This booklet must be consulted to determine the exact terms and conditions of coverage. If you have special health care needs, you should read those sections of the Evidence of Coverage that apply to those needs.

Many words used in this booklet are explained in the “Definitions” section starting on page 74. When reading through this booklet, check that section to be sure that you understand what these words mean. Each time these words are used they are italicized.

Welcome to Your Anthem Blue Cross Del Norte County Exclusive Provider Organization (EPO) Plan

The Del Norte County EPO plan is specifically designed for you to use Sutter Health System to manage your health care through the selection of physicians, hospitals, and other specialists who you determine will best meet your needs. With the exception of an emergency or urgent care, all care must be provided and/or coordinated by a Del Norte County EPO provider physician and any hospital care must be provided at a Del Norte County EPO hospital. By becoming familiar with your coverage and using it carefully, you will become a wise health care consumer.

Anthem establishes medical policy for the Del Norte County EPO plan, processes medical claims, and provides the Sutter Health System network of physicians, hospitals, and other health care professionals and facilities. Anthem also has a relationship with the Blue Cross and Blue Shield Association, which allows you to access the nationwide BlueCard Preferred Provider Network under this plan.

Anthem’s Review Center provides utilization review of hospitalizations, specified services, and outpatient surgeries to ensure that services are medically necessary and efficiently delivered.

Your plan includes a 24-hour nurse assessment service to help you make decisions about your medical care. You can reach a specially trained registered nurse to address your health care questions by calling the 24/7 NurseLine toll free at 1-800-700-9185. Registered nurses are available to answer your medical questions 24 hours a day, seven days a week. Be prepared to provide your name, the patient’s name (if you’re not calling for yourself), the subscriber’s identification number, and the patient’s phone number.

The Outpatient Prescription Drug Program is administered by OptumRx. Please refer to your OptumRx Prescription Drug Program Evidence of Coverage booklet for additional details.

Please take the time to familiarize yourself with this booklet. As a Del Norte County EPO plan member, you are responsible for meeting the requirements of the plan. Lack of knowledge of, or lack of familiarity with, the information contained in this booklet does not serve as an excuse for noncompliance.

THERE IS NO VESTED RIGHT TO RECEIVE ANY PARTICULAR BENEFIT SET FORTH IN THE PLAN. PLAN BENEFITS MAY BE MODIFIED. ANY MODIFIED BENEFIT (SUCH AS THE ELIMINATION OF A PARTICULAR BENEFIT OR AN INCREASE IN THE MEMBER’S COPAYMENT) APPLIES TO SERVICES OR SUPPLIES FURNISHED ON OR AFTER THE EFFECTIVE DATE OF THE MODIFICATION.
A Summary of Common Services

This is only a brief summary. Refer to the section “Medical and Hospital Benefits” starting on page 16 in this booklet for more information.

**REMEMBER**

With the exception of an emergency or urgent care, all care must be provided, or coordinated by a Del Norte County EPO provider physician.

When you use your work ZIP Code, all enrolled dependents must receive all covered services (except emergency and urgent care) within the health plan’s service area, even if they do not reside in that area.

Physician/Patient Relations

If you are not satisfied with your relationship with Anthem, then you may submit the matter to CalPERS under the change of enrollment procedure in Section 22841 of the Government Code.
State Employees and Annuitants

The premiums shown below are effective January 1, 2019, and will be reduced by the amount the State of California contributes toward the cost of your health benefit plan. These contribution amounts are subject to change as a result of collective bargaining agreements or legislative action. Any change will be done by the State Controller or affected retirement system without any action on your part. Plan Providers

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. THE MEANINGS OF WORDS AND PHRASES IN ITALICS ARE DESCRIBED IN THE SECTION OF THIS EVIDENCE OF COVERAGE ENTITLED DEFINITIONS.

Del Norte County EPO Providers (EPO Providers). Anthem has established a network of various types of "Del Norte County EPO Providers (EPO Providers)". EPO providers for the Del Norte County EPO plan participate in the Anthem preferred exclusive provider organization and are defined as Sutter Health System. EPO providers have agreed to a rate they will accept as reimbursement for covered services. See the definition of "EPO Providers" in the “Definitions” section, starting on page 75, for a complete list of the types of providers which may be EPO providers.

All care must be provided and/or coordinated by a Del Norte County EPO provider physician and any hospital care must be provided at a Del Norte County EPO hospital.

If you need details about a provider’s license or training, or help choosing a physician who is right for you, call the member services number on the back of your ID card.

Del Norte County EPO Hospitals. Hospital services, unless an emergency, can only be provided at the following facilities. For professional services, call member services at 1-877-737-7776 or use www.anthem.com/ca/calpers to verify if the provider of service is an EPO provider.

Anthem publishes a directory of EPO Providers. You can get a directory from your plan administrator (usually your employer) or from Anthem. You may call member services at 1-877-737-7776 or you may write to Anthem and ask Anthem to send you a directory. You may also search for an EPO provider using the “Find a Doctor, Hospital or Urgent Care” function on Anthem’s website at https://www13.anthem.com/cp/web/calpers/find-a-doctor.

Non-EPO Providers. Non-EPO providers are providers which have not agreed to participate in Sutter Health System. They have not agreed to the reimbursement rates and other provisions of Sutter Health System. Benefits are provided for them under the plan only if you have an authorized referral, for an emergency or for urgent care.
Physicians. "Physician" means more than an M.D. (medical doctor). Certain other practitioners are included in this term as it is used throughout the plan. This doesn't mean they can provide every service that a medical doctor could; it just means that the plan will cover expense you incur from them when they're practicing within their specialty, the same as if the care were provided by a medical doctor. As with the other terms, be sure to read the definition of "Physician" to determine which providers' services are covered. Only providers listed in the definition are covered as physicians. Please note also that certain providers’ services are covered only upon referral of an M.D. or D.O. (doctor of osteopathy). Providers for whom referral is required are indicated in the definition of “physician” by an asterisk (*).

Other Health Care Providers. "Other Health Care Providers" are neither physicians nor hospitals. They are mostly free-standing facilities or service organizations. See the definition of "Other Health Care Providers" in the “Definitions” section, starting on page 75, for a complete list of those providers. Other health care providers are not part of Sutter Health System.

Reproductive Health Care Services. Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective physician or clinic, or call member services at 1-877-737-7776 to ensure that you can obtain the health care services that you need.

Centers of Medical Excellence and Blue Distinction Centers. Anthem is providing access to Centers of Medical Excellence (CME) and Blue Distinction Centers for Specialty Care (BDCSC) networks. The facilities included in each of these networks are selected to provide the following specified medical services:

- Transplant Facilities. Transplant facilities have been organized to provide services for the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Subject to any applicable copayments or deductibles, CME and BDCSC have agreed to a rate they will accept as payment in full for covered services. These procedures are covered only when performed at a CME or BDCSC.

- Bariatric Facilities. Hospital facilities have been organized to provide services for bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss programs. These procedures are covered only when performed at a BDCSC.

An EPO provider in Sutter Health System is not necessarily a CME or BDCSC facility.

Care Outside the United States—Blue Cross Blue Shield Global Core

Prior to travel outside the United States, call member services at 1-877-737-7776 to find out if your plan has Blue Cross Blue Shield Global Core benefits. Your coverage outside the United States is limited and it is recommended:

- Before you leave home, call member services at 1-877-737-7776 for coverage details. You have coverage for services and supplies furnished in connection only with urgent care or an emergency when travelling outside the United States.

- Always carry your current ID card.

- In an emergency, seek medical treatment immediately.

- The Blue Cross Blue Shield Global Core Service Center is available 24 hours a day, seven days a week toll-free at (800) 810-BLUE (2583) or by calling collect at (804) 673-1177. An assistance
coordinator, along with a medical professional, will arrange a physician appointment or hospitalization, if needed.

Payment Information

- **Participating Blue Cross Blue Shield Global Core hospitals.** In most cases, you should not have to pay upfront for inpatient care at participating Blue Cross Blue Shield Global Core hospitals except for the out-of-pocket costs you normally pay (non-covered services, deductible, copayments, and coinsurance). The hospital should submit your claim on your behalf.

- **Doctors and/or non-participating hospitals.** You will have to pay upfront for outpatient services, care received from a physician, and inpatient care from a hospital that is not a participating Blue Cross Blue Shield Global Core hospital. Then you can complete a Blue Cross Blue Shield Global Core claim form and send it with the original bill(s) to the Blue Cross Blue Shield Global Core Service Center (the address is on the form).

Claim Filing

- **Participating Blue Cross Blue Shield Global Core hospitals will file your claim on your behalf.** You will have to pay the hospital for the out-of-pocket costs you normally pay.

- **You must file the claim** for outpatient and physician care, or inpatient hospital care not provided by a participating Blue Cross Blue Shield Global Core hospital. You will need to pay the health care provider and subsequently send an international claim form with the original bills to Anthem.

Additional Information About Blue Cross Blue Shield Global Core Claims.

- You are responsible, at your expense, for obtaining an English-language translation of foreign country provider claims and medical records.

- Exchange rates are determined as follows:
  - For inpatient hospital care, the rate is based on the date of admission.
  - For outpatient and professional services, the rate is based on the date the service is provided.

Claim Forms

- International claim forms are available from Anthem, from the Blue Cross Blue Shield Global Core Service Center, or online at:
  

  The address for submitting claims is on the form.
Anthem has contracted with health care service providers to provide covered services in a manner appropriate for your condition, consistent with good professional practice. Anthem ensures that its contracted provider networks have the capacity and availability to offer appointments within the following timeframes:

- **Urgent Care appointments for services that do not require prior authorization**: within forty-eight (48) hours of the request for an appointment;
- **Urgent Care appointments for services that require prior authorization**: within ninety-six (96) hours of the request for an appointment;
- **Non-Urgent appointments for primary care**: within ten (10) business days of the request for an appointment;
- **Non-Urgent appointments with specialists**: within fifteen (15) business days of the request for an appointment;
- **Appointments for ancillary services (diagnosis or treatment of an injury, illness or other health condition) that are not urgent care**: within fifteen (15) business days of the request for an appointment.

