in fact, be a Member on whose behalf applicable prepayment fees under the Agreement have actually been paid. Any person receiving services or other benefits to which he or she is not then entitled pursuant to the provisions of the Agreement is chargeable therefore at prevailing rates.

Medical Necessity

The benefits of this Evidence of Coverage are provided only for services that are Medically Necessary as determined by Anthem Blue Cross. The services must be ordered by the attending Physician for the direct care and treatment of a covered illness, injury or condition, except for routine care, dental care and lenses following surgery as specifically stated. They must be standard medical practice where received for the illness, injury or condition being treated and must be legal in the United States. When an Inpatient Hospital Stay is necessary, services are limited to those which could not have been performed before admission. The process used to authorize or deny health care services under this plan is available to you upon request.

Expense in Excess of Benefits

Anthem Blue Cross is not liable for any expense the Member incurs in excess of the benefits of this Evidence of Coverage.

Payment to Providers

Anthem Blue Cross pays the benefits of this plan directly to Contracting Hospitals, Centers of Medical Excellence, Prudent Buyer Plan Providers and medical transportation providers. If the Subscriber or Family Member receives services from non-contracting Hospitals or Non-Prudent Buyer Plan Providers, payment will be made directly to the Subscriber, and the Member will be responsible for payment to the provider. Any assignment of benefits, even if assignment includes the provider’s right to receive payment, is void. Anthem Blue Cross will pay non-contracting Hospitals and other providers of service directly when Emergency services and care are provided to the Member. Anthem Blue Cross will continue such direct payment until the Emergency Care results in stabilization. If the Member is a Medi-Cal beneficiary and assigns benefits in writing to the State Department of Health Services, Anthem Blue Cross will pay the benefits of this plan to the State Department of Health Services. These payments fulfill the obligation of Anthem Blue Cross to the Member for those services.
GENERAL PROVISIONS

Provider Reimbursement

Physicians and other professional providers are paid on a fee-for-service basis, according to an agreed schedule. A Prudent Buyer Plan Provider Physician may, after notice from Anthem Blue Cross, be subject to a reduced Maximum Allowed Amount in the event the Prudent Buyer Plan Provider Physician fails to make routine referrals to Prudent Buyer Plan Providers, except as otherwise allowed (such as for emergency services). Hospitals and other health care facilities may be paid either a fixed fee or on a discounted fee-for-service basis.

Other forms of payment arrangement are Payment Innovation Programs. These programs may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner. The programs may vary in methodology and subject area of focus and may be modified by Anthem Blue Cross from time to time, but they will be generally designed to tie a certain portion of a Participating Provider’s total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, Participating Providers may be required to make payment to us under the program as a consequence of failing to meet these pre-defined standards. The programs are not intended to affect the Member’s access to health care. The program payments are not made as payment for specific covered services provided to the Member, but instead, are based on the Participating Provider’s achievement of these pre-defined standards. The Member is not responsible for any co-payment amounts related to payments made by us or to us under the programs and the member does not share in any payments made by Participating Providers to Anthem Blue Cross under the programs.

Public Policy Participation

Anthem Blue Cross has established a Public Policy Committee (that we call our Consumer Relations Committee) to advise our Board of Directors. This Committee advises the Board about how to assure the comfort, dignity, and convenience of the people we cover. The Committee consists of members covered by our health plan, participating providers and a member of our Board of Directors. The Committee may review our financial information and information about the nature, volume, and resolution of the complaints we receive. The Consumer Relations Committee reports directly to our Board.

These claim forms must be received by Anthem Blue Cross within 90 days of the date services are received. If it is not reasonably possible to submit the claim within that timeframe, an extension of up to 12 months will be allowed. Right of Recovery

Whenever payment has been made in error, Anthem Blue Cross will have the right to recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations. In the event Anthem Blue Cross recovers a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, Anthem Blue Cross will only recover such payment from the provider within 365 days of the date Anthem Blue Cross made the payment on a claim submitted by the provider. Anthem Blue Cross reserves the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if Anthem Blue Cross pays your healthcare provider amounts that are your responsibility, such as deductibles, Co-Payments or co-insurance, Anthem Blue Cross may collect such amounts directly from you. You agree that Anthem Blue Cross has the right to recover such amounts from you.

