Re.: Petition for Reconsideration  
Ref. No. 2013-0667

Dear Swedensky:

Please Reconsider the Appeal Regarding Health Benefits Coverage for Ronald High,  
Respondent.

CalPERS is totally responsible for my wife and I not having Employer Retirement Health Coverage. CalPERS's misconduct throughout this process, their misguided vesting authorization, their preconditioning in my declining existing employer retirement health coverage and the absence of a recovery mechanism for their deplorable errors has left my wife and I without employer health coverage in our retirement. Thank You.

Sincerely,

  
Ronald High
