CalPERS Investments in California

Private Equity's California Initiative

- Primary Objective: to achieve appropriate risk adjusted returns that meet or exceed industry benchmarks
- Ancillary Objective: to invest in traditionally underserved areas where opportunities may have been bypassed, aiming to impact the economic infrastructure of the state
- Total investment approximately \$1 billion since inception in 2001
- Current investment totals \$263 million of which \$178 million (or 68%) is invested in California companies
- Active investment in 149 companies, 101 of which (or 68%) are California companies

Ancillary Benefits of the California Initiative

- For the Fiscal Year 2015, ancillary benefits are as follows:
 - 48% employment growth since the time of investment for active companies
 - 35% of California Initiative companies are located in areas traditionally underserved by institutional capital
 - 49% of employees are considered low- to moderate-income workers
 - 36% of dollars are invested in companies that have at least one woman officer
 - 30% of dollars are invested in companies that have at least one minority officer

California Initiative Jobs Created Since Initial Investments (All Companies Including Fully Realized Investments)
