Notwithstanding the above, nothing herein shall be construed so as to prohibit the City from fulfilling its mutual aid commitments to other public agencies, nor to prohibit the City from assigning its firefighters and/or paramedics to assist other cities, counties, public agencies or any other entity that might request assistance from the City, or from entering into contracts with cities, counties, and other public agencies, to provide fire and/or paramedic services for those other agencies/entities, provided that the City has met and conferred with Local 891 upon its request, or the organization/union that is the bargaining agent for this representation unit at the time such meet and confer may occur, over the impact of any such contract on the wages, hours and other terms and conditions of employment of employees represented by Local 891, or the organization/union that is the bargaining agent for this representation unit at the time such meet and confer may occur.

Section 3 - Management Rights

This MOU shall not be deemed to limit or curtail the City in any way in the exercise of the rights, powers and authority, which the City had prior to adopting this MOU, except to the extent that the provisions of the MOU specifically curtail or limit such rights, powers and authority. Except to the extent that the City is required by state law to meet and confer with the Union over these matters before exercising such rights and authority, the City retains all its exclusive rights and authority under City Charter, Ordinance, Resolutions, State and Federal Law, and expressly and exclusively retains its management rights, which include but are not limited to: the exclusive right to determine the mission of its constituent

Fire Safety MOU

departments, commissions and boards; set standards of selection for employment and promotions; direct its employees; establish and enforce dress and grooming standards; determine the methods and means to relieve its employees from duty because of lack of work or other lawful reasons subject to applicable Civil Service Rules and Procedures; maintain the efficiency of governmental operations; determine the content and intent of job classifications; determine methods of financing; determine style and/or types of City-issued wearing apparel, equipment or technology to be used; determine and/or change the facilities, methods, technology, means, organizational structure and size and composition of work force and allocate and assign work by which the City operations are to be conducted, provided however, that no such measures as threaten the safety of employees shall be adopted; determine and change the number of work locations, relocations and types of operations, processes and materials to be used in carrying out all City functions including, but not limited to, the right to contract for or subcontract any work or operations of the City; assign work to and schedule employees in accordance with requirements as determined by the City and establish and change work schedules and assignments upon reasonable notice; establish and modify productivity and performance programs and standards; discharge, suspend, demote, reprimand, withhold salary increases and benefits, except such as are mandated by City Charter, or otherwise discipline employees in accordance with the applicable law; establish employee performance standards, including but not limited to, quality and quantity standards; and, carry out its mission in emergencies and exercise complete control and discretion over its organization and the technology of performing its work.

Section 4 - Agency Personnel Rules

It is understood and agreed that there exists within the City in written or unwritten form, certain personnel rules, policies, practices and benefits, including but not limited to, Resolution No. 10584, Establishing Uniform and Orderly Methods of Communications between the City and its Employees for the Purpose of Promoting Improved Employer-Employee Relations, as amended, and Resolution No. 10585, adopting Rules and Regulations relating to employer-employee relations, as amended. Those documents, rules, policies, practices and benefits will continue in effect without change during the term of this agreement, except for those provisions modified by the Common Council in accordance with state laws and the San Bernardino Charter. The City shall provide the Union with reasonable written notice of said proposed changes and the opportunity to meet and confer over said proposed changes before implementation thereof. In cases of emergency, the Union and City will meet as soon as possible after the change.

Section 5 - Employees' Rights

Employees shall have all the rights, which may be exercised in accordance with state law, the Charter and applicable ordinances, resolutions, rules and regulations including the right to:

A. Form, join and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations.

B. Refuse to join or participate in the activities of employee organizations and the right to represent themselves individually in their employment relations with the City.

C. Be free from interference, intimidation, restraint, coercion, discrimination or reprisal by other employees, employee organizations, management or supervisor, as a result of their exercise of rights indicated in (A) and (B) above.

