Unit 1: Affidavit of Parent-Child Relationship (HBD-40)

In this unit, you will learn how to recertify a parent-child relationship and how to verify a parent-child relationship expiration date. The employee must provide a new HBD-40 and supporting documents for each dependent in a parent-child relationship.

For steps on adding a parent-child relationship dependent, refer to the [myCalPERS Health Enrollment \(PDF\)](#) student guide, Unit 1, Scenario 2: Add Dependent.

Expiration Date

If the parent-child relationship dependent is not recertified before the first of the month of the subscriber's birthday, then the system will automatically delete the dependent from the health benefits effective the first of the month following the subscriber's birthday.

Health Reports

- *Parent-Child Relationship Dependent With Expiring Certification Report*
- *Employer Health Enrollee Report-Ext* includes a Parent-Child Relationship Certification End Date column for all dependents in a parent-child relationship

Timeframes

90 Days

Recertify no earlier than 90 days before the parent-child relationship certification renewal date.

30 days

- If recertification is not completed at least 30 days before the parent-child relationship certification renewal date, the system will apply a termination date.
- If you approve the employee's recertification after the system applies a termination with a future date, you can rescind the termination, then recertify the dependent.
- If the termination date has recently passed and you approve the recertification, you must contact CalPERS to request a rescission, then recertify the dependent.

Unit 2: Direct Payment Authorization (CalPERS-1008)

In this unit, you will learn how to continue a subscriber's health benefits with direct pay. Direct pay is voluntary, and the subscriber is responsible for paying the full monthly premium directly to their health plan. Some examples of when someone may elect to go on direct pay:

- An employee on an unpaid leave of absence
- An enrolled state permanent intermittent or part-time employee has no earnings for one or more months
- A permanently separated employee is pending retirement

Contents

Scenario 1: Direct Pay for an Employee.....	8
Scenario 2: Direct Pay for a Retiring Employee	12

Scenario 1: Direct Pay for an Employee

Your employee is going on an unpaid leave and has elected to go on direct pay.

System Logic

- Most leave of absences will automatically cancel health benefits the first day of the second month after their last day on payroll before their leave begins.
- Family Medical Leave and Maternity/Paternity Leave do not change the employee's health coverage or employer deductions. Change Premium Payment Method health event type and Chg to deduct-FMLA-Batch health event reason will display in the health enrollment history.
- For cancelled health benefits, rescind the cancellation prior to processing a direct pay.
- For direct pay employees, if the end leave date is entered prior to the Change Premium Payment Method is processed, the Chg to deduct-Return to Work will not automatically update when the employee returns to work.

All Agencies-Return to Work

Update the employee's appointment to reflect the end of their leave. After their return from leave is reflected in myCalPERS and the employee was:

- On direct pay: myCalPERS will change the subscriber from direct pay to standard deduction.
Note: If your employee's premium payment method isn't automatically changed from direct pay to a standard deduction, process the change.
Health Event Type: Change Premium Payment Method
Health Event Reason: Chg to deduct-Return to Work
- Not on direct pay (health benefits is cancelled): After the employee submits an HBD-12 to enroll, process their re-enrollment.
Health Event Type: New Enrollment
Health Event Reason: Return from Off Pay Status

Step Actions (29 Steps)

When an employee is cancelled or a dependent is deleted, a confirmation is sent to them with the HBD-85 and COBRA information. If electing COBRA, the form would be completed and returned to your agency for processing.

COBRA is voluntary. The subscriber is responsible for paying the full monthly premium plus 2% administrative fee directly to their health plan.

Some examples of when an employee or dependent involuntarily loses coverage and may elect COBRA:

- An employee resigns and permanently separates
- A former dependent has been deleted due to divorce
- A child turned 26
- A state permanent-intermittent employee didn't work enough hours in the control periods
- An employee's appointment changes to a reduced time base

Unit 5: Health Benefits Into Retirement for Public Agency & School Employees

Public agency and school employers will learn the process to enroll a CalSTRS or non-PERS employee, one who never had CalPERS health benefits, in health benefits into retirement. You will also gain knowledge on how to continue non-PERS health benefits into retirement.

Employee Continuing Health Benefits

- For a *PERS* or *CalSTRS* employee, process a permanent separation. If they are enrolled in health and their last day of employment and retirement date are within 30 days of each other, health will automatically continue into retirement. For CalSTRS employees, refer to Unit 5: Non-PERS and CalSTRS Appointment Changes for step actions to process a permanent separation.
- For a *non-PERS* employee, process a permanent separation then process their health into retirement. Refer to scenario 2 within this unit.

Eligibility ZIP Code

If using a work ZIP code for health eligibility, upon retirement, the eligibility ZIP code will be changed to the subscriber's physical address (if no physical then mailing address will be used). The retiree will receive a letter noting this change. If their physical address is outside of the health plan service area, they will receive a letter stating they need to change plans.