Anthem Blue Cross has oversight responsibility for compliance with provider and vendor and subcontractor contracts. Anthem Blue Cross may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

Anthem Blue Cross has established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. Anthem Blue Cross will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. Anthem Blue Cross may not provide you with notice of overpayments made by Anthem Blue Cross or you if the recovery method makes providing such notice administratively burdensome.

Inter-Plan Programs

• Out of Area Services (For Members Traveling Outside of California)
  Anthem Blue Cross has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Programs". Whenever you obtain healthcare services outside of Anthem Blue Cross’ service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program and may include negotiated National Account arrangements available between Anthem Blue Cross and other Blue Cross and Blue Shield Licensees.
  Typically, when accessing care outside Anthem Blue Cross’ service area, you may obtain care from healthcare providers that have a contractual agreement (i.e., are “participating providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, you may obtain care from non-participating healthcare providers. Anthem Blue Cross’ payment practices in both instances are described below.

• BlueCard® Program. Under the BlueCard® Program, when you access covered healthcare services within the geographic area served by a Host Blue, Anthem Blue Cross will remain responsible for fulfilling its contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare providers.
GENERAL PROVISIONS

Whenever you access covered healthcare services outside Anthem Blue Cross’ service area and the claims is processed through the BlueCard® Program, the amount you pay for covered healthcare services, is usually calculated based on the lower of the:

- The billed covered charges for your covered services, or
- The negotiated price that the Host Blue makes available to Anthem Blue Cross.

Often, the “negotiated price,” will consist of a simple discount which reflects the actual price paid by the Host Blue to your healthcare provider. But sometimes it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and other credits or charges. Occasionally it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However such adjustments will not affect the price Anthem Blue Cross uses for your claim because they will not be applied retroactively to claims already paid.

Federal law or the law in a small number of states may require the Host Blue to add a surcharge to the calculation. If any federal law or any state law mandates other liability calculation methods, including a surcharge, Anthem would then calculate your liability for any covered healthcare services according to applicable law.

- Non-Participating Health Care Providers Outside Anthem Service Area

  Member Liability Calculation. When covered health care services are provided outside of California by non-participating health care providers, the amount you pay for such services will generally be based on either the Host Blue’s non-participating health care provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be liable for the difference between the amount that the non-participating health care provider bills and the payment we will make for the covered services as set forth in this paragraph.

  Exceptions. In certain situations, Anthem may use other payment bases, such as billed covered charges, the payment Anthem would make if the health care services had been obtained within California, or a special negotiated payment, as permitted under Inter-Plan Programs Policies, to determine the amount Anthem will pay for services rendered by non-participating health care providers. In these situations, you may be liable for the difference between the amount that the non-participating health care provider bills and the payment Anthem will make for the covered services as set forth in this paragraph.

  If you obtain services in a state with more than one Blue Plan network, an exclusive network arrangement may be in place. If you see a provider who is not part of an exclusive network arrangement, that provider’s services will be considered non-network care, and you may be billed the difference between the charge and the maximum allowable amount. You may call the customer service number on your ID card or go to www.anthem.com/ca for more information about such arrangements.

Providers available to you through the BlueCard Program have not entered into contracts with Anthem Blue Cross. If you have any questions or complaints about the BlueCard Program, please call Anthem Blue Cross at the customer service telephone number listed on your ID card.

Continuity of Care After Termination of Provider

Subject to the terms and conditions set forth below, Anthem Blue Cross will provide benefits to a Member at the Prudent Buyer Plan Provider level for covered services (subject to applicable Co-Payments, coinsurance, deductibles and other terms) received from a provider at the time the provider's contract with Anthem Blue Cross terminates (unless the provider's contract terminates for reasons of medical disciplinary cause or reason, fraud, or other criminal activity).