ARTICLE II - EMPLOYER-EMPLOYEE RELATIONS

Section 1 - Payroll Deductions

It is agreed that Union membership dues, agency fees, insurance and premiums for plans sponsored by the Union shall be deducted by the City from the pay warrant of each employee covered hereby who files with the City a written authorization requesting that such deduction be made. Remittance of the aggregate amount of all membership dues and insurance premiums deducted from the pay warrants of employees covered hereby shall be made to the Union within 30 days after the conclusion of the month in which said membership dues and insurance premiums were deducted.

The City shall not be liable to the Union, employees or any other persons by reason of the requirements of this Article for the remittance of any sum other than that constituting actual deductions made from employee wages earned. The Union shall hold the City harmless for any and all claims, demands, suits, orders, judgments or other forms of liability that may arise out of or by reason of action taken by the City under this Article.

Section 2 - Grievance Procedure

Purpose: The City of San Bernardino and the Union realize the importance of a viable Grievance Procedure to aid in the resolution of disputes among employees, supervisors and management. It is recognized that to maintain high employee morale and harmonious relations, an orderly method of processing a grievance is necessary.

This procedure is intended to establish a systematic means to process a grievance and to obtain fair and proper answers and decisions regarding employee complaints. The representatives of employees and management at all levels will make continuing efforts to secure prompt disposition of grievances. Every effort should be made to resolve grievances in the informal process. This article supersedes the grievance procedure in Resolution 10585.

Fire Safety MOU

The initiation of a grievance in good faith by employees shall not cast any adverse reflection on their standing with their supervisors or their loyalty as City employees, nor be a reflection on the employees' supervisors or the department involved, unless it is determined that such department or supervisors have grossly abused management discretion or the employees have grossly abused the grievance process. Retaliation against any employee for filing a grievance in good faith is strictly prohibited.

Definition of a Grievance: A grievance is an alleged violation of this MOU or any other written City law, rule or policy or an appeal of a disciplinary action, which adversely affects the employee's employment status or deprives the employee of pay or benefits to which the employee would otherwise be entitled, provided however, that allegations of discrimination or harassment in violation of the City's equal employment opportunity policies must be submitted to the City's Equal Employment Officer for resolution rather than as a grievance under this grievance procedure, and provided further that an employee who appeals a disciplinary action to the Civil Service Board may not also appeal that disciplinary action under this grievance procedure.

Grievances may be filed either by an affected employee through the Union, or by the Union through its President, and/or such other officers which the Union designates as officers with that authority. ~~Provided however, that an affected employee may file a grievance alleging a violation of this MOU or any other written City law, rule or policy, and may advance any such grievance to the next step in this grievance procedure, only with the consent of the Union through its President and/or such officers whom the Union designates as officers with that authority.~~ **Fire Administration will notify the President of any grievance filed by an employee without Union representation.**

Grievances over alleged violations of this MOU or other written City rules or policies shall specify the section of this MOU or such other written City rule or policy that is alleged to have been violated, the conduct which constituted the alleged violation and the remedy requested for the alleged violation.

Representation: The aggrieved employee shall have the right to be represented by the Union or by legal counsel. This representation may commence at any step in the grievance procedure. No person hearing a grievance need recognize more than one (1) representative for any employee at any one (1) time, unless the person hearing the grievance so desires. If the employee's legal counsel is not the Union's legal counsel, a representative of the Union will attend the grievance hearing to insure that the solution reached does not violate the terms of this MOU.

Time Limitations: Time limits are established to settle a grievance quickly. Time limits may be modified by agreement of the parties. If at any stage of this grievance procedure the grievant or the Union is dissatisfied with the decision rendered, it shall be the grievant's or the Union's responsibility to initiate the action which submits the grievance to the next level of review. The grievant or the Union may proceed to the next step if a

reviewing official does not respond within the time limits specified. A formal grievance may be entertained in or advanced to any step if the parties jointly so agree, and, in those instances in which an employee's immediate supervisor would not have the authority to resolve the grievance, a formal grievance may be initiated at the first step in the grievance procedure in which the City's representative would have that authority. Unless otherwise agreed jointly by both parties, the time limit for each step shall be 15 calendar days.

