PROCEEDINGS

ACTING CHAIR GALLEGOS: This is the Risk and
Audit Committee. May we have a roll call, please.

BOARD CLERK ANDERSON: Deborah Gallegos for Malia
Cohen

ACTING CHAIR GALLEGOS: Here.

BOARD CLERK ANDERSON: David Miller.

VICE CHAIR MILLER: Here.

BOARD CLERK ANDERSON: Frank Ruffino for Fiona
Ma.

ACTING COMMITTEE MEMBER RUFFINO: Present.

BOARD CLERK ANDERSON: Jose Luis Pacheco.

COMMITTEE MEMBER PACHECO: Present.

BOARD CLERK ANDERSON: Kevin Palkki.

COMMITTEE MEMBER PALKKI: Good morning.

BOARD CLERK ANDERSON: Ramón Rubalcava.

COMMITTEE MEMBER RUBALCAVA: Present.

BOARD CLERK ANDERSON: Mullissa Willette.

ACTING CHAIR GALLEGOS: Great. It appears we
have a quorum, so let's get started. We will start --

COURT REPORTER: Microphone.

ACTING CHAIR GALLEGOS: Thank you. We will get
started with the executive report. Kevin Fein, welcome.

CHIEF COMPLIANCE OFFICER FEIN: Thank you. Good
morning, Madam Chair, Mr. Vice Chair, Committee members.

1 I am Kevin Fein, CalPERS team member and Chief Compliance
2 Officer. Today, there are no action agenda items to be
3 presented to the Committee. I will be providing an update
4 on our compliance advisory services. The next Risk and
5 Committee meeting is scheduled for November 2025 and
6 includes the independent auditor's report for fiscal year
7 2024-25. And a review of the independent auditor's
8 Management letter. This concludes my report. I'd be
9 happy to answer any questions.

10 ACTING CHAIR GALLEGOS: Thank you. Are there any
11 questions for Mr. Fein?

12 Okay. Great. So did you say there were no
13 action consent items. I have three. I have item number
14 3, action consent on my agenda.

15 CHIEF COMPLIANCE OFFICER FEIN: Action agenda
16 items.

17 ACTING CHAIR GALLEGOS: Okay. Great. Thank you.
18 So then we will move on to the action consent items.

19 VICE CHAIR MILLER: Move approval.

20 COMMITTEE MEMBER PALKKI: (Hand raised).

21 ACTING CHAIR GALLEGOS: Moved approval. I've got
22 a second. Can we have a roll call vote?

23 No. All in favor say aye?

24 (Ayes.)

25 ACTING CHAIR GALLEGOS: Great. Thanks.

1 Approved.

2 Oops. Sorry. We'll move on to Item number 4,
3 information --

4 CHIEF EXECUTIVE OFFICER FROST: Ms. Gallegos.

5 ACTING CHAIR GALLEGOS: Yes.

6 CHIEF EXECUTIVE OFFICER FROST: For the record,
7 you have to ask if there are any nays.

8 ACTING CHAIR GALLEGOS: Oh. Are there any nays?

9 No. It looks like the motion is approved.

10 Great.

11 So we will move on to item number 4, information
12 consent items. Are there any questions, pulls for this
13 item?

14 Nope.

15 All right. Then we will move to the information
16 agenda items. Item 5a, compliance advisory services
17 committee update for -- from Kevin Fein.

18 (Slide presentation).

19 CHIEF COMPLIANCE OFFICER FEIN: Thank you. Good
20 morning again. Today, I will be presenting an update on
21 the Enterprise Compliance Risk and Governance Compliance
22 Advisory Services Program. I will highlight for you some
23 key initiatives that we have been focused on and
24 achievements to date.

25 [SLIDE CHANGE]

1 CHIEF COMPLIANCE OFFICER FEIN: You know, we've
2 talked -- We just, in June, did our annual report. This
3 is going to take us down another level into some more
4 detail about the specific compliance advisory improvements
5 we've been making expansion of the programs, and maturing
6 them, and bringing automation. Quick reminder of our
7 strategic priorities, this slide, which we've discussed in
8 the past, continues to be our guiding map as we advance
9 the Enterprise Compliance and Risk Programs. We remain
10 focused on the integration of people, processes and
11 technology to efficient -- effective manage and mitigate
12 compliance and ethics risk.

