# **Circular Letter**

**TO: ALL CALPERS EMPLOYERS**

**SUBJECT: NEW my|CalPERS UPDATE**

CalPERS has updated the implementation date of the new my|CalPERS system from November 30, 2009, to April 19, 2010. This new launch date will allow fuller integration of the financial systems that track receivables and payments, thereby enhancing the benefits of my|CalPERS. By providing additional time to employers and other CalPERS partners to prepare for business process and data reporting changes, the new launch date also will make the transition to my|CalPERS easier for all users.

For the last several months, through the Public Employer Readiness Team (PERT), we have been informing employers about our new integrated technology system for employers, my|CalPERS. As we have said previously, this effort will continue through three education phases.

With your participation, PERT has just completed Phase One of its outreach and education activities. During this phase, employers learned about the benefits of the new my|CalPERS and selected the reporting methods they will use to transmit their enrollment, payroll, retirement, and Supplemental Income Plan data to CalPERS.

In early 2009, PERT business and information technology staff will be available at convenient locations to meet face-to-face with the representatives of employers who have elected to report by file upload or by File Transfer Protocol (FTP).

As always, we will continue to keep you informed about the educational opportunities available to you via the PERT web area on CalPERS On-Line at [www.calpers.ca.gov/pert](http://www.calpers.ca.gov/pert). You also may address any questions or concerns directly by e-mail to [PERT4U@calpers.ca.gov](mailto:PERT4U@calpers.ca.gov), or contact our Employer Contact Center toll-free at **888-CalPERS** (or **888-225-7377**).

Lori McGartland, Chief  
Employer Services Division