Steps in the Grievance Procedure: The procedures outlined herein constitute the informal and formal steps necessary to resolve an employee's grievance. An attempt to settle a grievance in the informal structure at the employee-supervisor level is required, except that grievances involving appeals of disciplinary actions shall be initiated at Step 3 of this grievance procedure. The grievance must be submitted to the first applicable step of this grievance procedure within the required time limitation of the grievant's or Union's knowledge of the incident's occurrence. The date and the subject of the incident should be provided with the request for the informal meeting.

A. **Informal:** Initially, the grieving employee and/or the Union shall on a personal face-to-face basis discuss his/her complaint with his/her immediate supervisor informally. Within the required time limitation of the presentation of the grievance, the supervisor shall provide an oral response to the employee and/or the Union.

B. **Formal:**

Step 1. Written Grievance to Supervisor: If a mutually acceptable solution has not been reached in the informal process, the employee and/or the Union shall submit the grievance in writing to his/her immediate supervisor. This must be accomplished within the required time limitation of being informed of the supervisor's informal decision. Within the required time limitation of receiving the written notification of the employee's and/or the Union's grievance, the supervisor may meet with the employee and/or the Union and thoroughly discuss the grievance. The employee may appear personally and may be represented by a representative of his/her choice. In any event, the supervisor shall give a written decision to the employee and/or the Union within the required time limitation after receipt of the written grievance.

Step 2. Meet with Division Head/Battalion Chief: If the grievance has not been satisfactorily resolved at the supervisor level, it may be appealed within the required time limitation to the Division Head, who may follow the steps outlined in Step 1 above. In any event, the Division Head/Battalion Chief shall give a written decision to the employee and/or the Union within the required time limitation after receipt of the grievance. If the grievance has not been satisfactorily resolved at this level, it may be appealed within the required time limitation to the Chief.

Step 3. Meet with Fire Chief or Designee: Upon receipt of the grievance, the Fire Chief or designee may follow the steps outlined in Step 2 above. In any event, the Fire Chief shall give a written decision to the employee and/or the Union within the required

time limitation after receipt of the grievance. If the grievance has not been satisfactorily resolved at this level, it may be appealed within the required time limitation to the Director of Human Resources.

Step 4. Review by the Director of Human Resources: Within the required time limitation after receiving the appeal, the Director of Human Resources, or his/her designee, shall meet with the employee and/or the designated Union representative. The Director of Human Resources or designee shall deliver his/her decision, in writing, to the employee and/or the Union within the required time limitation after the meeting.

Step 5. ~~City Administrator:~~ *City Manager*:

1. If the grievance is still not adjusted, the aggrieved party may file a written appeal with the ~~City Administrator~~ ***City Manager*** or his/her designated representative within the required time limitation from the date of delivery of said answer.

2. The ~~City Administrator~~ ***City Manager*** or his/her designated representative shall deliver his/her decision in writing within the required time limitation after receipt of the appeal.

3. The decision of the ~~City Administrator~~ ***City Manager*** or his/her designated representative is final and binding on all parties, unless reversed by a court decision.

All appeals of disciplinary actions through this grievance procedure shall be treated as confidential and no publicity will be given the final resolution of the grievance.

Section 3 - Employee Representatives

When requested by a member of the unit, a job representative may investigate any alleged grievance in the Department and assist in its presentation. The representatives shall be allowed reasonable time therefor during working hours without loss of time or pay, upon notification and approval of their immediate supervisor, with the concurrence of the appropriate Division/Battalion Chief or the Deputy Fire Chief. The privilege of a Job Representative to leave their work during work hours without loss of time or pay is subject to the understanding that the time will be devoted to the proper handling of grievances and will not be abused. Such time shall be excluded in any computation of overtime. Job Representatives will perform their regularly assigned work at all times, except when necessary to leave their work to handle grievances as provided herein. A Job Representative will not be granted time-off, or compensation, for the purpose of handling grievances outside this unit. The Union shall notify the City of names of each Job Representative each January. Anyone not on the list will not be recognized. A ratio of one (1) Job Representative for every 60 permanent employees in the unit, but not less than four (4) shall be recognized by the City.

