Board and Public Agency agree that, except as provided in paragraph 11, no adjustment shall be made in the amount of contributions provided in paragraph 11a on account of prior service, or in the percentage provided in paragraph 11b, because of variations in the numbers of employees who become members of said Retirement System on the effective date hereof, from the number listed above, due to termination of service by such causes as death, resignation or discharge, or the employment of individuals not included in said number.

4. Age 65 shall be the normal minimum age for retirement for service, of miscellaneous members employed by public agency, that is, members other than Local Firemen and Local Policemen, and one-seventieth shall be the fraction of final compensation, as defined in said Retirement Law, to be provided on the average, for each year of service as a member, by the members' and Public Agency's normal contributions, upon retirement at said minimum age.

5. If a member retires for service before attaining age 55, his prior service pension shall be reduced to that amount which the value of the pension as deferred to age 55 will purchase at the actual age of retirement.

6. Prior service benefits to miscellaneous members employed by Public Agency, that is, members other than Local Firemen and Local Policemen, upon retirement for service at the normal minimum age entered in paragraph 4 hereof, shall be allowed only as a percentage of the average salary specified in said Retirement Law, for each year of such service, and said percentage shall be 100 per cent of one-seventieth. 9. The provisions of Section 21367.5 of the State Employees' Retirement Law, providing a \$300 death benefit after retirement SHALL apply to employees of Public Agency who become members of said Retirement System.
(*"shall" or "shall not"*)

10. The provisions of Section 20025 of the State Employees' Retirement Law, providing for the portion of compensation which shall be included in computations under the Retirement Law SHALL NOT apply to employees of Public Agency who become members of said Retirement System.

- b. 10.477 per cent of total salaries paid by Public Agency each month to its employees who are members of said Retirement System, provided that only salary earned as members of said System shall be included in said total salaries, and the employees who are members of said System shall include employees who become members upon the effective date hereof and employees who become members thereafter.
- c. A reasonable amount per annum, as fixed by Board, payable in equal monthly or less frequent installments, as Board shall require, to cover the costs of administering said System as it affects the employees of Public Agency, not including the costs of special valuations or of the periodical investigation and valuation required by law, provided that said amount shall be determined on the basis of the number of employees of Public Agency who are members on July 1st of the respective fiscal years, or with respect to the first year of participation, on the effective date of said participation.
- d. A reasonable amount as fixed by the Board, payable in one installment from time to time as the occasions arise, to cover the costs of special valuations on account of employees of Public Agency, and the costs of the periodical investigation into the experience under said Retirement System, as it affects said employees, and the valuation of the assets and liabilities of said System on account of said employees.

Contributions required of Public Agency and its employees shall be subject to adjustment by the Board of Administration on account of amendments to the State Employees' Retirement Law, and on account of experience under the Retirement System, as determined by the periodical investigation, valuation and determination provided for by said Retirement Law.

12. Contributions required of Public Agency under paragraph 11 immediately preceding, and contributions required of Public Agency's employees who are members of said System, shall be paid by Public Agency to the State Employees' Retirement System within thirty days after the end of the month or longer period to which said contributions refer. If more or less than the correct amount of contributions required of Public Agency or its employees is paid for any period, proper adjustment shall be made in connection with subsequent remittances of Public Agency to the Board, to rectify the errors; or such adjustments on account of errors made in contributions required of employees, may be made by direct cash payments between the employee in connection with whom the error was made, and Board. Payments of Public Agency to Board may be made in the form of warrants, bank checks, bank drafts, certified checks, money orders, or cash.
