Ref. No. 2019-0318: RESPONDENT'S ARGUMENT

Dear Sirs,

I respectfully offer the following arguments in support of my application for disability retirement:

1. From CalPERS Customer Touchpoint Notes, Exhibit 15, page 5, "Advised member to contact his employer to determine if his employer is willing to corroborate disability and pay health benefits as vesting and payment amounts are determined by his employer."
2. From CalPERS exhibit 14, page 3, "Question: Would Metropolitan Water District of Southern California object if CalPERS accepts this member's untimely application? Answer: We would not."
3. Since the only DR benefit I am seeking is the 50% reduction in medical insurance coverage, which I am willing to pay, and the other 50% is from my Metropolitan Water District of Southern California, which they are willing to extend, I am requesting for the Board's favorable action on my DR application.

I trust you will find the above sufficient for your purpose and mine.

Very truly yours,

Mario U Manansala, Jr.
