

PAYROLL REPORTING ELEMENTS CON'T.

SOCIAL SECURITY NUMBER

"Social Security Number" must be a positive numeric value nine digits in length. It must be present on all transactions because it is used as the major source of member identification. Verify the Social Security number with the Social Security card or the Member Action Request (MSD-1). Social Security numbers beginning with 8 or 9 are invalid and will not be accepted.

In the event the Social Security number was reported incorrectly on the MSD-1 and correspondingly on the payroll reports, notify the Member Services Division, Section 821. Include in the correspondence the incorrect number, the correct number, the member's name, and a copy of the member's Social Security card.

If membership was established with the correct number, but an incorrect number has been reported on the payroll reports for one or more service periods, begin using the correct number on the next payroll report. Then notify the Member Services Division, Payroll Audits Unit (822), that the error was made.

SURVIVOR CONTRIBUTION

"Survivor Contribution" is the amount of contribution a member pays for the 1959 Survivor Benefit. Refer to the Coverage Key, Item 8.4, and the Member Action Request Form (MSD-1), to determine if the member has this benefit. Members covered by the 1959 Survivor Benefit contribute the following amounts based on the reporting frequency.

Reporting Frequency	Contribution Each Service Period
Monthly	\$2.00
Semi-monthly	1.00
Bi-weekly	0.93
Quadri-weekly	1.86

When the member is covered, the survivor contribution should always be shown as a three-digit numeric value. It may be positive or negative depending on the circumstances.

The 1959 Survivor Benefit provides for a survivor benefit upon death of the member before retirement. A member does not have both 1959 Survivor Benefit coverage and Social Security coverage with a single employer. There are exceptions, however. Contact the Membership Review Unit (841) of the Member Services Division if you have questions.

The full amount of survivor contribution is due for a service period even if only one day's earnings are reported. Make only one deduction each service period. The contribution is not due on retroactive or special compensation entries (Contribution Codes 05,15, 06 or 16).

If a member does not receive any compensation for a service period because of an official leave of absence, no contribution is due for that service period.

Entries adjusting the survivor contributions should be included as part of the current entries or prior period earnings adjustment entries (Contribution Codes 01,11, 03, and 13). If adjustments are more than \$9.99, additional adjustments may be made on a separate entry using Contribution Code 07.

The survivor contribution is *not* credited to the member's account, and is not refundable.

PAYROLL REPORTING ELEMENTS CON'T.

UNIT CODE

"Unit Code" identifies a group or unit of employees within an employer. If used, it must be three numeric digits and must be reported consistently for a member. When a member transfers to a new unit code within an employer, begin reporting the new unit code on the next payroll report.

Unit codes can provide easier member identification and payroll balancing. A separate unit code for each of the following groups should be used:

1. Elected/Appointed Officials
2. Coverage groups (when more than one is used)
3. Employees hired to work less than 40 hours per week (work schedule code should reflect this also)
4. Employees hired to work more than 40 hours per week (change work schedule code)
5. Employees with unusual/irregular duties

This code is optional for all employers except county schools. County schools must use the unit codes found in the Coverage Key.

WORK SCHEDULE CODE

The "Work Schedule Code" is a 3-digit numeric code. It is a very important entry as it is used to calculate employer rate and member retirement. It identifies what you, the employer, consider to be fulltime employment for employees in the same work group, such as by department or duties, but not by individual employee. Approved work schedule codes range from 34 to 60 hours per week. A work schedule code that is below 34 hours, or above 60 hours, must be submitted by resolution for CalPERS Board approval. The work schedule code typically will not vary from report to report.

The work schedule code must be reported for all payroll entries using contribution codes 01, 11, 03 and 13.

The monthly, hourly or daily *pay code* used for the payroll entry determines how you convert full-time employment into the appropriate work schedule code.

3-2

EXAMPLES:

PAY CODE

Monthly—01

Your full-time monthly paid employees work an average of 173 hours per month. To determine the monthly average when only a weekly average is known, use the following formula:

$$\frac{\text{hours per week} \times \text{weeks per year}}{\text{months per year}}$$

$$\frac{40 \text{ hours per week} \times 52 \text{ weeks per year}}{12 \text{ months per year}} = 173.33$$

WORK SCHEDULE CODE

= 173

= 173

NOTE: When using monthly work schedule codes always round to the nearest whole number.

Hourly—04

1. Your full-time hourly paid employees work an average of 40 hours per week = 400
2. Your full-time hourly paid employees work an average of 37.5 hours per week = 375

PAYROLL REPORTING ELEMENTS CON'T.

PAY CODE

WORK SCHEDULE CODE

Daily—08

1. Your full-time daily paid employees work an average of 5 days per week = 050
2. Your full-time daily paid employees work an average of 4.5 days per week = 045

NOTE: A decimal point is implied between the second and third position of hourly and daily work schedule codes.

PAY CODE/PART-TIME EMPLOYEES

A part-time employee's work schedule code is based on what is considered full-time employment for employees in the same work group.

For example, your part-time hourly paid employee works an average of 20 hours per week but may work more hours as needed. If employees in the same group are allowed to work up to 40 hours per week, then the work schedule code is 400 (*not* 200).

NOTE: Council Members and City Attorneys would have the same work schedule code as the regular full-time employees within your agency even if their pay is based on the number of meetings they attend.

Miscellaneous—09

Work schedule code is NEVER required.

PAYROLL REPORTING ELEMENT RELATIONSHIPS

The following chart shows the relationship among the various elements used in a payroll entry. By referring to the *Contribution Code* column, you can identify which elements are required, which elements cannot be used, which are optional, and which are restricted to certain values. See examples on the pages that follow.

- This element is mandatory.
- This element must be blank or zero.
- A Agencies reporting with diskette or magnetic tape must enter the current service period. Agencies reporting by pre-list must leave service period blank.
- B All agencies, regardless of reporting media, must enter a non-current service period. The service period entered may be either the current or a previous service period depending on the circumstances.
- C All agencies, regardless of reporting media, must enter a non-current service period.
- D Agencies reporting with diskette or magnetic tape must enter either the current or a non-current service period depending upon the circumstances. Agencies reporting by pre-list must leave service period blank if the entry pertains to the current service period, and must enter any non-current service periods.
- E Pay code is required but *cannot be* 09.
- F Pay code is required and *must be* 09.
- G Pay rate is required and it must be the *new* pay rate.
- H Pay rate is required and it must equal earnings.
- I Earnings are required and must equal pay rate.
- J This element is to be used for the portion of member contributions paid by the member that is not tax deferred.*
- K The general rule for reporting entries with contribution code 05 or 15 is that the earnings are not to be modified for Social Security coverage.
- L This element is to be used only by those employers which have the 1959 Survivor Benefit coverage contained in their contract.
- M This element is mandatory for all members when the pay code is 01, 04, or 08. When the pay code is 09, it cannot be reported.
- N This element is mandatory for all school employers and is optional for all other employers. When payroll unit codes are used by an employer, they must be used on each entry.
- O This element is to be used for the portion of member contributions paid by the employer, or for the contributions made by the member which are tax deferred.

* Contribution amount (i.e., the total member contributions paid by the member and/or the employer) must be correct for the member's total earnings reported. This means that when a member has multiple entries for a particular service period, the earnings for all entries applicable to that service period must be added together before any modification factor is applied. For example, if an entry being made for this service period is adjusting an entry for a previous service period, 1) add earnings now being reported to earnings in the previous entry; 2) subtract the Social Security modification factor (if it applies); 3) multiply the result by the member's contribution rate; 4) report any amount of contributions due that were not reported in the previous entry in the appropriate normal member paid or tax deferred member column.

SELECTING AND REPORTING CONTRIBUTION CODES

Contribution code is the key to identifying which payroll reporting elements are necessary for a payroll entry. This part provides definitions and examples of each contribution code to enable you to determine which contribution code to use and how to make the payroll entry for that code.

Contribution codes with "0" as the first digit designate *member normal contributions*. Codes with "1" as the first digit designate *tax deferred contributions paid by the member or the employer*.

CONTRIBUTION CODES 01 AND 11—NORMAL CURRENT CONTRIBUTIONS

Contributions paid by members on their normal regular earnings, for the current service period only.

If a person receives a salary increase or decrease during the current service period, then both pay rates must be reported. This will require two line entries, reporting the proper amount earned under each pay rate.