For Mental Health Conditions and Substance Abuse care:

- **Urgent Care appointments for services that do not require prior authorization**: within forty-eight (48) hours of the request for an appointment;
- **Urgent Care appointments for services that require prior authorization**: within ninety-six (96) hours of the request for an appointment;
- **Non-Urgent appointments with mental health and substance abuse providers who are not psychiatrists**: within ten (10) business days of the request for an appointment;
- **Non-Urgent appointments with mental health and substance abuse providers who are psychiatrists**: within fifteen (15) business days of the request for an appointment. Due to accreditation standards, the date will be ten (10) business days for the initial appointment only.

If a provider determines that the waiting time for an appointment can be extended without a detrimental impact on your health, the provider may schedule an appointment for a later time than noted above.

Anthem arranges for telephone triage or screening services for you twenty-four (24) hours per day, seven (7) days per week with a waiting time of no more than thirty (30) minutes. If Anthem contracts with a provider for telephone triage or screening services, the provider will utilize a telephone answering machine and/or an answering service and/or office staff, during and after business hours, to inform you of the wait time for a return call from the provider or how the Member may obtain Urgent Care or Emergency Services or how to contact another provider who is on-call for telephone triage or screening services.

If you need the services of an interpreter, the services will be coordinated with scheduled appointments and will not result in a delay of an appointment with a participating provider.
Maximum Allowed Amount

General

This section describes the term “maximum allowed amount” as used in this Combined Evidence of Coverage and Disclosure Form, and what the term means to you when obtaining covered services under this plan. The maximum allowed amount is the total reimbursement payable under your plan for covered services you receive from EPO providers, non-EPO providers, or other health care providers. It is the plan’s payment towards the service billed by your provider combined with any applicable Copayment owed by you. In some cases, you may be required to pay the entire maximum allowed amount. In addition, if these services are received from a non-EPO provider or other health care provider, you may be billed by the provider for the difference between their charges and the plan’s maximum allowed amount. In many situations, this difference could be significant.

When you receive covered services, Anthem will, to the extent applicable, apply claim processing rules to the claim submitted. Anthem uses these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the maximum allowed amount if Anthem determines that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the maximum allowed amount will be based on the single procedure code.

Provider Network Status

The maximum allowed amount may vary depending upon whether the provider is an EPO provider, a non-EPO provider or an other health care provider. Services provided by non-EPO providers will only be covered for emergency services, urgent care, or with an authorized referral.

EPO Providers and CME

For covered services performed by an EPO provider or CME the maximum allowed amount for this plan will be the rate the EPO provider or CME has agreed with Anthem to accept as reimbursement for the covered services. Because EPO providers have agreed to accept the maximum allowed amount as payment in full for those covered services, they should not send you a bill or collect for amounts above the maximum allowed amount. However, you may receive a bill or be asked to pay all or a portion of the maximum allowed amount to the extent you have not met your Deductible, if any, or have a Copayment. Please call member services at 1-877-737-7776 for help in finding an EPO provider or visit www.anthem.com/ca/calpers.

If you go to a hospital which is an EPO provider, you should not assume all providers in that hospital are also EPO providers. To receive the greater benefits afforded when covered services are provided by an EPO provider, you should request that all your provider services (such as services by an anesthesiologist) be performed by EPO providers whenever you enter a hospital.

If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an ambulatory surgical center. An ambulatory surgical center is licensed as a separate facility even though it may be located on the same grounds as a hospital (although this is not always the case). If the center is licensed separately, you should find out if the facility is an EPO provider before undergoing the surgery.
Non-EPO Providers (Only with an authorized referral, in an emergency, or for urgent care) and Other Health Care Providers.*

Providers who are not Sutter Health System are non-EPO providers or other health care providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. For covered services you receive from a non-EPO provider or other health care provider, the maximum allowed amount will be based on the applicable Anthem non-EPO provider or other health care provider rate or fee schedule for this plan, an amount negotiated by Anthem or a third party vendor which has been agreed to by the non-EPO provider or other health care provider, an amount derived from the total charges billed by the non-EPO provider or other health care provider, an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the maximum allowed amount upon the level or method of reimbursement used by CMS, Anthem will update such information, which is unadjusted for geographic locality, no less than annually.

Providers who are not contracted for this product, but are contracted for other products, are also considered non-EPO providers. For this plan, the maximum allowed amount for services from these providers will be one of the methods shown above unless the provider’s contract specifies a different amount.

For covered services rendered outside the Anthem Blue Cross service area by Non-EPO Provider, claims may be priced using the local Blue Cross Blue Shield plan’s Non-EPO Provider fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing we would use if the healthcare services had been obtained within the Anthem Blue Cross service area, or a special negotiated price.

Unlike EPO providers, non-EPO providers and other health care providers may send you a bill and collect for the amount of the non-EPO provider’s or other health care provider’s charge that exceeds Anthem’s maximum allowed amount under this plan. You may be responsible for paying the difference between the maximum allowed amount and the amount the non-EPO provider or other health care provider charges. This amount can be significant. Choosing an EPO provider will likely result in lower out of pocket costs to you. Please call member services at 1-877-737-7776 for help in finding an EPO provider or visit Anthem’s website at www.anthem.com/ca/calpers. Member services is also available to assist you in determining this plan’s maximum allowed amount for a particular covered service from a non-EPO provider or other health care provider.

Please see the “Inter-Plan Arrangements” provision in the section “Other General Provisions”, on page 69, for additional information.

*Exceptions:

– Clinical Trials. The maximum allowed amount for services and supplies provided in connection with Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by an EPO provider.
If Medicare is the primary payor, the maximum allowed amount does not include any charge:

1. By a hospital, in excess of the approved amount as determined by Medicare; or

2. By a physician who is an EPO provider who accepts Medicare assignment, in excess of the approved amount as determined by Medicare; or

3. By a physician who is a non-EPO provider or other health care provider who accepts Medicare assignment, in excess of the lesser of the maximum allowed amount stated above, or the approved amount as determined by Medicare; or

4. By a physician or other health care provider who does not accept Medicare assignment, in excess of the lesser of the maximum allowed amount stated above, or the limiting charge as determined by Medicare.

Member Cost Share

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the maximum allowed amount as your cost share amount (Deductibles, if applicable, or Copayments). Please see those specific benefits under the section “Medical and Hospital Benefits”, starting on page 16, for your cost share responsibilities and limitations, or call member services at 1-877-737-7776 to learn how this plan’s benefits or cost share amounts may vary by the type of provider you use.

Anthem will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by an EPO provider, non-EPO provider, or other health care provider. Non-covered services include services specifically excluded from coverage by the terms of your plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

Authorized Referrals

In some circumstances Anthem may authorize participating provider cost share amounts (Deductibles or Copayments) to apply to a claim for a covered service you receive from a non-EPO provider. In such circumstance, you or your physician must contact Anthem in advance of obtaining the covered service you receive from a non-EPO provider. It is your responsibility to ensure that Anthem has been contacted. If we authorize a participating provider cost share amount to apply to a covered service received from a non-participating provider, you also may still be liable for the difference between the maximum allowed amount and the non-participating provider’s charge. If you receive prior authorization for a non-participating provider due to network adequacy issues, you will not be responsible for the difference between the non-participating provider's charge and the maximum allowed amount. Please call member services at 1-877-737-7776 for authorized referral information or to request authorization.
Copayments, Out-of-Pocket Amounts and Medical Benefit Maximums

After any applicable Copayment is subtracted, benefits will be paid up to the *maximum allowed amount*, not to exceed any applicable Medical Benefit Maximum. Copayments, Out-Of-Pocket Amounts and Medical Benefit Maximums are noted in the section “A Summary of Common Services”, on pages 3-4.

**Copayments**

Your Copayment will be subtracted from the *maximum allowed amount*.

If your Copayment is a percentage, the applicable percentage will apply to the *maximum allowed amount*. This will determine the dollar amount of your Copayment.

**Out-of-Pocket Amounts**

Conditions of Coverage

The following conditions of coverage must be met for expense incurred for services or supplies to be covered under this plan.

1. You must incur this expense while you are covered under this plan. Expense is incurred on the date you receive the service or supply for which the charge is made.

3. The expense must be for a medical service or supply included in the section “Medical and Hospital Benefits”, starting on page 16. Additional limits on covered charges are included under specific benefits and in the section “A Summary of Common Services” on pages 3-4.

4. The expense must not be for a medical service or supply listed in the section “Exclusions” starting on page 46. If the service or supply is partially excluded, then only that portion which is not excluded will be covered under this plan.

5. The expense must not exceed any of the maximum benefits or limitations of this plan.

6. Any services received must be those which are regularly provided and billed by the provider. In addition, those services must be consistent with the illness, injury, degree of disability and your medical needs. Benefits are provided only for the number of days required to treat your illness or injury.

7. All services and supplies must be ordered by an EPO provider physician or a non-EPO provider physician provided in connection with emergency services or with an authorized referral.

Subject to any Medical Benefit Maximums, the requirements set forth under the section “Conditions of Coverage”, on page 15, and the exclusions or limitations listed under the section “Exclusions” (starting on page 46), the plan will provide benefits for the following services and supplies. **Ambulance**

*EPO Provider: 100%*

*Non-EPO Provider: Not covered (unless for emergency)*

Any Copayments will apply toward the satisfaction of the Out-of-Pocket Amount.

Ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:
• For ground ambulance, you are transported:
  - From your home, or from the scene of an accident or medical emergency, to a hospital,
  - Between hospitals, including when you are required to move from a hospital that does not contract with Anthem to one that does, or
  - Between a hospital and a skilled nursing facility or other approved facility.

