INTRODUCTION

CalPERS Outpatient Prescription Drug Benefit Plan for Selected CalPERS Health Maintenance Organization (HMO) Basic Plans Administered by OptumRx

OptumRx administers the outpatient Prescription Drug benefit for the following CalPERS HMO Basic Plans:

- Anthem Blue Cross: Traditional and Select HMO
- Anthem EPO Basic
- Health Net of California: SmartCare and Salud y Más
- Sharp Performance Plus
- UnitedHealthcare SignatureValue Alliance HMO
- Western Health Advantage HMO

OptumRx services include administration of the Retail Pharmacy Program and the Mail Service Program; delivery of Specialty Pharmacy products, including injectable Medications; clinical pharmacist consultation; and clinical collaboration with your physician to ensure you receive optimal total healthcare.

Please take the time to familiarize yourself with this Evidence of Coverage (EOC) booklet. As a Plan Member, you are responsible for meeting the requirements of the Plan. **Lack of knowledge of, or lack of familiarity with, the information contained in this booklet does not serve as an excuse for noncompliance.**

Benefits of the Plan are subject to change. The latest updated Addendum and/or Booklet can be obtained through this website at optumrx.com/calpers or you can call OptumRx Member Services at 1-855-505-8110 (TTY users call 711).

Welcome to CalPERS HMO Outpatient Prescription Drug Benefit Plan!

MEDICAL NECESSITY

The benefits of this plan are provided only for those services that are determined to be medically necessary; however, even medically necessary services are subject to the benefit limitations, exceptions and exclusions section starting on page 14.

"Medically Necessary" services are procedures, treatments, supplies, devices, equipment, facilities or drugs (all services) that a qualified Health Professional, exercising prudent clinical judgement, would provide to a covered individual for the purpose of preventing, evaluating, diagnosing or treating an illness, injury or disease or its symptoms, and that are:

- in accordance with generally accepted standards of medical practice (i.e., standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, national physician specialty society recommendations and the views of medical practitioners practicing in relevant clinical areas and any other relevant factors); and
- clinically appropriate in terms of type, frequency, extent, site and duration and considered effective for the covered individual's illness, injury or disease; and
- not primarily for the convenience of the covered individual, physician or other health care provider; and
- not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that covered individual's illness, injury or disease.

The fact that a provider may prescribe, order, recommend or approve a service, supply, or hospitalization does not in itself make it Medically Necessary. The Plan reviews services to assure that they meet the Medical Necessity criteria above. The Plan's review processes are consistent with processes found in other managed care environments and are consistent with the Plan's medical and pharmacy policies. A service may be determined not to be Medically Necessary even though it may be considered beneficial to the patient.

OUTPATIENT PRESCRIPTION DRUG PROGRAM

Outpatient Prescription Drug Benefits

The Outpatient Prescription Drug Benefit Program is administered by OptumRx. This program will pay for Prescription Medications which are: (a) prescribed by a Prescriber (defined on page 22) in connection with a covered illness, condition, or Accidental Injury; (b) dispensed by a registered pharmacist; and (c) approved through the Coverage Management Programs described in the Prescription Drug Coverage Management Programs section on pages 12-13. All Prescription Medications are subject to clinical utilization review when dispensed and to the exclusions listed in the Outpatient Prescription Drug Exclusions on pages 14-15.

The Plan's Outpatient Prescription Drug Benefit Program is designed to save you and the Plan money without compromising safety and effectiveness standards. You are encouraged to ask your Physician to prescribe Generic Medications or Medications on the OptumRx Preferred Drug List whenever possible. Members can still receive any covered Medication, and your Physician still maintains the choice of Medication prescribed but this may increase your financial responsibility. All Prescriptions will be filled with a FDA-approved bioequivalent Generic, if one exists, unless your Physician specifies otherwise.

Although Generic Medications (defined on page 21) are not mandatory, the Plan encourages you to purchase Generic Medications whenever possible. Generic equivalent Medications may differ in color, size, or shape, but the U.S. Food and Drug Administration (FDA) requires that they have the same quality, strength, purity and stability as the Brand-Name Medications (defined on page 21). Prescriptions filled with Generic equivalent Medications generally have lower Copayments and also help to manage the increasing cost of health care without compromising the quality of your pharmaceutical care.

Coordination of Benefits provisions do not apply to the Outpatient Prescription Drug Program.

Copayment Structure

The Plan's Incentive Copayment Structure includes Generic, Preferred and Non-Preferred Brand-Name Medications. The Member has an incentive to use Generic and Preferred Brand-Name Drugs, and OptumRx Home Delivery or Select90 Saver retail Pharmacies for Maintenance Medications (defined on page 22). Your Copayment will vary depending on whether you use retail versus Home Delivery/Select90 Saver; whether you select Generic, Preferred or Non-Preferred Brand-Name Medications; whether your drug is a Maintenance Medication; and, for brand drugs, whether a Generic equivalent is available.

The Copayment applies to each Prescription Order and to each refill. The Copayment is not reimbursable and cannot be used to satisfy any Deductible requirement. Under some circumstances, your prescription may cost less than the actual Copayments, and you will be charged the lesser amount. The following table shows the Copayment structure for the retail Pharmacy and Home Delivery/Select90 Saver programs; explanations are found after the table.

OUTPATIENT PRESCRIPTION DRUG PROGRAM

Short-Term Medications: Participating Non-Select90 Saver Retail Pharmacy or BriovaRx Specialty Pharmacy	Maintenance Medications: Participating Non-Select90 Saver Retail Pharmacies filled after 2nd fill	Maintenance Medications: OptumRx Home Delivery and Select90 Saver Pharmacies
Generic \$5	Generic \$10	Generic \$10
Preferred Brand \$20	Preferred Brand \$40	Preferred Brand \$40
Non-Preferred Brand \$50	Non-Preferred Brand \$100	Non-Preferred Brand \$100
Partial Waiver of Non-Preferred Brand copayment \$40	Partial Waiver of Non-Preferred Brand copayment \$70	Partial Waiver of Non-Preferred Brand copayment \$70
Up to a 30-day supply	Up to a 30-day supply	Up to a 90-day supply

Erectile or Sexual Dysfunction Drugs are subject to a 50% coinsurance.
A brand drug for which a generic equivalent is available is subject to "Member Pays the Difference."