Section 4 - Investigation Rights

When any member is under investigation and subjected to interrogation by the Fire Chief or any other member of the Fire Department, which could lead to punitive action, such interrogation shall be conducted under the following conditions. For the purpose of this Article, punitive action is defined as dismissal, demotion, suspension, reduction in salary, written reprimand or transfer for purposes of punishment.

A. The interrogation shall be conducted at a reasonable hour, preferably at the time when the member is on duty, or during the normal waking hours for the member. If such interrogation does occur during off-duty time of the member being interrogated, the member shall be compensated for such off-duty time in accordance with regular department procedures, and the member shall not be released from employment for any work missed unless the seriousness of the investigation requires otherwise.

B. The member under investigation shall be informed prior to such interrogation of the rank, name and command of the official in charge of the interrogation, the interrogating official and all other persons to be present during the interrogation. All questions directed to the member under interrogation shall be asked by and through no more than two interrogators at one time.

C. The member under investigation shall be informed of the nature of the investigation prior to the interrogation.

D. The interrogating session shall be for a reasonable period taking into consideration the gravity and complexity of the issue being investigated. The person under interrogation shall be allowed to attend to his own personal physical necessities.

E. The member under interrogation shall not be subjected to offensive language or threatened with punitive action, except that a member refusing to respond to questions or submit to interrogations shall be informed that failure to answer questions directly related to the investigation or interrogation may result in punitive action. No promise of reward shall be made as an inducement to answer any question. The employer shall not cause the member under interrogation to be subjected to visits by the press or news media without his express consent nor shall his home address or photograph be given to the press or news media without his express consent.

F. The complete interrogation of a member may be recorded. If a tape recording is made of the interrogation, the member shall have access to the tape if any further proceedings are contemplated or prior to any further interrogation at a subsequent time. The member shall be entitled to a transcribed copy of any notes made by a stenographer or to any reports or complaints made by investigators or persons, except those which are deemed by the investigating agency to be confidential. No notes or reports, which are deemed to be confidential may be entered in the member's personnel file. The member being interrogated shall have the right to bring his own recording device and record any

and all aspects of the interrogation.

G. If prior to or during the interrogation of a member it is deemed that he may be charged with a criminal offense, he shall be immediately informed of his constitutional rights.

H. Upon the filing of a formal written statement of charges, or whenever a interrogation focuses on matters which are likely to result in punitive action against any member, that member, at his/her request, shall have the right to be represented by a representative of his choice who may be present at all times during such interrogation. The representative shall not be a person subject to the same investigation.

This article shall not apply to any interrogation of member in the normal course of duty, counseling, instruction, or informal verbal admonishment by, or other routine or unplanned contact with a supervisor or any other member, nor shall this section apply to an investigation concerned solely and directly with alleged criminal activities.

Lawful Exercise of Rights; Insubordination; Administrative Appeal:

1. No member shall be subjected to punitive action, or denied promotion, or be threatened with any such treatment, because of the lawful exercise of the rights granted under this Article, or the exercise of any rights under any existing administrative grievance procedure.

Nothing in this Article shall preclude a head of any agency from ordering a member to cooperate with other agencies involved in criminal investigations. If a member fails to comply with such an order, the agency may officially charge him with insubordination.

2. No punitive action, nor denial of promotion on grounds other than merit, shall be undertaken by any public agency without providing the member with an opportunity for administrative appeal.

Section 5 - Non-Discrimination

The provisions of this Memorandum of Understanding (MOU) shall be applied equally by the City and the Union to all employees covered hereby without favor or discrimination because of race, sex, age, national origin, or political or religious opinions or affiliations.

Section 6 - Personnel Files

No member shall have any comment adverse to his interest entered in his personnel

Fire Safety MOU

file, or any other file used for any personnel purposes by his employer, without the member having first read and signed the instrument containing the adverse comment indicating he is aware of such comment, except that such entry may be made if after reading such instrument the member refuses to sign it. Should a member refuse to sign, that fact should be noted on the document and signed or initialed by a witness who is a union representative, if the union representative is present.