• For air or water ambulance, you are transported:
  - From the scene of an accident or medical emergency to a hospital,
  - Between hospitals, including when you are required to move from a hospital that does not contract with Anthem to one that does, or
  - Between a hospital and another approved facility.

Non-emergency ambulance services are subject to medical necessity reviews. Emergency ground ambulance services do not require pre-service review. Pre-service review is required for air ambulance in a non-medical emergency. Please refer to section “Utilization Review Program” starting on page 38, for information on how to obtain the proper reviews. When using an air ambulance in a non-emergency situation, Anthem reserves the right to select the air ambulance provider. If you do not use the air ambulance Anthem selects in a non-emergency situation, no coverage will be provided.

You must be taken to the nearest facility that can provide care for your condition. In certain cases, coverage may be approved for transportation to a facility that is not the nearest facility.

Coverage includes medically necessary treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a hospital. If provided through the 911 emergency response system*, ambulance services are covered if you reasonably believed that a medical emergency existed even if you are not transported to a hospital. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your family members or physician are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A physician’s office or clinic;
- A morgue or funeral home.

**Important information about air ambulance coverage.** Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a hospital than the ground ambulance can provide, this plan will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a hospital that is not an acute care hospital (such as a skilled nursing facility), or if you are taken to a physician’s office or to your home.

**Hospital to hospital transport:** If you are being transported from one hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the hospital that first treats you cannot give you the medical services you need. Certain specialized services are not available at all hospitals. For example, burn care, cardiac care, trauma care, and
critical care are only available at certain hospitals. For services to be covered, you must be taken to the closest hospital that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your physician prefers a specific hospital or physician.

* If you have an emergency medical condition that requires an emergency response, please call the “911” emergency response system if you are in an area where the system is established and operating.

Services and supplies provided in connection with gender transition when you have been diagnosed with gender identity disorder or gender dysphoria by a *physician*. Coverage includes, but is not limited to, *medically necessary services* related to gender transition such as transgender surgery, hormone therapy, psychotherapy, and vocal training.

Coverage is provided for specific services according to *plan* benefits that apply to that type of service generally, if the *plan* includes coverage for the service in question. If a specific coverage is not included, the service will not be covered. For example, transgender surgery would be covered on the same basis as any other covered, *medically necessary surgery*; hormone therapy would be covered under the *plan’s* prescription drug benefits (if such benefits are included).

Medical necessity for transgender services will be assessed according to the Standards of Care of the World Professional Association for Transgender Health.

Transgender services are subject to prior authorization in order for coverage to be provided. Please refer to section “Utilization Review Program” starting on page 38, for information on how to obtain the proper reviews.

Transplant Benefits

*EPO Provider:* 100% (*$15* Copayment for *physician* office visit)
*Non-EPO Provider:* Not covered

Any Copayments will apply toward the satisfaction of the Out-of-Pocket Amount.

Services and supplies provided in connection with a non-*investigative* organ or tissue transplant, if you are:

1. The recipient; or
2. The donor.

Benefits for an organ donor are as follows:

- When the person donating the organ and the person getting the organ are covered *members*, each will get benefits under their *plans*.
• When the person donating the organ is **NOT** a covered *member*, but the person getting the organ is a covered *member*, benefits for the organ donor (who is not a covered *member*) under this *plan* are limited to benefits not available to the donor from any other source. Other source includes, but is not limited to, other insurance, grants, foundations, and government programs.

• If the *member*, covered under this *plan*, is donating the organ to someone who is **NOT** a covered *member*, benefits for the covered *member* donating the organ are not available under this *plan*.

The maximum allowed amount for a donor, including donor testing and donor search, is limited to expense incurred for medically necessary medical services only. The maximum allowed amount for services incident to obtaining the transplanted material from a living donor or a human organ transplant bank will be covered. Such charges, including complications from the donor procedure for up to six weeks from the date of procurement, are covered. Services for treatment of a condition that is not directly related to, or a direct result of, the transplant are not covered.

Covered services are subject to any applicable Copayments and medical benefit maximums. The maximum allowed amount does not include charges for services received without first obtaining Anthem’s prior authorization or which are provided at a facility other than a transplant center approved by Anthem. Please refer to section “Utilization Review Program” starting on page 38, for information on how to obtain the proper reviews.

To maximize your benefits, you should call the Transplant Department as soon as you think you may need a transplant to talk about your benefit options. To reach the Transplant Department, please call member services at 1-877-737-7776 and ask to speak to the transplant coordinator. You must do this before you have an evaluation or work-up for a transplant. Anthem will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, Centers of Medical Excellence (CME) or Blue Distinction Centers for Specialty Care (BDCSC) rules, or exclusions apply.

You or your *physician* must call the Transplant Department for pre-service review prior to the transplant, whether it is performed in an inpatient or outpatient setting. Prior authorization is required before benefits for a transplant will be provided. Your *physician* must certify, and Anthem must agree, that the transplant is medically necessary. Your *physician* should send a written request for prior authorization to Anthem as soon as possible to start this process. Not getting prior authorization will result in a denial of benefits.

Please note that your *physician* may ask for approval for HLA (human leukocyte antigen) testing, donor searches, or collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for medical necessity and may be approved. However, such an approval for HLA testing, donor search, or collection and storage is **NOT** an approval for the later transplant. A separate medical necessity decision will be needed for the transplant itself.
Specified Transplants

You must obtain Anthem’s prior authorization for all services including, but not limited to, preoperative tests and postoperative care related to the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Specified transplants must be performed at Centers of Medical Excellence (CME) or Blue Distinction Centers for Specialty Care (BDCSC). Charges for services provided for or in connection with a specified transplant performed at a facility other than a CME or BDCSC will not be considered covered under this plan. Call member services at 1-877-737-7776 for pre-service review if your physician recommends a specified transplant for your medical care. A case manager transplant coordinator will assist in facilitating your access to a CME or BDCSC. Please refer to section “Utilization Review Program” starting on page 38, for information on how to obtain the proper reviews.

Transplant Travel Expense

Certain travel expenses incurred in connection with an approved, specified transplant (heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures) performed at a designated CME or BDCSC that is 75 miles or more from the recipient’s or donor’s place of residence are covered, provided the expenses are authorized by us in advance. The following travel expenses incurred by the recipient and one companion* or the donor will be covered:

- Ground transportation to and from the CME or BDCSC when the designated CME or BDCSC is 75 miles or more from the recipient’s or donor’s place of residence.
- Coach airfare to and from the CME or BDCSC when the designated CME or BDCSC is 300 miles or more from the recipient’s or donor’s residence.
- Lodging, limited to one room, double occupancy.
- Other reasonable expenses. Tobacco, alcohol, drug, and meal expenses are excluded.

*Note: When the member recipient is under 18 years of age, this benefit will apply to the recipient and two companions or caregivers.

The plan will provide benefits for lodging and ground transportation, up to the current limits set forth in the Internal Revenue Code.

Expense incurred for the following is not covered: interim visits to a medical care facility while waiting for the actual transplant procedure; travel expenses for a companion and/or caregiver for a transplant donor; return visits for a transplant donor for treatment of a condition found during the evaluation; rental cars, buses, taxis or shuttle services; and mileage within the city in which the medical transplant facility is located.
Details regarding reimbursement can be obtained by calling member services at 1-877-737-7776. A travel reimbursement form will be provided for submission of legible copies of all applicable receipts in order to obtain reimbursement.

*EPO Provider or Non-EPO Provider:* 100% ($15 Copayment for physician office visit or urgent care facility)

Any Copayments will apply toward the satisfaction of the Out-of-Pocket Amount.

Services and supplies received to prevent serious deterioration of your health or, in the case of pregnancy, the health of the unborn child, resulting from an unforeseen illness, medical condition, or complication of an existing condition, including pregnancy, for which treatment cannot be delayed. Urgent care services are not emergency services. Services for urgent care are typically provided by an urgent care center or other facility such as a physician’s office. Urgent care can be obtained from EPO providers or non-EPO providers.

**Vision Care**

*EPO Provider:* 100%  
*Non-EPO Provider:* Not covered

Any Copayments will apply toward the satisfaction of the Out-of-Pocket Amount.

The plan will provide services and supplies for eye refraction to determine the need for corrective lenses. This service is limited to one visit per calendar year for members age 18 and over. There is no limit on the number of visits for members under age 18. Eyeglasses are not covered, except when needed after a covered and medically necessary surgery.
Utilization Review Program

Your plan includes the process of utilization review to decide when services are medically necessary or experimental / investigative as those terms are defined in this booklet. Utilization review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

REVIEWING WHERE SERVICES ARE PROVIDED

A service must be medically necessary to be a covered service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be medically necessary if they are given in a higher level of care, or higher cost setting / place of care. This means that a request for a service may be denied because it is not medically necessary for the service to be provided where it is being requested. When this happens the service can be requested again in another place and will be reviewed again for medical necessity. At times a different provider or facility may need to be used in order for the service to be considered medically necessary. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a hospital but may be approvable if provided on an outpatient basis at a hospital.
- A service may be denied on an outpatient basis at a hospital but may be approvable at a free standing imaging center, infusion center, ambulatory surgery center, or in a physician’s office.
- A service may be denied at a skilled nursing facility but may be approvable in a home setting.

Utilization review criteria will be based on many sources including medical policy and clinical guidelines. It may be decided that a treatment that was asked for is not medically necessary if a clinically equivalent treatment that is more cost-effective is available and appropriate.

If you have any questions about the information in this section, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. The service or supply must be a covered service under your plan;
3. The service cannot be subject to an exclusion under your plan (please see MEDICAL CARE THAT IS NOT COVERED for more information); and
4. You must not have exceeded any applicable limits under your plan.