Classification of Medications

The lists of Specialty Medications (available only through BriovaRx Specialty Pharmacy), and Maintenance Medications are subject to change. To find out which Medications are impacted, Members can visit OptumRx on-line at optumrx.com/calpers or call OptumRx Member Services at **1-855-505-8110 (TTY users call 711)**, 24 hours a day, 7 days a week.

Select90 Saver Program

Maintenance Medications for long-term or chronic conditions may be obtained at OptumRx Home Delivery or Select90 Saver retail pharmacies locations for two copays up to a 90 day supply. Select90 Saver pharmacies, which include Walgreens and many other pharmacies, allow you to choose an in-person retail experience at the Plan's lower Home Delivery Copayment structure. To find Select90 Saver pharmacies, visit OptumRx on-line or call OptumRx Member Services.

Coinsurance, "Member Pays the Difference" and "Partial Copay Waiver"

- Erectile or Sexual Dysfunction Drugs are subject to a 50% Coinsurance.
- "Member Pays the Difference" program: If a Brand Name Medication is selected when a Generic equivalent is available, Members will pay the difference in cost between the Brand Name Medication and the Generic equivalent, plus the Generic Copayments.

Examples of Member Pays the Difference *

If you and your Prescriber choose:	For a 30-day supply, you may pay:
Zocor® (a brand-name drug)	\$90.00
Simvastatin (the generic form of Zocor®)	\$5.00

*Dollar amounts listed are for illustration only and will vary depending on your particular Prescription.

OUTPATIENT PRESCRIPTION DRUG PROGRAM

- You may apply for a Member Pays the Difference Exception by contacting OptumRx Member Services at **1-855-505-8110 (TTY users call 711)** to request an Exception form. Your Physician must document the Medical Necessity for the Brand product(s) versus the available Generic alternative(s).
- You may apply for a Partial Copay Waiver Exception by contacting OptumRx Member Services at **1-855-505-8110 (TTY users call 711)** to request an Exception form. Your Physician must document the Medical Necessity for the Brand product(s) versus the available Generic alternative(s).
- You may apply for a Partial Copay Waiver Exception only for Non-Preferred Brand Medications by contacting OptumRx Member Services at **1-855-505-8110 (TTY users call 711)** to request an Exception form. Your Physician must document the Medical Necessity for the Non-Preferred Brand product(s) versus the available Generic or Preferred Brand alternative(s).
- Partial Copay Waiver Exception and Member Pays the Difference Exception authorizations will be entered from the date of the approval. Retroactive reimbursement requests will not be granted. Erectile or Sexual Dysfunction Medications are excluded.

Retail Pharmacy Program

Medication for a short duration, up to a 30-day supply, may be obtained from a Participating Pharmacy by using your OptumRx ID card.

There are many Participating Pharmacies outside California that will also accept your OptumRx ID card. At Participating Pharmacies, simply show your ID card and pay either a \$5.00 Copayment for Generic Medications, a \$20.00 Copayment for Preferred Brand-Name Medications, or a \$50.00 Copayment for Non-Preferred Brand-Name Medications, or no cost for preventive immunizations. Non-Preferred Brand-Name Medications can be purchased for a \$40.00 Copayment with an approved partial copay waiver. If the Pharmacy does not accept your ID card and is a Non-Participating Pharmacy (defined on page 22), there is an additional cost to you.

If you refill a Maintenance Medication at a Pharmacy other than OptumRx Home Delivery or a Select90 Saver pharmacy after the second fill, you will be charged a higher Copayment, which is the applicable Home Delivery Copayment described above under Copayment Structure on page 5.

To find a Participating Pharmacy close to you, simply visit the OptumRx website at optumrx.com/calpers, or contact OptumRx Member Services at **1-855-505-8110 (TTY users call 711)**. If you want to utilize a Non-Participating Pharmacy, please follow the procedure for using a Non-Participating Pharmacy described below. For more information on OptumRx Home Delivery, see How To Use OptumRx Home Delivery on page 10, visit the OptumRx website at optumrx.com/calpers, or call OptumRx Member Services at **1-855-505-8110 (TTY users call 711)**.

How To Use The Retail Pharmacy Program Nationwide

Participating Pharmacy

Take your Prescription to any Participating Pharmacy*. Present your OptumRx ID card to the pharmacist. The pharmacist will fill the Prescription for up to a 30-day supply of Medication. Verify that the pharmacist has accurate information about you and your covered dependents, including date of birth and gender.

*Limitations may apply.

Non-Participating Pharmacy/Out-of-Network/Foreign Prescription Claims

If you fill Medications at a Non-Participating Pharmacy, either inside or outside California, **you will be required to pay the full cost of the Medication at the time of purchase**. To receive reimbursement, complete an OptumRx Prescription Reimbursement Claim Form and mail it to the address indicated on the form. **Claims must be submitted within 12 months from the date of purchase to be covered. Any claim submitted outside the 12 month time period will be denied.**

Payment will be made directly to you. It will be based on the amount that the Plan would reimburse a Participating Pharmacy minus the applicable Copayment.

