An act to add Section 6254.32 to the Government Code, relating to public records.

LEGISLATIVE COUNSEL'S DIGEST

AB 2473, as introduced, Cooper. Public investment funds.
Existing law, the California Public Records Act, requires state and local agencies to make their records available for public inspection, unless an exemption from disclosure applies. Existing law excludes from the disclosure requirement certain records regarding alternative investments in which public investment funds invest.
This bill would exempt from disclosure under the act specified records regarding an internally managed private loan made directly by a public investment fund, including quarterly and annual financial statements of the borrower or its constituent owners, unless the information has already been publicly released by the keeper of the information.
Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.
This bill would make legislative findings to that effect.

State-mandated local program: no.
The people of the State of California do enact as follows:

SEC. 2. The Legislature finds and declares that Section 1 of