Anthem Blue Cross will notify the Member by telephone, and the provider by telephone and facsimile, as to whether or not the Member's request for continuity of care is approved. If approved, the Member will be financially responsible only for applicable deductibles, coinsurance, and Co-Payments under the plan. Financial arrangements with terminated providers are negotiated on a case-by-case basis. Anthem Blue Cross will request that the terminated provider agree to accept reimbursement and contractual requirements that apply to Prudent Buyer Plan Providers, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, Anthem Blue Cross is not required to continue that provider's services. Financial Arrangements with Providers

Anthem Blue Cross or an affiliate has contracts with certain health care providers and suppliers (hereafter referred to together as “Providers”) for the provision of and payment for health care services rendered to its Subscribers and Members entitled to health care benefits under individual certificates and group policies or contracts to which Anthem Blue Cross or an affiliate is a party, including all persons covered under the Agreement.

Under the above-referenced contracts between Providers and Anthem Blue Cross or an affiliate, the negotiated rates paid for certain medical services provided to persons covered under the Agreement may differ from the rates paid for persons covered by other types of products or programs offered by Anthem Blue Cross or an affiliate for the same medical services. In negotiating the terms of the Agreement, PORAC was aware that Anthem Blue Cross or its affiliates offer several types of products and programs. The Subscribers, Family Members and PORAC are entitled to receive the benefits of only those discounts, payments, settlements, incentives, adjustments and/or allowances specifically set forth in the Agreement.

Also, under arrangements with some Providers certain discounts, payments, rebates, settlements, incentives, adjustments and/or allowances, including, but not limited to, pharmacy rebates, may be based on aggregate payments made by Anthem Blue Cross or an affiliate in respect to all health care services rendered to all persons who have coverage through a program provided or administered by Anthem Blue Cross or an affiliate. They are not attributed to specific claims or plans and do not inure to the benefit of any covered individual or group, but may be considered by Anthem Blue Cross or an affiliate in determining its fees or subscription charges or premiums.

Conformity with Laws. Any provision of the plan which, on its effective date, is in conflict with the laws of the governing jurisdiction, is hereby amended to conform to the minimum requirements of such laws.
GENERAL PROVISIONS

Anthem Blue Cross may release your medical information to professional peer review organizations and to the Trust for purposes of reporting claims experience or conducting an audit of our operations, provided the information disclosed is reasonably necessary for the Trust to conduct the review or audit.

Technology assessment criteria is used to determine the investigational status or medical necessity of new technology. Guidance and external validation of Anthem Blue Cross’ medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 physicians from various medical specialties including Anthem Blue Cross’ medical directors, physicians in academic medicine and physicians in private practice. Conclusions made are incorporated into medical policy used to determine whether a procedure, service, supply or equipment is covered.

Liability of Subscriber to Pay Providers

In accordance with California law, a Member will not be required to pay any Prudent Buyer Plan Provider or Related Health Provider any amounts Anthem Blue Cross owes to that provider (not including Co-Payments or deductibles), even in the unlikely event that Anthem Blue Cross fails to pay that provider. The Member may be liable, however, to pay Non-Prudent Buyer Plan Providers any amounts not paid to them by Anthem Blue Cross.

Voluntary Clinical Quality Programs.

Anthem Blue Cross may offer additional opportunities to assist the Member in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage the Member to get certain care when they need it and are separate from covered services under this plan. These programs are not guaranteed and could be discontinued at any time. Anthem Blue Cross will give the Member the choice and if the Member chooses to participate in one of these programs, and obtain the recommended care within the program’s timeframe, the Member may receive incentives such as gift cards or retailer coupons, which we encourage you to use for health and wellness related activities or items. Under other clinical quality programs, the Member may receive a home test kit that allows the Member to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. The Member may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home
GENERAL PROVISIONS

visit. If the Member has any questions about whether receipt of a gift card or retailer coupon results in taxable income to the Member, we recommend that the Member consult a tax advisor.

