- B. Guide the Board in managing the effectiveness and integrity of the Board's processes, including oversight, accountability, transparency, efficiency and decision-making.

- The Annuitants' Health Care Coverage Fund (Cal.Gov Code §22940); and
- The Supplemental Contribution Program Fund (Cal.Gov Code §22970.41).

The California Constitution provides that the Board shall have plenary authority and fiduciary responsibility for the investment of moneys and administration of the system, is charged with the sole and exclusive fiduciary responsibility over the assets of the system, and is granted the sole and exclusive responsibility for administering the system in a manner that will assure prompt delivery of benefits and related services to system members and beneficiaries.

III. GOVERNANCE PRINCIPLES

The following governance principles will guide the conduct, decision-making and behavior of the Board and provide a framework for the development of policies and practices that will drive the achievement of the Board's goals:

A. Effective and Capable Fiduciaries.

Effectiveness is the super-ordinate principle for Board members to fulfill their fiduciary responsibilities to the system's beneficiaries and participants. These fiduciary responsibilities and the nature of CalPERS' business must be thoroughly understood. In turn, the Board must understand its role in successfully conducting that business and have passion for such success.

Capability, the corollary of effectiveness, requires competent Board members and executives who are able to balance short- and long-term objectives and develop and oversee the implementation of strategies for achieving intended outcomes.

B. Ethical Leaders.

As ethical leaders, the Board and executive team share values about what is important and work together with mutual respect in a constructive partnership. Together, the Board and executives set the tone at the top that permeates the organization.

C. Open and Accountable to Stakeholders.

The Board and executives are appropriately open in the way key decisions are made and publicly disclosed. Governance rules are clear and disclosed. The Board has access to appropriate expertise and data free from undue influence. The Board and executives are both accountable to stakeholders for their performance.

D. Risk Intelligent and Insightful in Decisions.

The Board approves the risk preferences and tolerances of the funds to prepare the enterprise for high impact risks and to achieve long-term sustainability. An effective enterprise risk management framework is used to consistently monitor and report aggregated risk exposures and the effectiveness of mitigation and control. The organization is willing to innovate and take calculated risks and innovate in the long-term best interests of the beneficiaries and participants.

E. Long-Term View of the Needs of Beneficiaries and System Participants.

The Board is actively engaged in establishing the long-term direction of the organization. It adopts a long-term, sustainable view toward, for example, financial soundness and effective retirement and health care solutions for members and employers. The Board integrates short-term and long-term perspectives on both assets and liabilities. Strategic choices are consciously made based upon strategic analysis and long-term thinking, not just a planning and budgeting process.

F. Continuous Learning and Adaptation to Changing Conditions.

The Board conducts a regular assessment of its performance and capabilities. It identifies the skills and capabilities required to fulfill its fiduciary roles and responsibilities and maintains an inventory of existing trustee skills and capabilities, as well as strengths, weaknesses, gaps and priority development needs.

IV. AVOIDANCE OF CONFLICTS OF INTERESTS

- A. Individual Board members are fiduciaries and trustees. As such, Board members will at all times act in the best interest of CalPERS and its members and beneficiaries, consistent with the Board member's fiduciary duty, and take positive steps to prohibit breaches of duty through negligence or intentional action.
- B. Board members will never act where there may be a conflict of interest or appearance of a conflict of interest. A conflict of interest is understood to be a situation where a relationship exists that could reasonably be expected to diminish independence of judgment in performance of official responsibilities as a Board member. Specifically, Board members may not participate in decisions which might result in significant personal economic advantage.
- C. Board members will take positive steps to prohibit unauthorized communications, as set forth in Section X. F., with individuals seeking to influence the Board or who may receive personal benefit or gain as a result of Board actions.
- D. To avoid the appearance of undue influence, Board members will refrain from communications with staff, outside a Board or committee meeting, wherein the Board member advocates for, or directs staff to, a specified action, decision or course of conduct with respect to any existing or prospective investment transaction or existing or prospective contract.
- E. Board members will not seek nor accept any compensation or political contributions that would violate California law, including without limitation the Political Reform Act of 1974 (Cal.Gov Code §§81000, *et seq.*).
- F. Board members will not seek nor accept any gifts (as defined in the California Political Reform Act), or reimbursement for travel or any other activity, that are prohibited pursuant to the Political Reform Act of 1974 (Cal.Gov Code §§81000 *et seq.*), the Board's

Statement of Activities That Are Inconsistent, Incompatible, or in Conflict with the Duties of a Board Member of the Public Employees' Retirement System, and any other applicable Board policies.