TYPES OF REVIEWS

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.
  - **Precertification** – A required pre-service review for a benefit coverage determination for a service or treatment. Certain services require precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of medical necessity or is experimental / investigative as those terms are defined in this booklet.
For admissions following an emergency, you, your authorized representative or physician must tell us within 24 hours of the admission or as soon as possible within a reasonable period of time.

For childbirth admissions, precertification is not needed for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

For inpatient hospital stays for mastectomy surgery, including the length of hospital stays associated with mastectomy, precertification is not needed.

- **Continued Stay / Concurrent Review** – A utilization review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.
  - Both pre-service and continued stay / concurrent reviews may be considered urgent when, in the view of the treating provider or any physician with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a precertification, or when a needed precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which the plan has a related clinical coverage guideline and are typically initiated by us.

Services for which precertification is required (i.e., services that need to be reviewed by us to determine whether they are medically necessary) include, but are not limited to, the following:

- Scheduled, non-emergency inpatient hospital stays and residential treatment center admissions.  
**Exceptions:** Pre-service review is not required for inpatient hospital stays for the following services:
  - Maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section, and
  - Mastectomy and lymph node dissection.

- Specific non-emergency outpatient services, including diagnostic treatment, genetic tests and other services.

- Surgical procedures, wherever performed.

- Transplant services, including transplant travel expense. The following criteria must be met for certain transplants, as follows:
  a. For kidney, bone, skin or cornea transplants if the physicians on the surgical team and the facility in which the transplant is to take place are approved for the transplant requested.
  b. For transplantation of liver, heart, heart-lung, lung, kidney-pancreas or bone marrow, including autologous bone marrow transplant, peripheral stem cell replacement and similar procedures if the providers of the related preoperative and postoperative services are approved and the transplant will be performed at a CME or BDCSC facility.

- Air ambulance in a non-medical emergency.
• Specific durable medical equipment.

• Services of a home infusion therapy provider if the attending physician has submitted both a prescription and a plan of treatment before services are rendered.

• Home health care services if:
  a. The services can be safely provided in your home, as certified by your attending physician;
  b. Your attending physician manages and directs your medical care at home; and
  c. Your attending physician has established a definitive treatment plan which must be consistent with your medical needs and lists the services to be provided by the home health agency.

• Admissions to a skilled nursing facility, if you require daily skilled nursing or rehabilitation, as certified by your attending physician.

• Bariatric surgical services performed at a BDCSC facility, such as gastric bypass and other surgical procedures for weight loss if:
  a. The services are to be performed for the treatment of morbid obesity.
  b. The physicians on the surgical team and the facility in which the surgical procedure is to take place are approved for the surgical procedure requested; and
  c. The bariatric surgical procedure will be performed at a BDCSC facility.

• Transgender surgery If:
  a. The services are medically necessary and appropriate; and
  b. The physicians on the surgical team and the facility in which the surgery is to take place are approved for the transgender surgery requested.

Note: You must be diagnosed with gender identity disorder or gender dysphoria by a physician.

• Advanced imaging procedures, including but not limited to: MRI, CT scan, PET scan, MRS scan, MRA scan, Echocardiography, and Nuclear Cardiac Imaging. You may call member services at 1-877-737-7776 to find out if an imaging procedure requires pre-service review.

• Behavioral health treatment for pervasive developmental disorder or autism.

• All interventional spine pain, elective hip, knee, and shoulder arthroscopic/open sports medicine, and outpatient spine surgery procedures must be authorized in advance.

For a list of current procedures requiring precertification, please call the toll-free number for Member Services printed on your Identification Card.
WHO IS RESPONSIBLE FOR PRECERTIFICATION?

Typically, participating providers know which services need precertification and will get any precertification when needed. Your physician and other participating providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering provider, hospital or attending physician ("requesting provider") will get in touch with us to ask for a precertification. However, you may request a precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for precertification and under what circumstances.

HOW DECISIONS ARE MADE

We use our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make our Medical Necessity decisions. Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. Anthem Blue Cross reserves the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the precertification phone number on the back of your identification card.

If you are not satisfied with our decision under this section of your benefits, you may call the Member Services phone number on the back of your Identification Card to find out what rights may be available to you.
DECISION AND NOTICE REQUIREMENTS

We will review requests for medical necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, we will follow state laws. If you live in and/or get services in a state other than the state where your agreement was issued other state-specific requirements may apply. You may call the phone number on the back of your identification card for more details.

If more information is needed to make our decision, we will tell the requesting physician of the specific information needed to finish the review. If we do not get the specific information we need by the required timeframe identified in the written notice, we will make a decision based upon the information we have.

We will notify you and your Physician of our decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

For a copy of the medical necessity review process, please contact Member Services at the telephone number on the back of your Identification Card.

Revoking or modifying a Precertification Review decision. We will determine in advance whether certain services (including procedures and admissions) are medically necessary and are the appropriate length of stay, if applicable. These review decisions may be revoked or modified prior to the service being rendered for reasons including but not limited to the following:

- Your coverage under this plan ends;
• The agreement with the plan administrator terminates;
• You reach a benefit maximum that applies to the service in question;
• Your benefits under the plan change so that the service is no longer covered or is covered in a different way.

Health Plan Individual Case Management

The health plan individual case management program enables Anthem to assist you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, Anthem discusses possible options for an alternative plan of treatment which may include services not covered under this plan. It is not your right to receive individual case management, nor does Anthem have an obligation to provide it; Anthem provides these services at Anthem’s sole and absolute discretion.

HOW HEALTH CARE INDIVIDUAL CASE MANAGEMENT WORKS

The health plan individual case management program (Case Management) helps coordinate services for members with health care needs due to serious, complex, and/or chronic health conditions. The programs coordinate benefits and educate members who agree to take part in the Case Management program to help meet their health-related needs.

The Case Management programs are confidential and voluntary, and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any covered services you are receiving.

If the member meets program criteria and agrees to take part, Anthem will help you meet your identified health care needs. This is reached through contact and team work with you and/or your chosen authorized representative, treating physicians, and other providers.

In addition, Anthem may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

Alternative Treatment Plan. In certain cases of severe or chronic illness or injury, Anthem may provide benefits for alternate care that is not listed as a covered service. Anthem may also extend services beyond the benefit maximums of this plan. We will make our decision case-by-case, if in our discretion the alternate or extended benefit is in the best interest of the member and us and the member or member’s authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other member. Anthem reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, Anthem will notify the member or the member’s authorized representative in writing.

Anthem makes treatment recommendations only; any decision regarding treatment belongs to you and your physician. CalPERS will, in no way, compromise your freedom to make such decisions.
Exceptions to the Utilization Review Program

From time to time, Anthem may waive, enhance, modify, or discontinue certain medical management processes (including utilization management, case management, and disease management) if, in Anthem's discretion, such a change furthers the provision of cost effective, value based and quality services. In addition, Anthem may select certain qualifying health care providers to participate in a program or a provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. Anthem may also exempt claims from medical review if certain conditions apply.

If Anthem exempts a process, health care provider, or claim from the standards that would otherwise apply, Anthem is in no way obligated to do so in the future, or to do so for any other health care provider, claim, or member. Anthem may stop or modify any such exemption with or without advance notice.

Anthem also may identify certain providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a provider is selected under this program, then Anthem may use one or more clinical utilization management guidelines in the review of claims submitted by this provider, even if those guidelines are not used for all providers delivering services to this plan's members.

You may determine whether a health care provider participates in certain programs or a provider arrangement by checking our online provider directory on Anthem's website at www.anthem.com/ca/calpers or by calling member services at 1-877-737-7776.

Medical Claims Review and Appeals Process

The procedures outlined below are designed to ensure you have a full and fair consideration of claims submitted to the plan.

The following procedures shall be used to resolve any dispute which results from any act, failure to act, error, omission or medical judgment determination by Anthem’s review with respect to any medical claim filed by you or on your behalf. The procedures should be followed carefully and in the order listed.

The cost of copying and mailing medical records required for Anthem to review its determination is your or your Authorized Representative’s responsibility.

1. Notice of Claim Denial – Adverse Benefit Determination (ABD)

In the event any claim for benefits is denied, in whole or in part, Anthem will notify you and/or your Authorized Representative of such denial in writing within 30 days. Any denial of a claim for benefits is considered an “adverse benefit determination” (ABD) and can be based on the fact that it is not a covered benefit, the treatment is not medically necessary, or the treatment is experimental/investigational. The denial can be the result of Utilization Review for a prospective service, a service that is currently being pursued, or a service that has already been provided. (See Utilization Review Program section starting on page 38.) The ABD shall contain specific reasons for the denial and an explanation of the plan’s review and appeal procedure. Any ABD is subject to Internal Review upon request.

2. Internal Review

You and/or your Authorized Representative may request a review of an ABD by writing or calling Anthem’s member services department within one hundred and eighty (180) days of receipt of an ABD. Your appeal or grievance must clearly state your issue, such as the reasons you disagree with the ABD or why you are dissatisfied with the services you received. If you would like Anthem to consider your grievance on an urgent basis, please write “urgent” on your request and provide your rationale. (See definition of “Urgent Review” on page 51.) Requests for review should be sent to:

Anthem Blue Cross
Attention: Grievance and Appeals
P.O. Box 60007
Los Angeles, CA 90060-0007
Telephone: 1-877-737-7776
Fax#: 818-234-3824

You and/or your Authorized Representative may submit written comments, documents, records, scientific studies, and other information relating to the claim that resulted in an ABD in support of the request for Internal Review. You and/or your Authorized Representative will be provided, upon request and free of charge, reasonable access to records and other information relevant to your claim for benefits, including the right to review the claim file and submit evidence.

