Dear Mr. Lewis II:

The following correspondence is a response to your recent request for a CalPERS generated retirement estimate(s).

To provide faster and more flexible options for requesting retirement estimates, CaIPERS has recently enhanced the tools on the CaIPERS website in order to help you effectively plan for retirement. Since you are more than one year from your expected retirement date and/or you are requesting more than two estimates in a twelve month period, we are unable to provide you with a formal CaIPERS generated estimate.

Although we cannot complete your request(s) at this time, we do understand that planning your financial future is essential to planning out your retirement. To assist you, CaIPERS offers two online calculators to be used to calculate estimates based on various scenarios. You can access the online calculators on our website at www.calpers.ca.gov.

Please refer to the enclosed "CalPERS Retirement Estimate Information" regarding your options for generating retirement estimates that will better meet your needs.

If you have any questions on this matter, please contact our office at the above address or phone number.

MEMBER INFORMATION		
Date:	October 31, 2012	
CalPERS ID:		•
Your Date of Birth:	September 22, 1951	
Beneficiary's Date of Birth:	July 27, 1983	
ESTIMATE INFORMATION		
Retirement Date:	November 30, 2012	
Age at Retirement:	61.00	
Total Years of Service Credit at Retirement:	30.272	

Dear Richard Lewis:

This is an estimate of your Service Retirement. An estimate is a calculation of potential future benefits based on the following assumptions:

- · Current pay rates reported by the employer
- · Current ratirement law
- Information provided by you

On page 3 of your retirement estimate, you are shown approximately what you would receive as a retirement allowance should you retire on November 30, 2012. When you apply for retirement, you will be required to select one of the retirement options shown. This is an irrevocable election.

The results are broken down by the following:

For You - This is the estimated monthly allowance you will receive for the Unmodified Allowance or one of the other retirement options.

For Your Beneficiary - This is the estimated monthly allowance your beneficiary will receive. Your beneficiary can be anyone you choose and does not need to be a spouse or relative. Based on the option selected at retirement your beneficiary may receive a lump sum payment or a monthly allowance after your death. There is no amount shown for the Unmodified Allowance since this option does not provide for a beneficiary after your death.

For Your Survivor - Survivor Continuance is an employer-paid benefit to an eligible dependent upon your death. To have a dependent who is eligible for Survivor Continuance you must be married or have a domestic partner legally recognized in California on and at least one year prior to your tentative retirement date; have an unmarried child who is under age 18 or disabled; or have a parent dependent on you for at least X of the parents' support.

For You, If Your Beneficiary Predeceases You - This is the monthly allowance you are entitled to receive should your beneficiary die before you.

A beneficiary who is also your survivor will receive both the beneficiary amount and the survivor amount.

٩

CalPERS (D:

This information was used to calculate your ratirement estimate for November 30, 2012, at age 61,00.

Employer Name	Years of Service	Formula / Benefit Factor	% of Final Compensation	Final Compensation
City of San Bernardino	26.272	3% @ 50 Patrol or Local Safety Member / 3.000	78.108%	\$13,500.41
City of San Bernardino	4.000	3% @ 50 Patrol or Local Safety Member / 3.000	11.892%	\$13,500.41

IMPORTANT INFORMATION ABOUT THE CALCULATION

Final compensation is your highest average monthly pay rate for 12 or 38 months of consecutive employment based on your employer's contract. The final compensation dollar amount(s) shown have not been modified. Most members that contributed to Social Security at any time during their CalPERS employment should subtract \$133.33 from that employer's final compensation to obtain the dollar amount that was used to calculate the estimate. Certain exceptions may exist such as School members with service credit earned on or after January 1, 2001, or State Second Tier members. Any change in the information will result in a different banefit calculation.

Any change in your years of service, benefit factor, or final compensation will result in a different benefit calculation. You should also keep in mind the following:

- This estimate is based on the most recent payroll available at the time the estimate was processed. Any pay increases you may have recently received may not be included in your retirement estimate.
- While completing your estimate we noticed that you have special compensation involved in your payroil. Special
 Compensation is additional income you might receive for uniform allowance, holiday pay, longevity pay, etc. and is
 reported separately from your base pay. Please be aware that we will only include compensation that has been
 reported by your employer to date. Any special compensation not yet reported by your employer has not been
 included in your estimate.

Things to remember...

- When planning your retirement you may want to consider how your retirement date affects your first cost of living increase. Cost of living increases are provided by law and are based on the consumer price index for all United States cities. For more information, visit the CalPERS web site at www. calpers.ca.gov.
- If you have contributed to Social Security and would like to know how CalPERS retirement benefits Impacts your social security benefits, you can contact the Social Security Administration at 1-800-772-1213 or by visiting their web site at www.ssa.gov.

CALPERS WEB SITE

You have taken an important step in planning your retirement by requesting an estimate of your retirement allowance. You may obtain additional information on all programs administered by CaIPERS by logging on to our web site at http://www.calpers.ca.gov.

You can use the CalPERS Retirement Calculator to help estimate your future retirement benefits. The Retirement Planning Calculator can be used with or without a password. If a password is used the information from your latest Annual Member Statement will be automatically added to the calculator. Using the Retirement Planning Calculator without a password enables you to add various retirement dates, salary information, and future employment information to see how these changes would impact your future retirement benefits. To obtain this password register for online access at the CalPERS web site listed above.

CalPERS suggests all members attend one of our free Retirement Financial Planning Seminars or Retirement Planning Workshops. The CalPERS website makes it easy and convenient to review dates and locations, and register to attend one of these sessions.

SEE THE FOLLOWING PAGE FOR IMPORTANT INFORMATION
