"PETITION FOR RECONSIDERATION"

As attested to in my "RESPONDENTS ARGUMENT" dated October 2nd, 2012, I am still represented by no attorney. I was grossly misrepresented, ill-advised, no cooperation in working and entering evidence to Ms. Ainsworth, Senior Staff Counsel during the several times she requested for DISCOVERY before the court date. His work ethics show very little legal aptitude on how to represent legally my position as to applying for "Disability Retirement."

I would please request an extension for reconsideration based on not having proper Representation. Again I reinforce my opinion as I stated in my **RESPONDENTS ARGUMENT page 3, on erring to my credibility as a witness.** There is no reference at all to any of my points and disclosures that I relayed to you as additional evidence or what could be done to submit to you for more credible evidence.

Again, please request me additional time to do what is needed.