Anthem will acknowledge receipt of a request for Internal Review by written notice to you and/or your Authorized Representative within five (5) business days. Anthem will then either uphold or reject the ABD within thirty (30) days of the request for Internal Review if it involves an authorization of services (pre-service appeal or concurrent appeal) or within sixty (60) days for services that have already been provided (post-service appeal).
If Anthem upholds the ABD within the timeframes described above, that decision becomes a “Final Adverse Benefit Determination” (FABD), and you and/or your Authorized Representative may pursue the independent External Review process described in section 5 below. You and/or your Authorized Representative may also request an independent External Review if Anthem fails to render a decision within the timelines specified above for Internal Review.

3. Urgent Review

An urgent grievance is resolved within 72 hours upon receipt of the request, but only if Anthem determines the grievance meets one of the following:

- The standard appeal timeframe could seriously jeopardize your life, health, or ability to regain maximum function; OR
- The standard appeal timeframe would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without extending your course of covered treatment; OR
- A physician with knowledge of your medical condition determines that your grievance is urgent.

If Anthem determines the grievance request does not meet one of the above requirements, the grievance will be processed as a standard request. If your situation is subject to an urgent review, you and/or your Authorized Representative can simultaneously request an independent External Review described below.

4. Request for Independent External Review

If the FABD includes a decision based on Medical Judgment, the FABD will include the plan’s standard for medical necessity or other Medical Judgment related to that determination, and describes how the treatment fails to meet the plan’s standard. You and/or your Authorized Representative will be notified that you may request an independent External Review of that determination by an Independent Review Organization (IRO). This review is at no cost to you. Examples of Medical Judgment include, but are not limited to:

- The appropriate health care setting for providing medical care to an individual (such as outpatient versus inpatient care or home care versus rehabilitation facility; or
- Whether treatment by a specialist is medically necessary or appropriate pursuant to the plan’s standard for medical necessity or appropriateness); or
- Whether treatment involved “emergency care” or “urgent care”, affecting coverage or the level of coinsurance.

For more information about the plan’s standard for medical necessity, please see pages 77-78 in the section entitled Definitions.

You and/or your Authorized Representative may request an independent External Review no later than four (4) months from the date of receipt of the FABD. The type of services in dispute must be a covered benefit. For cases involving Medical Judgment, you and/or your Authorized Representative must exhaust the independent External Review prior to requesting a CalPERS Administrative Review. (See CalPERS Administrative Review and Administrative Hearing on pages 53-54.)
You and/or your Authorized Representative may also request an independent External Review if Anthem fails to render a decision within the timelines specified above for Internal Review. For a more complete description of independent External Review rights, please see 45 Code of Federal Regulations section 147.136.

5. **Request for CalPERS Administrative Review Process**

If you remain dissatisfied after exhausting the Internal Review process for benefit decisions and the independent External Review in cases involving Medical Judgment, you and/or your Authorized Representative may request a CalPERS Administrative Review. You and/or your Authorized Representative may also request Administrative Review in connection with an objection to the processing of a claim by Anthem. Please see section 1 above.
1. **Administrative Review**

If you remain dissatisfied after exhausting the Internal Review process for benefit decisions and the independent External Review in cases involving Medical Judgment, you and/or your Authorized Representative may submit a request for CalPERS Administrative Review. You must exhaust Anthem’s internal grievance process, and the independent External Review process, when applicable, prior to submitting a request for CalPERS Administrative Review.

This request must be submitted in writing to CalPERS within thirty (30) days from the date of the FABD for benefit decisions or the independent External Review decision in cases involving Medical Judgment. For objections to claim processing, the request must be submitted within thirty (30) days of Anthem affirming its decision regarding the claim or within sixty (60) days from the date you and/or your Authorized Representative sent the objection regarding the claim to Anthem and Anthem failed to respond within thirty (30) days of receipt of the objection.

The request must be mailed to:

CalPERS Health Plan Administration Division  
Health Appeals Coordinator  
P.O. Box 1953  
Sacramento, CA 95812-1953

If you are planning to submit information Anthem may have regarding your dispute with your request for Administrative Review, please note that Anthem may require you to sign an authorization form to release this information. In addition, if CalPERS determines that additional information is needed after Anthem submits the information it has regarding your dispute, CalPERS may ask you sign an Authorization to Release Health Information (ARHI) form.

If you have additional medical records from providers that you believe are relevant to CalPERS review, those records should be included with the written request. You should send copies of documents, not originals, as CalPERS will retain the documents for its files. You are responsible for the cost of copying and mailing medical records required for the Administrative Review. Providing supporting information to CalPERS is voluntary. However, failure to provide such information may delay or preclude CalPERS in providing a final Administrative Review determination.

CalPERS cannot review claims for medical malpractice, i.e. quality of care.

CalPERS will attempt to provide a written determination within 60 days from the date all pertinent information is received by CalPERS. For claims involving urgent care, CalPERS will make a decision as soon as possible, taking into account the medical exigencies, but no later than three (3) business days from the date all pertinent information is received by CalPERS.

2. **Administrative Hearing**

You must complete the CalPERS Administrative Review process prior to being offered the opportunity for an Administrative Hearing. Only claims involving covered benefits are eligible for an Administrative Hearing.

You and/or your Authorized Representative must request an Administrative Hearing in writing within thirty (30) days of the date of the Administrative Review determination. Upon satisfactory showing of good cause, CalPERS may grant additional time to file a request for an Administrative Hearing, not to exceed thirty (30) days.
The request for an Administrative Hearing must set forth the facts and the law upon which the request is based. The request should include any additional arguments and evidence favorable to your case not previously submitted for Administrative Review or External Review.

If CalPERS accepts the request for an Administrative Hearing, it will be conducted in accordance with the Administrative Procedure Act (Government Code section 11500 et seq.). An Administrative Hearing is a formal legal proceeding held before an Administrative Law Judge (ALJ); you and/or your Authorized Representative may, but is not required to, be represented by an attorney. After taking testimony and receiving evidence, the ALJ will issue a Proposed Decision. The CalPERS Board of Administration (Board) will vote regarding whether to adopt the Proposed Decision as its own decision at an open (public) meeting. The Board’s final decision will be provided in writing to you and/or your Authorized Representative within two weeks of the Board's open meeting.

3. Appeal Beyond Administrative Review and Administrative Hearing

If you are still dissatisfied with the Board’s decision, you may petition the Board for reconsideration of its decision, or may appeal to the Superior Court.

You may not begin civil legal remedies until after exhausting these administrative procedures.

Summary of Process and Rights of Members under the Administrative Procedure Act

- **Right to records, generally.** You may, at your own expense, obtain copies of all non-medical and non-privileged medical records from Anthem and/or CalPERS, as applicable.

- **Records subject to attorney-client privilege.** Communication between an attorney and a client, whether oral or in writing, will not be disclosed under any circumstances.

- **Attorney Representation.** At any state of the appeal proceedings, you may be represented by an attorney. If you choose to be represented by an attorney, you must do so at your own expense. Neither CalPERS nor Anthem will provide an attorney or reimburse you for the cost of an attorney even if you prevail on appeal.

- **Right to experts and consultants.** At any state of the proceedings, you may present information through the opinion of an expert, such as a physician. If you choose to retain an expert to assist in presentation of a claim, it must be at your own expense. Neither CalPERS nor Anthem will reimburse you for the costs of experts, consultants or evaluations.

Continuation of Coverage

Most employers who employ 20 or more people on a typical business day are subject to The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). If the employer who provides coverage under the plan is subject to the federal law which governs this provision (Title X of P. L. 99-272), you may be entitled to continuation of coverage. Check with your employer for details.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will appear in capital letters. When you see these capitalized words, you should refer to this “Definitions” provision.

Initial Enrollment Period is the period of time following the original Qualifying Event, as indicated in the "Terms of COBRA Continuation" provisions below.

Qualified Beneficiary means: (a) a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this plan as either a subscriber or family member; and (b) a child who is born to or placed for adoption with the subscriber during the COBRA continuation period. Qualified Beneficiary does not include any person who was not enrolled during the Initial Enrollment Period, including any family members acquired during the COBRA continuation period, with the exception of newborns and adoptees as specified above.

Qualifying Event means any one of the following circumstances which would otherwise result in the termination of your coverage under the plan. The events will be referred to throughout this section by number.

1. For Subscribers and Family Members:
   a. The subscriber's termination of employment, for any reason other than gross misconduct; or
   b. Loss of coverage under an employer's health plan due to a reduction in the subscriber's work hours.

2. For Retired Employees and their Family Members. Cancellation or a substantial reduction of retiree benefits under the plan due to the employer filing for Chapter 11 bankruptcy, provided that:
   a. The plan expressly includes coverage for retirees; and
   b. Such cancellation or reduction of benefits occurs within one year before or after the employer’s filing for bankruptcy.

3. For Family Members:
   a. The death of the subscriber;
   b. The spouse’s divorce or legal separation from the subscriber;
   c. The end of a domestic partner’s partnership with the subscriber;
   d. The end of a child’s status as a dependent child, as defined by PEMHCA; or
   e. The subscriber’s entitlement to Medicare.
ELIGIBILITY FOR COBRA CONTINUATION

A subscriber or family member may choose to continue coverage under the plan if your coverage would otherwise end due to a Qualifying Event.

TERMS OF COBRA CONTINUATION

Notice. The employer will notify either the subscriber or family member of the right to continue coverage under COBRA, as provided below:

1. For Qualifying Events 1, or 2, the employer will notify the subscriber of the right to continue coverage.

2. For Qualifying Events 3(a) or 3(e) above, a family member will be notified of the COBRA continuation right.

3. You must inform the employer within 60 days of Qualifying Events 3(b), 3(c) or 3(d) above if you wish to continue coverage. The employer in turn will promptly give you official notice of the COBRA continuation right.

If you choose to continue coverage you must notify the employer within 60 days of the date you receive notice of your COBRA continuation right. The COBRA continuation coverage may be chosen for all members within a family, or only for selected members.