Example 1: Michael J. Griswold earns \$1000.00 per month. His employer pays half of his member contributions. Report his normal regular earnings as follows:

CONTRIBUTION CODES 02 AND 12—PRIOR PERIOD CONTRIBUTION ADJUSTMENT

An adjustment is necessary to correct an error on a member's contribution amount when either an incorrect rate was applied or an error in calculation was made.

A single contribution code 02 or 12 entry can be used to correct contribution errors for more than one service period by entering the earliest service period being adjusted. Should CalPERS discover the error, the employer will be requested to make the adjustment on the next payroll report. Should the employer discover the error, the adjustment should be made on the next payroll report without waiting for notification by CalPERS.

There are two ways to use contribution code 02 or 12.

Method No. 1—to report contributions incorrectly calculated.

Example: Karen M. Regan's contributions for the July 1996 service period were calculated incorrectly; an overpayment of \$9.50 was made. All of the member contributions are paid by Karen and are not tax deferred. Correct this overpayment as follows:

Method No. 2 — contributions reported in the wrong field (normal or Tax Deferred Member Contributions (TDMC)).

An adjustment is necessary to correct member contributions previously reported in error as normal member (or as tax deferred) contributions. Should the employer discover this error, use the following example(s) to correct the member account. A single entry using contribution codes 02 and 12 can be used to correct contributions reported in the wrong field for more than one service period.

Example: James L. Tate's contributions were tax deferred beginning with the 07/96/3 pay period. However, they were reported as member normal contributions. The employer did not discover the error until the 03/97/5 payroll was being prepared. Correct the 07/96/3 through 03/97/4 service periods as follows:

The same entry would be used to correct prior period contributions reported in error as tax deferred (when they were actually normal member contributions), as shown in the E.R. Johnson example below.

CONTRIBUTION CODES 03 AND 13—PRIOR PERIOD EARNINGS ADJUSTMENT

Member earnings reported in arrears and adjustments to correct *pay rates* and/or *earnings* previously reported in error.

When contribution code 03 or 13 is used to report corrections for more than one service period, you must use a separate transaction for each service period so that CalPERS can properly credit service to a member's account.

A non-current service period must be entered for every code 03 or 13 transaction. Be sure to use the coverage group code that applied to the member during the service period being corrected (Coverage Key, Item 3.0).

There are three ways to use contribution code 03 or 13.

Method No. 1—to report earnings in arrears, i.e., when a member was erroneously omitted from a previous payroll report.

Enter the transaction as it should have read, using the correct previous service period and contribution code 03 or 13.

Example: Barry Meyers began working for your agency July 1, 1996 but was not included on the July 1996 payroll report. Barry's employer pays his entire member contributions. Report his earning as follows:

Method No. 2—to correct pay rate and earnings or an entire entry that was previously reported in error.

Enter the original transaction (including the original service period) but use contribution code 03 or 13 and report member earnings, contribution amount and survivor contribution as negative amounts. This removes the incorrect entry. Now enter the correct transaction, again using the original service period and contribution code 03 or 13. If a non-member was reported in error, reverse out the original entry and stop there.

Example: Paula R. James was reported incorrectly for the January 1996 service period as a miscellaneous member (coverage group code 70001). She became a police officer on January 1, 1996 (coverage group code 75001). Member contributions are paid by the member for miscellaneous service but paid by the employer for police officers. Correct this error as follows:

Method No. 3—to increase or decrease the amount of earnings previously reported. This method is used to correct earnings and contribution amount. If the pay rates, service period and/or coverage group code needs to be corrected, use Method No. 2.

Make an entry which includes the original service period, coverage group code, and pay rate; report the *difference* in earnings and contributions using contribution code 03 or 13. Multiply earnings by contribution rate to get the correct contribution amount, modifying for Social Security if it applies.

Example: Jane Brown was reported with her full salary of \$1,000.00 for July 1996. In August it was discovered that she was docked and her earnings for July should have been \$900.00. Jane's employer pays half of her member contributions. The payroll entry for July was:

CONTRIBUTION CODE 04 AND 14—CONTRIBUTION RECEIVABLE

Contributions a member makes for redepositing contributions previously withdrawn, contributions for purchasing service credit, or other special instances where a receivable is necessary.

A contribution code 04 or 14 entry may ONLY be used after CalPERS has established the receivable and has sent the employer an Authorization for Contribution and/or Rate Adjustment Form PERS-MEM-823C. (See Membership Section 2.85.) The MEM-823C will identify:

- a) the member
- b) the date the deduction should begin
- c) the amount of the deduction and
- d) the total number of payments required

In addition, the 14 entry may only be used after filing a resolution with CalPERS. See 'General Information' in this chapter.

Members may have more than one receivable deduction at any given time. Each MUST be reported as a separate transaction. The receivable will be included in the member normal contributions on the Payroll Listing and Summary Report (ACC-626).

Report the receivable only in the exact amount authorized by the MEM-823C. Never combine a receivable with any other type of contribution. If it becomes necessary to report a receivable retroactively, enter the applicable service period and make a separate entry for each period. Be sure to report the receivable using the coverage group code specified on the MEM-823C.

Begin the deduction on the date shown on the MEM-823C, and continue to take deductions without interruption until all of the payments have been made. Failure to do this could result in additional cost to the member.

Example: Celia B. Williams wants to redeposit previously withdrawn CalPERS contributions. You have received the MEM-823C form from CalPERS authorizing a \$13.00 monthly payment. Report the receivable as follows:

CONTRIBUTION CODES 05 AND 15—RETROACTIVE SALARY ADJUSTMENT

An entry for reporting contributions based on earnings received because of a retroactive salary adjustment.

A single contribution code 05 or 15 entry may be used to report a retroactive salary adjustment covering previous service periods. The service period should reflect the earliest service period involved in the adjustment. The transaction should have the member's new pay rate and the total additional earnings and contributions for the period; i.e., report the *difference* in earnings and contributions. When more than one pay rate is involved in the retroactive adjustment, report a single entry for each new pay rate.

No modification factor should be applied to retroactive salary adjustments.

Example: Richard Benson was granted a retroactive salary increase effective April 1, 1996. His old pay rate was \$1500.00 monthly; his new pay rate is \$1600.00 monthly. The current service period is August 1996. Richard Benson's employer pays his entire member contributions. Report this retroactive increase with a single entry as follows:

CONTRIBUTION CODES 06 AND 16—SPECIAL COMPENSATION

(Note: The corresponding pay code "09" must be used with contribution code 06 or 16.)

Contributions members make on special compensation items, such as additional pay for hazardous duty, bonuses, incentives, or payments received for services rendered on other than a monthly, hourly, or daily basis.

Example: Glenn Adams received a \$25.00 uniform allowance for this service period. Glenn pays his own member contributions. Report this special compensation with pay rate equal to earnings as follows:

CONTRIBUTION CODE 07—PRIOR PERIOD SURVIVOR CONTRIBUTION ADJUSTMENT

(Note: The corresponding pay code "09" must be used with contribution code 06 or 16.)

An adjustment necessary to correct an error in the Survivor Contribution for a member. Current Survivor Contributions should be reported with the regular line entry.

A single contribution code 07 entry may be used to correct multiple reporting errors by accumulating the Survivor Contribution amount for each service period into one total amount (not to exceed \$9.99) and entering the earliest service period being adjusted.

Example: Bradley L. Jones' Survivor Contributions were not reported for the July and August 1996 service periods. Report the contributions for both service periods as follows:

CONTRIBUTION CODE 08*—EMPLOYEE PAID ADDITIONAL CONTRIBUTIONS

Only applies to members who have had this payment made continuously prior to 7-01-83. It does not apply to receivables, retroactive pay increases, adjustments in contributions or special compensation.

Additional contributions are paid voluntarily by the member. No additional service is credited. These contributions cannot be tax deferred.

To make additional contributions to CalPERS, a member must have obtained authorization from CalPERS via the MEM-13 form.

Example: Laura Jensen contributes an additional \$50.00 to CalPERS each month. Report these additional contributions as follows:

Additional contributions are paid into the member's account by the employer. No additional service is credited.

To make "additional contributions" to CalPERS, the employer must have received authorization from CalPERS via a resolution.

Example: Your employer pays additional contributions in the amount of \$30.00 per month for each employee. Report the employer paid additional contributions for Larry Singer as follows:

*Accounts for additional contributions, either member or employer paid, are no longer available to members unless the account was established prior to July 1, 1983. After that date, members and employers who make contributions into "additional" accounts may not change the contribution amount in any way. The only option available to them is to stop making "additional" contributions altogether.