13 [SLIDE CHANGE]

14 CHIEF COMPLIANCE OFFICER FEIN: As we walk
15 through today's presentation, I will highlight for you
16 keep initiatives compliance of the Compliance and Risk
17 programs implemented in alignment with CalPERS business
18 needs and our strategic priorities to ensure effective
19 governance and risk management.

20 These include: an overview of the Compliance
21 Advisory Services Program structure and how the Program
22 supports CalPERS compliance and risk management goals;

23 Personal trade manager, implementation of tools
24 and processes to oversee and manage personal trading
25 activities, increasing assurance of compliance with

1 ethical standards and regulatory requirements;

2 The gift and entertainment module, which services
3 as a centralize disclosure and attestation platform and
4 promotes transparency and adherence to organizational
5 policies;

6 We will discuss our process to evaluate team
7 members outside business activities and interests focused
8 on identifying and mitigating potential conflicts of
9 interest;

10 There is also the Form 700 Administration process
11 enhancements aimed at timely and accurate compliance with
12 regulatory requirements, enhanced review and
13 accountability;

14 We continue to build upon our compliance
15 onboarding processes to educate new employees on
16 compliance policies and expectations and build a strong
17 foundation for ethical behavior and accountability;

18 And finally, our strategic and operational
19 outcome measures established to evaluate the effectiveness
20 of compliance initiatives and ensure alignment with the
21 organizational goals and continuous improvement.

22 [SLIDE CHANGE]

23 CHIEF COMPLIANCE OFFICER FEIN: The next slide
24 outlines the implementation timeline for these initiatives
25 as well as other key milestones. We are on track to

1 implement a more formal third-party agreement conflict
2 check, which leverages the expanding technology and data
3 foundation.

4 [SLIDE CHANGE]

5 CHIEF COMPLIANCE OFFICER FEIN: The goal of the
6 Compliance Advisory Service Program is to provide clear
7 advice, guidance and oversight to reinforce compliance
8 with CalPERS financial disclosure requirements. We've
9 established a strong foundation by developing a formal
10 advisory program standardizing procedures and implementing
11 technology to support risk-based compliance monitoring.

12 Moving forward, we are maturing these functions
13 by leveraging technology for disclosures and other routine
14 filings to gain the advantage of automation while
15 upskilling team members through continuous education and
16 cross training. These efforts will result in the
17 automation of routine tasks, a shift toward a more focused
18 and tailored advice and a robust system for risk-based
19 compliance assurance. Ultimately, this Program
20 strengthens our ability to proactively manage risks and
21 maintain transparency.

22 [SLIDE CHANGE]

23 CHIEF COMPLIANCE OFFICER FEIN: Between February
24 2023 and September 2024, we implemented a new technology
25 vendor and automated data feeds to reduce manual processes

1 and improve data integrity. Additional enhancements
2 include corporate tree search functions and rules to
3 strengthen compliance and restricted list monitoring, as
4 well as expanded metrics and rule sets to oversee covered
5 person activity. These efforts have resulted in the
6 monitoring of over 3,000 trades across approximately 1,200
7 counts -- accounts in fiscal year 2024-25, demonstrating
8 the program's ability to provide robust oversight and
9 proactive risk management.

10 [SLIDE CHANGE]

11 CHIEF COMPLIANCE OFFICER FEIN: The gift and
12 entertainment module implemented in October 2023 has
13 improved employee understanding of gift rules, strengthen
14 transparency and ensured clear documentation of gifts to
15 resolve potential conflicts of interest. The module
16 provides a monthly gift disclosure and attestation
17 platform for CalPERS team leaders, while staff are able to
18 offer guidance on gift acceptance and disclosure roles.

19 Since its launch, it has increased awareness of
20 the State gift laws and compliance requirements with 90
21 percent of monthly attestations completed on time and
22 approximately 270 inquiries regarding gifts, travel and
23 conferences received during fiscal '24-'25. These efforts
24 enhance accountability and support effective compliance
25 monitoring across the organization.

1 [SLIDE CHANGE]

2 CHIEF COMPLIANCE OFFICER FEIN: The outside
3 business activities and interest initiative formally
4 launched in July 2025 enhances the identification and
5 management of potential conflicts of interest related to
6 team members external activities. A standardized process
7 and supporting tools were developed to ensure compliance
8 with CalPERS and California conflict of interest rule
9 sets, while providing leadership with the necessary
10 information to address risks effectively.

