- C. Establish the roles and responsibilities of Board members and CalPERS management and staff relating to Board member education.

By design, individual Board members come to the CalPERS Board of Administration with diverse backgrounds and experiences. This Education Policy is not intended to serve as a one-size-fits-all model for Board members, but is instead designed to serve as a catalyst for each Board member's individual development and advancement to best serve the members and beneficiaries of the System.

"Educational Activity" for purposes of this Education Policy includes any substantive educational activity, such as conferences, seminars, accredited courses, workshops, on-line training and self-study programs, and shall include educational sessions provided by or incorporating the work of CalPERS staff.

This Education Policy applies to Board members and their designees.