REPORTING EMPLOYER PAID MEMBER CONTRIBUTIONS (EPMC) AND EMPLOYER PICK-UP (EPU)

Employer Paid Member Contributions converted to base salary in final compensation period (last 12 or 36 months of employment).

Mr. Jones receives \$2,000 per month and the employer pays the member contributions at seven percent of salary (EPMC) for the entire group or class of employees until their final compensation period. The employer has amended their contract with CalPERS so that the EPMC is converted to salary and member contributions are paid by all employees in a group or class in their final compensation period (Government Code Section 20692).

BASIC CONTRIBUTION CALCULATION

This section defines the basic method of calculating member normal contributions. It does not apply to receivables or additional contributions.

The method of calculating the member's normal contributions varies depending upon the member's contribution rate, provisions of the employer contract and whether or not the member has Social Security coverage. However, the following basic instructions apply for *all* members:

Step 1: Locate in the Coverage Key the coverage group which applies to the member.

Step 2: Check Coverage Key Item 6.2, Member Contribution Rate, under the proper coverage group. One of the following will be found:

- a. (percentage rate) "ALL EARNINGS"
- b. (percentage rate) "MODIFIED EARNINGS"
- c. "VRBL—SEE RATE TABLE"

NOTE: If Item 6.2 indicates 0%, report a zero contribution amount and stop here.

Step 3: If (a) applies, multiply the member earnings reported by the percentage rate indicated in Item 6.2.

If (b) applies, modify the member **total earnings each service period (regular earnings and special compensation)** using the OASDI Modification Chart below. Multiply the modified earnings by the percentage rate indicated in Item 6.2.

NOTE: Employees working in two or more units will have a Social Security modification factor applied *only one* for the total earnings in the service period.

If (c) applies, the member earnings may or may not need to be modified. Check Coverage Key Item 6.1, Formula. Modify the **total earnings each service period (regular earnings and special compensation)** *only* when the retirement formula is followed by "M". Next, multiply the modified or unmodified earnings by the contribution rate. This rate is based upon the employee's nearest age at entry into safety service covered by this retirement formula. Contact the person responsible for completing the Member Action Request, MSD-1, to find the rate.

See examples on following pages.

NOTE: CSUC Auxiliary Organizations which contract for the same contribution rate and modification factors as State Miscellaneous members will calculate contributions according to the formula applicable (Government Code Section 20680). The Coverage Key will indicate this option by listing *Item 8.11*. It also provides the modification table to be used.

NOTE: Do not apply the full OASDI modification factor more than once per period. If total earnings (regular pay rate and special compensation) is less than earnings on the OASDI modification chart, all earnings will be modified by .66667 to calculate member contributions.

NOTE: CSUC Auxiliary Organizations which contract for the same contribution rate and modification factors as State Miscellaneous members will calculate contributions according to the formula applicable (Government Code Section 20680). The Coverage Key will indicate this option by listing *Item 8.11*. It also provides the modification table to be used.

Employees working in two or more units will have a Social Security modification factor applied only once for the total earnings in the service period.

PAY RATE/EARNINGS RELATIONSHIP

Pay rate indicates that amount of compensation a member is paid for a unit of time (i.e., hour, day or month). The pay rate should remain stable throughout a fiscal year except for pay raises, changes of position, etc. If a member works in more than one position, has a raise in the middle of a pay period, or has a variable pay rate, report amounts earned under each pay rate separately.

An *hourly* pay rate is that rate of compensation to which an employee is entitled under an employment agreement which provides for compensation for each hour of regular time worked by the employee.

A *daily* pay rate for both a full-time and a part-time employee is that amount of compensation to which a full-time employee is entitled when the employee's services are performed under an employment agreement which provides for a daily rate of compensation.

A *monthly* pay rate for both a full-time and a part-time employee is that amount of compensation to which a

full-time employee is entitled, when the employee's services are performed under an employment agreement which provides for a monthly rate of compensation.

IMPACT ON FINAL BENEFITS

Reporting correct pay rates for your active members is essential in calculating correct member benefits at retirement. The three critical elements used in calculating retirement benefits are:

- 1) service credit
- 2) final compensation
- 3) age at retirement

Service credit and final compensation are directly related to the pay rate and earnings reported for the member.

Service Credit is derived from the pay rate and earnings reported. It is based on the way a member is paid.

-42

EARNINGS DIVIDED BY PAY RATE EQUALS SERVICE CREDIT.

<p>Example:</p>	<p>1. $\frac{\text{Member Earnings}}{\text{Monthly Pay Rate}} = \frac{\\$1,200.00}{\\$1,200.000} = 1.000$ month of service credit</p> <p>2. $\frac{\text{Member Earnings}}{\text{Monthly Pay Rate}} = \frac{\\$ 600.00}{\\$1,200.000} = .500$ month of service credit</p> <p>3. $\frac{\text{Member Earnings}}{\text{Hourly Pay Rate}} = \frac{\\$ 600.00}{\\$ 7.500} = 80$ hours of service credit</p> <p>4. $\frac{\text{Member Earnings}}{\text{Daily Pay Rate}} = \frac{\\$ 600.00}{\\$ 30.000} = 20$ days of service credit</p>
------------------------	--

A member in full-time employment will be credited with one year of service for any of the following:

- a. 10 months for those paid on a monthly basis;
- b. 215 days for those paid on a daily basis; or
- c. 1,720 hours for those paid on an hourly basis.

Partial credit will be given for those working less than the full amount of a, b, or c above. Service credited in hours, days or months is converted to a percentage of a year at the end of each fiscal year.

Service credit for each fiscal year is combined to arrive at total service credit.

Final compensation is the average monthly full time *pay rate* reported for the three consecutive years of employment immediately preceding the last day on the payroll, unless the member designates another three year period in which the pay rate was higher. (Some agencies contract with CalPERS for a one year average instead of the three year average.)

PAY RATE/EARNINGS RELATIONSHIP CONT.

FULL TIME SERVICE CREDIT

As one of the major factors used in the retirement calculation, service credit is checked carefully for each payroll entry. CalPERS limits the amount of service credit for each entry to full time; if you report excess service credit on a payroll entry, CalPERS will send a service credit discrepancy notice. The following table provides the maximum full time service credit for each type of pay rate (monthly, hourly, daily) and each reporting frequency (monthly, semi-monthly, bi-weekly, and quadri-weekly).

MAXIMUM SERVICE CREDIT AMOUNT			REPORTING FREQUENCY
Monthly Pay Rate*	Hourly Pay Rate*	Daily Pay Rate*	
1.000 month	160 to 184 hours**	20 to 23 days**	MONTHLY (12 pay periods per year)
.500 month	80 to 96 hours**	10 to 12 days**	SEMI-MONTHLY (24 pay periods per year)
.462 month	80 hours	10 days	BI-WEEKLY (26 pay periods per year)
.923 month	160 hours	20 days	QUADRI-WEEKLY (13 pay periods per year)

- * Pay rate *should not* fluctuate, unless the member receives a pay raise or is demoted.
- ** Since monthly and semi-monthly service periods vary, the maximum hours and days will fluctuate. The hours and days shown here represent the highest amounts which could ever be reported for that frequency.

FULL-TIME SERVICE CREDIT—ELECTED OFFICIALS

Elected/appointed officials who elect to be covered by CalPERS must receive full time service credit during their term of office. Compensation, not reimbursement of expenses, must be reported on a monthly basis in all cases. If the official receives a monthly amount of compensation but the reporting frequency is other than monthly, use the following guidelines to report the individual on your payroll:

- 1) list the person on only one report each month;
 - 2) use contribution code 03 or 13; and
 - 3) use service period type "0" for that entry.
 - 4) Report in a separate unit code from regular employees, if unit code is used.
- OR:** Submit a separate monthly payroll report for elected officials.

SCHOOL MEMBER PAY RATES

Report school members to CalPERS using the actual rate of pay at which they are hired, i.e., hourly, daily, monthly. *Do not* convert an hourly or daily pay rate to a monthly equivalent, as this could result in incorrect final benefits for the member.

SCHOOL MEMBERS—REPORTING EQUAL PAYMENTS

Some districts make equal salary payments to their employees throughout the school year. The district may report member earnings as equal payments to CalPERS *providing the member actually works during the month being reported*. Salary withheld during the school year to pay members during the time they are off should be reported when earned. Do not report the reduced earnings during the school year and the payments made when the members are off.