11 Since its soft launch in January 2025, the
12 Program has increased employee awareness of compliance
13 processes and rule sets, while offering advice, guidance
14 and informational resources to both team members and their
15 leaders. This initiative helps build clarity and trust
16 while supporting the culture of compliance.

17 [SLIDE CHANGE]

18 CHIEF COMPLIANCE OFFICER FEIN: The Form 700
19 administration initiative spanning June 2022 to June 2025
20 has significantly improved filer awareness of disclosure
21 rules, resulting in more informed decision-making and
22 increased compliance. Over 3,000 Form 700 reviews have
23 been completed since 2022 supported by onboarding sessions
24 and annual team leader reviews to assess financial
25 interests and identify potential conflicts of interest.

1 Enhanced reviews have reduced amendment requests by
2 approximately 70 percent since 2021 improving disclosure
3 accuracy and efficiency.

4 Additionally, escalation and follow-up processes
5 were implemented to resolve outstanding filings and ensure
6 timely completion of AG ethics training further
7 strengthening compliance across all FPFC required
8 components.

9 [SLIDE CHANGE]

10 CHIEF COMPLIANCE OFFICER FEIN: The compliance
11 onboarding program active since July 2021 ensures new
12 covered persons, senior leaders and Board members are
13 equipped with the knowledge and tools to navigate
14 compliance requirements effectively. The program also
15 refreshes current team members when they change positions
16 tailoring financial disclosure and conflict of interest
17 guidance to their specific roles and responsibilities.

18 By conducting approximately 400 onboarding
19 sessions, including approximately 250 pre-hire compliance
20 discussions, the initiative has strengthened trust between
21 ECRG and team members from the start and proactively
22 identified potential conflicts of interest before they
23 become issues. The Program supports informed
24 decision-making and fosters a culture of compliance across
25 the organization.

[SLIDE CHANGE]

CHIEF COMPLIANCE OFFICER FEIN: Each year, ECRG sends out a compliance and risk survey to all CalPERS team members to solicit feedback and assess the effectiveness of our program and efforts. For fiscal year 2024-25, ECRG achieved a 95 percent positive response rate in the compliance and risk annual survey, demonstrating the effectiveness of ECRG's communications and training efforts.

Key contributions include enterprise-wide education on compliance topics, such as personal trading, gifts, travel, and outside business activity requirements supported by enhanced tools and guidance. Additionally, ECRG has integrated Compliance Program overviews into new employee orientation and CalPERS management practices trainings, further embedding compliance awareness across the organization.

[SLIDE CHANGE]

CHIEF COMPLIANCE OFFICER FEIN: In the prior fiscal year, ECRG achieved a key -- achieved key compliance milestones, including 99.75 percent of Form 700s submitted on time and 99.81 percent of annual mandatory trainings completed both on target. ECRG continues to enhance tools and processes for timely Form 700 submissions, while partnering with HR to distribute

1 training memos and provide compliance reports to
2 leadership ensuring training completion rates remain high.

3 Additionally, onboarding is conducted for all new
4 covered persons and Form 700 filers. For example, as it
5 relates to personal trading regulations, in addition to
6 participating in our onboarding program, they are offered
7 bimonthly trainings to reinforce the rules and
8 requirements. These efforts reflect a strong commitment
9 to maintaining compliance excellence and reducing risk
10 across the organization.

11 In closing, the progress we've made across our
12 compliance initiatives demonstrates our commitment to
13 fostering a culture of integrity, transparency and
14 accountability. By leveraging technology, refining
15 processes, and empowering our people, we've built a strong
16 foundation for practice risk management and compliance
17 excellence.

18 Moving forward, we will continue to enhance these
19 efforts to ensure alignment with organizational goals and
20 regulatory requirements.

21 Thank you for your attention and I'm happy to
22 address any questions you may have.

23 ACTING CHAIR GALLEGOS: Are there any questions?

24 Thank you. Okay. Great. Mr. Ruffino.

25 ACTING COMMITTEE MEMBER RUFFINO: Thank you,

1 Madam Chair -- and thank you for the report.

2 ACTING CHAIR GALLEGOS: Yeah, we're trying to get
3 you on. Just give me one second.

4 There you go.

5 ACTING COMMITTEE MEMBER RUFFINO: All right.
6 Start all over again. Thank you, Madam Chair and thank
7 you for the excellent report, and outlining all the
8 enhancements. It obvious there has been some great
9 outcomes. There's been some great progress, so
10 congratulations on you and your team for that.

