# myCalPERS Projected Contributions

Student Guide

May 9, 2025

### Introduction

This student guide is a resource to assist you with projected contributions and receivables.

#### Disclaimer

As a security safeguard, business partner and participant information has been masked within the figures in this procedure guide.

#### System Access

If you are unable to process these scenarios, contact your agency's system access administrator to update your myCalPERS access.

#### **Training Opportunities**

Prior to taking a myCalPERS training, new users should review the <u>Introduction to myCalPERS for</u> <u>Business Partners (PDF)</u> student guide and take a Business Rules class. Business Rules summarizes the laws defined by the California Public Employees' Retirement Law (PERL).

### **Unit 1: Projected Contributions**

#### **Reporting and Paying Payroll**

- On the Second Saturday of Each Month the myCalPERS system will create receivable shells only for reporting earned period payroll ending within the following month. This will allow for payments to be made on your receivable. Payments should be made on or after the 15th day of the earned period end date.
- On the First Day of Each Month all active appointments including Retired Annuitants on each payroll schedule will be available to report payroll, confirm payroll is not reportable (confirm unposted payroll) or permanently separate an appointment (maintain enrollment).

#### **Projected Contributions Timeline**

- 15 days after earned period end date your contribution **payments** are due.
- 30 days after earned period end date Payroll **reporting** is due.
- 31 days after earned period end date If there are projected contributions, it will apply to the receivables and a \$200 late reporting fee will apply on a separate receivable.
- 45 days after earned period end date 10% late payment interest will apply to any unpaid balance and again 30 days thereafter until the balance is paid in full.
- 60 days after earned period end date if the payroll report remains suspended, \$200 payroll correction fee will apply on a separate receivable and again 30 days later until report is in **Posted** status.

#### **Projected Contributions Description**

Only active/qualified appointments with no reported payroll after an earned period due date can be subject to projected contributions. Projected contributions are based on actual historical payroll reported and posted to myCalPERS. The system will use the highest member and employer contributions recorded within the last 90 days from the earned period end date to project contributions. Projected contributions will post to the payroll period receivable 31 days after the earned period end date. Projected contributions will reverse when payroll is successfully reported, the participant's appointment status is updated, or missing payroll for an earned period is confirmed unposted. Projected contributions will not impact or be recorded against the member's account balance.

If a requested extension is approved, the projections will still post on the earned period payroll receivable due date and not the report due date.

# Projected Payroll Process Posts Daily for Appointments with an Outstanding Status

If an active appointment has an outstanding payroll status, then projected member and employer contributions are automatically added to the applicable earned period receivable on the 31<sup>st</sup> day after the due date. The projected payroll amount is based on the highest normal contributions reported in the last 90 days and a \$200 late payroll reporting fee will be assessed. If payroll is expected on active appointments, then mass confirming all payroll appointments is not advised.

# Unit 2: Contributions Receivable Reconciliation

The contributions receivable pages will help you reconcile your billing, payroll reporting, and appointments.

Step 13 Do you want to review what was reported for payroll?

Yes: Continue to step 14

No: You have completed this scenario.

- Step 14Within the Reported Contributions section, select the Submission Date link for<br/>the Contributions Posted Detail Report.
- Step 15 Do you want the report in a different format?

Yes: Continue to step 16

- No: You have completed this scenario.
- Step 16 Select the **Run as** icon in the top left corner of the page.

Step 17 Select the desired format.

Run HTML
 Run PDF
 Run Excel
 Run Excel data
 Run CSV

You have completed this scenario.

#### Scenario 2: Maintain Projections

For each earned period, myCalPERS will project contribution amounts and add administrative fees for active appointments with missing payroll. You can avoid being overcharged by confirming missing payroll, permanently separating former employees, or posting payroll.

#### System Logic

- Before the earned period end date, you may maintain these appointments from the Payroll Schedule page to avoid inaccurate contributions charges and administrative fees.
- Projected contributions are applied to the receivable 31 days after the earned period end date.
- Any updates made after the projection will adjust the receivable total after a nightly batch; however, administrative fees will remain.

- Step 21 Select the **Confirm Missing Payroll** button.
- Step 22 Do you need to report payroll for any employees that are identified as missing payroll?

Yes: Continue to step 23

No: You have completed this scenario.

Step 23 Submit missing payroll records in the next earned period report or in an adjustment report.

You have completed this scenario.

#### Scenario 3: Apply a Credit

There is a credit on your receivable, so you will make an adjusted payment. Any credit balance within the same rate plan will apply to the receivable.

#### System Logic

- The credit will automatically apply to the receivable on the report due date.
- The credit will not apply if the receivable balance is zero.
- A credit can only be applied within the same rate plan.

#### **Step Actions**

Step 1	Select the <b>Reporting</b> global navigation tab.
Step 2	Select the Billing and Payments local navigation link.
Step 3	Select from the Fiscal Year drop-down list.
Step 4	Select the <b>Display</b> button.
Step 5	Within the Contributions for Defined Benefit CalPERS (Year-To-Date) section, locate the rate plan you want to reconcile.

Step 6 Select the **View Receivables Detail** link for the appropriate rate plan.
