CalPERS Board of Administration Contract Activity Reporting Policy

Purpose
The purpose of this policy is to ensure that the Board is made aware of high dollar contract activity and given an opportunity, where appropriate, to participate in significant contract decisions before they are finalized.

Background
To provide transparency and to assist in the Board’s monitoring responsibilities regarding staff’s contract decisions, certain contracts and purchases that exceed a threshold of $1 million or more will be reported on a prospective basis to the Board. Staff will continue to have delegated authority to select contractors where the power has not otherwise been reserved to the Board. However, staff will develop reports to provide sufficient information to the Board so that it is informed of upcoming contract activity and can request to participate in the selection decision or provide other input, at its discretion.

Strategic Objective
This Policy and subsequent Prospective Report assists the Board in managing the effectiveness and integrity of the Board’s processes, including oversight, accountability, transparency, efficiency and decision-making.

Policy
The Operations Support Services Division (OSSD) shall prepare a semi-annual report (Prospective Report) of upcoming contract activity that exceeds a threshold of $1 million or more.

The Prospective Report will be presented as an action consent item to the Finance and Administration Committee (FAC) (1) at the time the annual budget is approved, and (2) at the time the mid-year budget adjustments are made.

The Prospective Report will include the following:

- Requests for Proposals (RFPs) scheduled for development and release when the estimated total value of the contract or budget for the contractor or contractors is $1 million or greater in total value.
- Contracts exempt from the competitive bidding process and investment manager contracts which are $1 million or greater in total value.
- Spring-Fed Pool engagements or work from undefined dollar contracts or purchase orders which are $1 million or greater in total value.
- Any amendments to the contracts set forth above which cause the contract to exceed a threshold of $1 million or more when the contract has not otherwise been reported to FAC.
- Items previously reported to FAC, when the amount is increased by $1 million or more over the amount previously reported to the FAC.
Policy, continued

The Prospective Report will not include the following:

- Purchase or work orders for routine, recurring services and goods including, for example, office and building supplies and maintenance, telephones, wireless devices, personal computers, office and building equipment, and information technology hardware and software and hardware and software maintenance.

- Investments in partnerships and limited liability companies, purchases or sales of securities or real property, and other similar investment transactions.

Upon approval, the Chief Executive Officer and their delegates will have authority to execute the contracts and expenditures set forth in the Prospective Report.

Roles and Responsibilities

OSSD shall prepare the Prospective Report on a semi-annual basis as an action consent item to the Committee.

The Committee shall review and approve the Prospective Report.
Compliance

Any contracts that are covered by this policy but were not contained in the Prospective Report must be reported to the FAC as an action consent item at the next FAC meeting.

If there is an immediate or emergency need for executing a contract or expending funds, which would otherwise be required to be prospectively reported to the Committee, the Chief Executive Officer may execute the contract or expend additional funds without prior reporting to the FAC, provided (a) the Chief Executive Officer consults with the Board President in advance of executing the contract, and (b) the Chief Executive Officer notifies the FAC in writing within five (5) business days of executing the contract. An immediate or emergency need includes, for example, the need to hire outside counsel to represent CalPERS in litigation.