The following method is suggested for reporting equal payments for hourly paid employees to CalPERS:

1. Determine the total hours the employee will work during the school year.
2. Add vacation and holiday hours.
3. Multiply the total of No. 1 and No. 2 by the hourly pay rate found in the employment agreement between the employee and the district. This determines annual salary.
4. Divide the annual salary by the number of months the member will actually render service during the school year. Count a whole month even if the member only works a partial month.
5. Report the amount calculated in No. 4 in the "Member Earnings" column of the payroll listing. Docks, terminations prior to the end of the school year, etc., would alter earnings accordingly.

REDUCED WORKTIME PROGRAM FOR CLASSIFIED SCHOOL MEMBERS

Certain classified and certificated school district members may enter a reduced worktime program without loss of retirement credit, if the governing board of a school district or community college district elects to establish regulations to implement such a program (Sections 44922, 45139, and 87483, 88038 and 89516 of the Education Code and Sections 20900, and 20905 of the Government Code).

The minimum requirements for such a program are:

1. Eligible employees must be at least 55 years old;
2. The employee must have 10 years full-time classified service and the immediately preceding five years must be without a break;
3. Transfer to reduced worktime is optional to the employee and termination requires employee and employer consent;
4. Salary shall be a pro-rata share of the active salary and no benefit entitlements shall be lost, including health, survivor and disability benefits, and retirement;
5. The minimum part-time employment level must be 50% of the employee's previous full-time employment;
6. The part-time program shall not exceed five years nor extend beyond the end of the school year during which the employee reaches age 70.

The employer, not CalPERS, is required to verify the eligibility of the employee and to maintain the necessary records to identify the employees involved in the program.

No notice is required to be sent to CalPERS. The employer should report employees under the reduced worktime program as if they had worked full time; i.e., report the pay rate and earnings the employee would receive if she/he works full-time. The employee will also pay member contributions based on the full-time earnings reported. This will result in full service credit and benefits based on full salary levels. The employer contributions on the full-time pay will automatically pay for the cost of the program.

PAY RATE/EARNINGS RELATIONSHIP CON'T.

REPORTING "PREMIUM PAY" UNDER THE FAIR LABOR STANDARDS ACT (FLSA)

The FLSA determines at what point premium pay must be paid to employees. However, "premium pay" time under the FLSA is not the same as overtime as defined by the Retirement Law. California Government Code Section 20635 defines overtime for retirement purposes as "... the aggregate service performed by an employee ... in excess of the hours of work considered normal for employees on a full-time basis ...".

For reporting to CalPERS, keep in mind you need to report all compensation that is paid for normal full-time service. When reporting "premium pay" (as defined by FLSA) care must be taken not to disturb the pay rate/earnings relationship so the member will receive the correct service credit.

If the member is being reported with a monthly pay rate, the member should continue to be reported with the regular monthly pay rate and earnings. The additional earnings the member receives (the "premium pay") should be reported as special compensation.

PAYROLL REPORTING METHODS AND FORMS

This Section describes the four basic methods of reporting payroll to PERS—*pre-list, Payroll Reporting System (Personal Computer), diskette (format 1 only), and magnetic tape*—and explains how to complete the various forms involved in the reporting process.

CHANGING REPORTING METHOD

Should you wish to change your reporting method, provide written notice for approval to the Payroll Processing Unit (863) at least 30 days prior to the change. Study the method and specifications carefully to be sure that your employer can comply with the standards.

When your agency converts to the IBM Diskette, or magnetic tape reporting method, parallel reports are required until you are notified that the computer generated reports are correct and compatible with CalPERS equipment. The first report using the new method should have a note enclosed indicating "first run".

AGENCIES REPORTING VIA COMPUTER METHODS MUST HAVE THE CAPACITY TO RETAIN A BACK-UP FILE OF EACH PAYROLL FOR AT LEAST 3 MONTHS AFTER THE PAYROLL IS SUBMITTED TO CalPERS.

Frequency of reporting to CalPERS should always coincide with your payroll periods. If you wish to change your frequency, please provide written notice to the Payroll Processing Unit (863) at least 30 days prior to the change.

SUBMITTING MULTIPLE REPORTS

Should you wish to begin submitting multiple payrolls for the same service period (same employer code and service period type code), or if you wish to increase the number of multiple payrolls to be submitted each period, contact the Payroll Processing Unit (863) *prior to* sending the first reports. CalPERS will assign a 3-digit office code to *each report*. Office codes must be used on all subsequent payrolls so that CalPERS may separately identify them each service period.

CHANGING REPORTS TO INCLUDE EMPLOYER PAID MEMBER CONTRIBUTIONS OR TAX DEFERRED MEMBER CONTRIBUTIONS

Effective July 1983 it became mandatory for agencies who pay any portion of member contributions under Government Code Section 20615 to designate those contributions separately on CalPERS reports. This way of reporting is also to be used by those employers who implement a program of deferring taxes on employee contributions to CalPERS under IRC 414(h) (2).

Agencies who report via pre-list method will see two columns on the Payroll Listing (MEM-625A) to be used for this purpose. Agencies who report via computerized methods will see the fields in the record formats, and columns on the hardcopy payroll listing to be used for this purpose.

PRE-LIST METHOD

The pre-list method is a manual method of reporting payroll to CalPERS for employers who do not have access to data processing equipment. With this method, CalPERS stores the latest payroll transactions received from an employer and prepares a detailed list of the information on a Payroll Listing, form PERS-MEM-625A. This pre-list is mailed to the employer for use in preparing the payroll for the next service period.

The updated pre-list is combined with a completed Summary Report, Member and Employer Contributions (ACC-626), the remittance, and mailed to CalPERS.

The components of the pre-list method are:

1. Payroll Listing—PERS-MEM-625A (pre-list).
2. Summary Report, Member and Employer Contributions—PERS-AESD-626.
3. Remittance payable to CalPERS.

REPORTING DEADLINES, ADMINISTRATIVE AND DELINQUENCY CHARGES

All payroll reports must be *received* in the CalPERS Sacramento office within 30 calendar days after the close of a service period, or 20 calendar days after CalPERS mails the pre-list for that service period, whichever is later. If an employer fails to file a payroll report on time, CalPERS will assess a minimum administrative charge of \$200 for every report that is late. This charge will cover the added costs of follow-up and special handling.

Delinquency changes are covered in more depth in the Summary Report section of this chapter.

CalPERS will only consider a payroll report "received" if the report is *complete* and *correct* according to the requirements set forth in this manual. Payroll reports that cannot be processed routinely will be returned to the employer for correction. These payrolls shall be resubmitted within 20 calendar days or a minimum administrative charge will be levied.

Member and employer contributions must be *received* in the CalPERS Sacramento office within 15 calendar days after the close of a service period. If an employer fails to pay at least 90% of the contributions on time, CalPERS may assess a interest charge on the amount outstanding from the date the contributions were due to the date they were actually received. The interest rate used will be the rate CalPERS earns on short term investments.

FOR AGENCIES REPORTING BY PRE-LIST: If the agency does not have a pre-list to send, it is the agency's responsibility to request a pre-list so that the current payroll may be filed.

NOTE: CalPERS may grant time extensions and/or waive delinquency or administrative charges under certain conditions. See: ALL REPORTING METHODS; Time Extensions and Waiver.

PAYROLL LISTING—PRE-LIST (PERS-MEM-625A)

PURPOSE:

The Payroll Listing (PERS-MEM-625A) provides employers who report by the pre-list method with the latest payroll information in CalPERS files. The employer manually updates the data on the listing and returns it to CalPERS as the payroll report for the current service period.

WHEN TO COMPLETE:

Update and return the pre-list Payroll Listing to CalPERS each service period. Failure to comply within the specified time period will result in administrative and/or delinquency charges.

SPECIAL INSTRUCTIONS:

1. Return the original MEM-625A, and keep the yellow copy for your records.
2. The office code and batch number in the upper left hand corner of the Payroll Listing are assigned by CalPERS for identification purposes. Please do not change either of these items or combine pages of listings with different batch numbers or office codes in a single report.
3. The reference number which appears in the first column of the Payroll Listing is assigned by CalPERS as an aid in referencing the record. *Do not* change or add a reference number for any transaction.
4. Use the Summary Worksheet page of the Payroll Listing as a tool for completing the Summary Report (ACC-626) by transferring Summary Worksheet totals directly onto the Summary Report.
5. If payroll reporting is not current, request one or more duplicate copies of the Payroll Listing so that your payroll reporting will once again be current. Since the duplicate Payroll Listings were developed from the same service period, any additions, deletions or changes must be carried forward to each report until the data is submitted and CalPERS updates the files. *Request duplicate copies by phoning or writing to our Delinquency Control Unit, Section 863.* Photocopies of previous listings will be accepted *only under unusual circumstances with prior approval.*
6. CalPERS prints the Payroll Listing for each employer in sequence by unit code (if applicable) and surname (alphabetically).
7. For basic information on each item used in a payroll entry, see: "PAYROLL REPORTING ELEMENTS" in this manual.
8. BURST THE PAYROLL REPORT, AND SUBMIT THE PAGES IN NUMERICAL ORDER WITH THE SUMMARY WORKSHEET PAGE LAST. The Summary Report (AESD-626) is attached to the front of the entire payroll.