If you fail to elect the COBRA continuation during the Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

Notice of continued coverage, along with the initial premium, must be delivered to Anthem by the employer within 45 days after you elect COBRA continuation coverage.

Additional Family Members. A spouse, domestic partner or child acquired during the COBRA continuation period is eligible to be enrolled as a family member. The standard enrollment provisions of the plan apply to enrollees during the COBRA continuation period.

Cost of Coverage. The employer may require that you pay the entire cost of your COBRA continuation coverage. This cost, called the "premium", must be remitted to the employer each month during the COBRA continuation period. Anthem must receive payment of the premium each month from the employer in order to maintain the coverage in force.

Besides applying to the subscriber, the subscriber’s rate also applies to:

1. A spouse whose COBRA continuation began due to divorce, separation or death of the subscriber;

2. A domestic partner whose COBRA continuation began due to the end of the domestic partnership or death of the subscriber;

3. A child if neither the subscriber nor the spouse has enrolled for this COBRA continuation coverage (if more than one child is so enrolled, the premium will be the two-party or three-party rate depending on the number of children enrolled); and

4. A child whose COBRA continuation began due to the person no longer meeting the dependent child definition.
Subsequent Qualifying Events. Once covered under the COBRA continuation, it's possible for a second Qualifying Event to occur. If that happens, a member, who is a Qualified Beneficiary, may be entitled to an extended COBRA continuation period. This period will in no event continue beyond 36 months from the date of the first qualifying event.

For example, a child may have been originally eligible for this COBRA continuation due to termination of the subscriber's employment, and enrolled for this COBRA continuation as a Qualified Beneficiary. If, during the COBRA continuation period, the child reaches the upper age limit of the plan, the child is eligible for an extended continuation period which would end no later than 36 months from the date of the original Qualifying Event (the termination of employment).

When COBRA Continuation Coverage Begins. When COBRA continuation coverage is elected during the Initial Enrollment Period and the premium is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.

For family members properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the plan.

When the COBRA Continuation Ends. This COBRA continuation will end on the earliest of:

1. The end of 18 months from the Qualifying Event, if the Qualifying Event was termination of employment or reduction in work hours;*

2. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the subscriber, divorce or legal separation, the end of a domestic partnership, or the end of dependent child status;*

3. The end of 36 months from the date the subscriber became entitled to Medicare, if the Qualifying Event was the subscriber's entitlement to Medicare. If entitlement to Medicare does not result in coverage terminating and Qualifying Event 1 occurs within 18 months after Medicare entitlement, coverage for Qualified Beneficiaries other than the subscriber will end 36 months from the date the subscriber became entitled to Medicare;

4. The date the agreement with CalPERS terminates;

5. The end of the period for which premiums are last paid;

6. The date, following the election of COBRA, the member first becomes covered under any other group health plan; or

7. The date, following the election of COBRA, the member first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

*For a member whose COBRA continuation coverage began under a prior plan, this term will be dated from the time of the Qualifying Event under that prior plan. Additional note: If your COBRA continuation under this plan began on or after January 1, 2003 and ends in accordance with item 1, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA.

Subject to the plan remaining in effect, a retired subscriber whose COBRA continuation coverage began due to Qualifying Event 2 may be covered for the remainder of his or her life; that person's covered family members may continue coverage for 36 months after the subscriber's death. But coverage could terminate prior to such time for either the subscriber or family member in accordance with items 4, 5 or 6 above.

2019 Anthem Blue Cross Del Norte County EPO Plan
Other Coverage Options Besides COBRA Continuation Coverage. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse’s plan). Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov or at www.coveredca.com.

EXTENSION OF CONTINUATION DURING TOTAL DISABILITY

If at the time of termination of employment or reduction in hours, or at any time during the first 60 days of the COBRA continuation, a Qualified Beneficiary is determined to be disabled for Social Security purposes, all covered members may be entitled to up to 29 months of continuation coverage after the original Qualifying Event.

Eligibility for Extension. To continue coverage for up to 29 months from the date of the original Qualifying Event, the disabled member must:

1. Satisfy the legal requirements for being totally and permanently disabled under the Social Security Act; and
2. Be determined and certified to be so disabled by the Social Security Administration.

Notice. The member must furnish the employer with proof of the Social Security Administration's determination of disability during the first 18 months of the COBRA continuation period and no later than 60 days after the later of the following events:

1. The date of the Social Security Administration's determination of the disability;
2. The date on which the original Qualifying Event occurs;
3. The date on which the Qualified Beneficiary loses coverage; or
4. The date on which the Qualified Beneficiary is informed of the obligation to provide the disability notice.

Cost of Coverage. For the 19th through 29th months that the total disability continues, the cost for the extended continuation coverage must be remitted to Anthem. This cost (called the "premium") shall be subject to the following conditions:

1. If the disabled member continues coverage during this extension, this charge shall be 150% of the applicable rate for the length of time the disabled member remains covered, depending upon the number of covered dependents. If the disabled member does not continue coverage during this extension, this charge shall remain at 102% of the applicable rate.
2. The cost for extended continuation coverage must be remitted to Anthem each month during the period of extended continuation coverage. Anthem must receive timely payment of the premium in order to maintain the extended continuation coverage in force.
3. You may be required to pay the entire cost of the extended continuation coverage.

If a second Qualifying Event occurs during this extended continuation, the total COBRA continuation may continue for up to 36 months from the date of the first Qualifying Event. The premium shall then be 150% of the applicable rate for the 19th through 36th months if the disabled member remains covered. The charge will be 102% of the applicable rate for any periods of time the disabled member is not covered following the 18th month.

When The Extension Ends. This extension will end at the earlier of:
1. The end of the month following a period of 30 days after the Social Security Administration's final determination that you are no longer totally disabled;

2. The end of 29 months from the Qualifying Event*;

3. The date the plan terminates;

4. The end of the period for which premiums are last paid;

5. The date, following the election of COBRA, the member first becomes covered under any other group health plan; or

6. The date, following the election of COBRA, the member first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

You must inform the employer within 30 days of a final determination by the Social Security Administration that you are no longer totally disabled.

*Note: If your COBRA continuation under this plan began on or after January 1, 2003 and ends in accordance with item 2, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA.

**CalCOBRA Continuation of Coverage**

If your continuation coverage under federal COBRA began on or after January 1, 2003, you have the option to further continue coverage under CalCOBRA for medical benefits only if your federal COBRA ended following:

1. 18 months after the qualifying event, if the qualifying event was termination of employment or reduction in work hours; or

2. 29 months after the qualifying event, if you qualified for the extension of COBRA continuation during total disability.

All federal COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. You are not eligible to further continue coverage under CalCOBRA if you (a) are entitled to Medicare; (b) have other coverage or become covered under another group plan; or (c) are eligible for or covered under federal COBRA. Coverage under CalCOBRA is available for medical benefits only.

**TERMS OF CALCObRA CONTINUATION**

**Notice.** Within 180 days prior to the date federal COBRA ends, the employer will notify you of your right to further elect coverage under CalCOBRA. If you choose to elect CalCOBRA coverage, you must notify the employer in writing within 60 days of the date your coverage under federal COBRA ends or when you are notified of your right to continue coverage under CalCOBRA, whichever is later.

Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in higher cost or you could be denied coverage entirely.

**Additional Dependents.** A spouse or child acquired during the CalCOBRA continuation period is eligible to be enrolled as a dependent. The standard enrollment provisions of the plan apply to enrollees during the CalCOBRA continuation period.
**Cost of Coverage.** You may be required to pay the entire cost of your CalCOBRA continuation coverage (this is the “premium”). This cost must be remitted to the employer each month during the CalCOBRA continuation period. This cost will be:

1. 110% of the applicable rate if your coverage under federal COBRA ended after 18 months; or
2. 150% of the applicable rate if your coverage under federal COBRA ended after 29 months.

**CalCOBRA Continuation Coverage Under the Prior Plan.** If you were covered through CalCOBRA continuation under the prior plan, your coverage may continue under this plan for the balance of the continuation period. However your coverage shall terminate if you do not comply with the enrollment requirements and premium payment requirements of this plan within 30 days of receiving notice that your continuation coverage under the prior plan will end.

**When CalCOBRA Continuation Coverage Begins.** When you elect CalCOBRA continuation coverage and pay the premium, coverage is reinstated back to the date federal COBRA ended, so that no break in coverage occurs.

For dependents properly enrolled during the CalCOBRA continuation, coverage begins according to the enrollment provisions of the plan.

**When the CalCOBRA Continuation Ends.** This CalCOBRA continuation will end on the earliest of:

1. The date that is 36 months after the date of your qualifying event under federal COBRA*;
2. The date the plan terminates;
3. The date the employer no longer provides coverage to the class of subscribers to which you belong;
4. The end of the period for which the premium is last paid;
5. The date you become covered under any other health plan;
6. The date you become entitled to Medicare; or
7. The date you become covered under a federal COBRA continuation.

CalCOBRA continuation will also end if you move out of the service area or if you commit fraud.

*If your CalCOBRA continuation coverage began under a prior plan, this term will be dated from the time of the qualifying event under that prior plan.

**Extension of Benefits**

If you are a totally disabled subscriber or a totally disabled family member and under the treatment of a physician on the date of discontinuance of the plan, your benefits may be continued for treatment of the totally disabling condition. This extension of benefits is not available if you become covered under another group health plan that provides coverage without limitation for your disabling condition. Extension of benefits is subject to the following conditions:

1. If you are confined as an inpatient in a hospital or skilled nursing facility, you are considered totally disabled as long as the inpatient stay is medically necessary, and no written certification of the total disability is required. If you are discharged from the hospital or skilled nursing facility, you may continue your total disability benefits by submitting written certification by your physician of the total disability within 90 days of the date of your discharge. Thereafter, Anthem must receive proof of your continuing total disability at least once every 90 days while benefits are extended.
2. If you are not confined as an inpatient but wish to apply for total disability benefits, you must do so by submitting written certification by your physician of the total disability. Anthem must receive this certification within 90 days of the date coverage ends under this plan. At least once every 90 days while benefits are extended, Anthem must receive proof that your total disability is continuing.