11 Looking into the future, you know, future
12 direction, future accountability, what does the roadmap
13 look like in the next phase of compliance modernization,
14 even though I get a sense where you're going. But more
15 importantly, how will the Board be able to measure your
16 progress?

17 CHIEF COMPLIANCE OFFICER FEIN: Thank you for the
18 question and the compliment. The future is going to be a
19 continuation. We have built a lot of the improvements
20 into the infrastructure than we wanted. We got the
21 technology. We're using that to continue to focus on
22 getting away from manual practices, automating as much as
23 we can. Our efficiency has increased significantly
24 through this effort. And now, it's a matter of continuing
25 to make sure that that is touching all areas across the

1 enterprise, in particular on the risk side with some of
2 the work we've already done. We're going to continue to
3 expand that across all branches. And again, these
4 compliance programs will continue to mature and we will
5 continue to do the training and education.

6 As to your second question, we spend a lot of
7 time -- as we've been developing these things, we're
8 beginning to see the return of some metrics as these
9 programs turn to automation and get more full usage. We
10 are looking for ways to add that to our monthly compliance
11 reports. When we find metrics that we believe actually
12 provide information, tell a story, let you see through and
13 understand the condition of compliance or risk, we will do
14 that. In the interim, until we are able to develop those,
15 I think it's been a little over a year since the last time
16 we made changes to the monthly report. We're still trying
17 to use all of the new approaches to these historical
18 activities, but find a way to have that give us meaningful
19 metrics that we can add. But in the interim, I will
20 continue to come and provide updates like these, probably
21 even as we begin to add new metrics to our monthly
22 reporting.

23 ACTING COMMITTEE MEMBER RUFFINO: That sounds
24 good actually. But just a quick follow-up, you mentioned
25 technology, you know and much -- how we matured. Is there

1 any like a benchmark or industry standard measures that
2 you are using to determine when CalPERS Compliance Program
3 has matured to best in its class?

4 (Coughing.)

5 ACTING COMMITTEE MEMBER RUFFINO: I didn't mean
6 to cause that.

7 (Laughter.)

8 CHIEF COMPLIANCE OFFICER FEIN: I would say all
9 the elements of a best-in-class compliance program on the
10 compliance side -- we're still continuing to enhance the
11 infrastructure on the risk side, but all of the elements
12 of a best-in-class compliance program from the private
13 sector that I operated for over 35 years exists now here
14 at CalPERS. What we need to do is continue to ex- --
15 thank you -- to expand their use, to build the
16 familiarity. We are also looking. We don't believe we've
17 used all of the technology's capability, so we are trying
18 to spend a lot of time assessing our activities and seeing
19 are there other things that we can move into this platform
20 that will allow for the automation, help us keep, you
21 know, a reasonable amount of staff without having to add,
22 you know, loads and loads of people to handle manual paper
23 processing. So we'll continue to do that, but truthfully
24 I would say all of the elements are there now.

25 ACTING COMMITTEE MEMBER RUFFINO: Good to hear.

1 Well, thank you, sir. Thank you for that and than you,
2 Madam Chair.

3 ACTING CHAIR GALLEGOS: Thank you, Mr. Ruffino.
4 I'll go to Mr. Pacheco.

5 COMMITTEE MEMBER PACHECO: Yes. Thank you, Madam
6 Chair and thank you, Mr. Fein, for your report. I wanted
7 to talk to you about the key outcomes, the 99.75 percent
8 of the Form 700 forms being submitted timely on target. I
9 know that there was transition with respect to the system
10 now going through the Department -- through the Secretary
11 of State and filling out those forms. How has that
12 process been? Has it been more seamless or has it been --
13 or has there been any hiccups along the way?

14 CHIEF COMPLIANCE OFFICER FEIN: I'm not sure I'm
15 following you. Are you talking about the change for
16 directors where CalPERS is no longer the filing officer?

17 COMMITTEE MEMBER PACHECO: Yeah, exactly.
18 Exactly.

19 CHIEF COMPLIANCE OFFICER FEIN: No difference
20 from our side. And one thing if we hadn't made it clear
21 before, I'll make it clear right now, because we're no
22 longer your filing officer, that doesn't that if you don't
23 have issues, any of the Board members, with their filings,
24 they have questions, they want advice, any challenges in
25 getting them filed or getting updates made, we will

1 continue to do our review that we do every year, the 100
2 percent review of all Form 700s, which will include the
3 Board's, even though we're not the filing officer, so that
4 we can help point out, if we see anything, we'll continue
5 to communicate with you and say, hey, you might want to
6 amend this, you might want to amend want that. But other
7 than that, no change for us.