OUTPATIENT PRESCRIPTION DRUG PROGRAM

Example of Direct Reimbursement Claim for a Preferred Brand-Name Medication*

1. Pharmacy charge to you (Retail Charge)	\$48.00
2. Minus the OptumRx Negotiated Network Amount on a Preferred Brand-Name Medication	(\$30.00)
3. Amount you pay in excess of Allowable Amount due to using a Non-Participating Pharmacy or not using your ID Card at a Participating Pharmacy	\$18.00
4. Plus your Copayment for a Preferred Brand-Name Medication	\$20.00
5. Your total financial cost would be	\$38.00

If you had used your ID Card at a Participating Pharmacy, the Pharmacy would only charge the Plan \$30.00 for the Drug, and your financial cost would only have been the \$20.00 Copayment. Please note that if you paid a higher Copayment after your second fill at retail for a Maintenance Medication, you will not be reimbursed for the higher amount.

As you can see, using a Non-Participating Pharmacy or not using your ID card at a Participating Pharmacy results in substantially more cost to you than using your ID card at a Participating Pharmacy. Under certain circumstances your Copayment amount may be higher than the cost of the Medication, and no reimbursement would be allowed.

*Dollar amounts listed are for illustration only and will vary depending on your particular Prescription.

Vacation Overrides: Members are generally allowed up to a 30-day supply, 2 times per medication, per rolling year.

Foreign Prescription Drug Claims

There are no participating pharmacies outside of the United States. To receive reimbursement for Outpatient Prescription Medications purchased outside the United States, complete an OptumRx Prescription Reimbursement Claim Form and mail the form along with your pharmacy receipt to OptumRx. The Non-Participating Pharmacy must still have a valid pharmacy ID (NPI) in order for the Plan to approve the paper claim. This can be obtained from the Pharmacy that you filled the Prescription. To obtain a claim form, visit the OptumRx website at optumrx.com/calpers, or contact OptumRx Member Services at **1-855-505-8110 (TTY users call 711)**.

Reimbursement for Drugs will be limited to those obtained while living or traveling outside of the United States and will be subject to the same restrictions and coverage limitations as set forth in this Evidence of Coverage document. Excluded from coverage are foreign Drugs for which there is no approved U.S. equivalent, Experimental or Investigational Drugs, or Drugs not covered by the Plan (e.g., Drugs used for cosmetic purposes, Drugs for weight loss, etc.). Please refer to the list of covered and excluded Drugs outlined in the Outpatient Prescription Drug Program section starting on page 5 and Outpatient Prescription Drug Exclusions section on pages 14-15.

50% Coinsurance applies for Medications used to treat erectile or sexual dysfunction. **Claims must be submitted within 12 months from the date of purchase.**

Direct Reimbursement Claim Forms

To obtain an OptumRx Prescription Reimbursement Claim Form and information on Participating Pharmacies, visit the OptumRx website at optumrx.com/calpers, or contact OptumRx Member Services at **1-855-505-8110 (TTY users call 711)**. You must sign any Prescription Reimbursement Claim Forms prior to submitting the form (and Prescription Reimbursement Claim Forms for Plan Members under age 18 must be signed by the Plan Member's parent or guardian).

OUTPATIENT PRESCRIPTION DRUG PROGRAM

Compound Medications

Compound Medications, in which two or more ingredients are combined by the pharmacist, are covered by the Plan's Prescription Drug Program if at least one of the active ingredients: (a) requires a Prescription; (b) is FDA approved; and (c) is covered by CalPERS. Compound Medications are subject to Coverage Management Programs described on page 12 and Outpatient Prescription Drug Exclusions listed on pages 14-15.

Only products that are FDA-approved and commercially available will be considered Preferred for purposes of determining copayment. The Copayment for a compound Medication is based on the pricing of each individual Drug used in the compound. Compound Medications that contain more than one ingredient will be subject to the applicable Copayment tier of the highest cost ingredient (see page 6 for chart).

If a Participating Pharmacy or a Non-Participating Pharmacy is not able to bill online, you will be required to pay the full cost of the compound Medication at the time of purchase and then submit a direct claim for reimbursement. To receive reimbursement, complete the OptumRx Prescription Reimbursement Claim Form and mail it to the address indicated on the form. Certain fees charged by compounding pharmacies may not be covered by your insurance. Please call OptumRx Customer Service at **1-855-505-8110 (TTY users call 711)** for details.

Home Delivery Program

Maintenance Medications for long-term or chronic conditions may be obtained by mail, for up to a 90-day supply, through the OptumRx Home Delivery Program. Home Delivery offers additional savings, specialized clinical care and convenience if you need Prescription Medication on an ongoing basis. For example:

- **Additional Savings:** You can receive up to a **90-day supply** of Medication for only \$10.00 for each Generic Medication, \$40.00 for each Preferred Brand-Name Medication, \$100.00 for each Non-Preferred Brand-Name Medication, or \$70.00 for each Partial Copay Waiver of Non-Preferred Brand-Name Copayment. In addition to financial cost savings, you save additional trips to the Pharmacy.
- **Convenience:** Your Medication is delivered to your home by mail.
- **Security:** You can receive up to a 90-day supply of Medication at one time.
- **A toll-free customer service number:** Your questions can be answered by contacting OptumRx Member Services at **1-855-505-8110 (TTY users call 711)**.
- **The Maximum Calendar Year Pharmacy Financial Responsibility:** Your maximum Calendar Year Copayment (per person) through the Home Delivery Program is \$1,000. This only applies to Copayments for Generic and Preferred Brands.

OUTPATIENT PRESCRIPTION DRUG PROGRAM

How To Use OptumRx Home Delivery

If you must take Medication on an ongoing basis, OptumRx Home Delivery is ideal for you. To get started with home delivery, select from one of the following options:

1. Ask your Physician to prescribe Maintenance Medications for up to a 90-day supply (i.e., if once daily, quantity of 90; if twice daily, quantity of 180; if three times daily, quantity of 270, etc.), plus refills if appropriate.
2. Ask your doctor to send your Prescription to OptumRx electronically (known as e-prescribing) or to fax the Prescription. OptumRx can only accept faxed Prescriptions from Physicians.
3. Set up an online account at optumrx.com/calpers. Then, log in and select **Get Started**. Choose which Medication you would like to receive through OptumRx Home Delivery.
4. Call OptumRx at **1-855-505-8110 (TTY users call 711)**, 24 hours a day, 7 days a week. With your permission, we can contact your doctor's office on your behalf to set up home delivery.
5. Complete and return a New Prescription Order form to OptumRx. Forms can be downloaded from optumrx.com/calpers.
 - a. Along with your completed form, you must send the following to OptumRx:
 1. The original Prescription Order(s) – Photocopies **are not accepted**.
 2. If you are not paying with a credit card, you must include a check or money order payable to OptumRx for an amount that covers your Copayment for each Prescription.

