## Federal Bills

---

**H.R. 3 - Pallone, Frank (D-NJ) Introduced: 9/19/2019**

CalPERS Position: N/A

**Elijah E. Cummings Lower Drug Costs Now Act.** Among other things, requires the Centers for Medicare & Medicaid Services (CMS) to negotiate maximum prices for insulin products and at least 25 single source, brand name drugs that do not have generic competition and that are among the 125 drugs that account for the greatest national spending or spending under the Medicare prescription drug benefit and Medicare Advantage (MA). The negotiated prices must be offered under Medicare and MA, and may also be offered under private health insurance unless the insurer opts out. It requires the negotiated maximum price to not exceed 120 percent of the average price in Australia, Canada, France, Germany, Japan, and the United Kingdom; or if such information is not available, 85 percent of the U.S. average manufacturer price. In addition, the bill requires drug manufacturers to issue rebates to the CMS for covered drugs that cost \$100 or more and for which the average manufacturer price increases faster than inflation. It also reduces the Medicare prescription drug benefit annual out-of-pocket beneficiary spending threshold and eliminates beneficiary cost-sharing above the threshold.

**S. 1140 - Smith, Tina (D-MN) Introduced: 4/11/2019**

CalPERS Position: Support

**Protecting Access to Biosimilars Act of 2019.** Subjects insulin to the Food and Drug Administration's (FDA's) biosimilar pathway intended to bring low-cost, generic insulin products to market. It ensures these products adhere to requirements that prevent the ability of insulin manufacturers to game the exclusivity system and keep their market share; and ensures older insulin products that are now regulated as biologics do not suddenly receive the 12-year exclusivity granted to newly-licensed biologics.

*Action Taken: Sent a letter to Senator Smith expressing support for S. 1140 on July 18, 2019.*

*Status: 4/11/2019 - Referred to the Senate Committee on Health, Education, Labor and Pensions.*

CalPERS Position: N/A

**Lower Health Care Costs Act.** Bipartisan health care reform legislation that, among other things, would end surprise medical billing by protecting patients against out-of-network deductibles in emergencies. This legislation would reduce prescription drug prices by ensuring timely access to generics and protecting access to biological products as well as improve transparency in health care by designating a nongovernmental, nonprofit entity to help ensure higher quality and lower cost health care. Additionally, this legislation would improve public health and the exchange of health information by improving early disease prevention, innovation and integrated services and requiring health insurers to make health claims, network, and cost information readily available to patients.