Voluntary Wellness Incentive Programs. Anthem Blue Cross may offer health or fitness related program options for purchase by PORAC to help the Member achieve their best health. These programs are not covered services under this plan, but are separate components, which are not guaranteed under this plan and could be discontinued at any time. If PORAC has selected one of these options to make available to all employees, the Member may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options PORAC may select, the Member may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If the Member thinks they might be unable to meet the standard, the Member might qualify for an opportunity to earn the same reward by different means. The Member may contact the customer service number on their ID card and Anthem Blue Cross will work with the Member (and, if the Member wishes, their Physician) to find a wellness program with the same reward that is right for the Member in light of their health status. If the Member receives a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to the Member. For additional guidance, please consult a tax advisor.

CLAIMS REVIEW / GRIEVANCE PROCEDURES

Anthem Blue Cross wants your experience with them to be as positive as possible. There may be times, however, when you have a complaint, problem or question about your plan or a service you have received. If you have a question or complaint, you may telephone Anthem Blue Cross at 800-288-6928 or send a written request to Anthem Blue Cross at P.O. Box 60007, Los Angeles, CA 90060-0007, Attn: PORAC Unit. Anthem Blue Cross’ customer service staff will answer your questions or assist you in resolving your issue.

The plan provides that treatment or service must be Medically Necessary and be covered by this plan. The fact that your attending Physician may prescribe, order, recommend or approve a service or treatment does not, of itself, make it Medically Necessary or make the service or treatment an allowable expense, even if it is not specifically listed in the Evidence of Coverage as an exclusion. Anthem Blue Cross has the responsibility for determining whether claims are payable. A practicing physician-consultant retained by Anthem Blue Cross must agree if the denial is based on the lack of medical necessity. The practicing physician-consultant shall have the background appropriate to the clinical issues in questions.

Action on your claim, including any denial, will be given in writing, including the reason for any denial.

NOTE: You should use the following Anthem Blue Cross grievance procedures for disputes over coverage and/or benefits, or if you are dissatisfied with the quality of care or your access to care. For matters of eligibility, you should contact CalPERS Member Account Management Division, P.O. Box 942715, Sacramento, CA, 94229-2715.

The following procedures shall be used to resolve a dispute:

1. Objection to Claims Processing or Denial

If you do not agree with the action Anthem Blue Cross has taken on your claim, either you or your attending Physician, acting as your authorized representative, may request reconsideration. To request a reconsideration, you may telephone Anthem Blue Cross at 1-800-288-6928 or send a written request to Anthem Blue Cross at P.O. Box 60007, Los Angeles, CA 90060-0007 Attn: PORAC Unit. Anthem Blue Cross’ customer service staff will answer your questions or assist you in resolving your issue.

If you are not satisfied with the resolution based on your initial inquiry, you may request a copy of the Plan Grievance Form from the customer service representative. You may complete and return the form to Anthem Blue Cross, or ask the customer service representative to complete the form for you over the telephone. You may also submit a grievance online or print the Plan Grievance Form through the Anthem Blue Cross website at www.anthem.com/ca. You must submit your grievance to Anthem Blue Cross no later than 180 days following the date you receive a denial notice from Anthem Blue Cross or any other incident or action with which you are dissatisfied. Your issue will then become part of Anthem Blue Cross’ formal grievance process and will be resolved accordingly.

All grievances received by Anthem Blue Cross will be acknowledged in writing, together with a description of how Anthem Blue Cross proposes to resolve the grievance. Except for grievances that concern the Prescription Drug Formulary, we will review and respond to your grievance within the following timeframes:

CLAIMS REVIEW / GRIEVANCE PROCEDURES

If you have questions or concerns about your outpatient Prescription Drug coverage, you may call the Pharmacy Customer Service phone number listed on your ID card. If you are dissatisfied with the resolution of your inquiry and want to file a grievance, you may write to Anthem Blue Cross at the address listed above and follow the formal grievance process.