To order home delivery refills from OptumRx, select one of the following options:

1. Log in to your online account. Select the Medications you wish to refill.
2. Download the OptumRx App for your Apple® or Android™ smartphone. Open the app, select Medicine cabinet. Choose which Medication you want to refill.
3. Call OptumRx at **1-855-505-8110 (TTY users call 711)** and we can help you refill your Medication.
4. By mail: Complete and return the prepopulated refill form that was included in your Medication package from your previous order with OptumRx. OptumRx also includes a return envelope in each order.

New prescriptions the pharmacy receives directly from your doctor's office. After the pharmacy receives a prescription from a health care provider, it will contact you to see if you want the medication filled immediately or at a later time. It is important that you respond each time you are contacted by the pharmacy to let them know what to do with the new prescription and to prevent any delays in shipping.

Refills on mail-order prescriptions. For refills of your drugs, you have the option to sign up for an automatic refill program. Under this program we will start to process your next refill automatically when our records show you should be close to running out of your drug. The pharmacy will contact you prior to shipping each refill to make sure you are in need of more medication, and you can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use our automatic refill program, please contact your pharmacy 15 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time.

To opt out of the automatic refill program, which automatically prepares mail-order refills, please contact us by calling OptumRx at **1-855-505-8110 (TTY users call 711)**.

So the pharmacy can reach you to confirm your order before shipping, please make sure to let the pharmacy know the best ways to contact you. Please call OptumRx to give us your preferred phone number.

OUTPATIENT PRESCRIPTION DRUG PROGRAM

How to Submit a Payment to OptumRx

You should always submit a payment to OptumRx when you order Prescriptions through OptumRx Home Delivery, just as if you were ordering a Prescription from a retail Pharmacy. OptumRx accepts the following as types of payment methods:

- Check/Money Order
- Credit Card/Debit Card - Visa[®], MasterCard[®], Discover[®], American Express[®]
- Ship and Bill – Ship and Bill is a way to pay in full or over time without using a credit card. Contact OptumRx if you would like more information.

OptumRx recommends keeping a credit card on file for Copayments. You can securely set up your credit card through your online account or by calling OptumRx. Then, each time you refill a Prescription, OptumRx will bill the copayment amount to the default credit card on file.

Go to optumrx.com/calpers to check your plan's formulary to see if your Medication is covered. You can also search for lower cost alternatives.

PRESCRIPTION DRUG COVERAGE MANAGEMENT PROGRAMS

Coverage Management Programs

The Plan's Prescription Drug Coverage Management Programs include, but are not limited to the Step Therapy and Prior Authorization Program/Point of Sale Utilization Review Program. Additional programs may be added at the discretion of the Plan. **The Plan reserves the right to exclude, discontinue or limit coverage of Drugs or a class of Drugs, at any time following a review.**

The Plan may implement additional new programs designed to ensure that Medications dispensed to its Members are covered under this Plan. **As new Medications are developed, including Generic versions of Brand-Name Medications, or when Medications receive FDA approval for new or alternative uses, the Plan reserves the right to review the coverage of those Medications or class of Medications under the Plan. Any benefit payments made for a Prescription Medication will not invalidate the Plan's right to make a determination to exclude, discontinue or limit coverage of that Medication at a later date.**

The purpose of Prescription Drug Coverage Management Programs, which are administered by OptumRx in accordance with the Plan, is to ensure that certain Medications are covered in accordance with specific Plan coverage rules.

Step Therapy

The Step Therapy program helps you and your doctor choose a lower-cost medication as the first step in treating your health condition. Before certain targeted Brand Name Drugs are covered, this program requires that you try a different medication (usually a generic) as the first step in treating your health condition. If you cannot or will not make the change, there are the following options:

- If the change is not clinically appropriate, your Prescriber may request a prior authorization.
- If you do not make the change, your targeted brand Drug will not be covered and you will have to pay the full cost of the Drug.

To find out if your medication is subject to Step Therapy contact OptumRx Member Services at **1-855-505-8110 (TTY users call 711)** or visit optumrx.com/calpers.

Prior Authorization/Point of Sale Utilization Review Program

Some Prescriptions require a prior authorization to make sure your Prescription meets your plan's coverage rules. When you talk with your doctor, use the pricing tool on the OptumRx App to help confirm whether you need a prior authorization for your Medication and if there are any alternatives that meet the plan's coverage rules. You can also talk about what you need to do to get your Medication. Approvals for prior authorizations can be granted for up to one year; however the timeframe may be greater or less, depending on the Medication. You and your Prescriber will receive notification from OptumRx of the prior authorization outcome within a few days. Some Medications that require prior authorization may be subject to quantity limits.

Please visit the OptumRx website at optumrx.com/calpers, use the Drug Pricing tool in the OptumRx App or contact OptumRx Member Services at **1-855-505-8110 (TTY users call 711)** to determine if your Medication requires prior authorization.

PRESCRIPTION DRUG COVERAGE MANAGEMENT PROGRAMS

BriovaRx® Specialty Pharmacy Services

BriovaRx, the OptumRx Specialty Pharmacy offers convenient access and delivery of Specialty Medications (as defined in this Evidence of Coverage booklet), many of which are injectable, as well as personalized service and educational support. A BriovaRx patient care representative will be your primary contact for ongoing delivery needs, questions, and support.