A member shall have 30 days within which to file a written response to any adverse comment entered in his personnel file. Such written response shall be attached to and shall accompany the adverse comment.

Section 7 - Political Activity

Except as otherwise provided by law, no member shall be prohibited from engaging, or be coerced or required to engage in political activity. No member shall be allowed to engage in political activity when in uniform or on duty.

Section 8 - Polygraph Activity

No member shall be compelled to submit to a polygraph examination against his/her will. No disciplinary action or other recrimination shall be taken against a member refusing to submit to a polygraph examination, nor shall any comment be entered anywhere in the investigator's notes or anywhere else that the member refused to take a polygraph examination, nor shall any testimony or evidence be admissible at a subsequent hearing, trial or proceeding, judicial or administrative, to the effect that the member refused to take a polygraph examination.

Section 9 - Drug and Alcohol Testing

PURPOSES: (1) To provide testing policies and guidelines to ascertain if Fire Safety employees are under the influence of or have been abusing drugs or alcohol; (2) To be in compliance with the Drugs in the Workplace Act as the City is the recipient of federal grants.

POLICY: Fire Safety employees are required on a daily basis to make critical decisions; therefore, the nature of our profession demands that the San Bernardino Fire Department maintain a drug-free workplace. This department cannot tolerate any drug-related misconduct, which would impair judgment and the exercise of lifesaving skills, because such behavior would create an unreasonable risk of harm or danger to our citizens and other employees.

The San Bernardino Fire Department will neither tolerate nor condone substance

Fire Safety MOU

abuse.

1. During the term of this agreement the City of San Bernardino shall maintain an Employee Assistance Program (EAP) as a referral service for employees who voluntarily seek treatment for substance abuse/dependency problems. Other treatment programs may be available through the employee's health plan. These services are confidential to employees who contact the EAP and successfully complete the necessary program.
2. Employees shall notify their immediate supervisor when required to use prescription medication that potentially may impair job performance or safety. The supervisor has the responsibility to take appropriate action once impairment has been determined.

INDICATIONS FOR ALCOHOL AND DRUG TESTING: The City may require an employee to submit to a drug and/or alcohol screen test under the following circumstances:

- 1. When a trained Supervisor has reasonable suspicion to believe, based upon specific and articulable facts and observations, that the employee may be under the influence of drugs and/or alcohol.**
- 2. When a trained Supervisor has reasonable suspicion to believe, based upon his/her specific observation and articulable facts and observations, that the employee either possesses, uses, sells, transfers, manufactures, purchases or illegally transports alcohol, drugs, and/or drug-related paraphernalia or attempts to do so.**
- 3. Follow-up testing for employees who have returned to work following a positive test and their participation in a drug and/or alcohol rehabilitation program.**
- 4. When an on-duty employee is contacted by a police officer who has reasonable suspicion to believe the employee is under the influence of alcohol or drugs and/or has been involved in an on-duty, vehicle-related incident and the officer suspects the employee is under the influence of drugs and/or alcohol.**

PROCEDURE: The department will test any on-duty employee for illegal drug or alcohol intoxication based on the Reasonable Suspicion Standard, which requires more than mere speculation. Reasonable Suspicion may arise from a pattern of articulable abnormal conduct or errant behavior, or information provided by reliable and credible sources, or specific observable conduct which would lead a reasonable prudent person to believe an employee is either under the influence of or has been using illegal drugs or alcoholic beverages.

Fire Safety MOU

The department will provide special training in the recognition of signs of illegal drug/alcohol intoxication to officers who shall be designated as officers with authority to order employees reasonably suspected of drug or alcohol intoxication to undergo drug testing.

Employees suspected of illegally possessing or using drugs or of being under the influence of any drug, whether legal or illegal, are entitled to Union representation or to representation by legal counsel during all of the proceedings set forth herein

A. Employees who have a reasonable suspicion that another employee is illegally possessing or using drugs or is under the influence of any drug, whether legal or illegal, have the duty to report such suspicion to their supervisors immediately.