2. Special Independent Medical Reviews

A. Objection to Denial of Experimental or Investigative Treatment

If coverage for a proposed treatment is denied because Anthem Blue Cross determines that the treatment is Experimental or Investigative, you may ask that the denial be reviewed by an external independent medical review organization contracting with the Department of Managed Health Care (DMHC). Your request for this review may be submitted to the DMHC. You pay no application or processing fees of any kind for this review. You have the right to provide information in support of your request for review. A decision not to participate in this review process may cause you to forfeit any statutory right to pursue legal action against Anthem Blue Cross regarding the disputed health care service. Anthem Blue Cross will send you an application form and an addressed envelope for you to use to request this review with any grievance disposition letter denying coverage for this reason. To request an application form, please call or write to Anthem Blue Cross at the location shown above under item 1. To qualify for this review, all of the following conditions must be met:

1. You have a life-threatening or seriously debilitating condition, described as follows:
   - A life-threatening condition is a condition or disease where the likelihood of death is high unless the course of the disease is interrupted or a condition or disease with a potentially fatal outcome where the end point of clinical intervention is the patient’s survival.
   - A seriously debilitating condition is a disease or condition that causes major, irreversible morbidity.

2. Your physician must certify that either (a) standard treatment has not been effective in improving your condition, (b) standard treatment is not medically appropriate, or (c) there is no more beneficial standard treatment covered by this plan than the proposed treatment.

You must request this review within six months of the date you receive a denial notice from Anthem Blue Cross in response to your grievance, or from the end of the 30 day, or three day grievance period if your case involves an imminent threat to your health, whichever applies. This application deadline may be extended by the DMHC for good cause.
CLAIMS REVIEW / GRIEVANCE PROCEDURES

Within three business days of receiving notice from the DMHC of your request for review, Anthem Blue Cross will send the reviewing panel all relevant medical records and documents in their possession, as well as any additional information submitted by you or your Physician. Any newly developed or discovered relevant medical records identified by Anthem Blue Cross or by a Prudent Buyer Plan Provider after the initial documents are sent will be immediately forwarded to the reviewing panel. The external independent review organization will complete its review and render its opinion within 30 days of its receipt of request for review (or within seven days if your Physician determines that the proposed treatment would be significantly less effective if not provided promptly). This timeframe may be extended by up to three days for any delay in receiving necessary records.

Please note: If you have a terminal illness (an incurable or irreversible condition that has a high probability of causing death within one year or less) and proposed treatment is denied because the treatment is determined to be Experimental, you may also meet with Anthem Blue Cross’ review committee to discuss your case as part of the grievance process (see Objection to Claims Processing or Denial at the beginning of this section).

B. Independent Medical Review of Grievances Involving a Disputed Health Care Service

You may request an independent medical review (IMR) of disputed health care services from the Department of Managed Health Care (DMHC) if you believe that Anthem Blue Cross has improperly denied, modified, or delayed health care services. A “disputed health care service” is any health care service eligible for coverage and payment under your plan that has been denied, modified, or delayed by Anthem Blue Cross, in whole or in part because the service is not Medically Necessary.

The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. Anthem Blue Cross must provide you with an IMR application form with any grievance disposition letter that denies, modifies, or delays health care services. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against Anthem Blue Cross regarding the disputed health care service.

Eligibility: The DMHC will review your application for IMR to confirm that:

1. (a) Your provider has recommended a health care service as Medically Necessary, or
   (b) You have received urgent care or Emergency Care that a provider determined was Medically Necessary, or
   (c) You have been seen by a Prudent Buyer Plan Provider for the diagnosis or treatment of the medical condition for which you seek independent review;

2. The disputed health care service has been denied, modified, or delayed by Anthem Blue Cross, based in whole or in part on a decision that the health care service is not Medically Necessary; and

3. You have filed a grievance with Anthem Blue Cross and the disputed decision is upheld or the grievance remains unresolved after 30 days. If your grievance requires expedited review, you may bring it immediately to the DMHC’s attention. The DMHC may waive the requirement that you follow our grievance process in extraordinary and compelling cases.
CLAIMS REVIEW / GRIEVANCE PROCEDURES

You must apply for IMR within six months of the date you receive a denial notice from Anthem Blue Cross in response to your grievance, or from the end of the 30 day, or three day grievance period if your case involves an imminent threat to your health, whichever applies. This application deadline may be extended by the DMHC for good cause.