To obtain Specialty Medications, you or your Physician should call BriovaRx at **1-855-4BRIOVA (1-855-427-4682)**. BriovaRx Specialty Pharmacy hours of operation are 8:30 AM to 10:00 PM EST, Monday through Friday; however, pharmacists are available for clinical consultation 24 hours a day, 7 days a week.

Please contact BriovaRx Specialty Pharmacy at **1-855-4BRIOVA (1-855-427-4682)** for specific coverage information.

Specialty Medications will be limited to a maximum 30-day supply.

Specialty Preferred Medications

Specialty Preferred Medication strategies control costs and maintain quality of care by encouraging prescribing toward a clinically effective therapy. This program requires a Member to try the preferred Specialty Medication(s) within the drug class prior to receiving coverage for the non-preferred Medication. If you don't use a preferred Specialty Medication, your Prescription may not be covered and you may be required to pay the full cost. The Member has the opportunity to have the Prescriber change the Prescription to the preferred Medication or have the Prescriber submit a request for coverage through an exception. Clinical exception requests are reviewed to determine if the non-preferred Medication is Medically Necessary for the Member.

OUTPATIENT PRESCRIPTION DRUG EXCLUSIONS

The following are excluded under the Outpatient Prescription Drug Program:

1. Non-medical therapeutic devices, Durable Medical Equipment, appliances and supplies, including support garments, even if prescribed by a Physician, regardless of their intended use. *
2. Drugs not approved by the U.S. Food and Drug Administration (FDA).
3. Off label use of FDA approved Drugs**, if determined inappropriate through OptumRx Coverage Management Programs.
4. Any quantity of dispensed Medications that is determined inappropriate as determined by the FDA or through OptumRx Coverage Management Programs.
5. Drugs or medicines obtainable without a Prescriber's Prescription, often called Over-the-Counter Drugs (OTC) or Behind-the-Counter Drugs (BTC), except insulin, diabetic test strips and lancets, and Plan B.
6. Dietary and herbal supplements, minerals, health aids, homeopathics, any product containing a medical food, and any vitamins whether available over the counter or by Prescription (e.g., prenatal vitamins, multivitamins, and pediatric vitamins), except Prescriptions for single agent vitamin D, vitamin K and folic acid.
7. A Prescription Drug that has an over-the-counter alternative.
8. Prescription single agent non-sedating antihistamines.
9. Anorexiant and appetite suppressants or any other anti-obesity Drugs.
10. Supplemental fluorides (e.g., infant drops, chewable tablets, gels and rinses) except as required by law.
11. Charges for the purchase of blood or blood plasma.
12. Hypodermic needles and syringes, except as required for the administration of a covered Drug.
13. Drugs which are primarily used for cosmetic purposes rather than for physical function or control of organic disease.
14. Drugs labeled "Caution – Limited By Federal Law to Investigational Use" or non-FDA approved Investigational Drugs. Any Drug or Medication prescribed for experimental indications.
15. Any Drugs prescribed solely for the treatment of an illness, injury or condition that is excluded under the Plan.
16. Any Drugs or Medications which are not legally available for sale within the United States.
17. Any charges for injectable immunization agents (except when administered at a Participating Pharmacy), desensitization products or allergy serum, or biological sera, including the administration thereof. *
18. Professional charges for the administration of Prescription Drugs or injectable insulin. *
19. Drugs or medicines, in whole or in part, to be taken by, or administered to, a Plan Member while confined in a Hospital or Skilled Nursing Facility, rest home, sanatorium, convalescent Hospital or similar facility. *
20. Drugs and Medications dispensed or administered in an Outpatient setting (e.g., injectable Medications), including, but not limited to, Outpatient Hospital facilities, and services in the Member's home provided by Home Health Agencies and Home Infusion Therapy Providers. *
21. Medication for which the cost is recoverable under any workers' compensation or occupational disease law, or any state or governmental agency, or any other third-party payer; or Medication furnished by any other Drug or medical services for which no charge is made to the Plan Member.

OUTPATIENT PRESCRIPTION DRUG EXCLUSIONS

22. Any quantity of dispensed Drugs or medicines which exceeds a 30-day supply at any one time, unless obtained through OptumRx Home Delivery or a Select90 Saver Pharmacy. Prescriptions filled using OptumRx Home Delivery or a Select90 Saver Pharmacy are limited to a maximum 90-day supply of covered Drugs or medicines as prescribed by a Prescriber. Specialty Medications are limited up to a 30-day supply.
23. Refills of any prescription in excess of the number of refills specified by a prescriber as allowed per federal/state laws.
24. Any drugs or medicines dispensed more than one year following the date of the prescriber's prescription order as allowed per federal/state laws. Note, controlled substances may be less than one year depending on federal/state laws.
25. Any charges for special handling and/or shipping costs incurred through a Participating Pharmacy, a non-Participating Pharmacy, or the OptumRx Home Delivery program.
26. Under the Compound Management Program, compound prescriptions can be excluded if: (1) there is an FDA approved alternative available that has more reliable efficacy and safety; (2) contains a bulk chemical that is not FDA approved and is on our bulk exclusion list; or (3) includes a pre-packaged compound kit.
27. Replacement of lost, stolen or destroyed prescription drugs.
28. Drugs or Medications used solely for the purpose of diagnosing and/or treating infertility.

NOTE: While not covered under the Outpatient Prescription Drug Program benefit, items marked by an asterisk (*) are covered as stated under the Hospital Benefits, Home Health Care, Hospice Care, Home Infusion Therapy and Professional Services provisions of Medical and Hospital Benefits, and Description of Benefits (see Table of Contents), subject to all terms of this Plan that apply to those benefits.

**Drugs awarded DESI (Drug Efficacy Study Implementation) Status by the FDA were approved between 1938 and 1962 when drugs were reviewed on the basis of safety alone; efficacy (effectiveness) was not evaluated. The FDA allows these products to continue to be marketed until evaluations of their effectiveness have been completed. DESI Drugs may continue to be covered under the CalPERS outpatient Pharmacy benefit until the FDA has ruled on the approval application.

