

## Timeline of Upcoming Actuarial Agenda Items

Month	Description	Comment
June 2012	Review of Risk Pooling Policies	Not expected to recommend substantial changes.
July 2012	Workshop on Asset/Liability Decision Making Framework and Funding Risk Tolerances	Important step in establishing the Board's funding risk tolerances and crucial to ongoing reporting on funding risk.
September 2012	Review of the Discount Rate for the Long Term Care Program	To reflect the change in the asset allocation that was adopted in April 2012
November 2012	Workshop on Smoothing Policies	Laying the foundation for the December agenda item on smoothing policies.
December 2012	Review of Smoothing Policies	Expect to recommend closed amortization of gains and losses as well as shorter asset smoothing period with a wider "corridor" around market value.
February 2013 and 2014	Annual Review of Funding Levels and Risks	Will include additional information related to whether or not funding risk tolerances are being exceeded.
June 2013	Review of Other Actuarial Policies	Not expected to recommend significant changes.
February 2014	Third Annual Review of Funding Levels and Risks	
Early 2014	Review of Economic and Demographic Assumptions	Emerging concern about impact of mortality improvements. Could have a significant impact on contribution rates.