If your case is eligible for IMR, the dispute will be submitted to a medical specialist who will make an independent determination of whether or not the care is Medically Necessary. You will receive a copy of the assessment made in your case. If the IMR determines the service is Medically Necessary, Anthem Blue Cross will provide benefits for the health care service.

For non-urgent cases, the IMR organization designated by the DMHC must provide its determination within 30 days of receipt of your application and supporting documents. For urgent cases involving an imminent and serious threat to your health, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of your health, the IMR organization must provide its determination within three business days.

For more information regarding the IMR process, or to request an application form, please call Anthem Blue Cross customer service at 1-800-288-6928.

3. Time Limits for Filing an Objection

The reconsideration request must be made within 60 days of the denial of your claim and must give the reasons you believe the claim should be paid.

4. Time Limit for Anthem Blue Cross Review of Objection

Anthem Blue Cross will acknowledge receipt of a complaint by written notice to the complainant within 20 days. Anthem Blue Cross will then either affirm or resolve the denial within 30 days. If your case involves an imminent threat to your health, including, but not limited to, the potential loss of life, limb, or major bodily function, review of your grievance will be expedited.

If Anthem Blue Cross affirms the denial or fails to respond within 30 days after receiving your request for review and you still disagree, you may proceed to either item 6 or item 7 below.

5. Instructions for Grievances Regarding Coverage, Disputed Health Care Services, Eligibility, Malpractice and Bad Faith:

Coverage grievances: A coverage grievance concerns the denial or approval of health care services substantially based on a finding that the provision of a particular service is included or excluded as a covered benefit under the Evidence of Coverage booklet. It does not include a plan or contracting provider decision regarding a disputed health care service.

If you have followed the grievance procedures on the previous pages and are still dissatisfied, you may request a review by the Department of Managed Health Care. If your coverage dispute is within the jurisdictional limits of Small Claims Court, you may proceed through that court.

Note: CalPERS has no authority to rule over issues of medical malpractice or involving allegations of bad faith.
Disputed Health Care Service grievances: A disputed health care service grievance concerns any health care service eligible for coverage and payment under this Evidence of Coverage booklet that has been denied, modified, or delayed in whole or in part due to a finding that the service is not medically necessary. A decision regarding a disputed health care service relates to the practice of medicine and is not a coverage grievance, and includes decisions as to whether a particular service is experimental or investigational.

If you are still dissatisfied after you have followed the grievance procedures on pages 111-118 and received a response regarding the grievance filed with the Department of Managed Health Care (see: Independent Medical Review of Grievances Involving a Disputed Health Care Service on pages 114-115), you may proceed to item 6: Administrative Appeal Process or item 7: Binding Arbitration, in the alternative. If your coverage dispute is within the jurisdictional limits of Small Claims Court, you may proceed through that court.

Note: CalPERS has no authority to rule over issues of medical malpractice or involving allegations of bad faith.

Eligibility grievances: These issues should always be referred directly to CalPERS at the address noted on page 111.

Malpractice grievances: Claims of malpractice should be taken up directly with the provider(s) of medical care.

Bad faith grievances: You must proceed to item 7: Binding Arbitration for claims for benefits involving charges of bad faith.

