Background	The Funding Risk Mitigation ("FRM") Policy seeks to reduce CalPERS funding risk over time. It establishes a mechanism whereby CalPERS investment performance that significantly outperforms the discount rate triggers adjustments to the discount rate, expected investment return, and strategic asset allocation targets.		
	Staff Implementation of Management Advisory ( Financial Officer ("CFO" financial office ("FINO"), ("ACTO"), legal office ("I relations ("CSR").	Committee ("ALMAC"), c ) and made up of repres investment office ("INV	haired by the Chief entatives from the O"), actuarial office
Strategic Objective	The strategic objective of the Policy is to reduce the volatility of investment returns, thereby increasing the long-term sustainability of CaIPERS pension benefits for members.		
Policy	If a Funding Risk Mitigation Event occurs, the discount rate and expected investment return shall be adjusted as set forth in Table 1 below, and the strategic asset allocation targets shall be adjusted consistent with such new discount rate and expected investment return. The current CalPERS strategic asset allocation targets can be found in the CalPERS Total Fund Investment Policy, and are defined or approved during the periodic Asset Liability Management process undertaken by CalPERS, subject to adjustments per this Policy.

	Upon the occurrence of a Funding Risk Mitigation Event:
	<ol> <li>Staff shall report the annual net investment return for the given fiscal year ending June 30th to the CalPERS Board of Administration.</li> </ol>
	<ol> <li>Staff shall implement new strategic asset allocation targets based on the reduction in investment return indicated in Table 1 in accordance with the current schedule of asset allocation ranges and targets adopted by the Investment Committee.</li> </ol>
	<ol> <li>The new strategic asset allocation targets shall take effect on October 1 of the fiscal year immediately following the Event Year.</li> </ol>
	4. The total fund policy benchmark shall be adjusted consistent with the new strategic asset allocation targets and Staff shall report the new strategic asset allocation targets, total fund policy benchmark and expected investment return to the Investment Committee.
	<ol> <li>The discount rate shall be adjusted and reported to the Finance &amp; Administration Committee.</li> </ol>
	<ol> <li>Member calculations, including optional factors and service credit purchase, shall reflect the reduced discount rate effective immediately upon the occurrence of a Funding Risk Mitigation Event.</li> </ol>
	<ol> <li>The effect of any reduction in discount rate for a given Event Year shall be included in the actuarial valuations calculated as of June 30 for such year.</li> </ol>
