

myCalPERS Retirement Enrollment

Student Guide

May 9, 2025

Introduction

This student guide will assist you with adding, modifying, and reconciling retirement appointments. You must report an employee's retirement enrollment and ongoing appointment information to CalPERS in a timely manner. An appointment is a continuous term of employment with a single employer, from the point of membership eligibility until permanent separation. Changes to an appointment status such as a permanent separation, leave of absence, or member category are reportable events.

Disclaimer

As a security safeguard, business partner and participant information has been masked within the figures in this procedure guide.

Scenario 1: Verify CalPERS Membership

You have a new employee whose appointment does not qualify for membership, so you will check their membership status. If they are already a member (have member contributions on file), they must be enrolled into retirement within 90 days; otherwise, your agency will pay all arrears contributions (both member and employer) and an administrative fee of \$500.

Step Actions (7 Steps)

Step 1 Select the **Person Information** global navigation tab.

Step 2 Enter either the SSN, Individual Tax ID, or CalPERS ID.

A screenshot of a web form titled "Person Search". Below the title, it says "Please enter the Social Security Number or CalPERS ID of the person for whom you are searching." There are two input fields: "SSN / Federal or Individual Tax ID:" and "CalPERS ID:". A "Search" button is located at the bottom left of the form.

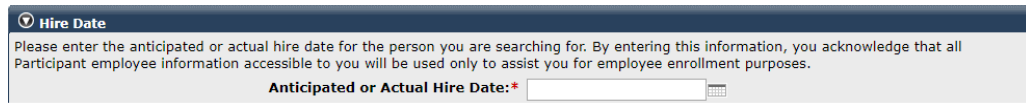

Step 3 Select the **Search** button.

Step 4 Did the Search Results section display “No results found.”?

Yes: They are not a member. Save a screenshot that includes the date in the upper right corner. This serves as proof that as of today, the employee was not a member. **You have completed this scenario.**

No: Continue to step 5.

Step 5 In the Hire Date section, enter the appropriate date into the Anticipated or Actual Hire Date field.

A screenshot of a web form titled "Hire Date". Below the title, it says "Please enter the anticipated or actual hire date for the person you are searching for. By entering this information, you acknowledge that all Participant employee information accessible to you will be used only to assist you for employee enrollment purposes." There is a label "Anticipated or Actual Hire Date: *" followed by an input field and a calendar icon.

Step 6 Select the **Continue** button.

Step 7

Review the Summary section to verify CalPERS membership.

You have completed this scenario.

Scenario 2: Verify a School Employee's Eligibility for Retirement System Election

Note: This scenario is intended only for school employers.

You have a new employee who is entering a certificated position or position performing creditable service. Using the steps in scenario 1, verify their CalPERS membership eligibility for the Retirement System Election (ES372) process.

Scenario 3: Review Retirement Appointment Details

You may access employee appointment information specific to your agency. The member category, enrollment level, and membership date determine the member's base rate and formula.

- **Membership Date:** The date the member became eligible for CalPERS membership.
- **Member Category:** Based on their position at your agency, this is entered when processing a new retirement enrollment or if it's changed.
- **Enrollment Level:** Classic and PEPR New. This is based on the membership date and if they have applicable reciprocal membership entered into the Reciprocal Self-Certification Form Information panel in their appointment.

- **Member Base Rate:** The member's enrollment level and formula determine their base rate (contribution rate). This is the percentage of their reportable earnings that is paid to CalPERS to fund their retirement.
- **Formula Name:** This includes the member's category, benefit level, and normal retirement age. This formula is used when CalPERS calculates the member's retirement.

Membership Information

This is based on your agency's contract and the member's appointment details. This includes CalPERS and CalSTRS election, Social Security, '59 survivor benefits, optional member election, and certificated employee (school employers). This is an example for a public agency employee:

- Permanent Separation
- Begin Leave
- End Leave

System Logic

- You may select multiple appointments to maintain.
- myCalPERS will update the RAR page on the last day of each month.
- Maintaining appointments within the RAR page automatically updates the list.
- Transactions completed outside the RAR page, e.g., updating the appointment within the employee's profile page, will update the list the following business day.
- On Leave appointments with the following will be excluded from the list:
 - Appointments without an End Leave event will be excluded for six months.
 - Appointments with an End Leave event will be excluded for the entire leave.
- Active employees with no posted payroll within the last six months will automatically be permanently separated through a monthly process.