6. CalPERS Administrative Appeal Process

Only eligibility grievances and coverage grievances which concern the denial or approval of health care services substantially based on a finding that the provision of a particular service is included or excluded as a covered benefit under this Evidence of Coverage Booklet may be appealed directly to CalPERS. The California Code of Regulations, Title 2, Section 599.518 requires that you exhaust Anthem Blue Cross’ internal grievance process and the Department of Managed Health Care’s independent medical review process prior to submitting a request for CalPERS Administrative Review. (See pages 111-116).

CalPERS staff will conduct an administrative review upon your appeal of Anthem Blue Cross’ and the Department of Managed Health Care’s denial of coverage grievances and the denial of a disputed health care service grievance. However, your written appeal must be submitted to CalPERS within 30 days of the postmark date of the Department of Managed Health Care’s determination of findings.

If the dispute remains unresolved during the administrative review process, the matter may then proceed to an Administrative Hearing. During the hearing, evidence and testimony will be presented to an Administrative Law Judge. As an alternative to this hearing, you have recourse to Binding Arbitration. However, you must choose between the Administrative Hearing and arbitration. You may not take the same issue through both procedures. You may withdraw your appeal to the CalPERS Board of Administration at any time and proceed to item 7: Binding Arbitration.

To file for an Administrative Hearing, please contact CalPERS Health Plan Administration Division, Health Appeals Coordinator, P.O. Box 1953, Sacramento, CA, 95812-1953, or call CalPERS at 888 CalPERS (or 888-225-7377) for information.
7. Binding Arbitration (Small Claims Court)

If you do not use item 6, or if it does not apply, binding arbitration is the final step in resolving your grievance. Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this plan or the Agreement or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limits of the small claims court. Any dispute regarding a claim for damages within the jurisdictional limits of the small claims court will be resolved in such court. **Note: A small claims court judgment cannot be appealed.**

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this Binding Arbitration provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate will apply.

The Member and Anthem Blue Cross agree to be bound by these arbitration provisions and acknowledge that they are giving up their right to a trial by a jury for both medical malpractice claims and any other disputes.

California Health & Safety Code section 1363.1 requires that any arbitration agreement include the following notice based on California Code of Civil Procedures 1295(a): **It is understood that any dispute as to medical malpractice, that is, whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as provided by California law, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings and except for disputes regarding a claim for damages within the jurisdictional limits of the small claims court. Both parties to this contract, by entering into it, acknowledge that they are giving up their constitutional right to have any and all disputes, including medical malpractice claims, decided in a court of law before a jury, and instead are accepting the use of arbitration.**

The Member and Anthem Blue Cross agree to give up the right to participate in class arbitrations against each other. Even if applicable law permits class actions or class arbitrations, the Member waives any right to pursue, on a class basis, any such controversy or claim against Anthem Blue Cross and Anthem Blue Cross waives any right to pursue on a class basis any such controversy or claim against the Member.

The arbitration findings will be final and binding except to the extent that state or federal law provides for the judicial review of arbitration proceedings.

The arbitration is initiated by the Member making written demand on Anthem Blue Cross. The arbitration will be conducted by Judicial Arbitration and Mediation Services (“JAMS”), according to its applicable Rules and Procedures. If for any reason JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by agreement of the Member and Anthem Blue Cross, or by order of the court, if the Member and Anthem Blue Cross cannot agree.

The costs of the arbitration will be allocated per the JAMS Policy on Consumer Arbitrations. If the arbitration is not conducted by JAMS, the costs will be shared equally by the parties, except in cases of extreme financial hardship, upon application to the neutral arbitration entity to which the parties have agreed, in which cases, Anthem Blue Cross will assume all or a portion of the costs of the arbitration.

Questions about your right of appeal, all notices required of you to initiate these rights and any demand for arbitration not available through the local medical society should be directed to Anthem Blue Cross, P.O. Box 60007, Los Angeles, CA 90060-0007, Attn: Claims Appeal Department.