3. Your extension of benefits will end when any one of the following circumstances occurs:
   
a. You are no longer totally disabled.
   b. The maximum benefits available to you under this plan are paid.
   c. You become covered under another group health plan that provides benefits without limitation for your disabling condition.
   d. A period of up to 12 months has passed since your extension began.
General Provisions

Notice of Claim

You or the provider of service must send properly and fully completed claim forms to Anthem within 90 days of the date you receive the service or supply for which a claim is made. Services received and charges for the services must be itemized, and clearly and accurately described. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed. Anthem is not liable for the benefits of the plan if you do not file claims within the required time period. Claim forms must be used; canceled checks or receipts are not acceptable.

Third-Party Liability

If you receive medical services covered by the plan for injuries caused by the act or omission of another person (a “third party”), you agree to:

1. promptly assign your rights to reimbursement from any source for the costs of such covered services; and

2. reimburse the plan, to the extent of benefits provided, immediately upon collection of damages by you for such injury from any source, including any applicable automobile uninsured or underinsured motorist coverage, whether by action of law, settlement, or otherwise; and

3. provide the plan with a lien, to the extent of benefits provided by the plan, upon your claim against or because of the third party. The lien may be filed with the third party, the third party’s agent, the insurance company, or the court; and

4. the release of all information, medical or otherwise, which may be relevant to the identification of and collection from parties responsible for your illness or injury; and

5. notify Anthem of any claim filed against a third party for recovery of the cost of medical services obtained for injuries caused by the third party; and

6. cooperate with CalPERS and Anthem in protecting the lien rights of the plan against any recovery from the third party; and

7. obtain written consent from CalPERS prior to settling any claim with the third party that would release the third party from the lien or limit the rights of the plan to recovery.

Pursuant to Government Code section 22947, a member (or his/her attorney) must immediately notify the plan, via certified mail, of the existence of any claim or action against a third party for injuries allegedly caused by the third party. Notices of third party claims and actions must be sent to:

Anthem Blue Cross
P.O. Box 60007
Los Angeles, CA  90060-0007

The plan has the right to assert a lien for costs of health benefits paid on behalf of a plan member against any settlement with, or arbitration award or judgment against, a third party. The plan will be entitled to collect on its lien even if the amount you or anyone recovered for you (or your estate, parent or legal guardian) from or for the account of such third party as compensation for the injury, illness or condition is less than the actual loss you suffered.
Coordination of Benefits

If you are covered by more than one group health plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans. These coordination provisions apply separately to each member, per calendar year, and are largely determined by California law. Any coverage you have for medical or dental benefits, will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this “Definitions” provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom a claim is made is not an Allowable Expense.

The following are not Allowable Expense:

1. Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private hospital room is medically necessary in terms of generally accepted medical practice, or one of the plans routinely provides coverage for hospital private rooms.

2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.

3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.

4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.

5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan's provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.

6. If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan’s deductible.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;

2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;

3. Group coverage under labor-management trustee plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.
4. Medicare. This does not include Medicare when, by law, its benefits are secondary to those of any private insurance program or other non-governmental program.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

**Principal Plan** is the plan which will have its benefits determined first.

**This Plan** is that portion of this plan which provides benefits subject to this provision.

**EFFECT ON BENEFITS**

This provision will apply in determining a person’s benefits under This Plan for any calendar year if the benefits under This Plan and any Other Plans, exceed the Allowable Expenses for that calendar year.

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.

2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.

3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

**ORDER OF BENEFITS DETERMINATION**

The first of the following rules which applies will determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision. This would include Medicare in all cases, except when the law requires that This Plan pays before Medicare.

2. A plan which covers you as a subscriber pays before a plan which covers you as a dependent. But, if you are retired and eligible for Medicare, Medicare pays (a) after the plan which covers you as a dependent of an active employee, but (b) before the plan which covers you as a retired subscriber.

   **For example:** You are covered as a retired subscriber under this plan and entitled to Medicare (Medicare would normally pay first). You are also covered as a dependent of an active employee under another plan (in which case Medicare would pay second). In this situation, the plan which covers you as a dependent will pay first, Medicare will pay second, and the plan which covers you as a retired subscriber would pay last.

3. For a dependent child covered under plans of two parents, the plan of the parent whose birthday falls earlier in the calendar year pays before the plan of the parent whose birthday falls later in the calendar year. But if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

   **Exception to rule 3:** For a dependent child of parents who are divorced or separated, the following rules will be used in place of Rule 3:

   a. If the parent with custody of that child for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that child as a dependent pays first.
b. If the parent with custody of that child for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:
   i. The plan which covers that child as a dependent of the parent with custody.
   ii. The plan which covers that child as a dependent of the stepparent (married to the parent with custody).
   iii. The plan which covers that child as a dependent of the parent without custody.
   iv. The plan which covers that child as a dependent of the stepparent (married to the parent without custody).

   c. Regardless of a and b above, if there is a court decree which establishes a parent’s financial responsibility for that child’s health care coverage, a plan which covers that child as a dependent of that parent pays first.

4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But, if either plan does not have a provision regarding laid-off or retired employees, provision 6 applies.

5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the order of benefit determination provisions of This Plan, this rule will not apply.

6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

**ANTHEM’S RIGHTS UNDER THIS PROVISION**

**Responsibility For Timely Notice.** Anthem is not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

**Reasonable Cash Value.** If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and Anthem’s liability reduced accordingly.

**Facility of Payment.** If payments which should have been made under This Plan have been made under any Other Plan, Anthem has the right to pay that Other Plan any amount Anthem determines to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy Anthem’s liability under this provision.

**Right of Recovery.** If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, Anthem has the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.
Benefits for Medicare Eligible Members

If you are entitled to Medicare, you will receive the full benefits of this plan, except as listed below:

1. You are receiving treatment for end-stage renal disease following the first 30 months you are entitled to end-stage renal disease benefits under Medicare; or

2. You are entitled to Medicare benefits as a disabled person, unless you have a current employment status as determined by Medicare rules through a group of 100 or more employees (according to federal OBRA legislation).

In cases where exceptions 1 or 2 apply, our payment will be determined according to the provisions in the section entitled “Coordination of Benefits” and the provision “Coordinating Benefits With Medicare”, below.

Coordinating Benefits With Medicare. Anthem will not provide benefits under this plan that duplicate any benefits to which you would be entitled under Medicare. This exclusion applies to all parts of Medicare in which you can enroll without paying additional premium. If you are required to pay additional premium for any part of Medicare, this exclusion will apply to that part of Medicare only if you are enrolled in that part.

If you are entitled to Medicare, your Medicare coverage will not affect the services covered under this plan except as follows:

1. Medicare must provide benefits first to any services covered both by Medicare and under this plan.

2. For services you receive that are covered both by Medicare and under this plan, coverage under this plan will apply only to Medicare deductibles, coinsurance, and other charges for covered services over and above what Medicare pays.

3. For any given claim, the combination of benefits provided by Medicare and the benefits provided under this plan will not exceed the maximum allowed amount for the covered services.

Any charges paid by Medicare will be applied for services covered under this plan toward your plan deductible, if any.

Other General Provisions

Transition Assistance for New Members

Transition Assistance is a process that allows for completion of covered services for new members receiving services from a non-EPO provider. If you are a new member, you may request Transition Assistance if any one of the following conditions applies:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.

2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by Anthem in consultation with you and the non-EPO provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the time you enroll with Anthem.
3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.

4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.

5. The care of a newborn child between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the time the child enrolls with Anthem.

6. Performance of a surgery or other procedure that Anthem has authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the time you enroll with Anthem.

Please contact member services at 1-877-737-7776 to request Transition Assistance or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Transition Assistance does not provide coverage for services not otherwise covered under the plan.

Anthem will notify you by telephone, and the provider by telephone and fax, as to whether or not your request for Transition Assistance is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the plan. Financial arrangements with non-EPO providers are negotiated on a case-by-case basis. Anthem will request that the non-EPO provider agree to accept reimbursement and contractual requirements that apply to EPO providers, including payment terms. If the non-EPO provider does not agree to accept said reimbursement and contractual requirements, Anthem is not required to continue that provider’s services. If you do not meet the criteria for Transition Assistance, you are afforded due process including having a physician review the request.

Continuity of Care after Termination of Provider

Subject to the terms and conditions set forth below, Anthem will provide benefits at the EPO provider level for covered services (subject to applicable copayments, coinsurance, deductibles and other terms) received from a provider at the time the provider’s contract with Anthem terminates (unless the provider’s contract terminates for reasons of medical disciplinary cause or reason, fraud, or other criminal activity).

You must be under the care of the EPO provider at the time the provider’s contract terminates. The terminated provider must agree in writing to provide services to you in accordance with the terms and conditions of his or her agreement with Anthem prior to termination. The provider must also agree in writing to accept the terms and reimbursement rates under his or her agreement with Anthem prior to termination. If the provider does not agree with these contractual terms and conditions, Anthem is not required to continue the provider’s services beyond the contract termination date.

Anthem will provide such benefits for the completion of covered services by a terminated provider only for the following conditions:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.

2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of
time necessary to complete a course of treatment and to arrange for a safe transfer to another 
provider, as determined by Anthem in consultation with you and the terminated provider and consistent 
with good professional practice. Completion of covered services shall not exceed twelve (12) months 
from the date the provider’s contract terminates.

3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.

4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.

5. The care of a newborn child between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the date the provider’s contract terminates.

6. Performance of a surgery or other procedure that we have authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the date the provider’s contract terminates.

Such benefits will not apply to providers who have been terminated due to medical disciplinary cause or reason, fraud, or other criminal activity.