8 COMMITTEE MEMBER PACHECO: No change whatsoever
9 then. And in terms of the success of the 99.75 percent, I
10 mean, do you feel you can get to a hundred? I'm just
11 curious your thoughts.

12 CHIEF COMPLIANCE OFFICER FEIN: I don't know that
13 we can get to a hundred over a year's time, but we hit a
14 hundreds on many months. Then, if you look at the
15 compliance reports submitted, I know at least a couple of
16 them, the Form 700 numbers were 100 percent for that
17 particular month.

18 COMMITTEE MEMBER PACHECO: Fantastic

19 CHIEF COMPLIANCE OFFICER FEIN: The challenge
20 generally comes in the annual filings. You know, it's a
21 big long slog for that first three months of the year.
22 We're trying to put out as much information. We've
23 developed new reporting that we send to all supervisors
24 and managers of Form 700 filers, so that they know if
25 their folks have filed here or not, so they can help us

1 encourage them to meet the April 1 deadline.

2 But, you know, you'll always have people on leave
3 of absence, military leave, FMLA, something like that.
4 But I'm very encouraged that if you look -- and, you know,
5 when we changed that last year, you now have a year
6 running. There's a lot of hundred percents in there for
7 any given year. So we're pretty pleased about that.

8 COMMITTEE MEMBER PACHECO: I just want to say,
9 Mr. Fein, I really appreciate the process. And I've done
10 the -- I had to do the filing multiple times this year,
11 one for the Board and one for the election process. And I
12 was really impressed by the whole system and the filings
13 and so forth, and the support that I received from the
14 Enterprise Compliance Department. I really felt supported
15 and provided me the insight that I needed to make sure
16 that filings were filed correctly, and on time, and
17 without -- and in compliance.

18 CHIEF COMPLIANCE OFFICER FEIN: Excellent.

19 COMMITTEE MEMBER PACHECO: And I want to
20 congratulate your staff and your team on a great job and
21 I'm looking forward to awesome success.

22 CHIEF COMPLIANCE OFFICER FEIN: On behalf of all
23 of us, thank you. I mean, that's our goal. We want to --
24 you know, we want to make it so that folks are encouraged
25 to come talk with us, that we are easy to deal with, that

1 we help them find answers, solutions to issues. That is a
2 big part of what we do. For those of you who were here
3 when I first joined, I talked about our job is really
4 advice, guidance and oversight. Oversight is only a
5 third. Our big benefit that we try to provide here is
6 that advice and guidance, because that's going to do the
7 most to help folks avoid the landmines and the tripwires
8 as we move forward.

9 COMMITTEE MEMBER PACHECO: Absolutely. Thank
10 you, sir. I appreciate it.

11 CHIEF COMPLIANCE OFFICER FEIN: Thank you.

12 COMMITTEE MEMBER PACHECO: That's all

13 ACTING CHAIR GALLEGOS: Thank you, Mr. Pacheco.
14 I don't see any other requests for comment.

15 Thank you, Mr. Fein.

16 So we'll move on to Summary of Committee
17 Direction. Mr. Fein.

18 CHIEF COMPLIANCE OFFICER FEIN: I noted no
19 direction.

20 ACTING CHAIR GALLEGOS: Great. Thank you. Now,
21 we will move on to public comment. And we will call down
22 J.J. Jelincic as our first commenter.

23 J.J. JELINCIC: J.J. Jelincic. I had requested
24 to speak on 9c and 9d, but did not get called up at that
25 time. Or, I'm sorry, 4c and 4d. My fault.

1 4c is the quarterly status report. And it's
2 telling you about the audit findings that have been
3 unresolved for at least a year, 15 months ago. It's a
4 June 30 report. I may be naive, but I believe that if you
5 actually are concerned with this, you would want us to
6 report more current. And in two and a half months, the
7 staff ought to be able to bring you a report that is as of
8 the end of the fourth quarter.

9 How important that is to you? I guess we'll find
10 out later this morning.

11 On 4d, which is the Enterprise Compliance Report,
12 in the May report, there was a finding that the reporting
13 party alleges a 800 number was created to gather member
14 information. That charge was substantiated. What was
15 your reaction to that through your staff? Case closed.
16 You would think you would want to do something.