V. ROLE AND POWERS OF THE BOARD

A. The powers reserved to the Board are characterized as one of four types of Board responsibility and authority:

- *Conduct*: the Board performs the tasks described.
- *Set*: the Board is actively engaged in developing the strategies and plans for the delegated activities and has final approval authority.
- *Approve*: the Board has final decision authority on delegated activities.
- *Oversee*: the Board requires adequate information to monitor and provide direction and support, as appropriate, on delegated activities.

B. The Board reserves the following powers for itself; all remaining powers are delegated to a committee of the Board:

1. Conduct administrative hearings and decide appeals.
2. Conduct discipline if a member fails to meet Board standards of conduct.

The Board will be responsible for implementing public disciplinary action against a Board member whose conduct fails to meet the standards outlined in or violates this Governance Policy, or whose conduct is otherwise inconsistent with Board policies. Discipline will be at the discretion of the Board, after considering the nature and number of violations, and may include, but need not be limited to, admonishment, censure, temporary termination of a Board member's travel privileges or the requirement of additional training. Any public discipline will be imposed in open session at a duly-noticed meeting of the Board, and only upon adoption of a motion by the Board.

3. Conduct the hiring, evaluation and termination of the Chief Executive Officer.

4. Conduct selection and evaluation of Board and committee consultants (e.g, executive compensation, CEO/CIO recruiting, health care, and actuarial).
5. Conduct setting of the Board and committee agendas, linked to an annual planning calendar, by identifying, articulating, prioritizing and scheduling matters and reports the Board will regularly address. In addition, the Board agenda will be tied directly to the Board's approval and oversight responsibilities and related outcomes, which is linked directly to the powers reserved for the Board and those delegated to committees.
6. The Board will define its information requirements, the thresholds or benchmarks that trigger Board attention for each topic, and the frequency of standard reports.
7. Set legislative priorities and approve legislative policy and legislative positions.
8. Approve the initiation or settlement of litigation involving material sums or having a substantial impact on the goals or program operations of CalPERS.
9. Set and approve CalPERS' mission and vision.
10. Approve Board delegations.
11. Approve organization performance metrics and oversee overall organization performance.
12. Approve overall communications strategy.
13. Oversee all enterprise diversity programs.
14. Approve and adopt regulations relating to CalPERS.
15. Conduct election of the Board President and Vice President in January of each year.
16. Oversee stakeholder relations.

VI. DELEGATION

A. Definition.

A delegation is the grant of authority from one person or entity (such as the Board or a committee of the Board) with the power to act to another person or entity. A delegation of authority does not extinguish the authority of the delegator, nor does it absolve the delegator of responsibility. A delegation of authority should be distinguished from providing direction, the former being a grant of power, and the latter being a more specific command or order to carry out a particular act.

B. Delegation of Board Functions.

While, as a general rule, a trustee or other fiduciary should not delegate to others authority that he or she ought personally to perform, it is appropriate to delegate tasks that the individual cannot reasonably himself or herself perform. The members of the Board, themselves, cannot reasonably perform all acts necessary to operate CalPERS; they must rely upon CalPERS staff and contractors to carry out many activities and functions. Accordingly, the Board may delegate authority to committees of its members, the Chief Executive Officer, and CalPERS consultants.

C. Standards for Delegation.

Delegations must be prudent and consistent with the Board's fiduciary responsibilities. The Board must (1) select delegates with care, (2) define delegated authority clearly, (3) monitor the performance of delegates, and (4) take corrective action when appropriate.

D. Sub-Delegation.

When the Board has delegated authority to the Chief Executive Officer, the Chief Executive Officer is authorized to delegate to his or her subordinates any portion or all of that authority unless the Board has required the Chief Executive Officer to act personally.

E. Finality.

A delegatee may take final action as to any authority delegated to him or her except where the delegating party requires the delegatee to first secure the delegating party's review and ratification of the delegatee's chosen course of action. Where a

delegation does not require the delegating party's review and ratification prior to the delegatee taking action, the delegatee has authority to act finally, and will be responsible and accountable for his or her actions.

F. Content of Delegations.

Delegations should be clear and specific as to (1) what specific authority, responsibility or action is being delegated and to whom, (2) whether sub-delegation is permitted, and (3) whether the delegatee is authorized to act finally or whether action by the delegatee is subject to review and ratification or reversal by the grantor of the delegation.

