Affidavit of Parent-Child Relationship

California Code of Regulations section 599.500(o)

The Public Employees’ Medical and Hospital Care Act (PEMHCA), allows employees and annuitants to enroll family members in a CalPERS-sponsored health plan. Pursuant to Title 2, California Code of Regulations (CCR), section 599.500(o), an employee or annuitant may enroll a child, other than an adopted, step or recognized natural child, in the health plan if the employee or annuitant has assumed a “parent-child relationship” with that child in lieu of the child’s adoptive, step or natural parent, up to age 26.

A parent-child relationship occurs when the employee or annuitant assumes a parental role and is considered the primary care “parent.” Evidence of this relationship may include assuming responsibilities such as providing shelter, clothing, food, child care or education for the child, as well as assuming parental duties, such as providing permission for school activities, health care services, extracurricular, and recreational activities.

A parent-child relationship must be certified at the time of enrollment for each child and annually thereafter up to age 26. Spouses of your recognized natural, adopted, or stepchild are not eligible for enrollment.