Services Covered By Other Benefits

When the expense incurred for a service or supply is covered under another benefit section of the Plan, it is not a Covered Expense under the Outpatient Prescription Drug Program benefit.

PRESCRIPTION DRUG CLAIM REVIEW AND APPEALS PROCESS

OptumRx manages both the administrative and clinical prescription drug appeals process for CalPERS. If you wish to request a coverage determination, you or your Authorized Representative, may contact OptumRx Member Services at **1-855-505-8110 (TTY users call 711)**. Member Services will provide you with instructions and the necessary forms to begin the process. The request for a coverage determination must be made in writing to OptumRx. If your request is denied, the written response from OptumRx is an initial determination and will include your appeal rights. A denial of the request is an Adverse Benefit Determination (ABD), and may be appealed through the Internal Review process described below. Denials of requests for Partial Copayment Waivers and Member Pay the Difference Exceptions are ABDs, and you may appeal them through the Internal Review process. If the appeal is denied through the Internal Review process, it becomes a Final Adverse Benefit Determination (FABD) and for cases involving Medical Judgment, you may pursue an independent External Review as described below, or for benefit decisions may request a CalPERS Administrative Review.

The cost of copying and mailing medical records required for OptumRx to review its determination is the responsibility of you or your Authorized Representative requesting the review.

1. Denial of claims of benefits

Any denial of a claim is considered an ABD and is eligible for Internal Review as described in section 2 below. FABDs resulting from the Internal Review process may be eligible for independent External Review in cases involving Medical Judgment, as described in section 4 on page 17.

a. Denial of a Drug Requiring Approval Through Coverage Management Programs

You may request an Internal Review for each Medication denied through Coverage Management Programs within 180 days from the date of the notice of initial benefit denial sent by OptumRx. This review is subject to the Internal Review process as described in section 2 below.

OptumRx
Prior Authorization Department
P.O. Box 25183
Santa Ana, CA 92799

b. All Denials of Direct Reimbursement Claims

Some direct reimbursement claims for Prescription Drugs are not payable when first submitted to OptumRx. If OptumRx determines that a claim is not payable in accordance with the terms of the Plan, OptumRx will notify you in writing explaining the reason(s) for nonpayment.

If the claim has erroneous or missing data that may be needed to properly process the claim, you may be asked to resubmit the claim with complete information to OptumRx. If after resubmission the claim is determined to be payable in whole or in part, OptumRx will take necessary action to pay the claim according to established procedures. If the claim is still determined to be not payable in whole or in part after resubmission, OptumRx will inform you in writing of the reason(s) for denial of the claim.

If you are dissatisfied with the denial made by OptumRx, you may request an Internal Review as described in section 2 below.

2. Internal Review

You may request a review of an ABD by writing to OptumRx within 180 days of receipt of the ABD. Requests for Internal Review should be directed to:

OptumRx
Prior Authorization Department
c/o Appeals Coordinator
P.O. Box 25184
Santa Ana, CA 92799

PRESCRIPTION DRUG CLAIM REVIEW AND APPEALS PROCESS

The request for review must clearly state the issue of the review and include the identification number listed on the OptumRx Identification Card, and any information that clarifies or supports your position. For pre-service requests, include any additional medical information or scientific studies that support the Medical Necessity of the service. If you would like us to consider your grievance on an urgent basis, please write “urgent” on your request and provide your rationale. (See definition of “Urgent Review” below.)

You may submit written comments, documents, records, scientific studies and other information related to the claim that resulted in the ABD in support of the request for Internal Review. All information provided will be taken into account without regard to whether such information was submitted or considered in the initial ABD.

You will be provided, upon request and free of charge, a copy of the criteria or guidelines used in making the decision and any other information related to the determination. To make a request, contact OptumRx Member Services at **1-855-505-8110 (TTY users call 711)**.

OptumRx will acknowledge receipt of your request within 5 calendar days. For standard reviews of prior authorization of Prescription services (Pre-Service Appeal or Concurrent Appeal), OptumRx will provide a determination within 30 days of the initial request for Internal Review.

For standard reviews of prescriptions or services that have been provided (Post-Service Appeal), OptumRx will provide a determination within 60 days of the initial request for Internal Review.

If OptumRx upholds the ABD, that decision becomes the Final Adverse Benefit Decision (FABD).

Upon receipt of an FABD, the following options are available to you:

- For FABDs involving medical judgment, you may pursue the independent External Review process described in section 4. below;
- For FABDs involving benefit, you may pursue the CalPERS Administrative Review process as described in section 5. on page 18.

3. Urgent Review

An urgent grievance is resolved within 72 hours upon receipt of the request, but only if OptumRx determines the grievance meets one of the following:

- The standard appeal timeframe could seriously jeopardize your life, health, or ability to regain maximum function; **OR**
- The standard appeal timeframe would, in the opinion of a Physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without extending your course of covered treatment; **OR**
- A Physician with knowledge of your medical condition determines that your grievance is urgent.

If OptumRx determines the grievance request does not meet one of the above requirements, the grievance will be processed as a standard request. If your situation is subject to an urgent review, you can simultaneously request an independent External Review described below.

4. Request for Independent External Review

FABD's that are eligible for independent External Review are those that involve an element of Medical Judgment. An example of Medical Judgment would be where there has been a denial of a prior authorization on the basis that it is not Medically Necessary. If the FABD decision is based on Medical Judgment, you will be notified that you may request an independent External Review of that determination by an Independent Review Organization (IRO). This review is at no cost to you. You may request an independent External Review, in writing, no later than 4 months from the date of the FABD. The Prescription in dispute must be a covered benefit. For cases involving Medical Judgment, you must exhaust the independent External Review prior to requesting a CalPERS Administrative Review.