Please contact member services at 1-877-737-7776 to request continuity of care or to obtain a copy of the written policy. Eligibility is based on the member’s clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the plan.

Anthem will notify you by telephone, and the provider by telephone and fax, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the plan. Financial arrangements with terminated providers are negotiated on a case-by-case basis. Anthem will request that the terminated provider agree to accept reimbursement and contractual requirements that apply to EPO providers, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, Anthem is not required to continue that provider’s services. If you disagree with Anthem’s determination regarding continuity of care, you may file a grievance with Anthem by following the procedures described in the section entitled “Medical Claims Review and Appeals Process” starting on page 50.

Terms of Coverage

1. In order for you to be entitled to benefits under the plan, both the plan and your coverage under the plan must be in effect on the date the expense giving rise to a claim for benefits is incurred.

2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.

3. The plan is subject to amendment, modification or termination according to the provisions of the plan without your consent or concurrence.
Nondiscrimination. No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

Protection of Coverage. Anthem does not have the right to cancel your coverage under this plan while:

1. This plan is in effect;
2. You are eligible; and
3. Your premiums are paid according to the terms of the plan.

Provider Reimbursement

Physicians and other professional providers are paid on a fee-for-service basis, according to an agreed schedule. A participating physician may, after notice from Anthem, be subject to a reduced negotiated rate in the event the participating physician fails to make routine referrals to EPO providers, except as otherwise allowed (such as for emergency services). Hospitals and other health care facilities may be paid either a fixed fee or on a discounted fee-for-service basis.

Other forms of payment arrangement are Payment Innovation Programs. These programs may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner. The programs may vary in methodology and subject area of focus and may be modified by us from time to time, but they will be generally designed to tie a certain portion of participating provider’s total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, participating providers may be required to make payment to us under the program as a consequence of failing to meet these pre-defined standards. The programs are not intended to affect the member’s access to health care. The program payments are not made as payment for specific covered services provided to the member, but instead, are based on the participating provider’s achievement of these pre-defined standards. The member is not responsible for any co-payment amounts related to payments made by us or to us under the programs and the member does not share in any payments made by participating providers to us under the programs.

Inter-Plan Arrangements

Out-of-Area Services

Overview. We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area we serve (the “Anthem Blue Cross Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Blue Cross Service Area, you will receive it from one of two kinds of providers. Most providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some providers (“non-participating providers”) do not contract with the Host Blue. See below for an explanation of how both kinds of providers are paid.

Anthem Blue Cross covers only limited healthcare services received outside of the Anthem Blue Cross Service Area. For example, emergency or urgent care obtained outside the Anthem Blue Cross Service Area is always covered. Any other services will not be covered when processed through any Inter-Plan Arrangements, unless authorized by Anthem Blue Cross.
Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are prescription drugs that you obtain from a pharmacy and most dental or vision benefits.

A. BlueCard® Program

Under the BlueCard® Program, when you receive covered services within the geographic area served by a Host Blue, we will still fulfill the plan’s contractual obligations. But, the Host Blue is responsible for: (a) contracting with its providers; and (b) handling its interactions with those providers.

When you receive covered services outside the Anthem Blue Cross Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for covered services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the provider. Sometimes, it is an estimated price that takes into account special arrangements with that provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem Blue Cross may process your claims for covered services through Negotiated Arrangements for National Accounts.

The amount you pay for covered services under this arrangement will be calculated based on the lower of either billed charges for covered services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem Blue Cross by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard® Program

If you receive covered services under a Value-Based Program inside a Host Blue’s Service Area, you will not be responsible for paying any of the provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem Blue Cross through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If Anthem Blue Cross has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the group on your behalf, Anthem Blue Cross will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.
D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Non-participating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When covered services are provided outside of Anthem Blue Cross’s Service Area by non-participating providers, we may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as deductible or co-payment will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment we will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

2. Exceptions

In certain situations, we may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem Blue Cross Service Area, or a special negotiated price to determine the amount we will pay for services provided by non-participating providers. **Providing of Care.** Anthem is not responsible for providing any type of hospital, medical or similar care, nor is Anthem responsible for the quality of any such care received.

**Independent Contractors.** Anthem’s relationship with providers is that of an independent contractor. Physicians, and other health care professionals, hospitals, skilled nursing facilities and other community agencies are not Anthem’s agents nor is Anthem, or any of their employees, an employee or agent of any hospital, medical group or medical care provider of any type.

**Non-Regulation of Providers.** The benefits provided under this plan do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with EPO providers.

**Payment to Providers**

Anthem will pay the benefits of this plan directly to EPO providers, CME and medical transportation providers. If you or one of your family members receives services from non-EPO providers, payment will be made directly to the subscriber and you will be responsible for payment to the provider. Any assignment of benefits, even if assignment includes the providers right to receive payment, is void. Anthem will pay non-EPO providers and other providers of service directly when emergency services and care are provided to you or one of your family members. Anthem will continue such direct payment until the emergency care results in stabilization. If you are a MediCal beneficiary and you assign benefits in writing to the State Department of Health Services, Anthem will pay the benefits of this plan to the State Department of Health Services. These payments will fulfill the plan’s obligation to you for those covered services.

**Expense in Excess of Benefits.** Anthem is not liable for any expense you incur in excess of the benefits of this plan.

**Benefits Not Transferable.** Only the enrolled member is entitled to receive benefits under this plan. The right to benefits cannot be transferred.

**Right of Recovery**

Whenever payment has been made in error, Anthem will have the right to make appropriate adjustment to claims, recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations. In the event Anthem recovers a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, Anthem will only recover such payment from the provider within 365 days of the date payment was made on a claim submitted by the provider. Anthem reserves the right to deduct or offset any amounts paid in error from any pending or future claim.
Under certain circumstances, if Anthem pays your healthcare provider amounts that are your responsibility, such as deductibles, copayments or coinsurance, Anthem may collect such amounts directly from you. You agree that Anthem has the right to recover such amounts from you.

Anthem has oversight responsibility for compliance with provider and vendor and subcontractor contracts. Anthem may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

Anthem has established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. Anthem will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. Anthem may not provide you with notice of overpayments made by them or you if the recovery method makes providing such notice administratively burdensome.

Legal Actions. No attempt to recover on the plan through legal or equity action may be made until at least 60 days after the written proof of loss has been furnished as required by this plan. No such action may be started later than three years from the time written proof of loss is required to be furnished.

The term "plan administrator" refers either to the CalPERS or to a person or entity, other than Anthem, engaged by CalPERS to perform or assist in performing administrative tasks in connection with CalPERS’ health plan. Workers’ Compensation Insurance. The plan does not affect any requirement for coverage by workers’ compensation insurance. It also does not replace that insurance.

Renewal Provisions. CalPERS’ agreement with Anthem is subject to renewal at certain intervals. Anthem may change the premiums or other terms of the plan from time to time.

Confidentiality and Release of Medical Information. Anthem will use reasonable efforts, and take the same care to preserve the confidentiality of the member’s medical information. Anthem may use data collected in the course of providing services hereunder for statistical evaluation and research. If such data is ever released to a third party, it shall be released only in aggregate statistical form without identifying the member. Medical information may be released only with the written consent of the member or as required by law. It must be signed, dated and must specify the nature of the information and to which persons and organizations it may be disclosed. Members may access their own medical records.

Anthem may release your medical information to professional peer review organizations and to CalPERS for purposes of reporting claims experience or conducting an audit of Anthem’s operations, provided the information disclosed is reasonably necessary for CalPERS to conduct the review or audit.

Organ Donation

Each year, organ transplantation saves thousands of lives. The success rate for transplantation is rising but there are far more potential recipients than donors. More donations are urgently needed.

Organ donation is a singular opportunity to give the gift of life. Anyone age 18 or older and of sound mind can become a donor when he or she dies. Minors can become donors with parental or guardian consent.

Organ and tissue donations may be used for transplants and medical research. Today it is possible to transplant more than 25 different organs and tissues; this can save the lives of as many as eight people and improve the lives of another 50 people. Your decision to become a donor could someday save or prolong the life of someone you know, perhaps even a close friend or family member.

If you decide to become a donor, please discuss it with your family. Let your physician know your intentions as well. You may register as a donor by obtaining a donor card from the Department of Motor Vehicles. Be sure to sign the donor card and keep it with your driver’s license or identification card. In California, you may also register online at:

www.donatelifecalifornia.org/

While organ donation is a deeply personal decision, please consider making this profoundly meaningful and important gift.

Language Assistance Program

Anthem introduced its Language Assistance Program to provide certain written translation and oral interpretation services to California members with limited English proficiency.
The Language Assistance Program makes it possible for you to access oral interpretation services and certain written materials vital to understanding your health coverage at no additional cost to you and in a timely manner.

Written materials available for translation include grievance and appeal letters, consent forms, claim denial letters, and explanations of benefits. These materials are available in the top 15 languages as determined by law.

Oral interpretation services are also available in these languages.

In addition, appropriate auxiliary aids and services, including qualified interpreters for individuals with disabilities and information in alternate formats are also available, free of charge and in a timely manner, when those aids and services are necessary to ensure an equal opportunity to participate for individuals with disabilities.

Anthem Blue Cross does not discriminate on the basis of race, color, national origin, ancestry, religion, sex, marital status, gender, gender identity, sexual orientation, age, or disability.

Requesting a written or oral translation is easy. Just contact member services at 1-877-737-7776 to update your language preference to receive future translated documents or to request interpretation assistance. Anthem Blue Cross also sends/receives TDD/TTY messages at 1-866-333-4823 or by using the National Relay Service through 711.

Statement of Rights Under the Newborns and Mothers Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending physician (e.g., your doctor, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours).

Statement of Rights Under the Women’s Health and Cancer Rights Act of 1998

This plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema). If you have any questions about this coverage, please contact member services at 1-877-737-7776.