B. If a supervisor has a reasonable suspicion that an employee is either under the influence of or has been using illegal drugs or alcoholic beverages, or has received a report from a subordinate employee that another employee is suspected of either being under the influence of or has been using illegal drugs or alcoholic beverages, that supervisor has the duty to immediately notify an officer who has been provided with special training by the Department to recognize signs of illegal drug/alcohol intoxication, and to document his/her observations or other reasons for such suspicion in a memorandum.

C. The specifically trained officer will determine based on the supervisor's report and his/her own observations if there are circumstances sufficient to justify drug testing to determine the validity of the allegation. The specifically trained officer has the option to pursue the matter criminally, therefore excluding administrative sample collection and investigation. However, if the specifically trained officer chooses the administrative venue and believes that the employee has violated department policy concerning illegal drug or alcohol use, the specifically trained officer shall request the vendor responsible for the testing to collect a specimen from consumption and shall order the employee to provide such a specimen. The specifically trained officer shall give the employee a verbal summary of the facts which are the basis for the test prior to giving the administrative order to submit to a test. All orders to provide test specimens are mandatory orders and the test results shall not be used in any criminal or civil proceedings pursuant to the restrictions of Government Code Section 3303 (f).

D. The testing methodology will be based on a laboratory examination of a urine specimen except for allegations of alcohol intoxication.

1. Allegations of alcohol intoxication will be verified by a ~~measuring with a Gas Chromatograph Intoximeter (GCI)~~ **Evidential Breath Testing (EBT) device**. Two breath samples will be taken and measured by the ~~GCI~~ **(EBT)** to determine sobriety, the test will be witnessed by a second supervisor. If the employee requests an alternate verifying chemical test, the employee shall submit to a urine specimen at the time of the ~~GCI~~ **EBT** testing. The specimen shall be collected, stored and tested in the same manner

as cases involving legal dispute of drug screening.

2. Laboratory analysis of urine specimens shall be restricted to those tests authorized by this policy to detect drug abuse. They shall not be used for other purposes such as the analysis of physiological conditions or diseases.

3. The drug screening testing shall be done by a laboratory certified by the National Institute of Drug Abuse (NIDA) guidelines. The sample will be tested for any of the drugs or classes of drugs listed below:

- a. Amphetamines/methamphetamines
- b. Cocaine
- c. Cannabinoids (marijuana, THC)
- d. Opiates (heroin, morphine and codeine)
- e. Phencyclidine (PCP)

E. Employees who refuse to be tested when so ordered will be subject to disciplinary action for insubordination, which may include termination. Attempts by employees to alter or substitute any specimen will be grounds for disciplinary action. Failure to provide a specimen when ordered within a reasonable period of time (usually not more than three hours) may constitute a refusal to take a drug test.

F. The Medical Review Officer (MRO) will obtain the specimen using the least intrusive, most private method available. The sample shall be given a code number to prevent revelation of the employee's name at the testing laboratory. The restroom selected as a collection site shall be equipped with a sink to allow test subjects to wash their hands, a toilet, and be equipped with a stall for privacy. The MRO is responsible for ensuring the integrity of the specimen collection and maintaining the chain of custody. The only authorized personnel at the collection site are the employee and the MRO of the same sex.

G. Employees shall have their urine specimen split and stored in case of legal disputes if the urine specimen is of a sufficient quantity (90 ml - 3.04 fluid ounces) to be tested. The MRO shall collect the specimen samples, seal, label and store the samples in a secured location until delivery to the testing laboratory.

H. The specifically trained officer shall determine when the employee is fit to resume his or her duties after specimen collection and may consider any relevant information submitted by the employee in making this determination. If the specifically trained officer determines that an employee is unfit to perform his/her duties, the employee shall be transported to his or her residence and placed on paid administrative leave pending receipt of the test results.