PRESCRIPTION DRUG CLAIM REVIEW AND APPEALS PROCESS

You may also request an independent External Review if OptumRx fails to render a decision within the timelines specified above for Internal Review. For a more complete description of independent External Review rights, please see 45 Code of Federal Regulations section 147.136.

5. Request for CalPERS Administrative Review

If you remain dissatisfied after exhausting the Internal Review process for benefit decisions or the independent External Review in cases involving Medical Judgment, you may submit a request for CalPERS Administrative Review. You must exhaust the OptumRx Internal Review process and the independent External Review process, when applicable, prior to submitting a request for a CalPERS Administrative Review. See the section entitled “CalPERS Administrative Review and Administrative Hearing”.

CaPERS ADMINISTRATIVE REVIEW AND ADMINISTRATIVE HEARING

1. Administrative Review

If you remain dissatisfied after exhausting the Internal Review process for benefit decisions and the independent External Review in cases involving Medical Judgment, you and/or your Authorized Representative may submit a request for CaPERS Administrative Review. The California Code of Regulations, Title 2, Section 599.518 requires that you exhaust the OptumRx internal grievance process, and the independent External Review process, when applicable, prior to submitting a request for CaPERS Administrative Review.

This request must be submitted in writing to CaPERS within 30 days from the date of the FABD for benefit decisions or the independent External Review decision in cases involving Medical Judgment. For objections to claim processing, the request must be submitted within 30 days of OptumRx affirming its decision regarding the claim or within 60 days from the date you sent the objection regarding the claim to OptumRx and OptumRx failed to respond within 30 days of receipt of the objection.

The request must be mailed to:

CaPERS Health Plan Administration Division
Health Appeals Coordinator
P.O. Box 1953
Sacramento, CA 95812-1953

If you are planning to submit information OptumRx may have regarding your dispute with your request for Administrative Review, please note that OptumRx may require you to sign an authorization form to release this information. In addition, if CaPERS determines that additional information is needed after OptumRx submits the information it has regarding your dispute, CaPERS may ask you to sign an Authorization to Release Health Information (ARHI) form.

If you have additional medical records from Providers that you believe are relevant to CaPERS review, those records should be included with the written request. You should send **copies** of documents, not originals, as CaPERS will retain the documents for its files. You are responsible for the cost of copying and mailing medical records required for the Administrative Review. Providing supporting information to CaPERS is voluntary. However, failure to provide such information may delay or preclude CaPERS in providing a final Administrative Review determination.

CaPERS cannot review claims of medical malpractice, i.e. quality of care.

CaPERS will attempt to provide a written determination within 60 days from the date all pertinent information is received by CaPERS. For claims involving Urgent Care, CaPERS will make a decision as soon as possible, taking into account the medical exigencies, but no later than 3 business days from the date all pertinent information is received by CaPERS.

2. Administrative Hearing

You must complete the CaPERS Administrative Review process prior to being offered the opportunity for an Administrative Hearing. Only claims involving covered benefits are eligible for an Administrative Hearing.

You and/or your Authorized Representative must request an Administrative Hearing in writing within 30 days of the date of the Administrative Review determination. Upon satisfactory showing of good cause, CaPERS may grant additional time to file a request for an Administrative Hearing, not to exceed 30 days.

The request for an Administrative Hearing must set forth the facts and the law upon which the request is based. The request should include any additional arguments and evidence favorable to your case not previously submitted for Administrative Review or External Review. If CaPERS accepts the request for an Administrative Hearing, it will be conducted in accordance with the Administrative Procedure Act (Government Code section 11500 et seq.). An Administrative Hearing is a formal legal proceeding held before an Administrative Law Judge (ALJ); you and/or your Authorized Representative may, but is not required to, be represented by an attorney. After taking testimony and receiving evidence, the ALJ will issue a Proposed Decision. The CaPERS Board of Administration (Board) will vote regarding whether to adopt the Proposed Decision as its own decision at an open (public) meeting. The Board's final decision will be provided in writing to you and/or your Authorized Representative within two weeks of the Board's open meeting.

CalPERS ADMINISTRATIVE REVIEW AND ADMINISTRATIVE HEARING

3. Appeal Beyond Administrative Review and Administrative Hearing

If you are still dissatisfied with the Board's decision, you may petition the Board for reconsideration of its decision, or may appeal to the Superior Court.

You may not begin civil legal remedies until after exhausting these administrative procedures.

Summary of Process and Rights of Members under the Administrative Procedure Act

- **Right to records, generally.** You may, at your own expense, obtain copies of all non-medical and non-privileged medical records from the Administrator and/or CalPERS, as applicable.
- **Records subject to attorney-client privilege.** Communication between an attorney and a client, whether oral or in writing, will not be disclosed under any circumstances.
- **Attorney Representation.** At any stage of the appeal proceedings, you may be represented by an attorney. If you choose to be represented by an attorney, you must do so at your own expense. Neither CalPERS nor the Administrator will provide an attorney or reimburse you for the cost of an attorney even if you prevail on appeal.
- **Right to experts and consultants.** At any stage of the proceedings, you may present information through the opinion of an expert, such as a Physician. If you choose to retain an expert to assist in presentation of a claim, it must be at your own expense. Neither CalPERS nor the Administrator will reimburse you for the costs of experts, consultants or evaluations.

Service of Legal Process

Legal process or service upon the Plan must be served in person at:

CalPERS Legal Office
Lincoln Plaza North
400 "Q" Street
Sacramento, CA 95814

DEFINITIONS

When any of the following terms are capitalized in this Evidence of Coverage, they will have the meaning below. This section should be read carefully.

Behind-the-Counter Drugs (BTC) — a Drug product that does not require a Prescription under federal or state law and is available to Members only through facilitation of the pharmacist or pharmacy staff. The HMO outpatient Prescription drug program does not cover BTC products.

Board — the Board of Administration of the California Public Employees' Retirement System (CalPERS).