Instructions for Completion

1. Enter the current service period on every page in the "Service Period" block, upper left-hand corner.

2. Add those payroll entries which apply to the current service period being reported and are not included on the Payroll Listing supplied by CalPERS. Make an addition by entering all the necessary data on the line following the last payroll entry on the Payroll Listing, or on a blank MEM-625A. DO NOT enter additions BETWEEN lines of the pre-printed data. Do not make additions on the Summary Worksheet (final page) of the Payroll Listing. Arrange the additions in member surname alphabetical sequence, or, if unit codes are used, arrange the additions alphabetically within unit groupings.

Do not assign a reference number; CalPERS assigns.

3. Change any information (such as earnings, contributions, Social Security number, etc.) that is shown incorrectly on the Payroll Listing. Make a change by drawing a single line through the incorrect information (the entire field, not just the incorrect digit or letter), entering the new data immediately above, and circling the reference number on the line being changed. Do not line out too heavily as the data must be visible for modification by CalPERS.

					CONTRIBUTIONS	CONTRIBUTIONS	CONTRIBUTIONS	CONTRIBUTIONS
				EARNINGS	4160.00			
					187.40			187.40

				UNIT 200 TOTAL			6.00	

NOTE: "Earnings" is the total of column 8 (by unit or page).
 "Normal Member Contributions" is the total of column 11 entries that use contribution codes 01, 02, 03, 04, 05, and 06.
 "Additional Contributions" is the total of column 11 entries that use contribution codes 08 and 09.
 "Survivor Contributions" is the total of column 12.
 "Tax Deferred Member Contributions" is the total of all column 16 entries.

PAYROLL LISTING—MODIFIED PRE-LIST (PERS-MEM-625A)

PURPOSE:

A modified pre-list should be requested anytime 75% or more of the member earnings, contribution amounts and/or pay rate entries will be changed for a service period. The modified pre-list is a Payroll Listing (MEM-625A) with certain columns left blank to accommodate those changes.

WHEN TO COMPLETE:

The "Modified A" should be used only when 75% or more of the pay rate, earnings, and contributions will change. The "Modified B" should be used only when 75% or more of the earnings and contributions will change.

SPECIAL INSTRUCTIONS:

1. Request the appropriate version by telephoning or writing to the Payroll Processing Unit, Section 863.
2. The pay rate (Modified A only), earnings and contributions must be entered for every transaction being reported even if there was no change from the previous service period.
3. The instructions which apply to *adding, changing, or deleting* a payroll transaction and *accumulating totals* for the regular Payroll Listing apply to the modified listings as well. However, when changing an entry it is not necessary to circle the reference number.
4. Return the original MEM-625A, including the Summary Worksheet page, and keep the yellow copy for your records.
5. Burst the payroll report and submit the pages in numerical order with the summary worksheet page last. The Summary Report (ACC-626) is attached to the front of the entire payroll.

PAYROLL REPORTING SYSTEM—PERSONAL COMPUTER METHOD

PAYROLL REPORTING SYSTEM—PERSONAL COMPUTER METHOD

The CalPERS Payroll Reporting System is a software package developed by CalPERS designed to replace the Pre-list reporting method. The same restrictions apply concerning what data must be given and what must be left blank for the different contribution codes. The only difference is that you will now be entering the data on your PC instead of paper, allowing certain error checks to be done at the time the data is entered. Information on installing this system on your PC is available from CalPERS. Contact the Payroll Processing Unit by telephone or mail. You will be sent a more comprehensive package explaining the system in greater detail.

INSTRUCTIONS FOR COMPLETION

Each time you access the Payroll Reporting System, you will be prompted as follows:

Are you beginning a new payroll? (Y/N)

(If so, all one-time records will now be deleted;
all other records will be given the current period.)

If you are continuing work on a payroll report that was begun earlier, respond with a "N" for "No". All records will be kept intact and you will then be taken straight to the Payroll Reporting System menu.

However, if you are about to begin a new payroll report, answer the prompt:

Is this a Special Payroll?

with a "Y" for "Yes" if it is a special payroll report or a "N" for "No" if it is a regular payroll report.

The following will then appear on your screen:

Please enter the
new service period - Month: Year: Type:

The system will check for a valid month and period type. It will then compare the data you have entered for the new payroll report against the report already on file to make sure that you have entered a new service period. If your new entry matches the period already on file and neither report is a special payroll, a message will inform you of this and you will again be prompted as to whether you are beginning a new payroll report. If your entry does not match the period on file or one of the reports is a special payroll, the data will be accepted; all one time records will then be deleted and all remaining records will receive the new service period. The date that you begin the new payroll report will also be entered into the control record.

YOUR FIRST TIME THROUGH

Your first time into the system you will respond that you are beginning a new payroll by pressing "Y"; answer the special payroll prompt by pressing either "Y" or "N". Enter the service period month, year and type for the payroll you are about to prepare.

The service period type must be between 0 and 7 inclusive.

The system menu will now appear on your screen.

You can select items from this menu in two ways. You can either press the first letter of the task you wish to perform or you can use the up/down arrow keys to highlight the option and press "Enter". As you highlight each option, the bottom line of the menu gives you a brief description of that task.

Your first time into the system you must enter the control data before you can add any records to the payroll file, so choose the first item either by pressing "C" or by highlighting it and pressing "Enter".

PAYROLL REPORTING SYSTEM—PERSONAL COMPUTER METHOD CONT

EDITING THE CONTROL RECORD

The control record appears in two screens. The first screen contains the employer name and code, unit code, current service period, file creation date, and office code.

<u>F I R S T C O N T R O L R E C O R D</u>
Employer Name:
Employer Code:
Unit Code: 000
Current Service Period - Month: 12 Year: 87 Type: 1
Creation Date (MMDDY): 01158
Office Code: 000

3-6

Notice that the service period and file creation date have already been entered; they were stored here when you answered that you were beginning a new payroll. The employer name and code must be filled in before you can enter any employee records. If you do not use unit codes, enter 000 in that field. If you do use unit codes, enter the first unit code only.

When you press "Enter" on the last field or press "PgDn" from any field, the second screen of the control record will appear as shown on the following page.

PAYROLL REPORTING SYSTEM—PERSONAL COMPUTER METHOD CON'T

2.	2. 0.00000
3.	3. 0.00000

5.	5. 0.00000
6.	6. 0.00000

8.	8. 0.00000
9.	9. 0.00000
10.	10. 0.00000

70

Here you enter the applicable coverage groups and the employer rate for each (See your Coverage Key). You can enter as many as ten coverage groups. Employer rates must be converted from percentage to decimal form before they are entered; for example, 7.5% would be entered as 0.07500. When you have finished with this screen press "PgDn".

You will then be asked to verify that all the data in the control record is correct. If it is, press "Y"; the data will be stored in the file and the system menu will return. If you press "N" the first control screen will appear again and you will be allowed to change anything on it or the second screen. If you want to clear the data you just entered and quit back to the menu, press "Q".

Hereafter, you will probably only need to edit the control record when the coverage groups and/or employer rates change.

PAYROLL REPORTING SYSTEM—PERSONAL COMPUTER METHOD CONT

ADDING RECORDS—CREATING A PAYROLL

To build your data file choose item "Add" from the system menu; a blank record will appear on the screen for you to fill in. At the top you will see the number of the record you are adding.

Adding Record No. 1

Employer Code: 1450	Social Security #:	-	-

Survivor Contribution: 0.00			
Work Schedule Code:	Unit Code:	000	
Tax-Deferred Member Contributions - Code:	Amount:	0.00	

3-7

The same reporting requirements and relationships apply here as for a Pre-list.

After you have entered the data it will be put through a series of error checks to make sure it meets reporting requirements. If there is an error, a message will display telling you what it is, along with a prompt to "Press Q to quit or any other letter to continue. . .". If you press "Q" the data will be cleared and you will return to the payroll system menu; any other letter or number will hold the data and let you go back and change the field in question.