I. The testing methodology shall consist of a two-step procedure:

1. Initial Screening Process: The specimen shall be screened using a

Radio Immonochemical Assay (RIA) or Enzyme Multiplied Immunoassay (EMIT) test. An initial positive test will not be considered conclusive; rather, the same specimen will be subject to a confirmation test. A tentative positive test result is determined by the following concentration levels using NIDA confirmation cutoff guidelines.

Amphetamines/methamphetamines	1000 ng/ml
Cocaine	300 ng/ml
Cannabinoids (marijuana, THC)	50 ng/ml
Opiates (heroin, morphine and codeine)	300 ng/ml
Phencyclidine (PCP)	25 ng/ml
Alcohol	.02 GMS %

2. **Confirmation Test:** Any coded sample with results at or above the cutoff values shall be submitted for a confirmation test. The identical coded specimen will be subject to a confirmation test using the gas chromatography-mass spectrometry method (GC/MS) for verification. Concentrations of a drug at or above the following levels shall be considered a positive test.

Results below these cutoff values shall be considered negative. Results above these cutoff values shall be positive evidence that an employee has used illegal drugs. Prior to the submission of the confirmation test, the employee shall complete a Medical Review Form documenting any prescription or over-the-counter, nonprescription medications that the employee had taken prior to sample collection and may affect the results.

Amphetamines/methamphetamines	300 ng/ml
Cocaine	50 ng/ml
Cannabinoids (marijuana, THC)	20 ng/ml
Opiates (heroin, morphine and codeine)	300 ng/ml
Phencyclidine (PCP)	25 ng/ml
Alcohol	.02 GMS %

J. Employees having an initial screen negative test result shall receive a memorandum stating that no illegal drugs were found. If the employee requests, a copy of such memorandum can be placed in the employee's personnel file. The testing procedure and investigation is confidential. Any employees who breach this confidentiality shall be subject to discipline.

K. If a specimen is found to be positive by the GC/MC process, the laboratory shall submit a written report to the Fire Chief or Fire Chief's designee. The laboratory results and the employee's initial prescription/nonprescription drug usage form shall be submitted to a Medical Review officer (MRO) who shall be a licensed physician who has a knowledge of substance abuse disorders and had the appropriate medical training to interpret and evaluate an employee's positive test results. The MRO shall report to the Fire Chief or the Fire chief's designee the results of that evaluation.

L. The Fire Chief or the Fire Chief's designee shall notify the employee of the positive drug findings. If the confirmation test is above the cutoff value and the MRO's evaluation doesn't justify those results, the employee will be subject to the necessary disciplinary action. The employee has the option and the right to have the second sample independently tested by a NIDA lab and reviewed by a qualified independent MRO at the City's expense. However, the results will be released to the Fire Chief or the Fire Chief's designee and utilized in the investigation.

If the test results from the independent laboratory examination are positive and the independent MRO does not find appropriate medical justification for a positive test finding, the employee is subject to disciplinary action according to SOP Manual 1, Chapter V, Subject 13.

M. Return-to-Duty Testing

Before an employee returns to duty after engaging in prohibited drug and/or alcohol use, the employee shall undergo an evaluation of fitness for duty by the SAP, and under the direction of the SAP, submit to a return-to-duty test and received a verified negative result for drug and/or alcohol use.

Before an employee returns to duty after engaging in prohibited drug and/or alcohol use, the employee must have a return-to-duty test that would require the employee to test negative for drugs and/or alcohol.

The testing shall be conducted in accordance with Article II, Section 9, Subsections D, 1-3; E; F; G; H; I, 1-2; J; K; and L and in accordance with State and Federal laws.

N. Follow-Up Testing

1. Following a determination by a SAP that an employee is in need of assistance in resolving problems associated with drug and/or alcohol use the employee shall be subject to unannounced follow-up testing as directed by the SAP of at least six (6) tests in the first twelve (12) months following the employee's return to duty, and thereafter as determined necessary by the SAP. The SAP can terminate the requirement for the follow-up testing in excess of the minimum at any time, if the SAP determines that the testing is no longer necessary and is supported by the City.

