### Executive Summary

This report is provided by the California Public Employees' Retirement System (CalPERS) pursuant to the requirements of California Government Code (G.C.) § 7513.6, also known as the Sudan Act, and §7513.7, also known as the "California Public Divest from Iran Act" (each, an "Act" and collectively, the "Acts")

The Acts require the CalPERS Board of Administration (Board), consistent with its fiduciary responsibilities, to identify, engage, and potentially divest from companies meeting the criteria specified in the Acts. Further, the Acts require ongoing annual reporting by CalPERS to the California Legislature until the respective sunset provisions have been satisfied.

For the 2019 reporting period:

1. CalPERS screened for companies potentially meeting the criteria for consideration under the Acts that may be held in the Public Employees' Retirement Fund.
2. CalPERS has removed two companies from further consideration under the California Public Divest from Iran Act after receiving confirmation that the companies have no targeted business activities in Iran, and reviewing the companies' internal controls to prevent sanction violations:
  - a. Daelim Industrial Co. Ltd.
  - b. Aker Solutions
3. It has been confirmed there are no related holdings within CalPERS' private equity portfolio, based on the latest available holdings information available at the time of this report (as of June 30, 2019).
4. No new companies have been proposed for divestment.

All holdings information is as of June 30, 2019 unless otherwise noted.

### Background Information – Inception of the Acts

In 2007, Assembly Bill 221 (California Public Divest from Iran Act) and Assembly Bill 2941 (the Sudan Act) were enacted to prohibit CalPERS and CalSTRS from investing in companies with specified business activities in Iran and Sudan, respectively, subject to the fiduciary duties of the Board as described in Section 17 of Article XVI of the California Constitution. In October 2011, Assembly Bill 1151 was passed, amending AB 221 to its current form.

### CalPERS Compliance with the Acts

Among other things, the Acts require CalPERS to use publicly available information to identify public portfolio companies that may be subject to the Acts and to make a good faith effort to identify potential private equity exposures.

CalPERS reviews a variety of information sources to identify the companies in its portfolio that may potentially meet the threshold criteria for divestment. There may be instances in which CalPERS has not engaged a company that was identified by other agencies. Reasons for this may include, but are not limited to:

- Portfolio holdings – Companies identified by other sources may not be held in the CalPERS Public Employees' Retirement Fund (PERF) during the reporting period.

- Timing – Differences may occur due to the timing of each respective organization's engagement with individual companies.

Additional information on CalPERS' compliance with the specific reporting requirements of the respective Acts is included in the sections below.

### CalPERS 2019 Report – G.C. 7513.6 (Sudan Act)

In consideration of the requirements of the Act, the potentially lengthy discovery and confirmation process, and ease of presentation, CalPERS will group companies into several categories:

1. **Divested/Restricted** – These are companies that were determined to have satisfied the threshold criteria for divestment defined by §7513.6, and as to which the CalPERS Board determined divestment would be consistent with its fiduciary obligations.
  - This category addresses the requirements of §7513.6(i)(3) and (i)(4) should divestment of a company be in progress with restrictions on new purchases
2. **Under Review** – These are companies that have been identified as possibly subject to the Act that are 1) undergoing review to affirm whether they do or do not meet the threshold criteria for consideration under the Act, or 2) are undergoing the engagement and communication cycle specified by the Act, or 3) are being considered for divestment in accordance with CalPERS policies.
  - This category addresses the requirements of §7513.6(i)(1) and (2)
3. **Monitoring** – These are companies that CalPERS' initial screening determined as not meeting the threshold criteria for further consideration under §7513.6, which CalPERS continues to monitor for possible changes in status relevant to the Act.
  - This category addresses the requirements of §7513.6(i)(5)
4. **Exempted** – These are companies that were identified, and confirmed as meeting the threshold criteria for divestment, but that the CalPERS Board has elected to exempt from divestment.
  - This category addresses the requirements of §7513.6(i)(4) for companies exempted from divestment on fiduciary grounds, and of §7513.6(i)(6) where the "Sudan-free" alternative fund or account has been deemed not financially equivalent to an unconstrained fund/account such that the Board elected not to transfer assets therein (component §7513.6(f)(2)). This category also addresses §7513.6(i)(6), component §7513.6 (f)(3), should the Board elect not to divest from a private equity exposure in a company confirmed to have met the threshold criteria for divestment.
5. **Other** – This category is used to capture other required reporting components not captured in the other categories.
  - §7513.6(f), as part of §7513.6(i)(6), in which an economically equivalent alternative fund or account was established with PERF assets transferred therein.

## CalPERS 2019 California Public Divest from Iran Act and Sudan Act Legislative Report

- §7513.6(j) any investments in a company with business operations in Sudan (as defined in the Act), that the board voluntarily sold or transferred.

These elements are included in Tables 1 through 5, by category, on the following pages. The “market value” may include public equity, depository receipts, and debt assets.

**Table 1 – Divested/Restricted Companies (\$7513.6)**

Divested/Restricted Company	Summary of Ties to Sudan	Summary of Status Changes from 2018 Report	Public Equity Shares held by CalPERS	Market Value of CalPERS Exposure

## CalPERS 2019 Report – G.C. 7513.7 (California Public Divest From Iran Act)

As with G.C. §7513.6(i), CalPERS will group companies into several categories for G.C. §7513.7(i):

1. **Divested/Restricted** – These are companies that were determined to have satisfied the threshold criteria for divestment defined by §7513.7 as to which the CalPERS Board determined divestment would be consistent with its fiduciary obligations.
  - This category addresses requirements §7513.7(i)(1),(2),(3), and (4) should divestment of a company be in progress with restrictions on new purchases
2. **Under Review** – These are companies that have been identified as possibly subject to the Act that are 1) undergoing review to affirm whether they do or do not meet threshold criteria for consideration under the act, or 2) are undergoing the engagement and communication cycle specified by the Act, or 3) are being considered for divestment in accordance with CalPERS policies.
  - This category addresses the requirements of §7513.7(i)(1), (2), and (5)
3. **Monitoring** – These are companies that CalPERS' initial screening determined as not meeting the threshold criteria for further consideration under §7513.7, which CalPERS continues to monitor for possible changes in status relevant to the Act.
  - This category addresses the requirements of §7513.7(i)(1), (2), and (5)
4. **Other** – This category is used to capture other required reporting components not captured in the other categories.
  - §7513.7(f), as part of §7513.7(i)(6), in which an economically equivalent alternative fund or account was established with PERF assets transferred therein
  - §7513.7(j) any investments in a company with business operations in Iran (as defined in the Act), that the board voluntarily sold or transferred
  - §7513.7(i)(7) the annual economic impact of the divestment mandate on the PERF

These elements are included in Tables 6 through 9, by category, on the following pages. The “market value” may include public equity, depository receipts, and debt assets.