When the data passes the error checks, you will be asked to verify that the record is correct. If you respond with a "N" (No), the cursor will move to the beginning of the record and you will be allowed to change any of the fields; if you respond with "Q" (Quit) the data will be cleared and you will return to the menu.

If you press "Y" (Yes), you will be asked whether this is a one time record. Most of your records will probably be for normal current contributions (codes 01 and 11 or 06 and 16) which will be used every period; these would not be one time records. All other codes will probably be one time records; i.e., you will not need them the next payroll period. These one time records will be deleted when you begin a payroll report for a new service period.

After you answer this prompt, the record will be written to the file and you will be asked whether you want to add another record. If you press "Y" another blank record will be displayed. If you press "N" you will return to the menu.

PAYROLL REPORTING SYSTEM—PERSONAL COMPUTER METHOD CONT

UPDATING THE FILE

Once you have done the initial building of your file, most of your use of this system will probably be with the editing functions. There are now two ways to edit the payroll file.

EDITING SPECIFIC MEMBERS

From the main menu select the "Edit/Delete" function. You will then be prompted for the last name and then the social security number of the member whose records you want to edit.

The system will search through the index for the first record for that member. If it does not find one it will tell you that no such record exists, and to press any key to continue. You will then be given the choice of whether to edit another member's record(s) or return to the main menu.

When the system does find the member you specify, it will display the first record for that person. At the bottom of the screen will be displayed the options of "Editing", "Deleting", "Undeleting" or "Skipping" this record, or "Quitting" back to the menu. Select by pressing the first letter of the option you want or by using the arrow keys to highlight the option and pressing Enter.

EDIT: This will display the record on the screen and allow you to change any of the fields. All of the data will then be run through the error checks. After you verify that the data is correct, the next record for this member (if there is another one) will be displayed, giving you the same options.

DELETE: Choosing this option will mark the record for deletion, and an indicator will appear at the top of the screen.

UNDELETE: This lets you unmark a record that may have been incorrectly marked for deletion. This can only be used before the file is packed and the records are permanently removed.

SKIP: This will bring up the next record for this same member, if another record exists. Otherwise, you will be asked if you would like to edit another member's records. If so, you will be prompted for

another last name and social security number. Otherwise, you will return to the main menu.

PERFORMING A MASS UPDATE ON THE FILE

The "Mass Update" option on the main menu allows you to scroll through the entire file and make any desired changes as you go. This is for those times, for example, when you might need to change everyone's pay rate. After choosing this option, the first record in the index is displayed on the screen. At the bottom you are given the options of "Adding", "Editing", "Deleting", "Undeleting" or "Skipping" a record, or "Quitting" the update function and returning to the main menu.

The "Add" function works the same as explained above, except that the new record will pull in the name, social security number, and coverage group of the last record displayed on the screen, along with the current service period.

In addition to using "Skip" to scroll through the file, your "PgUp" and "PgDn" keys will allow you to move backward and forward through the records.

All of the other options work the same here as explained above. The only difference is that there you can quickly scroll through the entire file, without having to perform a search for each member's records.

PACKING THE FILE

When you delete records through the "Edit" and "Mass Update" functions, those records are only **marked** for deletion. They do not actually get deleted until you pack the file. This gives you the chance to go back in and undelete records you realize later were mistakenly marked. Be sure to perform this function before you prepare the final output for CalPERS.

PAYROLL REPORTING SYSTEM—PERSONAL COMPUTER METHOD CONT

PRINTING A LISTING

When you think you have the file updated and you want a listing to proofread or you are ready to print a final listing to be sent to CalPERS, select the "Output Listing" option from the main menu. You will be prompted to put wide paper in your printer and set it to top of form, then press a key when you are ready to print. If you have a narrow carriage printer, you can set it to condensed print before printing and the report will then fit on 8.5" paper. This is all you have to do; the report will be printed with a summary page at the end. You will then be returned to the menu.

If any records on the listing are preceded by "<D>", this means that the record is marked for deletion and the file should be packed before preparing the final listing and diskette for CalPERS.

PREPARING THE FINAL LISTING AND DISKETTE FOR CALPERS

When you have proofread the draft listing and made any final changes to the payroll file, you will be ready to submit the file and listing to CalPERS. If you made any changes to the file since the last printing, be sure to print an updated listing for us to accompany the diskette. To prepare the diskette, select the "Diskette for CalPERS" option from the main menu. The file will be checked to make sure there are no records that are marked for deletion.

If there are, the following message will appear:

File contains records marked for deletion.

These records will now be deleted.

Press Enter to continue or Esc to quit.

If you press Esc you will be returned to the main menu without deleting the marked records. If you press Enter, the marked records will be deleted and you will continue with the process of creating the CalPERS file.

You will be prompted to insert a blank formatted diskette in drive A (or drive B if you are running the floppy disk version) and press a key to continue. The diskette will be checked to verify that it is blank. If a CalPERS file already exists on the diskette, you will be prompted as to whether you want to overwrite it or not. If you say "No" or if the diskette contains any other type of file, you will be prompted to replace the diskette in drive A (or drive B for floppy versions) with another one and press any key to continue. The file will then be copied onto the diskette in the format needed by the CalPERS system. When this is complete you will be returned to the main menu.

The totals on the summary page of the final listing can be copied onto your summary form. The diskette should be labeled with the employer name and code, the service period, and the file creation date. This data can be obtained by selecting the "Control Information" option from the menu. The diskette, final listing, summary form and check should then be sent to CalPERS. Be sure to use a proper mailer for the diskette so it does not get folded or destroyed in the mail.

QUITTING THE PAYROLL REPORTING SYSTEM

When you select "Quit" from the main menu, you will be asked whether you want to back up the payroll database before you exit the system. If you do (and it is strongly recommended that you do so), insert a blank formatted diskette in drive A (or drive B for the floppy disk version) and press any key to begin. The system will copy the payroll file and the index onto the diskette, then quit to DOS.

EXTERNAL DISKETTE LABEL

An external diskette label is required so that CalPERS can identify and properly handle your agency's diskette. For external labeling use the temporary identification labels that are designed for diskettes. The external label may be placed either on the diskette or on the protective envelope. If you choose to put the external label on the diskette, please affix it *next to the permanent label* as shown below, being careful not to cover the index hole.

If you use the protective envelope for external labeling, *be sure the permanent label on the diskette has identification* (i.e., employer code) so that the diskette will be placed in the proper envelope and returned to your agency.

PAYROLL REPORTING SYSTEM—DISKETTE/MAGNETIC TAPE METHODS

Diskette (IBM Dos format) and magnetic tape methods are the preferred way of reporting payroll to CalPERS. Employers using these methods submit their own diskette or magnetic tape each service period with payroll data written in the prescribed format. CalPERS will return the diskette or tape to the employer after the information is processed.

A hard copy list (printed payroll listing) of the diskette or tape report is also required. This list must reflect the *same* data that is reported on the diskette or magnetic tape. When last minute changes to the payroll report must be made that cannot be included on the diskette or tape, they are shown on a Supplemental Payroll Reporting Form (MEM-624), not on the hard copy payroll list.

The diskette or magnetic tape, hard copy list and Supplemental Forms are combined with a Summary Report, Member and Employer Contributions (ACC-626) and the remittance, and mailed to CalPERS, P.O. BOX 1982, Sacramento, CA 95809-1982. If the diskette or magnetic tape is packaged and mailed separately from the remittance, use P.O. BOX 942703.

NOTE: To ensure the readability of data on diskettes, follow your diskette handling instructions including use of the recommended protective shipping carton. Diskettes that are damaged or unreadable because of improper handling or mailing by the agency may not be accepted and will need to be resubmitted.

The components of the diskette and magnetic tape methods are:

1. Diskette or magnetic tape
2. Hard copy list of diskette or tape report
3. Supplemental Payroll Reporting Form—PERS-MEM-624 (when necessary)
4. Summary Report, Member and Employer Contributions—PERS-ACC-626
5. Remittance made payable to CalPERS

REPORTING DEADLINES, ADMINISTRATIVE AND DELINQUENCY CHARGES

Payroll reports must be *received* in the CalPERS Sacramento office within 30 calendar days after the close of a service period. If an employer fails to file a payroll report on time, CalPERS will assess a minimum administrative charge of \$200 for each report that is late. This charge will cover the added costs of follow-up and special handling.

CalPERS will only consider a payroll report received if the report is *complete* and *correct* according to the requirements set forth in this manual. Payroll reports that cannot be processed routinely will be returned to the employer for correction. These payrolls shall be resubmitted within 20 calendar days or a minimum administrative charge will be levied.

