Item Name: Review of Independent Auditor’s Management Letter

Program: Audit Services

Item Type: Action

Recommendation
Approve the Draft Management Letter as prepared by Macias Gini & O'Connell LLP (MGO) for the fiscal year ended June 30, 2017.

Executive Summary
The Draft Management Letter, prepared by the CalPERS Board of Administration’s (Board) Independent Financial Statement Auditor, MGO, includes observations and recommendations related to strengthening internal controls over financial reporting based on the audit of the June 30, 2017 financial statements. Importantly, no material weaknesses or significant deficiencies in internal controls over financial reporting were noted as a result of the audit. Management’s concurrence, response, and proposed corrective actions to the observations and recommendations are included in the Draft Management Letter. In addition, the Draft Management Letter contains the status of prior year recommendations. Management has partially resolved prior year observation.

Strategic Plan
This item is not a specific product of the Strategic Plan. The Government Code section 20228 requires the Board to annually employ a certified public accountant to audit the financial statements.

Background
MGO completed its audit of CalPERS Basic Financial Statements for the fiscal year ended June 30, 2017 as required by Government Code section 20228. In connection with the audit of the financial statements, MGO prepared a Draft Management Letter that includes observations and recommendations to enhance internal controls over financial reporting (Attachment 1). The Draft Management Letter also includes updated status on prior year observations.

The Management Letter is considered a draft until it is approved by the Board and subsequently signed by MGO. The signed Management Letter will be distributed to the Board, executive staff and senior management.

Analysis
Consistent with the Office of Audit Services Audit Resolution Policy, the status of the Management Letter observations will be reported to the Risk and Audit Committee until
management has satisfactorily resolved each noted observation and MGO concurs that corrective action has been implemented.

The tables below summarize the comments and corresponding pages in the Draft Management Letter. It should be noted that management has partially resolved prior year observation.

**Table 1 – Current Year Observations**

<table>
<thead>

</table>
**Budget and Fiscal Impacts**
Not Applicable.

**Benefits and Risks**
The primary benefit of approving the Draft Management Letter is to assist CalPERS in meeting its fiduciary responsibilities to plan participants by ensuring effectiveness of controls over financial reporting designed to prevent, or timely detect, errors that could result in material misstatements in the financial statements. The risk of not implementing recommendations is limiting the timely detection, prevention, or correction of material misstatements in the financial statements.
