# myCalPERS Employment Certification Functionality

This guide will help you electronically submit employment information for service credit purchases and membership review. For additional information, visit the <u>Employment</u> <u>Certification</u> page on the CalPERS website.

# **Service Credit Purchases**

Employment certification and payroll details for service credit purchase requests must be submitted through myCalPERS. Employees who request to purchase service credit for prior employment periods will need to complete a service credit purchase request online via myCalPERS or by completing the applicable request form from the CalPERS website. They will submit the form to the employer associated to the employment period. You will complete and submit the certification in myCalPERS.

# **Membership Reviews**

You may be required to submit employment information and service period (payroll) details for an employee whose membership status needs to be reviewed. This can be for any type of arrears driven by late enrollment or pre-review for service credit purchase. To ensure an accurate reflection of service credit to your employee's account, your agency must submit the requested information through myCalPERS for review.

# **System Access**

To access the pages detailed in these scenarios, your assigned user roles must include:

Business Partner Arrears

Along with one or more of the following roles:

- Business Partner Payroll
- Business Partner Payroll Limited
- Business Partner Retirement Enrollment
- Business Partner Retirement Enrollment Limited

If you are unable to view or process these scenarios, contact your agency's system access administrator to update your myCalPERS access. To locate a list of your agency's system access administrator(s) within myCalPERS, select **Profile** global navigation tab > **Contacts** left-side link > System Admin column displays Y.

If your agency does not have a system access administrator on file or they have left your agency, call the customer contact center at **888 CalPERS**.

# Disclaimer

As a security safeguard, business partner and participant information has been masked within the figures in this procedure guide.

# Scenario 1: Certify a Service Credit Purchase Request

Members have two options for submitting a service credit purchase request:

# myCalPERS

Members can request to purchase service credit by completing and submitting the service credit purchase request from their myCalPERS account. Once submitted, you will locate the request in myCalPERS, complete the employment certification portion, and submit the request by using this scenario starting with step 1.

# **Request Form**

Members can submit their request using the applicable service credit purchase request form. It is critical that they submit the form to their employer at the time of the requested period, which may not always be their current employer. You will then follow the steps in this scenario to complete the employment certification portion and submit the request starting with step 8.

# System Logic

- Create a separate request for each of the following if, during the requested period, the member:
  - Held more than one position/appointment
  - Had multiple time bases
  - Changed employers (including campus and department changes)
- For definitions of the fields, refer to the Appendix at the end of this guide.

# Step Actions (65 steps)

# Submit Service Period Payroll Details

In addition to submitting employment details, payroll details for the service credit purchase request period must also be submitted. There are two options for submitting payroll:

Manual entry: Payroll is entered into myCalPERS manually for each earned period using the steps outlined in this scenario starting with step 19.
 File upload: Payroll for each earned period is uploaded into myCalPERS using a CSV or XML file using the steps outlined in this scenario starting with step 36. Refer to the <u>Technical Resources</u> page of the CalPERS website to download and use the CalPERS Review Report Template (CSV) as well as the Data Element Definition document, which you can refer to when filling out the CalPERS Review Report Template.

# System Logic

- You must report payroll for the entire service credit purchase period.
  - If an earned period does not have reportable earnings, report a zero-period (0.00) record. Refer to the myCalPERS Payroll Reporting (PDF) student guide (Unit 3, Scenario 4) for the proper reporting steps.
- Do not report payroll for dates outside of the requested service credit purchase period. You may need to adjust the begin/end dates of record(s) to correspond with the service credit purchase period dates.
- Earned periods cannot be lumped together. Report each earned period separately.
- All earnings should be reported in one record, including adjustments, unless:
  - The earned period crosses fiscal years.
  - There are multiple pay rates, positions, or time bases for the same earned period.
- Ensure the information is reported accurately as it will be used in the calculation of the service credit purchase and may impact membership date, member cost, and employer liability.
- If a payroll schedule causes an error to occur, contact CalPERS.

# Scenario 2: Certify a Leave of Absence Service Credit Purchase Request

Members have two options for submitting a service credit purchase request for a leave of absence:

# myCalPERS

Once logged into their myCalPERS account, members can request to purchase service credit by completing the service credit purchase request online. Once submitted, you will locate the request in myCalPERS, complete the employment certification portion, and submit the request by using this scenario.

# **Request Form**

Members can submit their request using the applicable service credit purchase request form. Once completed, the member will submit the form to the employer where the leave of absence occurred. Refer the employee to the <u>Request Service Credit (PDF)</u> hand out. The employer will then complete the employer certification portions and submit directly to CalPERS via fax or mail.

# System Logic

- Each leave of absence period must be requested separately.
- For definitions of the fields, refer to the Appendix at the end of this guide.

# Note:

# These instructions for certifying a leave of absence service credit purchase do not apply to Temporary Disability Absence.

# Unit 2: Arrears

Arrears are the cost of retirement contributions from a member's earnings that were not previously reported and paid to CalPERS. An agency may be responsible for paying both the member and employer contributions along with an administrative cost associated with each arrears determination.

You are responsible for determining membership eligibility upon hire, including checking an employee's CalPERS membership status in myCalPERS. If the employee is not eligible at date of hire, the employer must continue to monitor their eligibility throughout their employment.

Upon meeting the eligibility requirements, you must enroll the member into membership within 90 days of their eligibility date. Failure to enroll a member timely will result in an arrears determination.

# **Arrears Administrator**

For your agency to receive timely notifications of arrears determinations, your system access administrator must designate a *primary* Arrears Administrator contact type. We recommend selecting email as the preferred method of communication. Your agency's system access administrator should follow the steps in the <u>myCalPERS System Access Administration (PDF)</u> student guide for establishing and maintaining agency contacts.

# What Initiates an Arrears Review?

Below is a list of reasons that may cause an arrears determination:

- Member not enrolled into membership in myCalPERS timely (90-day violation)
- Membership date input error
- Missing payroll
- Employer updates/corrects an appointment
- Service Prior to Membership (SPM) request
- Retirement, death, and/or disability review
- Business partner/member calls the CalPERS Contact Center
- Member refunds or re-deposits

# **Arrears Determination Processes**

# Late Appointments (90-day violation)

The chart below details the process and the associated scenarios related to 90-day violations:

# All Other Reasons

The chart below details the process and the associated scenarios for all other arrears reasons (refer to the list on the previous page):

# Documentation

# Scenario 4: Report Payroll

CalPERS has requested that you report payroll for an arrears determination.

# System Logic

- For late appointment reporting, only report payroll as prior period adjustments for the arrears period once the appeal has been waived (Unit 2, Scenario 1 of this student guide) or the 30-day appeal period has closed. Refer to the <u>myCalPERS Payroll Reporting (PDF)</u> student guide (Unit 3, Scenario 4) for the proper reporting steps.
- If an arrears determination is completed through an employment certification containing payroll that has been submitted by your agency, there are no further actions needed to post the arrears payroll to a member's account: The arrears payroll will post when arrears determination status changes to "completed."
- For reporting employer paid arrears through the regular payroll reporting process, and to learn more about the arrears process, refer to the <u>myCalPERS Payroll Reporting (PDF)</u> and <u>myCalPERS Payroll Adjustments (PDF)</u> student guides.
- Continue reporting the member's current payroll in your earned period reports. Refer to the myCalPERS Payroll Reporting (PDF) student guide.