Sometimes correcting a returned payroll requires the agency to make program changes. When this happens, CalPERS will retain the hard copy payroll list. If a corrected tape or diskette is not returned within the allotted time, CalPERS will key enter the information from the payroll hard copy and charge \$.60 per line. Timely processing will help ensure that members receive proper service credit and interest at the time it is earned.

PAYROLL REPORTING SYSTEM—DISKETTE/MAGNETIC TAPE METHODS CON'T.

Member and employer contributions must be *received* in the CalPERS Sacramento office within 15 calendar days after the close of a service period. If an employer fails to pay at least 90 percent of the contributions within the prescribed time frame, a delinquency charge (interest on late monies) will be assessed on the amount outstanding from the date the contributions were due to the date they were actually received. The interest rate used will be the rate CalPERS earns on short term investments.

To avoid being delinquent, an employer may find it necessary to submit the contributions in advance of the payroll. This is called "advance payment." Making an advance payment will enable the agency to avoid delinquency charges, but administrative charges may still be levied.

NOTE: CalPERS may grant time extensions and/or waive delinquency charges under certain conditions.

PAYROLL LISTING—ALL COMPUTERIZED REPORTING METHODS

PURPOSE:

The payroll listing is a hard copy print-out of the transactions reported on the diskette or magnetic tape. It is used along with the diskette or tape to process the payroll for a particular service period.

WHEN TO COMPLETE:

Print the payroll listing each time a diskette or magnetic tape is prepared for submitting payroll transactions to CalPERS.

SPECIAL INSTRUCTIONS:

1. The information shown on the payroll listing must agree with the information on the diskette or magnetic tape. *Do not* make manual changes to the payroll listing; use a Supplemental Payroll Reporting Form (MEM-624) for this purpose.
2. Arrange the names on the listing in alphabetical order by surname and unit code or by Social Security number in ascending order by unit code. For balancing purposes, coverage group codes should be reported separately by unit.
3. The payroll listing should be printed on standard stock computer paper 14" to 14⁷/₈" by 11". The listing may be printed with the paper turned vertically or horizontally. The paper may range in weight from 14 to 20 pounds. The payroll listing may be printed on 8¹/₂" X 11" paper subject to prior approval by CalPERS. The listing should be printed on one side only. Front to back copies will be returned and may be subject to administrative charges.
4. Include the headings on every page of the payroll listing.
5. Allow one inch margins at the top and bottom of each page.
6. When unit codes are used, include totals by unit as well as by page.
7. The final page must have overall totals. The totals **MUST** agree with those on the Summary Report, Member and Employer Contributions (AESD-626) **UNLESS** a Supplemental Payroll Reporting Form (MEM-624) is used. In the latter case, these totals should be carried to the Supplemental Form where they would be adjusted.
8. **BURST THE PAYROLL LISTING BEFORE SUBMITTING IT TO CalPERS.**

SUPPLEMENTAL PAYROLL REPORTING FORM ALL COMPUTERIZED REPORTING METHODS (PERS-MEM-624)

PURPOSE:

The Supplemental Payroll Reporting Form (PERS-MEM-624) is used by employers reporting via diskette or magnetic tape to manually include last minute changes or corrections to the reports being submitted for a service period. The data on the hard copy payroll listing must agree with the diskette or magnetic tape. *DO NOT* make manual changes to the payroll listing. Use the PERS-MEM-624 for this purpose.

WHEN TO COMPLETE:

Complete the Supplemental Payroll Reporting Form only when last minute changes to the report are necessary.

SPECIAL INSTRUCTIONS:

1. The Supplemental Form is to be used only for last minute changes when the payroll cannot be re-run. Since your computer system should be designed to handle the reporting requirements outlined in this manual, the Supplemental Form *is not* to be used to handle computer system problems.

A maximum of five completed pages of forms will be accepted for any one payroll. If more than five are submitted, CalPERS will charge the agency key entry costs of \$.60 a line with a \$25.00 minimum. An alternative is to submit an additional diskette or magnetic tape with a hard copy and Summary Report (AESD-626) all labeled as a "Special" report.

2. Complete the MEM-624 in duplicate; send the original copy to CalPERS along with the Payroll Listing, tape or diskette and the Summary Report, Member and Employer Contributions (AESD-626). Keep the duplicate for your files.
3. For basic information on each item used to complete this form, see "Payroll Reporting Elements". The chart on the page entitled "Payroll Reporting Element Relationships" shows how the elements relate to each other based on the contribution code.

SUPPLEMENTAL PAYROLL REPORTING FORM— MEM-624

Examples (Sample entries follow):

1. A new CalPERS member, Frank P. Howard, came to work near the end of the current service period. The payroll office was notified after the payroll was run but before submitting it to CalPERS. You need to add this member on the MEM-624.
2. One of your members, Donald Ramos, separated from employment with your agency at the end of the last reported service period. The payroll office was notified after the payroll was run but before submitting it to CalPERS. To delete this member from the payroll, enter the transaction exactly as it appears on the diskette or tape and enter a minus (-) before the Member Earnings (Item No. 17), Normal Member Contribution Amount (Item No. 20), Survivor Contribution (Item No. 21), and Tax Deferred Member Contribution Amount (Item No. 25).
3. One of your members, Pamela T. Yuen, did not work a full pay period last month. Her earnings were less than that reported on the payroll. Since the payroll has not yet been submitted to CalPERS, you may make the adjustment on the MEM-624. Do this by making two payroll entries: (a) one reversing out the entry exactly as it shows on the diskette or tape, but with negative money amounts in Items No. 17, 20, 21, and 25, and (b) the other entry showing the correct amounts.

PAYROLL REPORTING-ALL METHODS

TIME EXTENSIONS AND WAIVERS

CalPERS may, for good cause, grant an extension of time for the payment of contributions and/or the filing of payroll reports, provided a written request for such extension is received in the CalPERS Sacramento office at least 10 days before it becomes delinquent. The extension can be for a single service period or it can cover up to one fiscal year. In the latter case, the circumstances surrounding the need for an extension would need to be re-evaluated each fiscal year.

CalPERS may waive delinquent charges upon satisfactory proof of conditions existing beyond the employer's control. Normally, CalPERS does not consider internal procedures or payment processes utilized by an employer as acceptable justification for late reporting and contribution payments. Requests for waivers should be submitted in writing to the CalPERS Sacramento office on or immediately after the date the payroll reports and/or contributions are due.

Mail requests for extensions or waivers to the following address:

**Public Employees' Retirement System
P.O. Box 942704
Sacramento, CA 94229-2704**

**Attention: Actuarial and Employer Services
Division
Payroll Processing Unit**

NOTE: Member accounts will not receive full interest credit for the fiscal year if the payroll reports for the May and prior service periods are not received by June 30. The June payroll period report must be received on or before July 31.

SUMMARY REPORT MEMBER AND EMPLOYER CONTRIBUTIONS (PERS-AESD-626) ALL REPORTING METHODS

PURPOSE:

The Summary Report (PERS-ACC-626) is used by employers to summarize member and employer contributions being reported each service period. It is also used to identify contributions being submitted in advance of the payroll detail.

WHEN TO COMPLETE:

Complete the Summary Report any time contributions are submitted to CalPERS. [Exception: Adjustment payments may be submitted separately with a Notice of Adjustment (ACC-1520) or a Notice of Adjustment, Employer Contributions (ACC-344).]

SPECIAL INSTRUCTIONS:

1. Prepare the Summary Report in triplicate; submit the original and first copy to CalPERS. Retain the second copy for your records.
2. Make the remittance payable to the California Public Employees' Retirement System. Include in the remittance any adjustments that are required; attach the ACC-1520 or ACC-344 to support any adjustments made. The CalPERS Board of Administration has approved the use of Employer Surplus Asset Accounts to offset employer and/or member contributions due CalPERS for service periods ending on or after July 1, 1988, but not later than June 30, 1997 for agencies identified as having a surplus asset account. Each surplus asset account is identified by category of members (miscellaneous or safety) and can only be used to offset employer and/or member contributions for coverage groups contained in that specific category. For additional information, refer to CalPERS Circular Letter No. 100-615, dated June 23, 1988.