17 In July, there was an allegation that the
18 reporting party alleges a CalPERS retiree is working in
19 violation of the post-retirement employment laws. It's a
20 violation that was found to be true. What was this
21 System's response? What was your response through staff?
22 Closed. Why bother investigating if you're not going to
23 take any action other than closing the account -- or
24 closing the complaint.

25 And again, we will see how serious that is to you

1 in a few hours.

2 Thank you.

3 Oh, I don't know if I identified myself at the
4 beginning. Did I?

5 COURT REPORTER: (Nods head.)

6 J.J. JELINCIC: He knows who I am. Okay. Just
7 in case.

8 CHAIR COHEN: Thank you, sir. We all know who
9 you are.

10 All right. Good morning. Are there any members
11 of the public that would like to comment on this item?

12 There's one more on the telephone.

13 CALPERS STAFF: Yes, Madam Chair. We have John
14 Holden here to speak to Item 5c.

15 John, you are now live and can proceed with your
16 comments.

17 JOHN HOLDEN: Yes. Hi. My name is John Holden.
18 I've been directed to the Risk and Audit Committee. I am
19 a native San Franciscan. I sat on the NorCal Waste
20 Systems, now Recology, Pension Board. I understand that
21 the Golden Gate Bridge Amalgamated Transit Union called
22 GGTARP is being considered to come into the CalPERS plan.

23 I requested a Freedom of Information Act from
24 the -- CalPERS. I was denied any and all records based on
25 Government Section 7922 by a Brad Pacheco, Deputy

1 Executive Officer of CalPERS Communications. My concern
2 is I am participant GGTPARP plan that is being looked at to
3 take on. I have seen significant audit and risk in taking
4 that plan up, and I wanted to see what is being put
5 forward by the parties, because the lawyers are now
6 pointing fingers at each other of who's responsible for
7 form and who's responsible for content.

8 So I find that the comments of transparency and
9 risk management, when I cannot even get one paper from
10 CalPERS seeing what they are putting forward as far as the
11 risk of taking on this GGTPARP plan. And I have concerns
12 about the conflict of interest of directors that, you
13 know, obviously this is Golden Gate Bridge. And there is,
14 you know, Director Malia Cohen who I know and Fiona Ma who
15 would have contact with that organization.

16 It's going to boil down to what's the liabilities
17 here. And hopefully, the CalPERS will do a forensic audit
18 on the plan before they take on this sinking ship.

19 Thank you so much, and hopefully, I can get some
20 records from -- my tracking number is 9072 for my public
21 records request which I made on July 2nd. And I was -- it
22 was delayed and delayed for collection and then finally
23 denied. So, so much for transparency and accountability.

24 Thank you.

25 CHAIR COHEN: Thank you very much.

1 Madam Clerk, do we have any other callers, any
2 other public comment?

3 BOARD CLERK ANDERSON: No.

4 CHAIR COHEN: To the CEO, good morning. Your
5 heard the caller and you heard the request for the public
6 records request. Is there any member of the staff that
7 you can direct and revisit his --

8 CHIEF EXECUTIVE OFFICER FROST: Yeah, we'll
9 follow up on it.

10 CHAIR COHEN: -- public records?

11 Thank you.

12 CHIEF EXECUTIVE OFFICER FROST: Yeah.

13 CHAIR COHEN: I appreciate that.

14 All right, colleagues, is there anything else?

15 All right. Seeing none, thank you very much. We
16 will recess now and go into closed session for items 1
17 through 3.

CERTIFICATE OF REPORTER

I, JAMES F. PETERS, a Certified Shorthand Reporter of the State of California, do hereby certify:

That I am a disinterested person herein; that the foregoing California Public Employees' Retirement System, Board of Administration, Risk & Audit Committee open session meeting was reported in shorthand by me, James F. Peters, a Certified Shorthand Reporter of the State of California;

That the said proceedings was taken before me, in shorthand writing, and was thereafter transcribed, under my direction, by computer-assisted transcription.

I further certify that I am not of counsel or attorney for any of the parties to said meeting nor in any way interested in the outcome of said meeting.

IN WITNESS WHEREOF, I have hereunto set my hand this 24th day of September, 2025.

JAMES F. PETERS, CSR