G. Formality.

All delegations should be memorialized in writing either before or after the delegation.

VII. STRUCTURE AND ROLE OF THE COMMITTEES

A. The Board has established the following six standing committees of the Board:

1. Board Governance Committee;
2. Finance and Administration Committee;
3. Investment Committee;
4. Pension and Health Benefits Committee;
5. Performance, Compensation and Talent Management Committee; and
6. Risk and Audit Committee.

B. The powers of each committee are set forth in a delegation resolution whereby the Board has delegated specified authority to each committee. The committee delegations will be reviewed annually and updated as needed.

C. The members of each committee of the Board will be appointed annually by the Board President, with consideration given to the expressed desires of individual Board members and the value of periodic rotation of committee members so as to provide direct

exposure to differing Board responsibilities. The members of any subcommittees will also be appointed annually by the Board President, after consultation with the chairs of a committee and with consideration given to the expressed desires of individual Board members and the value of providing direct exposure to differing Board responsibilities. Committee and subcommittee chairs and vice chairs will be selected by the members of each committee and subcommittee, respectively, with consideration given by members to the periodic rotation of committee and subcommittee chairs and to any financial hardships disclosed by the Board member. These elections will occur annually at the first committee meeting each year. The Board will ensure the process for nominating and electing committee chairs and vice chairs is transparent and well understood.

- D. Each committee will be responsible for asking questions pertinent to decisions or oversight for that committee. This will typically include questions reflecting the fiduciary duties of the committee members.
- E. Each committee will report on its discussions and deliberations of significant issues and present its recommendations to the full Board to ensure that each Board member is adequately informed. At the same time, each Board member has a responsibility to stay apprised of key issues being addressed by the various committees.
- F. Any ethics related proposals introduced at a committee must be brought to a vote by the committee no later than three meetings after introduction of the proposal. If no vote is taken, the proposal will be included on the Board's meeting agenda for the following month.
- G. On an annual basis, each committee will review all current information reports to determine those that are statutorily required and those that may be streamlined or removed.

VIII. ROLE OF THE BOARD PRESIDENT, VICE-PRESIDENT, CHAIRS AND VICE-CHAIRS

- A. Election of the Board President and Vice President.

The Board President and Vice President will be elected annually by members of the Board in open session at the January meeting of the Board for the term of one calendar year.

- B. Role of the Board President.

The Board President's principal role is to lead the Board in the conduct of Board business by managing the affairs of the Board and ensuring the integrity of the Board's process. The President's specific duties, delegated by the Board, are to:

1. Provide leadership to the Board in terms of collegiality, civility and ethical conduct.
2. Ensure that Board operations are consistent with its own policies.
 - a. At his or her discretion, after considering the nature and number of the violations, the Board President may implement private discipline against a Board member whose conduct fails to meet the standards outlined in or violates this Governance Policy or whose conduct is otherwise inconsistent with Board policies. Such discipline may include, but will not be limited to, admonishment, censure, temporary termination of a Board member's travel privileges, or the requirement of additional training. The Board President will inform the other Board members of the discipline, without divulging the name of the disciplined Board member.

3. With the Chief Executive Officer and in consultation with the chairs of the committees, actively engage the Board in setting the strategic agenda, and review and make adjustments quarterly.

3.4. Coordinate with the Chief Executive Officer on the planning of Board agendas, with a focus on the efficient use of written materials provided to Board members and creating realistic time estimates for each agenda item for the benefit of Board members and the public.

4.5. Convene and conduct Board meetings, controlling the process of Board deliberations pursuant to rules adopted by the Board.

- a. Limit meeting discussion content to those issues that, according to Board policy, are within the Board's responsibility.

- b. Ensure timely, fair, orderly, thorough and efficient deliberations, including enforcement of Robert's Rules of Order.

~~5-6.~~ With the Chief Executive Officer, manage the effective and efficient flow of information to the Board, which is comprehensive and timely without being over detailed.

~~6-7.~~ In consultation with the chair of a committee, resolve the scope of authority of different committees, with the goal of ensuring the most effective and efficient use of Board time.

~~7-8.~~ Certify actions taken by the Board.

~~8-9.~~ Represent CalPERS, or designate other Board members to represent CalPERS, to outside parties and organizations.

~~9-10.~~ Act as the liaison for communications between the Board and Chief Executive Officer.