Brand-Name Medication(s) (Brand-Name Drug(s)) — a Drug which is under patent by its original innovator or marketer. The patent protects the Drug from competition from other Drug companies.

Calendar Year — a period commencing at 12:01 a.m. on January 1 and terminating at 12 midnight Pacific Standard Time on December 31 of the same year.

CalPERS HMO Basic Plan: For Purposes of this Evidence of Coverage, this term means:

- Anthem Blue Cross: Traditional and Select HMO
- Anthem EPO Basic
- Health Net of California: SmartCare and Salud y Más
- Sharp Performance Plus
- UnitedHealthcare SignatureValue Alliance HMO
- Western Health Advantage HMO

Drug(s) — see definition under Prescription Drugs.

Erectile or Dysfunction Drugs: Drug Products used to treat non-threatening conditions such as erectile dysfunction.

Experimental or Investigational — any treatment, therapy, procedure, Drug or Drug usage for non-FDA approved indications, facility or facility usage, equipment or equipment usage, device or device usage, or supplies which are not recognized in accordance with generally accepted professional medical standards as being safe and effective for use in the treatment of an illness, injury, or condition at issue. Additionally, any services that require approval by the federal government or any agency thereof, or by any state governmental agency, prior to use, and where such approval has not been granted at the time the services were rendered, shall be considered experimental or investigational. Any services that are not approved or recognized as being in accord with accepted professional medical standards, but nevertheless are authorized by law or a government agency for use in testing, trials, or other studies on human patients, shall be considered experimental or investigational. Any issue as to whether a protocol, procedure, practice, medical theory, treatment, or Prescription Drug is Experimental or Investigational will be resolved by OptumRx, as applicable, which will have discretion to make an initial determination on behalf of the Plan.

FDA — U.S. Food and Drug Administration.

Generic Medication(s) (Generic Drug(s)) — a Prescription Drug manufactured and distributed after the patent of the original Brand-Name Medication has expired. The Generic Drug must have the same active ingredient, strength and dosage form as its Brand-Name Medication counterpart. A Generic Drug costs less than a Brand Name Medication.

Home Infusion Therapy — refers to a course of treatment whereby a liquid substance is introduced into the body for therapeutic purposes. The infusion is done in the home at a continuous or intermittent rate.

Home Infusion Therapy Provider — a provider licensed according to state and local laws as a Pharmacy, and must be either certified as a home health care provider by Medicare, or accredited as a home Pharmacy by the Joint Commission on Accreditation of Health Care Organizations.

Incentive Copayment Structure — Members may receive any covered Drug with copayment differentials between a Generic Medication, Preferred Brand-Name Medication, and Non-Preferred Brand-Name Medication.

DEFINITIONS

Maintenance Medications — Drugs that do not require frequent dosage adjustments, which are usually prescribed to treat a long-term condition, such as birth control, or a chronic condition, such as arthritis, diabetes, or high blood pressure. These Drugs are usually taken longer than 60 days.

Medically Necessary — see the Medical Necessity provision on page 4.

Medication(s) — see Prescription Drug.

Member — see definition under Plan Member.

Non-Participating Pharmacy — a Pharmacy which has not agreed to the OptumRx terms and conditions as a Participating Pharmacy. Members may visit the OptumRx website at optumrx.com/calpers or contact OptumRx Member Services at **1-855-505-8110 (TTY users call 711)** to locate a Participating Pharmacy.

Non-Preferred Brand-Name Medication(s) (Non-Preferred Brand-Name Drug(s)) — Medications not listed on the OptumRx Preferred Drug List. If you would like to request a copy of the OptumRx Preferred Drug List, please visit the OptumRx website at optumrx.com/calpers, or contact OptumRx Member Services at 1855-505-8110 (TTY users call 711). Medications that are recognized as non-preferred and that are covered under your Plan will require the highest (third tier) Copayment.

Over-the-Counter Drugs (OTC) — A Drug product that does not require a Prescription under federal or state law

Participating Pharmacy — a Pharmacy which is under an agreement with OptumRx to provide prescription drug services to Plan Members. Members may visit the OptumRx website at optumrx.com/calpers or contact OptumRx Member Services at **1-855-505-8110 (TTY users call 711)** to locate a Participating Pharmacy.

Pharmacy — a licensed facility for the purpose of dispensing Prescription Medications.

Plan — means CalPERS HMO Outpatient Prescription Drug Benefit Plan, which is a self-funded health plan established by CalPERS and administered by OptumRx.

Plan Member — any individual enrolled in the following CalPERS HMO Basic Plans:

- Anthem Blue Cross: Traditional and Select HMO
- Anthem EPO Basic
- Health Net of California: SmartCare and Salud y Más
- Sharp Performance Plus
- UnitedHealthcare SignatureValue Alliance HMO
- Western Health Advantage HMO

Prescriber — a licensed health care provider with the authority to prescribe Medication.

Prescription(s) — a written order issued by a licensed Prescriber for the purpose of dispensing a Drug.

Prescription Drugs (Drug) — a Medication or Drug that is (1) a prescribed Drug approved by the U.S. Food and Drug Administration for general use by the public; (2) all Drugs which under federal or state law require the written Prescription of a Prescriber; (3) insulin; (4) hypodermic needles and syringes if prescribed by a Prescriber for use with a covered Drug; (5) glucose test strips; and (6) such other Drugs and items, if any, not set forth as an exclusion.

Prescription Order(s) — the request for each separate Drug or Medication by a Prescriber and each authorized refill of such request.

Specialty Medication(s) — Drugs that have one or more of the following characteristics: (1) therapy of chronic or complex disease; (2) specialized patient training and coordination of care (services, supplies, or devices) required prior to therapy initiation and/or during therapy; (3) unique patient compliance and safety monitoring requirements; (4) unique requirements for handling, shipping and storage; or (5) potential for significant waste due to the high cost of the Drug.

Specialty Pharmacy — a licensed facility for the purpose of dispensing Specialty Medications.