DO NOT include as part of the remittance any payments for Social Security, Health Benefits, Contingency Reserve Fund, administrative charges or delinquency charges.
3. Current requirements per the California Government Code require that at least 90% of the Member and Employer contributions must be

received in CalPERS Headquarters no later than 15 days after the last day of the payroll period; and the remaining 10% and completed payroll report must be received in CalPERS Headquarters no later than 30 days after the ending date of the payroll period. If a completed payroll cannot be submitted within fifteen (15) days of the ending date of the payroll period, an advance payment of 90 percent of your agency's estimated contributions should be submitted. You then have 30 days from the ending date of your payroll period to send in the remainder of the money due and the corresponding prelist or hard copy listing and tape or diskette.

A \$200.00 Administrative fee is assessed on the completed reports that are received late and an Interest Assessment (based on the average rate of return on short term investments earned by CalPERS during the month in the moneys were due) on moneys that are received late.

Fiscal Year End reporting deadlines:

All completed payroll reports for payroll periods ending on or before May 31 must be received in CalPERS Headquarters on or prior to the original due date or June 30, which ever is earliest. Failure to meet this deadline can result in the loss of interest posted to Member Accounts.

All completed payroll reports for payroll periods ending on or before June 30 must be received in CalPERS Headquarters on or prior to the original due date or July 31, which ever is earliest. Any completed payroll reports for payroll periods ending on or before June 30 but received after July 31 may not appear on the Annual Members Statements for that Fiscal Year.

4. Employers reporting by the pre-list method should use the Summary Worksheet of the Payroll Listing (MEM-625A) to prepare the Summary Report.

Employers reporting via diskette or tape methods should use the adjusted totals on the Supplemental Form (MEM-624), if used, or the final totals on the last page of the hard copy payroll listing if a Supplemental Form is not used.

PAYMENT OF CONTRIBUTIONS USING ELECTRONIC FUNDS TRANSFER (EFT)

INTRODUCTION

Electronic Fund Transfer (EFT) is a method of instructing financial institutions to transfer money from one account to another electronically, eliminating the use of paper checks. Transfers are initiated by voice or touch tone telephones.

CalPERS offers EFT payment services for the most common and repetitive payments. These are retirement contributions and health premium payments. With EFT payments, you may expect to benefit from a reduction of manual paper processing and the associated errors. You will also reduce costs associated with check processing, reconciliation, and postage, as well as assuring the date your payment is received.

Assistance: If you have questions regarding the CalPERS EFT program, you may call the Cashier Unit from 7:30a.m. to 4:30p.m. at (916)326-3450. Or write to the following address:

California Public Employees' Retirement System

Fiscal Service Division, Cashier Unit
P.O. Box 8942703
400 P Street
Sacramento, CA 94229-2703

HOW FUNDS ARE TRANSFERRED

Automated Clearing House (ACH) Debit: The Automated Clearing House is a partnership of financial institutions established to exchange funds electronically between participants. The ACH debit method allows you to transfer account you control for the amount you report via telephone to the CalPERS Data Collector. The information you are requested to provide will identify yourself, the purpose of the payment, and the amount. If you authorize a payment before 3:00p.m. Pacific Time it will be withdrawn from your bank account and deposited into a CalPERS account the following banking day.

Cost: CalPERS pays the cost for you to report an ACH debit transaction. A toll free telephone number is provided for this service.

Security: When you report your first payment, you will use a generic four digit security code. At that time you will be given the opportunity to change the security code to a numeric code of your choice. Retain this security code in your records, it will be the security code you use when reporting your payments thereafter. You may change your security code at any time.

CalPERS does not have access to your bank account without your authorization by the ACH Debit process for each payment. Funds can only be transferred to the CalPERS' bank account for the specific purpose and dollar amounts you request.

EFT PROGRAM AMOUNT

An enrollment Authorization Form must be completed and signed for each employer transferring funds to CalPERS. If you are transferring funds on behalf of other employers you must obtain a separate authorization for each entity. County Offices of Education are considered a single entity for CalPERS reporting purposes—Contact the CalPERS Cashier Unit at the address shown above to obtain enrollment forms

If you pay both retirement contributions and health premiums, a single Enrollment Authorization is sufficient for both payment types.

HOW TO REPORT

Who to call: You will communicate to the data collector through voice or touch tone dialing. If you use voice, an operator will guide you and request specific information needed to process your payment. If you use the touch tone method, a prerecorded script will guide you request specific information.

CANCELLATIONS, AND INQUIRIES

You may cancel or inquire about a reported transaction if you call the data collector's voice operator before 3:00 p.m. Pacific Time the same day the transaction was reported. The reference number assigned the transaction when you reported will be requested by the voice operator. The voice operator will then assist you with your cancellation, or inquiry.

PAYROLL DISCREPANCIES

Payroll Unknown Discrepancies — CalPERS maintains a membership record for each member. The membership information in each payroll entry is compared with the information already on file. If there is no match, we have what is called a payroll unknown discrepancy.

Some possible reasons for a *payroll unknown discrepancy* are:

- The employee was reported on the payroll report before a PERS-MSD-1 was submitted to establish membership.
- Membership was established with one Social Security number and a different one was reported on the payroll report.
- Membership was established with one coverage group and a different one was reported on the payroll report.

Service Credit Discrepancies — The maximum amount of service credit reportable for each frequency is displayed in the chart in the section titled Payrate/Earnings Relationship - Maximum Service Credit Amount. If the member would receive more than the maximum service credit allowable, a service credit discrepancy is generated.

Some possible reasons for a *service credit discrepancy* are:

- Compensation, such as overtime, which should not be reported has been included in the entry.
- Compensation, such as special compensation, a retroactive salary increase or a mid-service salary increase, which should be reported separately has been included in the entry.

Contribution Discrepancies — With the membership information on file and the earnings shown in the payroll entry, CalPERS will calculate the amount of contributions that should have been reported. If the calculated amount of contributions differs from the contributions that were reported, a contribution discrepancy is generated.

Some possible reasons for a *contribution discrepancy* are:

- The member was reported under a wrong coverage group.
- The earnings were reported incorrectly.
- An incorrect member contribution rate was used.
- A mistake was made in calculating the member contributions.
- A mistake was made in applying the Social Security modification factor.

NOTE: Failure to resolve these discrepancies in a timely manner could result in members losing interest on their contributions, incorrect Annual Member Statements, and incorrect or delayed benefits that may be payable to these members. Also, note that the data submitted on the payroll reports, whether correct or incorrect, is used by CalPERS actuaries to determine the employer's contribution rate. Inaccurate or incomplete data may have an adverse affect on this rate.

BENEFICIARY DESIGNATION (PRIOR TO RETIREMENT) STATE FORM STD-241

PURPOSE

The purpose of this form is to:

1. Designate beneficiaries **other than** the statutory beneficiaries provided by the retirement law. The statutory beneficiaries are listed under item I-C on the front of the form.
2. Change the order of the statutory beneficiaries (for other than 1957 Survivor benefits and special death benefits).
3. Change the designated beneficiaries.
4. Designate any person or legal entity such as a college, university, corporation, or estate as beneficiary.

WHEN TO COMPLETE

Complete State form-241 when the member wishes to designate someone who isn't their closet survivor (see the priority list of survivors shown on the Information and Instructions page of the STD-241); someone who is not related to the member; the member's trust or estate; or, an organization which is registered with the Secretary of State's Office as a corporation

The Active Member Beneficiary brochure (PERS-PUB-1000) can be requested by employers from the CalPERS Central Supply Section. Member questions can be directed to either CalPERS Benefit Application Services Division, P.O. Box 942711, Sacramento, CA 94229-2711 (916) 326-3232 or any of the CalPERS area or field offices listed in this manual in Chapter 6.

SPECIAL INSTRUCTIONS

1. Complete this form **only** to designate beneficiaries other than the statutory beneficiaries.
2. One of the following events will revoke the designation:
 - a. Marriage
 - b. Dissolution or annulment of marriage
 - c. Birth or adoption of a child
 - d. Termination of employment which results in a refund of contributions.

NOTE: The statutory beneficiaries then become the designated beneficiaries unless a new Beneficiary Designation Form has been completed.

3. Changes on the form are acceptable only when they are clear and initialed by the member.
4. Complete the Beneficiary Designation Form in duplicate. Mail both copies to CalPERS.
5. After CalPERS reviews the designation, a copy will be returned to the member.

NOTE: The form has been changed to allow a member to designate benefits on a percentage basis if more than one beneficiary is named. The percentages must add up to 100%. If no percentage is indicated, the benefits will be paid equally to each beneficiary.

Also, there is now a box that the member can check to certify that they are not legally married. If this box is checked, the "Justification For Non-Signature of Spouse" form is not required.
