**RESPONDENT'S ARGUMENT**

## Respondents Argument

I want to thank the board for this opportunity to write to you I know that the Law administrative Judge are selected due to their honesty and integrity of the most high and without prejudices and nothing but the truth I know that the Judge Mary Agnes is a good judge . I noticed that she left out in her summery that I tried to keep Dr. Warick from leaving after his testimony. Judge Mary Agnes gave ten minutes after his testimony. I tried to talk to her in the hallway she said I could not talk to her. I came back into the court room to talk to the calpers attorney Phillips about keeping Dr. Warick for my testimony and that I felt it was very important for me. Attorney Phillips stated to me he is done he doesn't need to be here unless he wants to stay, at that time Judge Mary Agnes came into the court room and heard me asking attorney Phillips if he could stay , ,she then asked me why do you want Dr. Warick to stay, I answered because I think it's very important for Dr. Warick to hear my testimony, she then stated to me that Dr. Warick was done and didn't need to be here to hear my testimony, so he can go. Dr. Warick was paid 4,000 to be here for this hearing. I feel that my rights were violated because I was there for his testimony and this was critical that he hear my testimony. This is very important to me this is my life I

receive 1,564 a month for retirement and before my assault I received 5,000 a month and so this is very critical to me that we testify the truth, who can live on 1,500 a month and with a mortgage. The cross examination of Dr. Warick I asked him how much was he paid for my examination, he stated 2,000 and for today's hearing he stated 4,000 from Calpers. I asked Dr. Warrick under oath how long was I there for my examination he stated 3 to 3 ½ hours, 45 min for face to face interview he also stated that about \$300,00 were to review my medical reports. I asked Dr. Warick if I said to him that my brother died of an overdose he stated yes, under oath and his medical report said he died 2006. I asked Dr. Warick under oath how was I assaulted he said they spat on you, I asked Dr. Warick if he had received Dr. peter Dell state appointed final deposition he stated under oath he did not review it. I asked Dr. Warick if he reviewed my treating Dr. Dr. Halotes final medical report he stated under oath no but that it would have been helpful. In exhibit 9 page 2 of his medical report he states that he reviewed Dr. Halotes report and also Dr. peter dell depositions. He lied to the court under oath; I asked Judge Mary Agnes if she had the Dr. Reports Dr. peter dells deposition and Dr. Halotes I only have what's in front of me. Judge Mary Agnes stated to me that if I wanted her to consider their reports That I could send them to [sanfiling@Dgs.oah](mailto:sanfiling@Dgs.oah) by form of pdf file I sent Judge Mary Agnes All of Dr. Halotes reports and Dr. peter dell

deposition on 10/7/16 I feel Dr. Warick is an incompetent Dr, @ his age of 80, I feel Dr. mislead calpers and the court that he reviewed records and that he examined me for 2 hours ,in his medical report and that and that I was there 3 To 3 ½ hours total. I was not examined by this Dr. I spoke to this Dr. for about 5 minuets and then he gave me a form to fill out a test Mcm1 III. I came into his office and he asked me what happened, I explained to him that I was assaulted by a prison gang member mafia associate and that I was being threaten by them, he stated so what they say a lot of things, they can say whatever they want, he said I work in a prison I asked him what prison do you work for he said right here LA county jail, I answered back to him that LA county jail is not a prison he got mad and said take these papers to the lobby and fill them out and bring them back I was probably there for no more than 25 minutes in the lobby after I was done I took the test back to him and he said you could of left them in the lobby, just set them there, this Dr. did not ask me to sign in the time I was there and or sign out the time I left usually I need some sort of validation for my mileage with workmen's comp and for my records. In my testimony I stated under oath that Dr. Warick did not examine me on July 24, 2014 on his medical report he stated he saw me on July 25,2014, exhibit 9 page 1, I did not see Dr. Warick on July 25<sup>th</sup> 2014 , I stated that Dr. Warick did not examine me on July 24<sup>th</sup> 2014 Mr. Phillips tried to call Dr. Warick by phone he was

already gone, it appeared that Judge Mary Agnes and attorney Phillips were in disbelief and that this Dr. Warick was paid \$4,000 to be in this important hearing but he was nowhere to be found , also the Dept. of corrections CIW not there ,they did not appear for this hearing I then showed consul and Judge Mary Agnes My brother's death certificate wher he died in 1999 of aids Dr. Warick said in his report he died in 2006 so again this Dr. Warick lied under oath about his medical report ,it appears Dr. Warick guided himself on peter dells report which I stated under oath there were so many mistakes that he falsified his medical information of me to the courts and feel this could be malpractice he knowingly falsified information discredited and violating my rights to a fair report hearing I was vigorously examined by Dr. Halote PHD for 1 ½ hr. and plus I had to take a test which is called a MMPI which had over 550 questions it took me almost 2hr it was hard I sign in and out for my mileage and proof for workmen's comp. I was vigorously examined by Dr. Peter dell Psychiatrist for 1 ½ hr. also face to face and was also given the MMPI psychological test which lasted about 2hr. it was pretty hard for me .I know what an exam is believe me, both MMPIs test results were extremely showed high levels of anxiety and depression ,both Dr. Halote final report state I was permanently disabled and stationary at the time of my pending retirement application also Dr. Peter Dell deposition he stated that I could no longer work as a

psych. Tech and that I was qualified for an injured worker and that I should retire because anything could set me off PTSD working in that environment.
