

Agenda Item 9a

March 18, 2013

ITEM NAME: Targeted Investment Programs and Diversity Initiatives Update

PROGRAM: Targeted Investment Programs

ITEM TYPE: Program Review – Information

EXECUTIVE SUMMARY

This agenda item provides a status report on Targeted Investment Programs activities since its last update to the Investment Committee in December 2012. This update covers the period of January 2013 to the present and focuses on emerging and diverse manager initiatives, California investment initiatives, and the Responsible Contractor Program Policy.

STRATEGIC PLAN

This agenda item supports the CalPERS Strategic Plan goal to improve long-term pension and health benefit sustainability. Stakeholder engagement results in better understanding of key issues on potential investments. Additionally, engagement with stakeholders assists CalPERS to gain the knowledge and establish collaborative relationships to better accomplish the System's investment objectives.

BACKGROUND

This agenda item is a regularly scheduled quarterly update to the Investment Committee on Targeted Investment Programs activities. Staff's efforts and accomplishments since the last update in December 2012, are detailed below for the following areas:

1. California Infrastructure Program
2. California Investment Initiatives
3. Responsible Contractor Program Policy
4. Legislation
5. Emerging Manager Five-Year Plan

ANALYSIS

1. California Infrastructure Program
 - CalPERS will host a discussion with financial advisors for California public agency infrastructure projects on April 22, 2013. This invitation-only event will be held at CalPERS headquarters.

2. California Investment Initiatives

Targeted Investment Programs and Private Equity (PE) staff have met and discussed the work plan for evaluating new investment opportunities in California. Staff will return to the Investment Committee with a progress update in the second half of the calendar year.

- Staff's ongoing outreach efforts for investing in California included participating in the following event:
 - Socially Responsible Investment Fund Hearing convened by Assembly Member Nora Campos in February 2013.
- The *CalPERS for California Report* and the *California Initiative Report* will be presented to the Investment Committee in June 2013.

3. Responsible Contractor Program (RCP) Policy

- *Woodfield Mall*: At the December 2012 Investment Committee, the Service Employees International Union (SEIU) commented about the upcoming labor contract negotiations at the Woodfield Mall asset in Chicago. Staff communicated with all parties and discussions between SEIU, Woodfield Mall operator Simon Properties and Institutional Mall Investors are expected in the coming weeks.
- *Caesars Las Vegas*: Unite Here brought upcoming contract negotiations with Caesars Entertainment in Las Vegas to the attention of CalPERS. CalPERS Private Equity unit has an investment in Caesars Entertainment through Apollo Global Management and TPG Capital. Letters have been sent to these companies encouraging them to communicate to Caesars Entertainment the importance of remaining at the negotiating table, and of negotiating in good faith.
- *Holiday Inn LAX*: Representatives from CIM Urban REIT and Unite Here met in December 2012 to discuss service workers' complaints at the Holiday Inn LAX. CalPERS has a non-controlling 25% interest in the CIM Urban REIT, a commingled fund, which holds debt on the Holiday Inn LAX.
 - CalPERS holds a minority interest in a commingled fund known as the CIM Urban REIT. The RCP Policy provides that as a commingled fund, the investment is not an RCP investment and that CIM Urban REIT is "encouraged to make a good faith effort to comply with the spirit of the policy, consistent with the Fiduciary Duty Requirement."
 - The CIM Urban REIT only holds debt on the Holiday Inn LAX. CalPERS does not own, nor does it have an ownership interest in the asset, the McSam Hotel Group, which owns the hotel, or the Packard Companies, that operates the hotel.

- Federal lending laws limit debt holders from exerting influence or control over debtors of an asset, in this case McSam Hotel Group and the Packard Companies. CalPERS further understands that if CIM or CalPERS were to influence or direct McSam Hotel Group or the Packard Companies on these labor issues, CIM Urban REIT could lose legal protections of debt holders under lending law. CIM, and possibly CalPERS, could also risk claims of interference of performance from the owner or operator that could result in third party lawsuits. For these reasons, neither CalPERS, nor CIM, can direct or influence McSam Hotel Group or the Packard Companies on issues related to the Holiday Inn LAX consistent with the Fiduciary Duty Requirement mentioned above.
- CalPERS, consistent with the RCP Policy, has been and will continue to remain neutral on organizing efforts at the Holiday Inn LAX. CIM has also stated it will remain neutral.

4. Legislation

The role of the Targeted Investment Program has been expanded to include the Investment Office's legislative efforts. Staff will work with CalPERS Office of Governmental Affairs and update the Investment Committee on legislative-related matters as needed.