ADDITIONAL DEPARTMENT OF MANAGED HEALTH CARE GRIEVANCE PROCEDURES:

If you are dissatisfied with the resolution of your grievance as described on pages 111 through 116, or if your grievance has not been resolved after at least 30 days (or within three days for urgent care), you may submit your grievance to the California Department of Managed Health Care for review prior to binding arbitration (see DEPARTMENT OF MANAGED HEALTH CARE below). If your case is urgent and involves an imminent threat to your health, including, but not limited to, the potential loss of life, limb, or major bodily function, you are not required to complete our grievance process or to wait at least 30 days, but may immediately submit your grievance to the Department of Managed Health Care (DMHC) for review. If your grievance concerns the termination of your coverage, you may also immediately submit your grievance to the DMHC if the DMHC determines your grievance requires immediate review.

If your grievance concerns the termination of your coverage and your coverage is still in effect when you submit a grievance, Anthem Blue Cross will continue to provide coverage to you under the terms of this plan until a final determination of your request for review has been made, including any review by the Director of the Department of Managed Health Care. (Note: This does not apply if your coverage is cancelled due to non-payment of subscription charges.) If your coverage is maintained in force pending outcome of the review, subscription charges must still be paid to Anthem Blue Cross on your behalf. If your coverage has already ended when you submit the grievance, your coverage will not be maintained. If the Director of the Department of Managed Health Care determines that your coverage should not have been terminated, Anthem Blue Cross will reinstate your coverage back to the date it was terminated. Subscription charges must be paid current to Anthem Blue Cross on your behalf from the date coverage is reinstated.

If at the conclusion of review of your grievance by the Department of Managed Health Care you continue to be dissatisfied with its resolution, or prior to and instead of review of your case by the Department of Managed Health Care, your remedy may be item 6. CalPERS Administrative Appeal Process (see page 116) or item 7. Binding Arbitration (see page 117).

DEPARTMENT OF MANAGED HEALTH CARE

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at the telephone number listed on your identification card and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (1-888-HMO-2219) and a TDD line (1-877-688-9891) for the hearing and speech impaired. The department's Internet web site (http://www.hmohelp.ca.gov) has complaint forms, IMR applications forms and instructions online.

The sample schedule on the following pages shows the unit values of representative services and the basic unit value for anesthesia. For procedures not listed in the schedule, benefits are provided on the basis of comparable service.

a. When two or more surgical procedures are performed during the same operative session, Anthem Blue Cross will calculate the Maximum Allowed Amount for all of the services combined by adding:

— the Maximum Allowed Amount for the services with the highest Scheduled Amount; plus;

— a reduced percentage of what the Scheduled Amount would have been for each of the additional surgical services if these services had been performed alone.

b. The unit value for the services of an assistant surgeon will be a reduced percentage of the Scheduled Amount for the primary surgeon.

c. The total unit value for the services of an anesthesiologist or anesthetist is the basic anesthesia value for that procedure and a unit value for the actual time spent administering anesthesia.

ORGAN DONATION

Each year, organ transplantation saves thousands of lives. The success rate for transplantation is rising, but there are far more potential recipients than donors. More donations are urgently needed.

Organ donation is a singular opportunity to give the gift of life. Anyone age 18 or older and of sound mind can become a donor when he or she dies. Minors can become donors with parental or guardian consent.

Organ and tissue donations may be used for transplants and medical research. Today it is possible to transplant more than 25 different organs and tissues; this can save the lives of as many as eight people and improve the lives of another 50 people. Your decision to become a donor could someday save or prolong the life of someone you know, perhaps even a close friend or family member.
FOR YOUR INFORMATION

If you decide to become a donor, please discuss it with your family. Let your Physician know your intentions as well. You may register as a donor by obtaining a donor card from the Department of Motor Vehicles. Be sure to sign the donor card and keep it with your driver’s license or identification card. In California, you may also register online at:

www.donatelifecalifornia.org/

While organ donation is a deeply personal decision, please consider making this profoundly meaningful and important gift.

STATEMENT OF RIGHTS UNDER THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending Physician (e.g., your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain pre-certification. For information on pre-certification, please call us at the customer service telephone number listed on your ID card.