2. Follow-up alcohol testing may also include testing for controlled substance use as directed and determined by the SAP.

3. The time period for "follow-up" testing for drug and/or alcohol use will be determined by the SAP subject to a reasonable minimum of twelve (12) months, and never to exceed thirty-six (36) months.

4. Follow-up testing may be on a daily, weekly, monthly or longer basis at the discretion of the SAP.

The ten (10) cities used for fixing the monthly salaries shall be those ten (10) cities remaining from an original and complete list of all California cities in the 100,000 to 250,000 population range based on the latest Annual Report of Financial Transactions of California Cities, published by the State Controller after representatives of the City and the

Fire Safety MOU

appropriate recognized employee organization have alternately struck the names of cities from the list one at a time until the names of ten (10) cities remain. The representatives to strike the first name from the list shall be determined by lot.

C. In the event one or more of the ten (10) cities does not have one or more of the comparable position classifications, the monthly salary for the particular classification shall be computed as the arithmetic average of the next highest and next lowest comparable position classification of that City. For example,

1. No Captain: next highest - Battalion Chief; next lowest - Engineer.
2. No Engineer: next highest - Captain; next lowest - Paramedic.
3. No Paramedic: next highest - Captain; next lowest - Firefighter

D. The salaries paid in Step A shall be the same as the arithmetic average of the starting salaries of the comparable positions in the ten (10) cities and the salaries paid in Step E shall be the same as the arithmetic average of the top salaries paid in comparable positions in the ten cities. The salaries paid in Steps B, C and D shall be fixed at amounts, which will cause the Local Safety members in the San Bernardino Fire Department to advance from the starting steps to the maximum pay steps in approximately equal salary advances.

E. New employees shall be hired at the A step of the established base salary range except as otherwise provided in this MOU.

F. Any Local Safety member of the Fire Department temporarily acting in a position in a higher rank during a period of absence of the incumbent or during a vacancy in the position for more than ten (10) consecutive working days or five (5) consecutive shifts, shall receive the same salary for the higher rank to which he would be entitled, were he promoted to that rank during the period in which the employee is acting in the higher rank, to which he would be entitled, were he promoted to that rank. The Fire Chief shall certify as to the assignment and the period of time worked in the higher rank to validate entitlement to the higher salary.

G. Employees in the classification of P-1 and P-3 may provide paramedic service if approved by the Fire Chief to do so and they provide payroll with a copy of their certifications to all state and county regulations.

1. The Fire Chief will assign each P-1 and P-3 approved and certified to "lead" paramedic duties on an engine company and they will be paid 96 hours (4 shifts) of premium pay. Premium pay is defined as the hourly rate difference between a top step P-1 and a top step P-2. The premium pay will be paid 50% on the first semi-monthly check and 50% on the second semi-monthly check.

2. Since the assigned P-1's and P-3's will be compensated for 96

hours of premium pay per month, only for extraordinary circumstances will the individuals be excused from actually working those hours, (e.g. vacation, sick leave, injury.)

3. Fulfillment of the 96 hours can be accomplished by either working full 24-hour shifts, partial shifts of 8-hour increments (up to three, 8-hour partial shifts in any given 24-hour shift) or a combination of both. Hours worked will be recorded on the employee's timesheet and will be tracked by the Department and Payroll. Each employee will receive a minimum of 8 hours credit when called to perform paramedic duties. If an employee actually works less than 8 hours, they will still put 8 hours on their timesheet. If an employee works 8 hours or more, then the actual number of hours worked will be recorded on the timesheet.

4. If a P-1 or P-3 is assigned and works paramedic duties in excess of the 96 hours per month, he/she would receive additional premium pay for the hours worked over the 96 hours.

This base salary is "compensation earnable" as defined in Section 20636 (c) of the California Government Code and shall be reported to the Public Employees' Retirement System (hereinafter "PERS"). Employees will then assume responsibility for payment of the nine percent (9%) employee retirement contribution to PERS and all associated costs for the conversion of the EPMC to base salary.
