Glossary of Terms

Funded Status – A measure of how well funded, or how "on track" a plan or risk pool is with respect to assets versus accrued liabilities. A ratio greater than 100 percent means the plan or risk pool has more assets than liabilities and a ratio less than 100 percent means liabilities are greater than assets.

Inactive Agencies – Agencies with all inactive rate plans

Inactive Rate Plan – Agency is not currently reporting payroll for one or more of its rate plans (e.g., miscellaneous).

Non-active member – A member on an inactive rate plan who no longer contributes to a pension plan, including retirees and those entitled to a deferred pension.

Unfunded Accrued Liability (UAL) – When a plan or pool's Value of Assets is less than its Accrued Liability, the difference is the plan or pool's Unfunded Accrued Liability (or unfunded liability). If the unfunded liability is positive, the plan or pool will have to pay contributions exceeding the Normal Cost.