~~10-11.~~ Lead the Board's self-assessment and self-development processes.

~~11-12.~~ Present an annual report which reviews progress in implementing governance reforms and improvements to Board effectiveness.

C. Role of the Vice President.

In the absence or incapacity of the President, the Vice President will have the authority delegated and established by Board policy and in general conformance with the authority of the President.

At his or her discretion, after considering the nature and number of the violations, the Vice President may implement private discipline against the Board President in the event his or her conduct fails to meet the standards outlined in or violates this Governance Policy or his or her conduct is otherwise inconsistent with Board policies. Such discipline may include, but will not be limited to, admonishment, censure, temporary termination of the President's travel privileges, or the requirement of additional training. The Vice President will inform the other Board members of the discipline taken.

D. Role of Committee Chairs.

Committee chairs are responsible for organizing the work of the committees. In fulfilling this function they:

1. Consult with the President and set the committee agenda in accordance with the Board's delegation to the committee.
2. Convene and chair meetings of the committee.
3. Ensure that the committee operates to assist the Board consistent with its delegation and Board rules including:
 - a. Limiting meeting discussion content to those issues that, according to Board policy and delegation, are within the committee's responsibility and not within management's responsibility.
 - b. Ensuring timely, fair, orderly, thorough but efficient deliberations, and enforcing the Board's rules of order.
 - c. Ensuring appropriate delegation of authority protocol, consistent with the responsibilities of the Board.
4. Work directly with the staff person(s) assigned by the Chief Executive Officer on matters within the committee delegation, including the planning of committee agendas, with a focus on the efficient use of written materials provided to Board members and creating realistic time estimates for each agenda item for the benefit of Board members and the public.
5. May delegate to staff individual Board member requests for documents or information. Staff will inform all Board members of any documents or information provided pursuant to such individual Board member request.
6. Receive and assess requests from committee members for new reports and analyses. The chair will consider the following factors in determining whether the request will be granted:
 - a. The current and projected workload of the staff that will be needed to complete the report or analyses.
 - b. The need to engage consultants and/or third-party vendors to complete the report or analyses, and the

budget available to hire any needed consultants and/or third-party vendors.

- c. The existence of current reports or analyses that may fulfill the request.
 - d. How the request fits into the overall strategic goals of CalPERS.
- 7. In consultation with the members of the committee and the staff person(s) assigned by the Chief Executive Officer to assist the committee, determine the most appropriate method of and time for obtaining and considering independent consultant input on issues within the committee's delegated authority.
 - 8. In consultation with the staff person(s) assigned by the Chief Executive Officer to assist the committee, annually review the matters that were presented to the committee during the prior year, and evaluate whether these matters represented an effective and efficient method of achieving the Board's policies and strategic direction. Report conclusions and recommendations to the committee for action.
 - 9. Act as a liaison between the committee, the President, and the Board.
 - 10. May, in the absence of the President and Vice President, appoint a sub-committee to conduct the business of the committee if there are an insufficient number of committee members in attendance to constitute a quorum.
- E. Role of the Committee Vice Chair.

In the absence or incapacity of the committee chair, the vice chair will have the authority delegated and established by the committee's delegation.

IX. DELEGATIONS TO EXECUTIVES AND BOARD REPORTING RELATIONSHIPS

- A. The Board will have one direct report: the Chief Executive Officer. The Chief Executive Officer is responsible for the overall administration of all units, departments and functions within CalPERS. The Board and the Chief Executive Officer share

responsibility for hiring, evaluating and, if necessary, terminating the Chief Investment Officer.

- B. The Board will have long-term Chief Executive Officer and Chief Investment Officer succession planning processes.
- C. The Board will evaluate direct report performance and compensation based on the agreed-upon strategy and performance outcomes and metrics. If the Board is not satisfied with the performance of the Chief Executive Officer, it will discipline or replace him or her, but will not get involved in day-to-day operations.
- D. The Board will have ready access to all executives, and such access will be coordinated by the Chief Executive Officer.
- E. The Board strongly supports an environment where CalPERS staff may engage in impartial, robust, objective and ethical decision-making free of improper influence from individual Board members, executives or third parties. The Board requires implementation of a staff policy regarding impartial decision-making and immediate reporting of instances of undue influence.
- F. The Board and/or its committees will establish a schedule of closed session meetings with selected executives, i.e., those making frequent reports to the Board, including the Chief Investment Officer.
