Information About Your Retirement Estimate

Projected Retirement Date: List your projected retirement date. The minimum retirement age for service retirement for most CalPERS members is age 50 with five years of CalPERS service credit. State members under the Second Tier retirement plan must be 55 years old with ten years of service credit. There are some exceptions to these requirements.

Type of Estimate for Retirement Allowance: Select the type of retirement estimate you wish to receive. Not all CalPERS members are eligible for an industrial disability retirement. Please contact your personnel office for information on eligibility.

Other California Public Retirement Systems: Reciprocity is an agreement CalPERS has with many California public retirement systems that allows movement among public employers within a specified time limit, without losing valuable retirement and related benefit rights. For additional information please refer to the *When You Change Retirement Systems* publication.

Final Compensation Period: Your final compensation is the highest average salary during any consecutive 12 or 36 month period. Which compensation period we use depends on your employer's contract with CalPERS. To calculate the final compensation, CalPERS takes your last day on payroll, and goes back 12 or 36 consecutive months. Only enter information for the final compensation period if you wish to specify a period of time other than the last 12 or 36 consecutive months before your estimated retirement date.

Temporary Annuity is an additional monthly income you may choose to augment your pension from CalPERS. If you take a disability retirement, a Temporary Annuity is not available. The benefit is payable from your retirement date to a specific age that you select. If your CalPERS membership date is prior to 01/01/2002, you may choose age 59½ or any whole age from 60-68. If your CalPERS membership date is on or after 01/01/2002, you may choose any whole age 62-70. You can also name the dollar amount you wish to receive (certain limitations apply, please refer to the Temporary Annuity publication). If your CalPERS membership date is on or after 01/01/2002 the amount of Temporary Annuity cannot exceed the amount expected from Social Security at the age specified, provided you made contributions to Social Security while employed with a CalPERS employer. It is important to note that this benefit is not free. Your CalPERS monthly lifetime retirement allowance is reduced to pay for your Temporary Annuity. For additional information, please refer to the *Temporary Annuity* publication.

Section 3
